

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

THE RIVERDALE PRESS: C. A. W. SPENCER.

1906.

BROOKLINE TOWN RECORDS

FOR THE MUNICIPAL YEAR 1905-06.

ANNUAL MEETING, MARCH 15, 1905.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Wednesday, the fifteenth day of March, 1905, at half-past six o'clock in the forenoon, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To choose by ballot the following Town Officers:—One Town Clerk, for one year; five Selectmen, for one year; one Collector of Taxes, for one year; one Treasurer, for one year; three Assessors, for one year; three members of the School Committee, for three years; four Trustees of the Public Library, for three years; two Trustees of Walnut Hills Cemetery, for three years; one Park Commissioner, for three years; one member of the Water Board, for three years; three Auditors, for one year; a Committee for Planting Trees of three members, for one year; two Fence Viewers, for one year; five Constables, for one year; also upon the same ballot to vote "Yes" or "No" upon the question "Shall licenses be granted for the sale of intoxicating liquors in this town?" For these purposes the polls will be opened at a quarter before seven o'clock in the forenoon and may be closed at a quarter after five in the afternoon. Also to choose or appoint all the other usual town officers in such manner as the town may determine.

Third, To accept the list of Jurors, as revised by the Selectmen and posted according to law.

Fourth, To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.

Fifth, To appropriate twenty thousand dollars (\$20,000.00) to pay for the alteration and widening of Harvard and Washington streets as laid out by the Selectmen and accepted by the town March 31, 1902, and to authorize the Treasurer to borrow the same.

Sixth, To appropriate fifteen thousand dollars (\$15,000.00) for the purchase and setting of water meters and to authorize the Treasurer to borrow the same.

Seventh, To act upon the appropriations asked for or proposed in the annual town reports by the Selectmen or by any town officers or committees.

Eighth, To vote that on all taxes and sewer assessments remaining unpaid after a certain time, interest shall be paid at a specified rate not exceeding six per cent per annum.

Ninth, To appropriate three thousand dollars (\$3,000.00) for renovating the Lawrence School.

Tenth, To appropriate four thousand dollars (\$4,000.00) for improving the Cypress-street Playground and to authorize the Treasurer to borrow the same.

Eleventh, To appropriate five thousand three hundred dollars (\$5,300.00) for the construction of a street called Dymoke street on the Amory Playground and to authorize the Treasurer to borrow the same.

Twelfth, To appropriate ten thousand dollars (\$10,000.00) for the improvement of the Heath School lot and to authorize the Treasurer to borrow the same; and to rescind the authority to borrow for this purpose, voted March 30, 1904.

Thirteenth, To appropriate two thousand dollars (\$2,000.00) for improvement of the grounds in connection with the Pierce Primary School.

Fourteenth, To authorize the Selectmen to sell and convey for such considerations and on such terms and conditions as they may deem desirable any or all of the land lying westerly of Lee street which was conveyed to the town for public park purposes by the Mayor of Boston under authority of Chapter 310 of the Acts of 1903.

Fifteenth, To accept Chapter 327 of the Acts of 1904, being An Act to provide for the pensioning of permanent members of police and fire departments in towns.

Sixteenth, To see if the town will vote that primaries shall be held in Brookline in accordance with Chapter 454 of the Acts of 1903.

Seventeenth, To discontinue Spring road and to authorize the Selectmen to release to the Massachusetts Institute of Technology the right, title and interest of the town therein.

Eighteenth, To accept and allow Elm street from Davis avenue to the Boston and Albany railroad as laid out by the Selectmen and reported to the town at this meeting.

Nineteenth, To accept and allow Reservoir road as laid out by the Selectmen and reported to the town at this meeting, and to appropriate twelve hundred dollars (\$1200.00) for the construction thereof.

Twentieth, To appropriate two thousand two hundred dollars (\$2,200.00) to pay claims growing out of the construction of the Pierce Grammar School.

Twenty-first, To consider the question of altering the High School tower.

Twenty-second, To hear and act upon the report of the Committee on the Celebration of the 200th Anniversary of the Town, and to appropriate seven thousand dollars (\$7,000.00) for the celebration.

Twenty-third, To appropriate not exceeding thirty thousand dollars (\$30,000.00) for the construction of a memorial tower on Corey Hill, and to authorize the Treasurer to borrow the same.

Twenty-fourth, To appropriate four thousand two hundred dollars (\$4,200.00) to complete the repairs of the Edward Devotion House and to heat and light the same so as to make it tenantable.

Twenty-fifth, To hear and act upon reports of town officers and committees.

Twenty-sixth, To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fall not, and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this sixth day of March, in the year of our Lord one thousand nine hundred and five.

JAMES M. CODMAN, JR.,

HORACE JAMES,

NATHANIEL CONANT,

WILLIAM CRAIG,

WM. F. HUMPHREY,

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., March 8th, 1905.

By virtue of this warrant I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at their last and usual place of abode, and also by posting attested copies of said warrant in three or more public places in said Brookline, all of which was done seven days at least before said day of meeting.

WILLARD Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Wednesday, the fifteen day of March, in the year of our Lord one thousand nine hundred and five, and were called to order at thirty minutes past six o'clock in the morning by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

On motion of Willard Y. Gross,—

Voted, That the meeting proceed to ballot for Moderator, and that the polls be kept open one minute.

Frederic M. Bond and Francis F. Muldowney, who had been appointed Ballot Clerks by the Selectmen, were sworn by the Town Clerk and put in charge of the check-list and ballot-box used in the election of Moderator.

The Town Clerk, at twenty minutes before seven o'clock declared the polls open for the reception of votes for Moderator. At nineteen minutes before seven o'clock the polls were declared closed. The votes cast were sorted and counted, and declaration made by the Town Clerk as follows:—

Whole number of votes, five (5). Joseph Walker had five (5), and was declared elected Moderator.

The meeting was called to order by the Moderator, and prayer was offered by Rev. Thomas F. McManus.

The Assistant Ballot Clerks and Tellers who had been appointed by the Selectmen and Moderator were sworn and assigned to their duties as follows:—

ASSISTANT BALLOT CLERKS.

Robert A. Smiley,	Felix R. King,
Clarence E. Fuller,	Frank B. Connor,
Edwin A. Robart,	Francis W. Muldowney,
Murray T. Edger,	James J. Lynch,
George W. Pree,	Edward A. Cahill,
Sidney Harris,	Dennis T. Harrington,
Alfred H. Cornell,	John J. Harrington.

TELLERS.

A. Eugene Kenrick,	George P. Johnson,
Asa F. Smith,	Lowell C. Richardson,
Oliver H. Delano,	Frank M. Fay,
Alexander S. Arthur,	Burton W. Buck,
Gabriel C. Morison,	Francis J. Murphy,
Robert B. Pree,	Martin J. Cochrane,
Harold K. Wead,	Stephen J. O'Brien,
Richard Macallister,	William O'Hearn,
	Henry E. Stillings,
	Charles A. W. Spencer,
	George W. Delano.

On motion of Edward W. Baker,—

Voted, That the third, fourth, fifth and sixth articles in the warrant be taken up for consideration at quarter before eight o'clock this evening.

On motion of Edward W. Baker,—

Voted, That all the articles in the warrant after the seventh article be referred to a committee, consisting of the Moderator of this meeting as chairman, the Town Clerk as secretary, the Selectmen, and twenty-five citizens to be appointed by the Moderator, to consider and report upon in print, with appropriate forms of votes, at the adjournment of this meeting. If

the committee recommends any changes in the annual appropriations as recommended by the Selectmen and other town officers and committees, such changes shall be stated in the report of the committee with the reasons therefor. The report of the committee shall be distributed as the warrants for town meetings are usually distributed.

Under this vote the Moderator appointed the Committee to consist of the following:—

CHARLES R. ADAMS.
HARVEY H. BAKER.
EVERETT M. BOWKER.
G. LORING BRIGGS.
GEORGE D. BURRAGE.
RUFUS G. F. CANDAGE.
ALFRED D. CHANDLER.
JAMES M. CODMAN, JR.
NATHANIEL CONANT.
WILLIAM CRAIG.
PRENTISS CUMMINGS.
HARRY W. CUMNER.
DESMOND FITZGERALD.
SUMNER H. FOSTER.
FRANKLIN W. HOBBS.

OSBORNE HOWES.
WILLIAM F. HUMPHREY.
HORACE JAMES.
A. EUGENE KENRICK.
HENRY W. LAMB.
MICHAEL D. MEALEY.
OSCAR B. MOWRY.
WILLIAM H. MCMAHUS.
MICHAEL J. O'HEARN.
PHILIP S. PARKER.
CHARLES H. PEARSON.
AMBROSE E. PRATT.
CHARLES E. RILEY.
MOSES WILLIAMS.
JESSE S. WILEY.

Second Article.—"To choose by ballot the following Town Officers: One Town Clerk, for one year; five Selectmen, for one year; one Collector of Taxes, for one year; one Treasurer, for one year; three Assessors, for one year; three members of the School Committee, for three years; four Trustees of the Public Library, for three years; two Trustees of Walnut Hills Cemetery, for three years; one Park Commissioner, for three years; one member of the Water Board, for three years; three Auditors, for one year; a Committee for Planting Trees, of three members, for one year; two Fence Viewers, for one year; five constables, for one year; also upon the same ballot, to vote 'Yes' or 'No' upon the question: 'Shall licenses be granted for the sale of intoxicating liquors in this town?' For these purposes the polls will be opened at a quarter before seven o'clock in the forenoon and may be closed at a quarter after five in the afternoon. Also to choose or appoint all the other usual town officers in such manner as the town may determine."

The Town Hall had been fitted up as a polling place, a space railed off, and eighty compartments or shelves provided for the convenience of voters in examining and marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities. Cards of instruction and specimen ballots were also posted in different parts of the building outside of the rail; all in accordance with the laws of the Commonwealth of Massachusetts governing elections.

The arrangement of the railing was such that four entrances were provided for voters to enter the space inside the rail for the purpose of marking their ballots, with four ballot-boxes to correspond, one for each entrance. The Ballot Clerks were provided with duplicate sets of the list of registered voters of the town, one for men voters and one for women voters, as prepared by the Registrars of Voters for use at this election. These alphabetical lists of voters were divided to correspond with the four entrances and four ballot-boxes as follows:—

Entrance No. 1—A to D inclusive.

Entrance No. 3—L to P inclusive.

Entrance No. 2—E to K inclusive.

Entrance No. 4—Q to Z inclusive.

The Moderator appointed Constable Willard Y. Gross to have charge of the ballot-boxes and the space inside of the railing.

The Town Clerk delivered to the Ballot Clerks, Fred M. Bond and Francis F. Muldowney, three sealed packages of ballots to be used at this election, and took their receipt therefor in writing, as follows: One package marked "2,300 Official Ballots, Brookline, March 15, 1905"; one package marked "2,257 Official Ballots, Brookline, March 15, 1905"; one package marked "527 Official Ballots, for Women Only, Brookline, March 15, 1905."

The election officers stationed at the four entrances were supplied with the lists of voters, and with the official ballots taken from the packages received from the Town Clerk, with instructions to deliver such ballots only to voters whose names were found and checked on the lists.

The four ballot-boxes—as inspected and approved by the Secretary of the Commonwealth to be used at elections—were then opened in public meeting, examined by the Moderator and other election officers, and found to be empty. The register of each box was set at zero (0), the boxes locked, and the keys delivered to Willard Y. Gross, the constable appointed in charge of the ballot-boxes.

At twelve minutes before seven o'clock the polls were declared open for the reception of votes for town officers, and were kept open until fifteen minutes after five o'clock in the afternoon, when, after due notice, they were declared closed.

By consent of the Moderator and Town Clerk, the ballot-boxes were opened several times during the day for the purpose of removing the ballots to be counted.

At the close of the polls the registers of the ballot-boxes read as follows: ballot-box No. 1, the "Ideal," registered 626; ballot-box No. 2, the "Ideal," registered 590; ballot-box No. 3, the "United States," registered 608; ballot-box No. 4, the "Gravity," registered 168, but this box failed ten (10) times to register the ballot deposited, so that the "Acme" box was substituted, which registered 393 at the close of the polls, indicating a total of 571 ballots deposited in the two boxes.

The total number of ballots deposited was thus indicated to be two thousand three hundred and ninety-five (2,395), as follows:—

Ballot-box No. 1	626
Ballot-box No. 2	590
Ballot-box No. 3	608
Ballot-box No. 4	571
Total	2,395

The names checked on the voting lists by the Ballot Clerks at the entrances to the polling place, and by the checkers at the ballot-boxes, were counted up, compared, and found to agree, and the total number of names so checked was two thousand three hundred and ninety-five (2,395), of which one hundred and thirty-six (136) were the names of women, and two thousand two hundred and fifty-nine (2,259) were the names of men, as follows:—

Entrance No. 1. A to D.	Men	592	626
	Women	34	
Entrance No. 2. E to K.	Men	553	590
	Women	37	
Entrance No. 3. L to P.	Men	580	608
	Women	28	
Entrance No. 4. Q to Z.	Men	534	571
	Women	37	
Total names checked			2,395

The number of names checked agreed with the number previously stated as registered by the ballot-boxes.

The Ballot Clerks reported that the number of ballots unused at the close of the polls deducted from the number received in the three packages showed that two thousand two hundred and

fifty nine (2,259) ballots had been delivered to men voters, and one hundred and thirty-six (136) ballots "For School Committee Only" had been delivered to women voters.

The Moderator, Town Clerk, and Tellers then canvassed the ballots, and the whole number was two thousand three hundred and ninety-five (2,395), one hundred and thirty-six (136) of which were votes of women for School Committee only, which were sorted, counted, and declaration thereof made in open town meeting, at twenty-four minutes after six o'clock in the evening, as follows:—

Town Clerk :

Edward W. Baker had eleven hundred and forty-seven and was declared elected. (Sworn by the Moderator.)

Blanks, eleven hundred and twelve.

Selectmen :

James M. Codman, Jr., had fifteen hundred and sixty-one. (Sworn by the Town Clerk.)

Nathaniel Conant had fifteen hundred and forty-one. (Sworn by the Town Clerk.)

William Craig had fourteen hundred and thirty-eight. (Sworn by the Town Clerk.)

William F. Humphrey had fifteen hundred and thirty-eight. (Sworn by the Town Clerk.)

Horace James had sixteen hundred and fifty-five. (Sworn by the Town Clerk.)

And they were declared elected.

Timothy F. Corey had nine hundred and forty-eight.

Blanks, sixteen hundred and fourteen.

Treasurer :

George H. Worthley had sixteen hundred and seventy-seven, and was declared elected.

Blanks, five hundred and eighty-two.

Collector :

George H. Worthley had fifteen hundred and ninety-six, and was declared elected.

Blanks, six hundred and sixty-three.

Assessors :

Rufus G. F. Candage had thirteen hundred and forty-nine.

Charles H. Stearns had fourteen hundred and seven.

Thomas H. Talbot had thirteen hundred and eighty-three.

And were declared elected.

Charles A. Rowditch had ten hundred and seventeen.

Blanks, sixteen hundred and twenty-one.

Auditors :

Gardner C. Brooks had fifteen hundred and twenty-five.

Charles F. Read had fifteen hundred and seven.

George Rogers had fifteen hundred and twenty-seven.

And were declared elected.

Blanks, twenty-two hundred and eighteen.

Trustees of Walnut Hills Cemetery for three years :

Frederick P. Cabot had fifteen hundred and forty-four.

Charles S. Sargent had fifteen hundred.

And were declared elected.

Blanks, fourteen hundred and seventy-four.

School Committee for three years :

Walter Channing had seventeen hundred and fifty-eight.

William H. Lyon had seventeen hundred.

William T. Sedgwick had sixteen hundred and fifty-three.

And were declared elected.

Blanks, two thousand and eighty-four.

Park Commissioner for three years :

Albert L. Lincoln had eleven hundred and eighty-two, and was declared elected.

Blanks, one thousand and seventy-seven.

Trustees of the Public Library for three years :

Daniel Dulaney Addison had fourteen hundred and eighty-three.

James M. Codman had fifteen hundred and thirteen.

Prentiss Cummings had fifteen hundred and twenty-nine.

Leslie C. Wead had fourteen hundred and sixty.

And were declared elected.

Blanks, three thousand and seventy-one.

Member of Water Board for three years :

George H. Francis had eleven hundred and sixty-seven, and was declared elected.

Charles E. Riley had one thousand and thirty-nine.

Blanks, fifty-three.

Committee for Planting Trees :

James H. Bowditch had fifteen hundred and forty-four.

Lyman J. Clark had fourteen hundred and seventy-three.

Emma G. Cummings had fourteen hundred and seventy.

And were declared elected.

Blanks, twenty-two hundred and ninety.

Fence Viewers :

George H. Delano had fifteen hundred and ninety-two.

Willard Y. Gross had fifteen hundred and three.

And were declared elected.

Blanks, fourteen hundred and thirty-two.

Constables :

John E. Griffin had fifteen hundred and forty-seven.

Willard Y. Gross had fifteen hundred and five.

Albert S. Palge had fifteen hundred and seventy-seven.

James G. Thompson had fourteen hundred and forty-nine.

Edward D. Tucker had fourteen hundred and fifty-five.

And were declared elected.

Blanks, thirty-eight hundred and two.

On the Question, "Shall Licenses be Granted for the Sale of Intoxicating Liquors in this Town?"

"Yes," seven hundred and fifty-four.

"No," twelve hundred and sixteen.

Blanks, two hundred and eighty-nine.

And declaration was made that the town had voted not to grant licenses for the sale of intoxicating liquors.

In counting the ballots the blank forms approved by the Secretary of the Commonwealth were used by the Tellers.

At quarter before eight o'clock in the evening the meeting came to order pursuant to the vote previously passed, and the following business was transacted:—

Voted, That when this meeting adjourns it be to meet in this place on Wednesday, the twenty-ninth day of March, 1905, at quarter before eight o'clock in the evening.

Voted, That the Board of Selectmen elected, with Miss Martha E. Edgerly and Miss Sarah B. Train, be the Overseers of the Poor for the ensuing year.

The following town officers were nominated and elected by the meeting:—

Field Drivers :

Jerry Bond, Henry Lyman.

Pound Keeper :

Jerry Bond.

Voted, That the number of Measurers of Wood and Bark be one, to be appointed by the Selectmen.

Third Article,—"To accept the list of Jurors, as revised by the Selectmen and posted according to law."

On motion of James M. Codman, Jr.,—

Voted, That the following names be removed from the list as submitted by the Selectmen: Alfred T. Turner, Jr., Joseph B. Henderson, Edmund B. Cowles, Walter H. Tenney, Jr., John F. Fleming.

Voted, That the Jury list prepared by the Selectmen and posted according to law be accepted as revised.

TOWN OF BROOKLINE.

List of Jurors for the Year 1905.

Fourth Article,—"To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes."

On motion of James M. Codman, Jr.,—

Voted, That for the purpose of procuring a temporary loan to and for the use of the town of Brookline, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the Board of Selectmen, a sum or sums in the aggregate amounting to five hundred thousand dollars, and to execute and deliver the note or notes of the town therefor, payable within one year from the time the loan is made, with interest thereon at a rate not exceeding six per cent per annum. Any debt or debts incurred by a loan or loans to the town under this vote shall be paid from the taxes of the present municipal year.

Sixth Article,—"To appropriate fifteen thousand dollars (\$15,000.00) for the purchase and setting of water meters, and to authorize the Treasurer to borrow the same."

On motion of James M. Codman, Jr.,—

Voted, That fifteen thousand dollars (\$15,000.00) be appropriated for the purchase and setting of water meters.

James M. Codman, Jr., offered the following vote:—

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of fifteen thousand dollars (\$15,000.00) appropriated at this meeting, for the purchase and setting of water meters. Bonds, notes, scrip or certificates of debt, to be denominated on the face thereof "Brookline Water Scrip," shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds, notes, scrip or certificates of debt shall be dated January 1st, 1905, and shall be made payable in five annual proportionate payments, so as to extinguish the same January 1st, 1910.

The Moderator appointed Michael Driscoll and Ambrose E. Pratt to serve as Tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The vote was then put upon its passage, and the whole number voting was fourteen (14), as follows: "Yes," fourteen (14); "No," none (0); and the vote was declared passed by

more than two-thirds of the voters present and voting thereon.

The check lists used at the entrances to the polling place and at the ballot-boxes, together with the ballots cast and the tally-sheets used by the Tellers, were sealed up in open town meeting and the package endorsed by a majority of the election officers. The ballots unused were also sealed up in a separate package and endorsed in the same way, and both packages were delivered into the custody of the Town Clerk.

The meeting was then declared adjourned at seven minutes before eight o'clock.

Attest:

EDWARD W. BAKER, *Town Clerk.*

In conformity with the laws of this Commonwealth, the Town Clerk, under date of March 17, 1904, made out his warrant and delivered it to Constable Willard Y. Gross, requiring him within three days from the date thereof, to summon all officers chosen and not qualified, to appear before the Town Clerk within seven days from the date of such notice, to be qualified for their several offices; to be sworn where an oath is required, or to signify their refusal of the same; also to signify in writing their acceptance or refusal of the office to which they had been chosen, where an oath is not required.

Attest:

EDWARD W. BAKER, *Town Clerk.*

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

Then personally appeared the persons below named, and were sworn to the faithful discharge of the duties of their office, at the dates set against their names, or signified in writing their acceptance of the office to which they had been chosen, viz:—

SPECIAL MEETING, MARCH 29, 1905.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Wednesday, the twenty-ninth day of March, 1905, at half-past seven o'clock in the evening, for the following purposes, to wit:

First, To choose a Moderator.

Second, To appropriate twenty thousand dollars (\$20,000.00) to pay for the alteration and widening of Harvard and Washington streets as laid out by the Selectmen and accepted by the town March 31st, 1903, and to authorize the Treasurer to borrow the same.

Third, To authorize the Selectmen to sell and convey for such considerations and on such terms and conditions as they may deem desirable any or all of the land lying westerly of Lee street which was conveyed to the town for public park purposes by the Mayor of Boston under authority of Chapter 310 of the Acts of 1903.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twentieth day of March, in the year of our Lord one thousand nine hundred and five.

JAMES M. CODMAN, JR.,
HORACE JAMES,
NATHANIEL CONANT,
WILLIAM CRAIG,
WILLIAM F. HUMPHREY,

Selectmen of Brookline.

NORFOLK, ss.

Saturday, March 25, 1905.

By virtue of the within warrant, I have notified and warned the inhabitants of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing an attested copy of said warrant to be left at their last and usual place of abode; and by posting attested copies of the same in ten public places in said Brookline, all of which was done four days at least before the said day of meeting.

WILLARD Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Wednesday, the twenty-ninth day of March, in the year of our Lord one thousand nine hundred and five, and were called to order at thirty minutes past seven

o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

The meeting nominated and chose for Moderator Mr. Joseph Walker.

Second Article,—"To appropriate twenty thousand dollars (\$20,000.00) to pay for the alteration and widening of Harvard and Washington streets as laid out by the Selectmen and accepted by the town March 31st, 1903, and to authorize the Treasurer to borrow the same."

On motion of James M. Codman, Jr.,—

Voted, That twenty thousand dollars (\$20,000.00) be appropriated to pay for the alteration and widening of Harvard and Washington streets, as laid out by the Selectmen and accepted by the town March 31st, 1903.

James M. Codman, Jr., offered the following:—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of twenty thousand dollars (\$20,000.00) appropriated at this meeting, to pay for the alteration and widening of Harvard and Washington streets, as laid out by the Selectmen, and accepted by the town March 31st, 1903. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1905, and shall be made payable in ten annual proportionate payments, so as to extinguish the same January 1st, 1915.

The Moderator appointed Leonard C. Wason and Henry Ware to serve as tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The vote was taken by count, and the tellers reported the whole number voting to be ninety-four (94), as follows: "Yes," ninety-four (94); "No," none (0); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

Third Article,—"To authorize the Selectmen to sell and convey for such considerations and on such terms and conditions as they may deem desirable, any or all of the land lying westerly of Lee street, which was conveyed to the town for public park purposes by the Mayor of Boston under authority of Chapter 310 of the Acts of 1903."

On motion of James M. Codman, Jr.,—

Voted, That the Selectmen be authorized to sell and convey for such considerations and on such terms and conditions as they may deem desirable, any or all of the land lying westerly of Lee street, which was conveyed to the town for public park purposes by the Mayor of Boston, under authority of Chapter 310 of the Acts of 1903.

At forty minutes past seven o'clock, on motion,—

Voted, That this meeting be dissolved.

In accordance with the provisions of Chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing under oath at the adjournment of the meeting that turnstile No. 1643 had registered one hundred and twenty-eight (128), and turnstile No. 1670 had registered eighty (80); showing that a total of two hundred and eight (208) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk.*

ADJOURNED ANNUAL MEETING, MARCH 29, 1905.

Pursuant to adjournment, the inhabitants of the town of Brookline, qualified to vote in elections, met in the Town Hall in said town on Wednesday, the twenty-ninth day of March, in the year of our Lord one thousand nine hundred and five, and were called to order at quarter before eight o'clock in the evening, by the Moderator, Joseph Walker.

Fifth Article,—"To appropriate twenty thousand dollars (\$20,000.00) to pay for the alteration and widening of Harvard and Washington streets as laid out by the Selectmen and accepted by the town, March 31, 1902, and to authorize the Treasurer to borrow the same."

The subject matter of this article was voted upon under the second article in the warrant for the special town meeting held at half-past seven o'clock this evening. No action, therefore, was taken at this meeting.

Seventh Article,—"To act upon the appropriations asked for or proposed in the annual town reports by the Selectmen, or by any town officers or committees."

The regular annual appropriations asked for or proposed in the annual report of the Selectmen, or by other town officers or committees, were taken up and considered separately, voted upon in detail for the purposes specified, and then voted upon and passed as a whole, amounting to \$1,319,297.97, according to the following annual appropriation vote:—

ANNUAL APPROPRIATION VOTE.

Voted, That the sum of \$1,319,297.97 is hereby appropriated for the current annual expenses, for the purposes and subject to the limitations specified in detail as follows:—

A. (\$201,484.)

For maintaining the Public Schools, \$201,484.00, specifically appropriated as follows:—

1. High School	\$37,735.00
2. Grammar and Primary Schools	\$102,976.00
3. Kindergartens	\$15,822.00
4. Manual Training and Domestic Arts	\$24,441.00
5. General School Expenses	\$17,310.00
6. Evening Schools	\$1,600.00
7. Vacation Schools	\$1,600.00

To be paid from the Treasury upon the orders of the School Committee. ————— \$201,484.00

All money received for tuition fees or otherwise shall be paid into the Treasury and is not appropriated for school purposes.

B. (\$20,000.)**For maintaining the Public Library, \$20,000.00.**

8. Public Library \$20,000.00
- To be paid from the Treasury upon the orders of the Trustees of the Public Library. ————— \$20,000.00

C. (\$46,300.)

For the maintenance of the Water Works and for the ordinary extensions of the same, including the construction of street-mains, \$46,300.00, specifically appropriated as follows:—

9. Maintenance of Water Works \$27,000.00
10. Salary of Water Board \$1,500.00
- 10a. Salary of Water Registrar \$1,800.00
- 10b. Salary of Superintendent of Water Works . \$5,000.00
11. Extension of Water Works \$13,000.00
- To be paid from the Treasury upon the orders of the Water Board. ————— \$46,300.00

Expenditures for work done and materials furnished under the direction of the Water Board, the ultimate cost of which is not intended to be borne by the town, shall be deemed to be a part of the cost of the extension of the water works until the town is reimbursed therefor, and whenever the town is reimbursed for any such expenditure the amount of such reimbursement shall forthwith be credited to and deducted from the cost of extension of water works.

D. (\$21,725.)

For the care and maintenance of Parks and Public Grounds, for planting and preserving Trees, and for improvement and care of Cemeteries, \$21,725.00, specifically appropriated as follows:—

12. Parkway, parks and grounds \$14,725.00
- To be paid from the Treasury upon the orders of the Park Commissioners.
13. Planting and preserving trees \$6,000.00
- To be paid from the Treasury upon the orders of the Selectmen upon the recommendation of the Committee on Planting Trees.
14. Improvement and care of Old Burial Ground, Walnut street \$200.00
15. Walnut Hills Cemetery Gateway \$300.00
- To be paid from the Treasury upon the orders of the Trustees of Walnut Hills Cemetery. ————— \$21,725.00

E. (\$174,000.)

For maintaining and watering highways, constructing and repairing sidewalks, and lighting streets and ways, \$174,000.00, specifically appropriated as follows:—

16. Highways	\$82,500.00
The salary of the Superintendent of Streets shall be at the rate of \$2,500 per annum.	
17. Sidewalks	\$17,000.00
18. Watering streets	\$18,000.00
19. Lighting streets	\$56,500.00
To be paid from the Treasury upon the orders of the Selectmen.	\$174,000.00

F. (\$199,837.)

For maintaining the public safety and health, \$199,837.00, specifically appropriated as follows:—

20. Police Department	\$68,310.00
21. Police and fire alarm systems	\$7,350.00
The salary of the Superintendent shall be at the rate of \$1,900 per annum in addition to the salary of \$300 per annum paid him as Superintendent of Gas Inspection.	
22. Fire Department	\$73,627.00
23. Public Health	\$34,000.00
24. Bath House	\$9,500.00
25. Building Department	\$6,500.00
The salary of the Inspector of Buildings shall be at the rate of \$1,800 per annum.	
26. Department of Weights and Measures	\$550.00
To be paid from the Treasury upon the orders of the Selectmen.	\$199,837.00

G. (\$42,000.)

For constructing, maintaining and repairing sewers and surface-water drains, \$42,000.00, specifically appropriated as follows:—

27. Construction of sewers	\$25,000.00
28. Construction of surface-water drains	\$12,000.00
29. Maintaining and repairing sewers and surface-water drains	\$5,000.00
To be paid from the Treasury upon the orders of the Selectmen.	\$42,000.00

H. (\$9,000.00.)

For support of the Poor and relief of Soldiers, \$9,000.00, specifically appropriated as follows:—

30. Support of the Poor	\$8,000.00
The salaries of the two Overseers of the Poor who are not also Selectmen shall be at the rate of \$250 each per annum.	
31. Relief of Soldiers	\$1,000.00
To be paid from the Treasury upon the orders of the Selectmen.	\$9,000.00

I. (\$316,101.42.)

For State, County and Metropolitan Taxes,
\$316,101.42, or such sums as may be assessed:—

32. State tax	\$112,300.00
33. County tax	\$90,384.24
34. Metropolitan Sewer tax	\$67,753.07
35. Metropolitan Park tax	\$45,764.11
To be paid from the Treasury upon the orders of the Selectmen.	<u>\$316,101.42</u>

J. (\$156,161.00.)

For so much of the Principal of the Town Debt as
matures during the current fiscal year.

36. Payment of maturing funded debt	\$156,161.00
	<u>\$156,161.00</u>

K. (\$62,389.55.)

For Interest on the Town Debt and temporary loans,
\$62,389.55, specifically appropriated as follows:—

37. Interest on funded debt	\$57,389.55
38. Interest on temporary loans	\$5,000.00
To be paid from the Treasury upon the orders of the Selectmen.	<u>\$62,389.55</u>

The repayment of any money borrowed in anticipation of taxes during the current financial year is hereby authorized, such repayments to be made upon the orders of the Selectmen, but a separate account of such borrowings and repayments shall be kept.

L. (\$70,300.00.)

For general expenses of administration, and certain miscellaneous purposes, \$70,300.00, specifically appropriated as follows:—

39. Assessing Department	\$9,000.00
The salaries of the Assessors shall be at the rate of \$1,500 each per annum.	
40. Selectmen's Department	\$10,000.00
The salaries of the Selectmen as Selectmen, Overseers of the Poor and Board of Health, shall be at the rate of \$1,500 per annum for the chairman and at the rate of \$1,000 per annum for each of the other four.	
41. Town Clerk's Department (including \$750 for printing Vital Records previous to 1850)	\$7,550.00
The salary of the Town Clerk as Town Clerk, Registrar of Voters and Clerk of Walnut Hills Cemetery Trustees shall be at the rate of \$2,200 per annum.	

43. Treasury Department \$8,000.00
 The salary of the Treasurer and Collector shall be at the rate of \$4,000 per annum.
43. Auditing and Accounting \$3,150.00
 The salary of the Board of Auditors shall be \$150 for auditing the accounts for the financial year ending January 31st, 1905.
44. Engineering Department \$13,000.00
 The salary of the Town Engineer shall be at the rate of \$3,000 per annum.
45. Maintenance of Town Hall \$5,000.00
46. Exterior Repairs of Town Buildings \$3,000.00
47. Observance of Decoration Day \$400.00
48. Celebration of Fourth of July \$1,200.00
49. Legal Expenses \$5,000.00
50. Printing Warrants and Reports \$4,000.00
51. Contingencies \$1,000.00
 To be paid from the Treasury upon the orders of the Selectmen. \$70,300.00

The rates of salaries fixed in this vote are fixed for the twelve months from and after May 1st, 1905.

In determining the amount expended for any of the purposes authorized, all reimbursements and credits shall be deducted from the amount actually expended; but this provision shall not be construed to apply to actual cash received from taxes, assessments, water rates, rents, fines, interest, or bath-house, school tuition and other fees.

Whenever work is done or materials furnished by one department for another department, the cost of which is charged in the first instance to the appropriation of the former department, credit shall forthwith be given to the former department upon the books of the Accountant, upon the approval of the latter department and the officers authorized to draw orders against the appropriations therefor.

In connection with the appropriation for the maintenance of the Water Works, a motion was offered to refer to a committee the question of the necessity for the continuance of the Water Board as an independent body, what salary should be paid such board, and what salary should be paid the Superintendent of Water Works. The vote was taken by count and the motion was lost: "Yes," seventy (70); "No," one hundred and twenty-nine (129).

Eighth Article.—"To vote that on all taxes and sewer assessments remaining unpaid after a certain time, interest shall be paid at a specified rate not exceeding six per cent per annum."

Voted, That on all taxes of the current year remaining unpaid after November 1st, interest shall be charged at the rate of six per cent per annum.

Voted, That sewer assessments shall bear interest at the rate of six per cent per annum from the thirtieth day after such assessments become due, until paid.

Ninth Article,—"To appropriate three thousand dollars (\$3,000.00) for renovating the Lawrence School."

Voted, That the sum of three thousand dollars (\$3,000.00) be appropriated for renovating the Lawrence School.

Tenth Article,—"To appropriate four thousand dollars (\$4,000.00) for improving the Cypress-street Playground, and to authorize the Treasurer to borrow the same."

Voted, That two thousand dollars (\$2,000.00) be appropriated for improving the Cypress-street Playground.

Eleventh Article,—"To appropriate five thousand three hundred dollars (\$5,300.00) for the construction of a street called Dymoke street on the Amory Playground, and to authorize the Treasurer to borrow the same."

Voted, That five thousand three hundred dollars (\$5,300.00) be appropriated for the construction of a street called Dymoke street on the Amory Playground.

James M. Codman, Jr., offered the following:—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of five thousand dollars (\$5,000.00), appropriated at this meeting, for the construction of a street called Dymoke street on the Amory Playground. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1905, and shall be made payable in five annual proportionate payments, so as to extinguish the same January 1st, 1910.

The Moderator appointed Leonard C. Wason and Henry Ware to serve as Tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The vote was taken by count, and the Tellers reported the whole number voting to be one hundred and eleven (111), as follows: "Yes," one hundred and eleven (111); "No," none (0); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

Twelfth Article,—"To appropriate ten thousand dollars (\$10,000.00) for the improvement of the Heath School lot and to authorize the Treasurer to borrow the same, and to rescind the authority to borrow for this purpose voted March 30, 1904."

Voted, That two thousand one hundred and eighty-two and 15-100 dollars (\$2,182.15) be appropriated for improving the Heath School lot.

Voted, That the authority to borrow nine thousand dollars (\$9,000.00), appropriated March 30th, 1904, for improving the lot of land on Reservoir lane purchased for school and playground purposes, be rescinded.

Thirteenth Article,—"To appropriate two thousand dollars (\$2,000.00) for improvement of the grounds in connection with the Pierce Primary School."

Voted, That two thousand dollars (\$2,000.00) be appropriated for the improvement of the grounds in connection with the Pierce Primary School.

Fourteenth Article,—"To authorize the Selectmen to sell and convey for such considerations and on such terms and conditions as they may deem desirable any or all of the land lying westerly of Lee street which was conveyed to the town for public park purposes" by the Mayor of Boston under authority of Chapter 310 of the Acts of 1903.

Under the third article in the warrant for the special town meeting, held this evening, at half-past seven o'clock, the Selectmen were given the authority contemplated by this article. No action, therefore, was taken at this meeting.

Fifteenth Article,—"To accept Chapter 327 of the Acts of 1904, being An Act to provide for the pensioning of permanent members of police and fire departments in towns."

James M. Codman, Jr., offered the following:—

Voted, That Chapter 327 of the Acts of 1904, being An Act to provide for the pensioning of permanent members of police and fire departments in towns, be accepted.

The vote was taken by count, Leonard C. Wason and Henry Ware, who had previously been appointed and sworn, acting as Tellers.

The Tellers reported the whole number voting to be three hundred and fifty-five (355), as follows: "Yes," three hundred and fifty-five (355); "No," none (0); and the Act was declared accepted by a vote of more than two-thirds of the voters of the town of Brookline present and voting thereon.

The following is a copy of the Act accepted:—

[CHAP. 327.]

AN ACT TO PROVIDE FOR THE PENSIONING OF PERMANENT MEMBERS OF
POLICE DEPARTMENTS AND FIRE DEPARTMENTS IN TOWNS.

Be it enacted, etc., as follows:—

SECTION 1. The Selectmen of every town which accepts this act shall retire from active service and place upon the pension-roll any permanent member of the police department and any permanent member of the fire department of such town found by them to be permanently incapacitated, mentally or physically, for useful service in the department to which he belongs, by injuries received through no fault of his own in the actual performance of his duty. They may also retire and place upon the pension-roll any permanent member of either of said departments who has performed faithful service in the department for not less than twenty-five years continuously, and is not less than sixty years of age. Every person retired under the provisions of this act shall annually receive as a pension a sum equal to one-half of the annual compensation received by him at the time of his retirement. Such pensions shall be paid by the town, which shall appropriate money therefor.

SECTION 2. The Selectmen of any town which accepts this act are hereby authorized in case of an emergency to call upon any person so pensioned by such town for such temporary service in the department from which he was retired as they may deem him fitted to perform, and during such service he shall be entitled to full pay.

SECTION 3. This act shall take effect upon its passage so far as to allow any town to vote upon the acceptance of the same, but shall not take full effect in any town until it has been accepted by a vote of two-thirds of the voters of such town present and voting thereon at an annual town meeting. [*Approved May 13, 1904.*]

Sixteenth Article,—“To see if the town will vote that primaries shall be held in Brookline in accordance with Chapter 454 of the Acts of 1903.”

Voted, That it is inexpedient to take any action upon this subject at present.

Seventeenth Article,—“To discontinue Spring road and to authorize the Selectmen to release to the Massachusetts Institute of Technology the right, title and interest of the town therein.”

Voted, To discontinue Spring road and to authorize the Selectmen to release to the Massachusetts Institute of Technology the right, title and interest of the town therein.

The report of the Selectmen on the proposed discontinuance of Spring road had been submitted in print, of which the following is a true copy.

Proposed Discontinuance of Spring Road.

We, the undersigned, Selectmen of Brookline, gave written notice of intention to discontinue Spring road as a townway from Jamaica road to Highland road, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, the twentieth day of June, 1904, at five o'clock P. M., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon Brookline Riverdale Land Association, Free Hospital for Women, Robert S. Peabody, Massachusetts Institute of Technology, being all the parties known to us who may be interested in the subject-matter and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity do not require said street as hereinafter described, and we recommend that it be discontinued.

The street which it is proposed to discontinue is bounded by a line beginning at a point upon the easterly side of Jamaica road, situated 417.84 feet southerly from its intersection with the southwesterly line of Highland road; thence running southeasterly by a curve to the left of 20 feet radius, for a distance of 33.91 feet; thence running north $83^{\circ} 36' 25''$ east 202.56 feet; thence curving to the left with a radius 240 feet 203.16 feet; thence curving to the left with a radius 202 feet 65.99 feet; thence curving to the left with a radius of 20 feet 36.20 feet to the aforesaid southwesterly line of Highland road; thence running northeasterly by the aforesaid southwesterly line of said Highland road by a curve to the left of 260.50 feet radius for 188.20 feet; thence running south $51^{\circ} 17' 35''$ west 28.64 feet; thence curving to the left with a radius of 595 feet 168.09 feet; thence running south $35^{\circ} 6' 35''$ west 33.99 feet; thence curving to the right with a radius of 280 feet 237.02 feet; thence running south $83^{\circ} 36' 25''$ west 212.59 feet; thence curving to the left with a radius of 20 feet 28.92 feet to the aforesaid easterly side of Jamaica road; thence running northerly by the aforesaid easterly line of said Jamaica road 80.62 feet to the point of beginning. The road has a uniform width of 40 feet excepting near its junction with Jamaica road and Highland road, where the corners are curved as shown on the record plan. The area to be discontinued is about 24,700 square feet.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated June 8, 1904, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

Aug. 27, 1904.

No awards are made. The Massachusetts Institute of Technology, upon whose application the discontinuance is to be made, being the owner of the land abutting upon said street and of the fee of the land over which said street is laid out, waives all claims to land, grade or other damages.

Said proposed discontinuance is hereby reported to the town.

The said plan and this record are this day filed by us in the office of the Town Clerk.

JAMES M. CODMAN, JR.,
HORACE JAMES,
NATHANIEL CONANT,
WM. F. HUMPHREY,
WILLIAM CRAIG,

BROOKLINE, October 10th, 1904.

Selectmen of Brookline.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., October 10, 1904.

Eighteenth Article,—"To accept and allow Elm street from Davis avenue to the Boston & Albany Railroad, as laid out by the Selectmen and reported to the town at this meeting."

Voted, To accept and allow Elm street from Davis avenue to the Boston & Albany railroad, as laid out by the Selectmen and reported to the town at this meeting.

The report of the Selectmen on the laying out of Elm street as described had been submitted to the town in print of which the following is a true copy.

Elm Street.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Elm street, from Davis avenue to location of the Boston and Albany R.R. Co., such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, February 27, 1905. at five o'clock P. M., and caused such notice to be actually served according to law, by a constable of this town at least seven days before the day so appointed for the hearing, upon Moses Jones, John Crory, Margaret Hunter, Susan Graham, Boston and Albany Railroad Company, The New York Central and Hudson River Railroad Company, lessee, being all the parties known to us from whom land is taken or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter, whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a town-way, and it is hereby so laid out.

The land over which said street is laid out is bounded by a line beginning at the point of curvature in the southerly line of Davis avenue, situated next easterly from the easterly line of Elm street; thence running westerly by a tangent 16.71 feet; thence curving to the left with a radius of 25 feet 23.52 feet; thence running southwesterly by a tangent 108.06 feet; thence curving to the left with a radius of 42 feet for a distance of 29.24 feet; thence curving to the right with a radius of 22.50 feet for a distance of 15.66 feet; thence running southwesterly by a tangent 10.66 feet to the northerly line of the location of the Boston and Albany Railroad; thence running westerly by said line of said railroad location 10.78 feet; thence curving to the right with a radius of 22.50 feet for a distance of 50.63 feet; thence running northeasterly by a tangent for a distance of 138.79 feet, said tangent being parallel with and 30 feet distant from the tangent previously mentioned as having a length of 108.06 feet; thence curving to the left with a radius of 5 feet for a distance of 10.04 feet to the aforesaid southerly line of Davis avenue; thence running easterly by said southerly line of Davis avenue 70.80 feet to the point of beginning.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated January 2, 1905, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

February 27, 1905.

No awards are made. The owners of the land abutting upon said street and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade, or other damages; and in consideration of the laying out and acceptance of said way, Moses Jones agrees to construct said way at his own expense according to said plan, and in a manner satisfactory to the Selectmen, within four months after its acceptance as aforesaid.

We take land as follows:

Name.	Sq. ft. taken.
From the owners of fee	5,779

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town, in which to take off their trees, fences and other property which may obstruct the building of the way.

Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Elm street.

The said plan, profile, and this record are this day filed by us in the office of the Town Clerk.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., Feb'y 27th, 1905.

Nineteenth Article,—"To accept and allow Reservoir road as laid out by the Selectmen and reported to the town at this meeting, and to appropriate twelve hundred dollars (\$1200.00) for the construction thereof."

Voted, To accept and allow Reservoir road as laid out by the Selectmen and reported to the town at this meeting, and to appropriate twelve hundred (\$1200.00) for the construction thereof.

The report of the Selectmen on the laying out of Reservoir road had been submitted in print, of which the following is a true copy:—

Reservoir Road.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Reservoir road, from Crafts road to the town boundary line, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Wednesday February 6, 1905, at five-thirty o'clock P. M., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon Charles F. Wright, heirs of Ebenezer Crafts, Benjamin F. Quimby, Boston and Albany Railroad Company, The New York Central and Hudson River Railroad Company, lessee, being all the parties known to us from whom land is taken or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a town-way, and it is hereby so laid out.

The land over which said way is laid out is described by its centre line as follows:

Beginning at a point on the boundary line between Boston and Brookline situated 262.92 feet northeasterly from the stone monument marking the intersection of the boundary lines between Boston, Brookline and Newton; thence running southeasterly on a tangent at right angles with said boundary line for a distance of 174.49 feet; thence curving to the left with a radius of 1009.88 feet for a distance of 509.78 feet; thence running southeasterly by a tangent for a distance of 80 feet; and includes a parallel width of twenty-five (25) feet on both sides of said centre line from the aforesaid boundary line to the location of Crafts road.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town

Engineer, dated February 6, 1905, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

March 1, 1905.

The street having been partially constructed by the owners of the fee is open to the public for travel as far as constructed.

No awards are made. The owners of the land abutting upon said street and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade or other damages, and the Boston and Albany Railroad Company assents to the laying out.

We take land as follows:

Name.	Sq. ft. taken.
From the owners of the fee	33,211

We give the owners of land taken for the laying out of said street, ten days from the date of its acceptance by the town in which to take off their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$1,200.00.

Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Reservoir road.

The said plan, profile, and this record are this day filed by us in the office of the Town Clerk.

WILLIAM CRAIG,

WM. F. HUMPHREY,

Selectmen of Brookline.

BROOKLINE, March sixth, 1905.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, Mass., March 6, 1905.

Twentieth Article.—"To appropriate two thousand two hundred dollars (\$2,200.00) to pay claims growing out of the construction of the Pierce Grammar School."

Voted, That two thousand two hundred dollars (\$2,200.00) be appropriated to pay claims growing out of the construction of the Pierce Grammar School.

Twenty-first Article.—"To consider the question of altering the High School tower."

Voted, That the subject-matter of this article be indefinitely postponed.

At three minutes before nine o'clock, on motion of James M. Codman, Jr.,—

Voted, That this meeting take a recess until the close of the town meeting called for this evening at nine o'clock.

At six minutes past nine o'clock the meeting was again called to order by the Moderator, Joseph Walker, and proceeded under the warrant for the annual town meeting as follows:—

Twenty-second Article,—"To hear and act upon the report of the Committee on the Celebration of the 200th Anniversary of the town, and to appropriate seven thousand dollars (\$7,000.00) for the celebration."

Voted, That five thousand dollars (\$5,000.00) be appropriated for the celebration of the 200th anniversary of the incorporation of the town, the arrangements for the celebration to be in charge of the Committee appointed under the seventh article in the warrant for the annual town meeting of 1904, but the expenditure of the money to be with the approval of the Selectmen.

Twenty-third Article,—"To appropriate not exceeding thirty thousand dollars (\$30,000.00) for the construction of a memorial tower on Corey Hill and to authorize the Treasurer to borrow the same."

On motion of Desmond FitzGerald, —

Voted, That the twenty-third article of the warrant be referred to the Sub-Committee on Memorials of the Committee on the Celebration of the 200th Anniversary of the Incorporation of Brookline, for further consideration, and to ascertain what, if any, legislation is necessary to enable the town to erect a memorial tower upon the summit of Corey Hill as recommended by said Committee, the Committee to report to the town in print at the next town meeting.

The Committee above referred to consists of Desmond FitzGerald, Fred. L. Olmsted, John G. Stearns, Thomas B. Fitzpatrick, Daniel S. Sanford and Mrs. Elizabeth R. Lyman.

Twenty-fourth Article,—"To appropriate four thousand two hundred dollars (\$4,200.00) to complete the repairs of the Edward Devotion House, and to heat and light the same so as to make it tenantable."

Voted, That the subject-matter of this article be referred to a committee of three, consisting of the chairman of the Selectmen, the chairman of the School Committee and the chairman of the Park Commissioners, who shall give a public hearing and report in print at the next town meeting.

Twenty-fifth Article,—"To hear and act upon reports of town officers and committees."

Twenty-sixth Article,—"To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles."

No business was transacted under the twenty-fifth and twenty-sixth articles.

At twenty-seven minutes after nine o'clock, on motion,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the entrances to the hall to determine the number of registered voters admitted.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing at the adjournment of the meeting that turnstile No. 1643 had registered two hundred and fifty-six (256), and turnstile No. 1670 had registered one hundred and forty-five (145); showing that a total of four hundred and one (401) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk.*

SPECIAL MEETING, MARCH 29, 1905.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK SS.

To either of the Constables of the Town of Brookline, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Wednesday, the twenty-ninth day of March, 1905, at nine o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To authorize the Water Board, with the approval of the Selectmen, to assent to the construction of a railroad across property of the town, along such route, with such methods of construction and operation, and for such damages as said Boards may deem expedient.

Third, To authorize the Selectmen to lease temporarily the houses purchased by the town near the Public Library, and to provide for the removal of the stable formerly occupied by the Chase Express Company.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Give under our hands at Brookline aforesaid, this twenty-second day of March, in the year of our Lord one thousand nine hundred and five.

JAMES M. CODMAN, JR.,
HORACE JAMES,
NATHANIEL CONANT,
WM. F. HUMPHREY,
WILLIAM CRAIG,

Selectmen of Brookline.

NORFOLK, SS.

Saturday, March 25, 1905.

By virtue of the within warrant, I have notified and warned the inhabitants of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing an attested copy of said warrant to be left at their last and usual place of abode; and by posting attested copies of the same in ten public places in said Brookline, all of which was done four days at least before the said day of meeting.

WILLARD Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Wednesday, the twenty-ninth day of March, in the year of our Lord one thousand nine hundred and five, and were called to order at nine o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

The meeting nominated and chose for Moderator Mr. Joseph Walker.

Second Article,—"To authorize the Water Board, with the approval of the Selectmen, to assent to the construction of a railroad across property of the town, along such route, with such methods of construction and operation, and for such damages as said Boards may deem expedient."

On motion of James M. Codman, Jr.,—

Voted, That the Water Board be authorized, with the approval of the Selectmen, to assent to the construction of a railroad across property of the town, along such route, with such methods of construction and operation, and for such damages as said Boards may deem expedient.

Third Article,—"To authorize the Selectmen to lease temporarily the houses purchased by the town near the Public Library, and to provide for the removal of the stable formerly occupied by the Chase Express Company."

On motion of James M. Codman, Jr.,—

Voted That the Selectmen be authorized to lease temporarily the houses purchased by the town near the Public Library, and to provide for the removal of the stable formerly occupied by the Chase Express Company.

At five minutes past nine o'clock, on motion,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing under oath at the adjournment of the meeting that turnstile No. 1643 had registered two hundred and fifty-six (256), and turnstile No. 1670 had registered one hundred and forty-three (143); showing that a total of three hundred and ninety-nine (399) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk.*

STATE ELECTION, NOVEMBER 7, 1905.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Tuesday, the seventh day of November, 1905, it being the Tuesday next after the first Monday in said month, at six o'clock in the forenoon, to give in their votes for the following State and County Officers, to wit:—

Governor of the Commonwealth; Lieutenant-Governor; Secretary of the Commonwealth; Treasurer and Receiver-General; Auditor of Accounts; Attorney General; Councillor for the Second Councillor District; Senator for the Second Norfolk Senatorial District; Representative to the General Court for the Second Norfolk Representative District; one County Commissioner for the County of Norfolk for three years.

All to be voted for on one ticket.

For these purposes the polls will be opened at fifteen minutes after six o'clock in the forenoon, and may be closed at thirty minutes after four o'clock in the afternoon.

Hereof fall not, and make due return of this warrant, to the Selectmen, with your doings thereon, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this sixteenth day of October, in the year of our Lord one thousand nine hundred and five.

JAMES M. CODMAN, JR.,

HORACE JAMES,

NATHANIEL CONANT,

WILLIAM CRAIG,

WM. F. HUMPHREY,

Selectmen of Brookline.

NORFOLK, ss.

BROOKLINE, MASS., October 28th, 1905.

By virtue of this warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections, to meet at the time and place, and for the purpose herein named, by causing a printed attested copy of this warrant to be left at their last and usual place of abode; and I have also posted true copies of said warrant in three public places in Brookline, all of which was done seven days at least before the day of said meeting.

W. Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline, qualified to vote in elections, met at the

Town Hall in said town on Tuesday, the seventh day of November, in the year of our Lord one thousand nine hundred and five, and were called to order at six o'clock in the morning by James M. Codman, Jr., chairman of the Board of Selectmen. The Town Clerk read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

James M. Codman, Jr., chairman of the Selectmen, took charge of the meeting after the reading of the warrant, and acted as presiding election officer.

The Town Hall had been fitted up as a polling place, a space railed off, in which were eighty compartments or shelves for the convenience of voters in examining and marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities. Cards of instruction and specimen ballots were also posted in different parts of the building outside of the rail; all in accordance with the laws of the Commonwealth of Massachusetts governing elections.

The arrangement of the railing was such that four entrances were provided for voters to enter the space inside the rail for the purpose of marking their ballots, with four ballot-boxes to correspond, one for each entrance. The Ballot Clerks were provided with duplicate sets of the list of registered male voters of the town, as prepared by the Registrars of Voters for use at this election. These alphabetical lists of voters were divided to correspond with the four entrances and four ballot-boxes as follows:—

Entrance No. 1—A to D inclusive.	Entrance No. 3—L to P inclusive.
Entrance No. 2—E to K inclusive.	Entrance No. 4—Q to Z inclusive.

Constable Willard Y. Gross was appointed in charge of the ballot-boxes and the space inside of the railing.

The Ballot Clerks and Tellers appointed by the Selectmen, and representing equally the two leading political parties, were sworn and assigned to their duties respectively as follows:—

BALLOT CLERKS.

Frederic M. Bond,

Francis F. Muldowney.

ASSISTANT BALLOT CLERKS AND CHECKERS.

Peter A. Jouannet.

TABULATORS.

Alfred E. Kenrick,
George P. Johnson,

Ernest B. Dane,
Edward H. Fenton.

The Town Clerk delivered to the presiding election officer a sealed package as received by him from the Secretary of the Commonwealth, marked "First set of Ballots, 5250, Town of Brookline," together with specimen ballots and cards of instruction, and took a receipt therefor from the presiding election officer, in conformity with law.

The presiding election officer publicly broke the seal on the package of ballots and delivered the ballots to the Ballot Clerks, Frederic M. Bond and Francis F. Muldowney, who had been duly appointed by the Selectmen.

The election officers stationed at the four entrances and four ballot-boxes were supplied with the lists of voters, and with the official ballots, with instructions to deliver such ballots only to voters whose names were found and checked on the

lists at the entrances, and to allow no voter to deposit his ballot until his name was found and checked on the lists at the ballot-boxes.

The four ballot-boxes — as inspected and approved by the Secretary of the Commonwealth to be used at elections — were then opened in public meeting, examined by the election officers, and found to be empty. The register of each box was set at zero (0), the boxes locked, and the keys delivered to Willard Y. Gross, the constable appointed in charge of the ballot-boxes.

At eight minutes past six o'clock the polls were declared open for the reception of votes, and were kept open until thirty minutes past four o'clock in the afternoon, when, after due notice, they were declared closed.

By unanimous consent of the election officers, the ballot-boxes were opened several times during the day for the purpose of removing the ballots to be counted.

At the close of the polls the registers of the ballot-boxes read as follows : —

Box No. 1, "Ideal"	856
Box No. 2, "Ideal"	772
Box No. 3, "U. S."	799
Box No. 4, "Acme"	817

Box No. 4, however, failed twice to register the ballot indicating the correct number of the ballots deposited in each box to be

Ballot Box No. 1, A-D	856
Ballot Box No. 2, E-K	772
Ballot Box No. 3, L-P	799
Ballot Box No. 4, Q-Z	819

The Ballot Clerks reported the names checked at the entrances to be three thousand two hundred and forty-six (3246).

The Ballot Clerks also reported that the number of spoiled and unused ballots deducted from the total number found in the package received from the presiding election officer, indicated that three thousand two hundred and forty-six (3246) ballots had been cast.

The election officers canvassed the ballots deposited in the ballot-boxes, and the whole number was three thousand two hundred and forty-six (3246), which were sorted, counted, and recorded, and declaration thereof made in open town meeting, as required by law.

In counting the ballots the blank forms approved by the Secretary of the Commonwealth were used by the election officers.

The votes for State and County officers were declared at five minutes before five o'clock, as follows : —

*Governor.**

Charles W. Bartlett, of Boston, Democratic, had twelve hundred and nineteen (1219).

James F. Carey, of Haverhill, Socialist, had sixteen (16).

William H. Carroll, of Boston, Socialist Labor, had seven (7).

Curtis Guild, Jr., of Boston, Republican, had nineteen hundred and thirty-eight (1938).

Willard O. Wylie, of Beverly, Prohibition, had ten (10).

Blanks, fifty-six (56).

*Lieutenant-Governor.**

Thomas F. Brennan, of Salem, Socialist Labor, had six (6).

Eben S. Draper, of Hopedale, Republican, had thirteen hundred and ninety (1390).

Patrick Mahoney, of Boston, Socialist, had fourteen (14).

John H. Smith, of Dalton, Prohibition, had sixteen (16).

Henry M. Whitney, of Brookline, Democratic, had seventeen hundred and sixty-five (1765).

Blanks, fifty-six (56).

Secretary.

Charles C. Hitchcock, of Ware, Socialist, had twenty-nine (29).

Jonathan S. Lewis, of Stoneham, Prohibition, had twenty-two (22).

Henry B. Little, of Newburyport, Democratic, had eight hundred and fifty (850).

William M. Olin, of Boston, Republican, had twenty-one hundred and eight (2108).

Moritz E. Ruther, of Holyoke, Socialist Labor, had six (6).

Blanks, two hundred and thirty-one (231).

Treasurer.

Christopher D. Albro, of Milford, Prohibition, had twenty-two (22).

David S. Brodeur, of Brockton, Socialist, had twenty-six (26).

Arthur B. Chapin, of Holyoke, Republican, had twenty-one hundred and sixty-one (2161).

Joao Claudino, of New Bedford, Socialist Labor, had seventeen (17).

Daniel F. Doherty, of Westfield, Democratic, had eight hundred and fifteen (815).

Blanks, two hundred and five (205).

*The vote for Governor and Lieutenant-Governor here recorded is the vote as certified by the Registrars of Voters as the result of the recount, November 14th, 1906.

EDWARD W. BAKER, *Town Clerk.*

Auditor.

Patrick J. Ashe, of North Adams, Democratic, had eight hundred and thirteen (813).

Herbert B. Griffin, of Boston, Prohibition, had twenty-eight (28).

E. O. Fredrik Hansson, of Medford, Socialist Labor, had nine (9).

Ambrose Miles, of Lynn, Socialist, had twenty-eight (28).

Henry E. Turner, of Malden, Republican, had twenty hundred and eighty (2080).

Blanks, two hundred and eighty-eight (288).

Attorney-General.

Allen Coffin, of Nantucket, Prohibition, had fifty-four (54).

Henry C. Hess, of Boston, Socialist Labor, had thirteen (13).

John P. Leahy, of Boston, Democratic, had eight hundred and eighty-eight (888).

Dana Malone, of Greenfield, Republican, had twenty hundred and ten (2010).

John Weaver Sherman, of Boston, Socialist, had forty-three (43).

Blanks, two hundred and thirty-eight (238).

Councillor—Second District.

Sidney O. Bigney, of Attleborough, Republican, had nineteen hundred and eighty (1980).

Guy F. Newhall, of Boston, Democratic, had nine hundred and fifty (950).

Blanks, three hundred and sixteen (316).

Senator—Second Norfolk District.

Prentiss Cummings, of Brookline, Republican, had twenty-one hundred and eighty-nine (2189).

Richard Cunningham, of Wellesley, Democratic, had eight hundred and ninety-three (893).

Blanks, one hundred and sixty-four (164).

Representative in General Court—Second Norfolk District.

Joseph Walker, of Brookline, Republican, had twenty-one hundred and twenty-three (2123).

Harold Williams, Jr., of Brookline, Democratic, had ten hundred and ten (1010).

Blanks, one hundred and thirteen (113).

County Commissioner—Norfolk.

John Cavanaugh, of Braintree, Democratic, had eight hundred and seventy-seven (877).

John F. Merrill, of Quincy, Republican, had twenty hundred and seventy-three (2073).

Sumner F. Shaw, of Weymouth, Socialist, had forty-three (43).

Blanks, two hundred and fifty-three (253).

The business of the meeting having been completed, the ballots cast, together with the tally sheets sealed and endorsed

by the tellers, were enclosed in a box which was sealed and endorsed by the Selectmen and Town Clerk. The check lists used at the entrances and at the ballot-boxes were sealed and endorsed by the Ballot Clerks, who also sealed and endorsed the ballots not used. Ballots and check lists were delivered to Constable Willard Y. Gross, who transmitted the same to the Town Clerk as required by law.

The returns of the election, for recording which blank forms had been received by the Town Clerk from the Secretary of the Commonwealth and the Clerk of Courts of Norfolk County, were filled up, signed by the Selectmen and Town Clerk, sealed up in open meeting and delivered to the Town Clerk to be forwarded to the respective places of destination.

The meeting was then declared dissolved at thirty minutes after five o'clock in the evening by James M. Codman, Jr., the presiding election officer.

Dissolved.

Attest : EDWARD W. BAKER, *Town Clerk.*

SPECIAL MEETING, JANUARY 31, 1906.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Wednesday, the thirty-first day of January, 1906, at 7.30 o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To accept and allow Oakland road as laid out by the Selectmen and reported to the town at this meeting.

Third, To accept and allow Verndale street as laid out by the Selectmen and reported to the town at this meeting, and to appropriate four hundred and seventy dollars (\$470.00) for the construction thereof.

Fourth, To accept and allow a part of Columbia street as laid out by the Selectmen and reported to the town at this meeting, and to appropriate two hundred and thirty dollars (\$230.00) for the construction thereof.

Fifth, To accept and allow a part of Middlesex road as laid out by the Selectmen and reported to the town at this meeting, and to appropriate one thousand dollars (\$1,000.00) for the construction thereof.

Sixth, To make an additional appropriation of eight hundred and eighty-seven dollars and fifty cents (\$887.50) for land damages in connection with the laying out of Cypress place.

Seventh, To make an additional appropriation of three hundred and eighteen dollars and seventy-five cents (\$318.75) for watering streets.

Eighth, To make an additional appropriation of five hundred and twenty-five dollars (\$525.00) for the Police Department.

Ninth, To make an additional appropriation of fifteen hundred dollars (\$1,500.00) for the renovation of the Lawrence School building and for the purpose of sundry furnishings.

Tenth, To make an additional appropriation of six hundred and fifty dollars (\$650.00) for support of Evening Schools.

Eleventh, To make an additional appropriation of one thousand dollars (\$1,000.00) for exterior repairs of town buildings.

Twelfth, To make an additional appropriation of one thousand dollars (\$1,000.00) for planting and preserving trees.

Thirteenth, To authorize the Water Board to contract for water pipe for the season of 1906 to the extent of thirty-five hundred dollars (\$3,500.00).

Fourteenth, To ratify and confirm the agreements made by the Board of Health and the Park Commissioners with Jerry Bond for the collection of garbage and the use of land now occupied by him for that purpose.

Fifteenth, To authorize the Selectmen to provide for the removal of the houses formerly occupied by Messrs. Collins and Chase near the Police Station whenever they shall deem it expedient.

Sixteenth, To see what further action the town will take to improve its financial relations with the State and Metropolitan District, and to appropriate two hundred and fifty dollars (\$250.00) to be expended under the direction of the Selectmen.

Seventeenth, To amend Section 12 of Article XVIII of the Building Law, relating to signs, sky-signs, and bill-boards.

Eighteenth, To see if the town will amend Section 31 of Schedule of Brookline Water Rates to reduce the price now charged for water furnished through meters.

Nineteenth, To see if the town will authorize the erection of a public Gymnasium on land of the town on Tappan street purchased of the trustees of the Blake estate by deed dated February 9, 1903, and to appropriate one hundred thousand dollars (\$100,000.00) for the same.

Twentieth, To see if the town will appropriate thirty-five thousand dollars (\$35,000.00) to build a consolidated heating, lighting and power plant for the Manual Training High School, the Bath House, the proposed Gymnasium and the High School.

Twenty-first, To hear and act upon the report of the Committee appointed to ascertain what, if any, legislation is necessary to enable the town to erect a memorial tower upon the summit of Corey Hill.

Twenty-second, To hear and act upon the report of the Committee on completing the repairs of the Edward Devotion House.

Twenty-third, To hear and act upon the reports of town officers and committees.

Twenty-fourth, To appropriate and raise by borrowing or otherwise such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees.

Hereof fall not, and make due return of this warrant, with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this seventeenth day of January, in the year of our Lord one thousand nine hundred and six.

JAMES M. CODMAN, JR.,

WM. F. HUMPHREY,

HORACE JAMES,

NATHANIEL CONANT,

Selectmen of Brookline.

NORFOLK, ss.

BROOKLINE, MASS., January 27th, 1906.

By virtue of the within warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing an attested copy of said warrant to be left at their last and usual place of

abode, and by posting attested copies of the same in three public places in said Brookline, all of which was done four days at least before the said day of meeting.

WILLARD Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Wednesday, the thirty-first day of January, in the year of our Lord one thousand nine hundred and six, and were called to order at thirty minutes past seven o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

The meeting nominated and chose for Moderator Mr. Philip S. Parker.

Second Article,—"To accept and allow Oakland road as laid out by the Selectmen and reported to the town at this meeting."

On motion of James M. Codman, Jr.,—

Voted, That Oakland road, as laid out by the Selectmen and reported to the town at this meeting, be accepted and allowed as a townway.

The Selectmen reported in print the laying out of Oakland road, of which the following is a true copy :—

Oakland Road.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Oakland road, from Walnut street to land of heirs of Mary J. Williams, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, ninth day of October, 1905, at five o'clock P. M., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon heirs of William H. Brewster, W. Putnam Page, trustee, Albert A. Cobb Trust, John C. Cobb, trustee, heirs of Mary J. Williams, Moses Williams, trustee, Walnut Street Land Trust, Albert Geiger, Jr., and Charles W. Dabney, trustees, Mary R. Cobb, Dennis F. Donlon, Charles A. Williams, Francis M. Solan, Mary J. Regan, Gertrude S. Ellis, Thomas Donlon, John J. Kennedy, being all the parties known to us from whom land is taken, or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a townway, and it is hereby so laid out.

The description by its centre line of the land over which said street is laid out is as follows:—

Beginning at a point on the southerly side of Walnut street, situated 126.17 feet easterly from the boundary line between land now or late of John H. Sherburne and that of the Albert A. Cobb Trust; thence running southerly by a line at right angles to said southerly line of Walnut street, 141.52 feet; thence curving to the left with a radius of 581.95 feet for a distance of 315.03 feet; thence running southeasterly by a tangent 100 feet; thence curving to the right with a radius of 279.86 feet for a distance of 108.48 feet to land of the heirs of Mary J. Williams, and including a parallel width of 20 feet on both sides of said centre line throughout its entire length.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated September 25, 1905, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

November 20, 1905.

ALEXIS H. FRENCH, *Town Engineer.*

The street having been constructed by the owners of the fee is open to the public for travel.

No awards are made. The owners of the land abutting upon said street, and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade, or other damages.

We take land as follows:—

Name.	Sq. feet taken.	Award.
From owners of the fee	26,601.	

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town, in which to take off their trees, fences, and other property which may obstruct the building of the way.

Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Oakland road.

The said plan, profile and this record are this day filed by us in the office of the Town Clerk.

JAMES M. CODMAN, JR.,
WILLIAM CRAIG,

BROOKLINE, November 27, 1905. *Selectmen of Brookline.*

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., Nov. 27th, 1905.

Third Article.— “ To accept and allow Verndale street as laid out by the Selectmen and reported to the town at this meeting, and to appropriate four hundred and seventy dollars (\$470.00) for the construction thereof.”

On motion of James M. Codman, Jr.,—

Voted, That Verndale street, as laid out by the Selectmen and reported to the town at this meeting, be accepted and allowed as a townway, and that four hundred and seventy dollars (\$470) be appropriated to pay for constructing and fencing the same, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

The Selectmen reported in print the laying out of Verndale street, of which the following is a true copy :—

Verndale Street.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Verndale street from Harvard street to Columbia street, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, the thirtieth day of October, 1905, at 5 o'clock P. M., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon devisees of Otis Shepard, Horace B. Shepard, executor, James Murray, Marlon W. Cate, Alice DeBoer, James Bauer, George N. Phelps, Charles A. Swan, Adeline F. Newton, William H. Wood, Mary E. Cate estate, Frank A. Russell, agent, Addison R. Taintor, William H. Dunphy, being all the parties known to us from whom land is taken or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a townway and it is hereby so laid out.

The description of its centre line of the land over which the said Verndale street is laid out is as follows :—

Beginning at a point on the centre line of Columbia street, situated 228.64 feet southeasterly from its intersection with the boundary line between Boston and Brookline; thence running northeasterly for a distance of 1301.80 feet to the westerly line of Harvard street and includ-

ing a parallel width of 20 feet on both sides of said centre line throughout its entire length.

At the intersection of the side lines of Verndale street with the northeasterly line of Columbia street the corners are to be rounded with curves and the necessary land is hereby taken therefor as follows, to wit:—

At the northerly corner of said Verndale and Columbia streets with a curve having a radius of 20 feet and at the easterly corner of said streets with a curve having a radius of 10 feet.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated April 27, 1903, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

November 20, 1905.

ALEXIS H. FRENCH, *Town Engineer.*

The street having been constructed by the owners of the fee is open to the public for travel.

No awards are made. The owners of the land abutting upon said street and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade or other damages.

We take land as follows:—

Name.	Sq. ft. taken.	Award.
From owners of the fee	51,207	

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town, in which to take off their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$470.00. Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Verndale street.

The said plan, profile and this record are this day filed by us in the office of the Town Clerk.

JAMES M. CODMAN, JR.,
WILLIAM CRAIG,
NATHANIEL CONANT,
HORACE JAMES,

BROOKLINE, November 27, 1905.

Selectmen of Brookline.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., Nov. 27th, 1905.

Fourth Article.—“To accept and allow a part of Columbia street as laid out by the Selectmen and reported to the town at this meeting, and to appropriate two hundred and thirty dollars (\$230.00) for the construction thereof.”

On motion of James M. Codman, Jr.,—

Voted, That a part of Columbia street, as laid out by the Selectmen and reported to the town at this meeting, be accepted and allowed as a townway and that two hundred and thirty dollars (\$230) be appropriated to pay for the construction thereof, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

The Selectmen reported in print the laying out of a part of Columbia street, of which the following is a true copy:—

Columbia Street.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Columbia street, from that part of Columbia street already a townway to the boundary line between the city of Boston and the town of Brookline, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, the thirtieth day of October, 1905, at 5 o'clock P. M., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon devisees of Otis Shepard, Horace B. Shepard, executor, being all the parties known to us from whom land is taken or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a townway, and it is hereby so laid out.

The description by its centre line of the land over which the said portion of Columbia street is laid out is as follows:

Beginning at a point on its centre line and at the northwesterly end of that part of said Columbia street laid out by the Selectmen March 6, 1901, and accepted by the town March 27, 1901; thence running northwesterly by a tangent for a distance of 280.77 feet; thence curving to the right with a radius of 484.82 feet for a distance of 97.49 feet to the boundary line between Boston and Brookline and including a parallel width of 20 feet on both sides of said centre line throughout its entire length.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated April 27, 1908, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

November 20, 1906.

ALEXIS H. FRENCH, Town Engineer.

No awards are made. The owners of the land abutting upon said street and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade or other damages.

We take land as follows:—

Name.	Sq. ft. taken.	Award.
From owners of the fee	15,180	

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town in which to take off their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$230.00. Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Columbia street.

The said plan, profile and this record are this day filed by us in the office of the Town Clerk.

JAMES M. CODMAN, JR.,
WILLIAM CRAIG,
NATHANIEL CONANT,
HORACE JAMES,

BROOKLINE, November 27, 1905.

Selectmen of Brookline.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., Nov. 27th, 1905.

Fifth Article,—"To accept and allow a part of Middlesex road as laid out by the Selectmen and reported to the town at this meeting, and to appropriate one thousand dollars (\$1,000.00) for the construction thereof."

On motion of James M. Codman, Jr.,—

Voted, That a part of Middlesex road as laid out by the Selectmen and reported to the town at this meeting be accepted and allowed as a townway, and that one thousand dollars (\$1000) be appropriated to pay for its construction, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

The Selectmen reported in print the laying out of a part of Middlesex road, of which the following is a true copy:—

Middlesex Road.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way from Reservoir road to Reservoir lane, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, third day of April, 1905, at five o'clock p. m., and caused such

notice to be actually served, according to law, by a constable of this town at least seven days before the day so appointed for the hearing, upon Benjamin Lancey, heirs Ebenezer Crafts, Albert F. Hayden, trustee, Charles V. E. Gallup, Benjamin F. Quimby, being all the parties known to us from whom land is taken, or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be interested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a town-way, and it is hereby so laid out.

The land over which said street is laid out is bounded by a line beginning at a point on the northeasterly line of Reservoir road, situated 174.49 feet southeasterly from its intersection with the boundary line between Boston and Brookline; thence running northwesterly by said easterly line of Reservoir road, 86.87 feet; thence running easterly by a curve to the left, having a radius of 10 feet, 19.74 feet; thence running northeasterly by a tangent 87.47 feet; thence curving to the left with a radius of 60 feet, 17.02 feet; thence running northeasterly by a tangent 23.02 feet; thence curving to the left with a radius of 11.25 feet, 18.21 feet to the southwesterly line of Reservoir lane; thence running south-easterly by said southwesterly line of Reservoir lane by two lines measuring 48.69 and 17.41 feet, respectively; thence running westerly by a curve to the left, having a radius of 15 feet for a distance of 25.79 feet; thence running southwesterly by a tangent 122.56 feet, said tangent being parallel with and thirty (30) feet distant from the tangent previously mentioned as having a length of 87.47 feet; thence curving to the left with a radius of 25 feet for a distance of 28.61 feet; thence curving to the left with a radius of 984.88 feet for a distance of 23.84 feet to the point of beginning.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated March tenth, 1905, approved by us, verified by our signatures, and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

November 20, 1905.

ALEXIS H. FRENCH, *Town Engineer.*

No awards are made. The owners of the land abutting upon said street, and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive all claims to land, grade or other damages.

We take land as follows:—

Name.	Sq. ft. taken.	Award.
From owners of the fee	4,948	

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town, in which to take off

their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$1,000.00. Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Middlesex road.

The said plan, profile and this record are this day filed by us in the office of the Town Clerk.

JAMES M. CODMAN, JR.,
WILLIAM CRAIG,
NATHANIEL CONANT,
HORACE JAMES,

BROOKLINE, November 27, 1905.

Selectmen of Brookline.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., Nov. 27th, 1905.

Sixth Article.—"To make an additional appropriation of eight hundred and eighty-seven dollars and fifty cents (\$887.50) for land damages in connection with the laying out of Cypress place."

On motion of James M. Codman, Jr.,—

Voted, That the sum of eight hundred and eighty-seven dollars and fifty cents (\$887.50) be appropriated to pay for land damages in connection with the laying out of Cypress place, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Seventh Article.—"To make an additional appropriation of three hundred and eighteen dollars and seventy-five cents (\$318.75) for watering streets."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of three hundred and eighteen dollars and seventy-five cents (\$318.75) be made for watering streets, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Eighth Article.—"To make an additional appropriation of five hundred and twenty-five dollars (\$525.00) for the Police Department."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of five hundred and twenty-five dollars (\$525) be made for the Police Department, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Ninth Article.—"To make an additional appropriation of fifteen hundred dollars (\$1,500.00) for the renovation of the Lawrence School building, and for the purpose of sundry furnishings."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of fifteen hundred dollars (\$1500) be made for the renovation of the Lawrence School building, and for the purpose of sundry furnishings, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Tenth Article,—"To make an additional appropriation of six hundred and fifty dollars (\$650.00) for support of Evening Schools."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of six hundred and fifty dollars (\$650) be made for evening schools, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Eleventh Article,—"To make an additional appropriation of one thousand dollars (\$1,000.00) for exterior repairs of town buildings."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of one thousand dollars (\$1,000) be made for exterior repairs of public buildings, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Twelfth Article,—"To make an additional appropriation of one thousand dollars (\$1,000.00) for planting and preserving trees."

On motion of James M. Codman, Jr.,—

Voted, That an additional appropriation of one thousand dollars (\$1000) be made for planting and preserving trees, the amount to be taken from any unexpended balances or money in the Treasury not otherwise appropriated.

Thirteenth Article,—"To authorize the Water Board to contract for water pipe for the season of 1906 to the extent of thirty-five hundred dollars (\$3,500.00)."

On motion of Oscar B. Mowry,—

Voted, That the Water Board be authorized to contract for water pipe for the season of 1906 to the extent of three thousand five hundred dollars (\$3,500).

Fourteenth Article,—"To ratify and confirm the agreements made by the Board of Health and the Park Commissioners with Jerry Bond for the collection of garbage and the use of land now occupied by him for that purpose."

On motion of James M. Codman, Jr.,—

Voted, That the agreements made by the Board of Health and the Park Commissioners with Jerry Bond for the collection of garbage and the use of land in connection therewith, including the supplementary agreement dated January 29th, 1906, be ratified and confirmed.

Fifteenth Article,— "To authorize the Selectmen to provide for the removal of the houses formerly occupied by Messrs. Collins and Chase near the Police Station whenever they shall deem it expedient."

On motion of James M. Codman, Jr.,—

Voted, That the Selectmen be authorized to provide for the removal of the houses formerly occupied by Messrs. Collins and Chase, near the police station, whenever they shall deem it expedient.

Sixteenth Article,— "To see what further action the town will take to improve its financial relations with the State and Metropolitan District, and to appropriate two hundred and fifty dollars (\$250.00) to be expended under the direction of the Selectmen."

On motion of James M. Codman, Jr.,—

Voted, That the Selectmen and the committee appointed in 1904, on the improvement of the financial relations between the town and the State and Metropolitan District, be requested to continue their efforts to secure legislation appropriate for the purpose in co-operation with representatives of the state and of other municipalities.

Voted, That two hundred and fifty dollars (\$250) be placed at the disposal of the Selectmen for printing and other expenses connected with the subject-matter of this article.

Seventeenth Article,— "To amend Section 12 of Article XVIII of the Building Law, relating to signs, sky-signs and bill-boards."

On motion of James M. Codman, Jr.,—

Voted, That Section 12 of Article XVIII of the Building Law be amended by substituting the following :—

Section 12. Signs, Sky-signs and Bill-boards.—All signs, sky-signs and bill-boards shall be constructed, placed, supported and maintained so as not to be or become dangerous, and if dangerous in any manner whatever, shall promptly be repaired and made safe or taken down by the owner, lessee or occupant of the building or land on which they may be located.

Signs.—All signs (other than sky-signs) used on a building shall be kept securely fastened to the outer wall of the building. No sign having an area of more than forty square feet shall hereafter be attached to any building. No sign shall project more than one foot from or above the outer wall of any building.

Sky-signs.—No sign or device in the nature of an advertisement, announcement, guidance or direction shall hereafter be placed or supported upon or above or attached to the roof of any building until a permit to do so has been issued by the Commissioner. No such sign or device shall contain or occupy an area of more than forty square feet, nor at any point be more than three feet above the point on the roof where it is placed or supported. Not more than one such sign or device shall be placed or supported upon the roof of any building. All such signs and devices and the supports and fastenings for same shall be of such material and construction as the Commissioner approves and shall be kept securely fastened.

Bill-boards.—No sign or bill-board, erected upon uprights or other supports (including fences) extending into the ground, shall at any point be more than ten feet above the surface of the ground, and all such shall be kept properly supported and braced.

Eighteenth Article.—“To see if the town will amend Section 81 of Schedule of Brookline Water Rates to reduce the price now charged for water furnished through meters.”

On motion of Alfred D. Chandler,—

Voted, That Section 81 of the Schedule of Water Rates be amended, to take effect as of December 15, 1905, so as to read as follows :—

“81. Meter rates, 12 cents per 100 cubic feet.”

Nineteenth Article.—“To see if the town will authorize the erection of a public Gymnasium on land of the town on Tappan street purchased of the trustees of the Blake estate by deed dated February 9, 1903, and to appropriate one hundred thousand dollars (\$100,000.00) for the same.”

On motion of Walter Channing,—

Voted, To erect a public gymnasium under the direction of the present gymnasium committee, on land of the town on Tappan street purchased of the trustees of the Blake estate by deed dated February 9, 1903, and the sum of one hundred thousand dollars (\$100,000.00) is hereby appropriated for defraying cost of the same.

Twentieth Article.—“To see if the town will appropriate thirty-five thousand dollars (\$35,000.00) to build a consolidated heating, lighting and power plant for the Manual Training High School, the Bath House, the proposed Gymnasium and the High School.”

On motion of Walter Channing,—

Voted, That the town appropriate the sum of thirty-five thousand dollars (\$35,000.00) to erect a consolidated heating, lighting and power plant, under direction of the Gymnasium

and School Committees, to heat, light and furnish power to the Manual Training High School, the Bath-house, the proposed Gymnasium and the High School.

Twenty-First Article,—"To hear and act upon the report of the Committee appointed to ascertain what, if any, legislation is necessary to enable the town to erect a memorial tower upon the summit of Corey Hill."

On motion of Joseph Walker,—

Voted, That the subject matter of the twenty-first article be referred to the next annual town meeting.

Twenty-Second Article,—"To hear and act upon the report of the Committee on completing the repairs of the Edward Devotion house."

On motion of James M. Codman, Jr.,—

Voted, That the Edward Devotion house be placed under the care of the Board of Selectmen.

Twenty-Third Article,—"To hear and act upon the reports of town officers and committees."

Twenty-Fourth Article,—"To appropriate and raise by borrowing or otherwise such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees."

No business was transacted under the twenty-third and twenty-fourth articles.

At seventeen minutes past ten o'clock, on motion —

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing under oath at the adjournment of the meeting that turnstile No. 1648 had registered two hundred

and eighty-one (281), and turnstile No. 1670 had registered ninety (90); showing that a total of three hundred and seventy-one (371) registered voters had been admitted to the meeting.

Dissolved.

Attest: EDWARD W. BAKER, *Town Clerk.*

PERAMBULATION OF THE BOUNDARY LINE BETWEEN
NEWTON AND BROOKLINE.

September 27th, 1905.

The undersigned, James M. Codman, Jr., Nathaniel Conant, William F. Humphrey and William Craig, Selectmen, and Alexis H. French, Town Engineer, thereto duly authorized by the Selectmen of Brookline, and Alderman Henry H. Hunt, Charles W. Ross, Street Commissioner, and Irving T. Farnham, City Engineer, thereto duly authorized by the Board of Aldermen of the City of Newton, met on Wednesday, the twenty-seventh day of September, 1905, and examined the line and established the bound marks between said town and city, which are described as follows, viz:—

First. Beginning at a stone monument marked "N," "Br" and "Bo" standing on the southerly side of the tracks and on land of the Boston & Albany Railroad Company, and southwesterly of Reservoir lane, so called, said monument forming the junction point between the town of Brookline and the cities of Newton and Boston.

Second. Thence southerly to a stone monument marked "N," "Br" and "Bo" south of the Boston & Albany Railroad, on land of the heirs of Ebenezer Crafts.

Third. Thence westerly to a stone monument marked "N" and "B" in a swale standing on land owned by George U. Crocker and Charles V. E. Gallup, trustees.

Fourth. Thence to a stone monument marked "N" and "B" north of Middlesex road on land of George D. Chamberlain, nearly opposite Circuit road.

Fifth. Thence to a stone monument marked "N" and "B" standing on the northerly side of Middlesex road, on land of Herman T. Baldwin.

Sixth. Thence to a stone monument on the southerly side line of Middlesex road, partially on land of John Allen.

Seventh. Thence to a stone monument on the easterly side line of Devon street, partially on land now or formerly of Juliet C. Munsel.

Eighth. Thence to a stone monument on the westerly side line of Dunster road, partially on land of the devisees of Rose L. Saltonstall.

Ninth. Thence to a stone monument marked "N" and "B" on the westerly side of Hammond street, by land of the heirs of John Lowell.

Tenth. Thence to a stone monument marked "N" and "B" on the southerly side of Boylston street.

Eleventh. Thence to a stone monument marked "N" and "B" on the northerly side of a street called Florence street in Newton and Heath street in Brookline, near the house of Patrick McCarthy.

Twelfth. Thence to an iron monument marked "N" and "B" in the wall between land now or formerly of George F. Stone and Charles S. Skinner.

Thirteenth. Thence to an iron monument marked "N" and "B" at the corner in the wall on the ledge of rocks near Stake Meadow, so called, said wall being between land now or formerly of George F. Stone and Charles S. Skinner.

Fourteenth. Thence to a stone monument marked "N" and "B" in Stake Meadow, on land now or formerly of Charles S. Skinner, which monument marks a corner.

Fifteenth. Thence to a stone monument marked "N" and "B" on the northerly side of a street called Brookline street in Newton and Newton street in Brookline, near land now or formerly of Fred C. Gilpatrick, trustee.

Sixteenth. Thence to a stone monument marked "N" and "B" on the northerly side of Lagrange street, opposite land now or formerly of Nora M. Carney.

Seventeenth. Thence to an iron monument marked "N" and "B" on a ledge on land now or formerly of Nora M. Carney, near to and southerly from Lagrange street.

Eighteenth. Thence to a stone monument marked "N," "Bo" and "Br" near the westerly end of Troublesome Swamp, so called, which forms a corner between Boston, Brookline and Newton.

Monuments *Third* to *Thirteenth*, both inclusive, mark a part of the line which for many years has been regarded by both municipalities as the legal boundary. Notwithstanding the doubt as the correctness of this part of the line, which has recently been raised by the Board of Harbor and Land Commissioners, the monuments herein referred to have been examined and found in good condition.

The stone monuments designated as *Sixth*, *Seventh* and *Eighth* are additional monuments set since the last perambulation to mark the intersection of the boundary line with the street lines.

* On the question "Is it expedient that Municipal Suffrage be granted to Women?"

Citizens Caucus Rules.

Adopted at the Brookline Citizens Caucus, March 21, 1896. Amended February 28, 1901, and March 5, 1903.

1. The Citizens caucus shall be held on a Thursday, ten days at least before the annual town meeting, and shall be called by the town clerk.

2. The check-list shall be used at the ballot box and at the door of the hall, and none but voters shall be admitted to the hall; and police officers or constables shall attend and preserve order.

3. Until four o'clock on Friday before the date of the caucus, the town clerk shall receive preliminary suggestions for moderator and other town officers required by law to be chosen by ballot. Each preliminary suggestion shall be made in writing, signed by not less than ten voters, and accompanied by the written assent of the person suggested. No voter shall sign preliminary suggestions for more candidates for any office than there are persons to be elected thereto, and no signatures in violation of this provision shall be counted. Blank forms for preliminary suggestions may be obtained from the town clerk. Immediately after the closing hour for filing such suggestion papers the town clerk shall furnish copies thereof to the local press for publication.

4. The town clerk shall cause ballots to be prepared for the caucus substantially in the form of the official ballots required at the election of town officers, containing the names of all candidates for whom preliminary suggestions have been received, with blank spaces for writing additional names. He shall place upon the ballot the names of all town officers who file with him their written assent not less than two weeks before the date of the caucus. He shall arrange the names for the different offices in a convenient order for separating the ballot into several parts, to facilitate counting.

5. At the hour appointed, the caucus shall be called to order by the town clerk, and a chairman and one or more secretaries shall be chosen.

6. A ballot shall be taken for the selection of nominees for all the offices, and the polls shall be kept open not less than one and one-half hours, and shall not be closed before 10 p. m. In addition to these rules, so far as applicable, the statutes of the commonwealth regulating the conduct of elections of town officers shall govern the proceedings of the caucus.

7. The chairman shall appoint a sufficient number of inspectors and tellers to count the ballots, and one or more persons to assist the town clerk at the check-list. The tellers shall begin work when the chairman so directs. The inspectors and tellers shall be appointed by the chairman, representing, so far as may be, differing opinions on town affairs; but no salaried town officer, or agent or employee, having received over \$100 from the town in the preceding year, shall be appointed as inspector.

8. The proceedings of the caucus, giving the names of all the candidates with the number of votes given for each, except scattering votes, shall be certified to by the chairman and secretary of the caucus, and transmitted to the town clerk, who shall furnish copies thereof to the local press for publication.

- DISTRICT NO. 4, NORTHWEST—Mr. Conant.
- DISTRICT NO. 5, SOUTH—Mr. Codman.

REPORT.

The Selectmen submit the following report for the year ending January 31st, 1906:—

An increase of \$92,408.13 in State, County and Metropolitan taxes, bringing the total up to \$321,772.05, was met by keeping the regular annual appropriations at very nearly the same figures as in the year before and by reducing the special appropriations to be included in the tax levy by more than \$70,000. Notwithstanding this prudence on the part of the town, the Assessors fixed the tax rate at \$12, an increase of one-seventh, and the highest rate since 1897, although it was obvious that this rate would produce much more money than would be required.

Other notable matters have been the appropriation of \$135,000 for a gymnasium and combined heating and lighting plant, the introduction of the universal water meter system and a liberal reduction in the water rates involving an important sacrifice in our financial resources, new five year awards for Metropolitan Sewer and Park expenses, the celebration of the two hundredth anniversary of the incorporation of the town, the arrival of the gypsy and brown-tail moths in force and a substantial decrease in the town debt.

Finances.

The town debt at the end of the year was \$1,494,313, a decrease for the year of \$126,161.

The new loans were:—

For widening Harvard and Washington streets . . . \$30,000 00

For water meters 15,000 00

Both of these loans bear interest at 3 4-10 per cent; the former is payable in ten annual instalments, the latter in five.

The amount of debt paid off was \$161,161, and the amount which becomes payable this year is \$156,761, which is to be provided for by taxation. These payments in detail are as follows:—

Date borrowed.		Maturing 1905-06.	Maturing 1906-07.
1890-1895	Riverdale Park construction	\$18,880 00	\$18,880 00
1896	Longwood Playground construction	1,200 00	*800 00
1899-1903	Land for playgrounds	8,500 00	8,500 00
1901	Corey Hill Park	1,150 00	1,150 00
1903	Old Boston Reservoir	5,000 00	5,000 00

* Last instalment.

REPORT OF THE SELECTMEN.

Date borrowed.		Maturing 1905-06.	Maturing 1906-07.
1894	Harvard street widening	\$3,750 00	\$3,750 00
1894	Washington street widening	3,050 00	3,050 00
1904-1905	Harvard and Washington streets widenings	4,000 00	4,000 00
1900-1902	Boylston street widening	28,500 00	28,500 00
1903	Land and stone crushing plant	1,200 00	1,200 00
1897-1898	Longwood avenue bridge	3,750 00	3,750 00
1893-1896	Village Brook channel	5,800 00	*5,800 00
1896	Druce street school house	2,800 00	*2,800 00
1902-1903	Manual Training High School	8,000 00	8,000 00
1894-1895	High School building	10,000 00	10,000 00
1895	High School furnishing	*2,500 00	
1901	Land adjoining High School	1,350 00	
1895	Druce street lot	1,500 00	1,500 00
1903	Heath School lot	1,800 00	1,800 00
1904	Pierce Primary School	8,000 00	8,000 00
1904	Land, Washington, School and Prospect streets	5,500 00	5,500 00
1895-1896	Bath House	4,000 00	*2,500 00
1903	Land adjoining Bath House	1,000 00	1,000 00
1898	Construction of Court House and Police Station	7,500 00	7,500 00
1891-1903	Extension of Water Works	19,481 00	19,481 00
1905	Water Meters	3,000 00	3,000 00
		<u>\$161,161 00</u>	<u>\$156,761 00</u>

The debt and interest charges may be roughly classified as follows:—

	Principal Feb. 15, 1906.	Interest Charges 1905-06.	Interest Charges 1906-07.
Parks and Playgrounds	\$470,020 00	\$17,160 38	\$15,904 37
Water Supply	332,234 00	12,540 32	11,861 30
Streets and Bridges	297,100 00	10,592 02	9,318 26
Schools and Sites	240,050 00	9,607 64	8,408 38
Public Buildings and Sites	149,100 00	5,411 09	4,803 29
Sewers and Drains	5,800 00	309 94	103 31
		<u>\$1,494,313 00</u>	<u>\$55,621 39</u>
			<u>\$50,398 91</u>

The appropriation needed for the current year for interest on debt now outstanding is \$50,848.91, including \$450 for overdue coupons not yet presented. To this must be added the interest on any new loans to be issued. A separate appropriation is made for interest on loans in anticipation of taxes.

The interest on the water debt was \$12,540.32, and the instalments of water debt provided for by taxation amounted to \$22,418. The ordinary expenses of the Water Department were

* Last instalment.

\$44,787.03, so that the total paid from taxes for water purposes was \$79,808.35. Receipts from water rates amounted to \$81,811.65.

For 1906 the corresponding amounts to be appropriated for water purposes and paid from the taxes amount to \$84,142.30. By vote of the town the water rates are to be 20 per cent lower.

The policy of keeping our debt in such shape that more than half of it can be paid off during the next six years, and the last of it in 1925-6, has been continued.

The tax rate for 1905 was \$12, an increase of \$1.50. The valuation was \$90,852,400, an increase of \$2,577,200. Of this increase \$1,324,300 was on personal property, and \$1,253,300 was on real estate. The increased rate applied to the valuation has resulted in an unappropriated balance in the treasury of \$160,636.29, which suggests the question of whether some change in the law relative to fixing the tax rate may not be desirable. The rate should be determined by some one in possession of all the data, of which the valuation is only one. In many towns the Selectmen are also the Assessors. In cities the matter is determined by the charter. In Boston, for instance, the tax rate is fixed by the auditor, with the approval of the Mayor, and in Holyoke the rate is controlled through a committee, of which the Mayor is one.

Condition of Current Special Appropriations.

The enlargement of the Pierce Primary School has been finished and paid for, and the furnishing of it has also been paid for and the special appropriations for these purposes closed.

The amount appropriated for claims in connection with the construction of the Pierce Grammar School has been paid.

There is a balance in the appropriation for purchasing land for public playgrounds of \$36,397.06 and the Park Commissioners recommend an additional appropriation of \$100,000.

Of the appropriation of \$2,000 for improving the Cypress street playground, \$1,000 has been expended, and the Park Commissioners ask that \$2,000, in addition to the balance, be appropriated for completing the work.

The appropriation made in 1904 for additional furnishing at the Manual Training High School has been drawn on to the extent of \$854.07, and there remains a balance of \$1,822.95 in it. The School Committee still intend to procure much of the machinery included in the original estimate but not yet ordered.

The appropriation of \$3,000 for renovating the Lawrence School was added to at the meeting of January 31st, by \$1,500

for completing the work and making certain purchases. There is a balance of \$751.72 in the appropriation, but the purchases have not been finished.

The appropriation for improving the Pierce Primary School grounds has all been expended. There is balance of \$1,611.85 in the appropriation for improving the Heath School lot, but the work has not yet been completed as explained in the report of the Park Commissioners.

For the construction of Dymoke street, along the westerly boundary of the Amory Playground, \$5,300 was appropriated, and the borrowing of \$5,000 of this was authorized. The street has been completed by the Park Commissioners at a cost of \$4,341.37, which has been paid from the general balance in the treasury. The authority to borrow should now be rescinded.

The original appropriation for widening Harvard and Washington streets was \$56,000. There was paid in 1903-4 from the general balance in the treasury \$27,439.78, and \$20,000 was borrowed in 1904, and an additional \$20,000 in 1905, making \$67,439.78 in all, of which \$14,638.33 remains unexpended. The suits brought by Mr. Talbot and some of his tenants are still pending. There is still a balance of \$2,016.01 in the appropriation for widening Brookline avenue with which to complete the work at the corner of Washington street. The appropriation for widening Cottage street has all been expended and the work completed. Griggs road has also been completed and the appropriation closed. There is a balance of \$924.35 in the appropriation for Lee street, and it will require about \$1,000 in addition to this for surfacing and opening for travel the easterly arm connecting with Boylston street.

Nothing has yet been done by the railroad towards building the bridge at Reservoir road in accordance with a decree of the Superior Court, and so the appropriation for extending the street to the bridge has not yet been drawn on. This work is likely to be begun in the spring. The improvement of the lot on Kent street, purchased for a side track, has been partly done and there is a balance of \$2,470.29 to complete it with. The appropriation for land damages on Cypress place has all been used. There is a balance of \$3,562.25 in the appropriation for town stable additions, no decision having been come to during the year as to the best method of increasing our stable facilities.

The sum of \$15,000 was appropriated and borrowed for metering all the water services in the town. This work has all been done.

The appropriation of \$2,500 for expert assistance to the Trustees of the Public Library in connection with plans for a new building has been drawn upon to the extent of \$873.93, and the Trustees wish to replace the balance by a new appropriation of \$3,000 to enable them to have a competition for plans for a new Library. There is a balance of \$1,594.02 in the appropriation for the celebration of the 200th anniversary of the founding of the town. The appropriations made January 31st, for Verndale and Columbia streets and Middlesex road, and for the expenses of the Committee on improved financial relations with the State have not yet been drawn upon. No provision has been made for raising the money appropriated for a gymnasium and combined heating and power plant, and it remains to be decided whether this money should be borrowed or not.

State Tax.

Last year the State tax was \$4,000,000, the highest on record, and our proportion of it was \$112,200.

This year, owing to a change in the financial year, the regular State appropriations are for eleven months instead of twelve. Notwithstanding this, the estimates for ordinary purposes submitted to the Legislature at the opening of the session exceed last year's appropriations for the same purposes by a third of a million. While many items show a decrease on account of the shorter period covered, these are more than offset by increases amounting to nearly half a million in the expenses of institutions for the insane, which, however, are in part due to a change of system, and to that extent will not recur. There is a notable increase, too, of nearly \$70,000 in the appropriations for interest on the State debt and for sinking fund requirements. Besides the regular appropriations there were last year appropriations classed as special, amounting to over \$1,100,000, but at the beginning of the year only about \$300,000 of special appropriations had been actually determined on for this year. Cash on hand and estimated receipts are a million and a half more than last year, but against this, according to the Auditor in his abstract, are deficiencies, unpaid bills and unexpended appropriations available for use, amounting to some \$900,000.

On the whole it may be said that the vexatiously obscure figures given of State affairs indicate a State tax this year of \$3,000,000, which is in danger of being increased to \$3,500,000 by additional special appropriations, which may, however, be offset by a closer calculation of probable receipts, the elimina-

tion of some of the deficiencies and things and careful scrutiny and criticism of some of the estimates.

Our proportion of a State tax of \$3,000,000 is \$84,150.

County Tax.

In 1904 the entire Norfolk County tax was \$162,500, but in 1905 it increased to \$231,000, chiefly on account of operating the new Registry of Deeds and Probate building at Dedham, and paying a portion of the debt incurred for its construction. Also the sum of \$10,000 was appropriated for converting the old building into court rooms. This amount proved insufficient and was not expended, but an appropriation of \$15,000 is asked for this year instead. This, together with increases in a number of other items, chiefly salaries and compensation fixed by law, and maintenance of county buildings, brings the total sum now asked for by the County Commissioners to \$284,688.55, an increase of more than \$21,000 over last year's appropriation, but as the unappropriated cash on hand and estimated receipts exceed those of a year ago by more than \$27,000, the prospective County tax is \$6,000 less than that of last year, or \$225,000. Brookline's proportion of a County tax of \$225,000 is \$88,023. Last year our County tax was \$90,370.28.

The County debt, all incurred for building and furnishing the Registry of Deeds and Probate building, amounts to \$310,000, payable \$20,000 annually till 1920 and the balance in 1921. There is also a temporary debt of \$100,000 for the Fore River bridge, the whole of which is carried by the County pending an award by a special commission appointed to assess the amount as between the County and municipalities and corporations specially benefited.

Metropolitan Sewer Tax.

A new five-year apportionment of the Metropolitan Sewer assessments for the South Metropolitan sewer system, for the years 1905-1909, has been made by a special commission appointed for the purpose by the Supreme Court. As in the three previous awards the basis adopted by the commission is that the various municipalities contribute towards the interest and sinking fund requirements in proportion to the respective valuations of the territory to be drained and towards the cost of maintenance in proportion to population. This basis is an expensive one for Brookline, but it has been adopted so many times that it seems likely that it will now be made permanent by law. Under the new award Brookline's percentage of the interest and sinking fund charges is 21.73, and of the main-

tenance 7.73, which compare with 19.23 and 7.86 under the last previous award. The bonds issued for the South Metropolitan system amount in all to \$7,702,912.

The extension of the high-level sewer across Brookline and Brighton, which has been explained in previous reports, is likely soon to be begun, as the Metropolitan Sewer Board reports that the time has now arrived when the construction of a portion of it should be started. The estimated cost of the whole of this sewer is \$1,889,906, and of that portion of it now required \$1,168,928. If the necessary legislation is passed, the rest of the year will be required for the preparation of detailed plans, and the construction will require two years more.

This sewer will cross the town from Pond avenue to Columbia street, and its construction will require the separation of our local surface water and sewer systems in all the lower parts of the town where the old combined system has always been in use. To accomplish this and fully avail ourselves of the new sewer may reasonably be expected to take two years or more after the completion of the Metropolitan sewer, although much of our work should be carried on in co-operation with the work of the Metropolitan Sewerage Board.

This year our Metropolitan sewer tax will be about \$74,000, a slight reduction from last year, due to the decreased cost of maintenance caused by giving up the use of Boston's Moon Island outlet, as the new high-level sewer outlet is now in use, and the annual payments to Boston have stopped. The recent growth and present formidable proportions of this tax are shown in the following table.

The Commonwealth now charges interest on Metropolitan taxes from the time when the money is actually used to December 10th, when the taxes are paid.

	1902.	1903.	1904.	1905.	1906.
Sinking fund . .	\$5,429 45	\$8,359 00	\$8,359 00	\$9,986 91	\$9,986 91
Interest		7,475 66	84,909 42	52,940 39	55,987 86
Maintenance . .	7,362 15	8,019 41	10,665 35	11,202 31	6,754 09
Interest in anti-					
pation of taxes				1,737 62	1,200 00
Total Tax .	\$12,791 60	\$23,854 07	\$53,933 77	\$75,817 23	\$73,878 86

Metropolitan Park Tax.

A new award of the Metropolitan Park assessments for the years 1905-1909 inclusive has been made by a special commission and accepted by the Supreme Court. By its terms the annual expense for maintenance and the interest and sinking fund

charges on the debt for parks which now (January 1st, 1906) amounts to \$7,790,000 less \$16,000, which, by chapter 391 of the Acts of 1903, is not chargeable on the District, is apportioned among the several cities and towns in the Metropolitan Parks District in proportion to their respective valuations, and our proportion of the whole is .04988. The expense for Nantasket Beach, the loans for which now amount to \$700,000, is apportioned in the same manner, except that Cohasset is included in the District, which reduces our percentage to .0497.

The debt for boulevards now amounts to \$4,485,000. One-half of the interest and sinking fund charge for this and one-half the cost of maintenance is borne by the Commonwealth, and of the remaining half 25 per cent falls on the municipalities in which the boulevards are constructed and 75 per cent on all the municipalities of the Metropolitan District in proportion to their respective valuations, and our percentage comes to .0374.

There is also the bridge between Somerville and Medford, called the Wellington Bridge, which carries ordinary traffic from the roads of one of those cities to those of the other, and also forms a link in the Middlesex Fells Parkway. For this a Metropolitan Parks debt of \$200,000 has been incurred, although the cost of the bridge was considerably less than that. One-half of this debt, and of the cost of maintaining the bridge, falls upon certain cities and towns benefited by the usefulness of the bridge for general traffic, and the other half falls upon the Metropolitan Parks District and is apportioned according to valuation.

Besides all these is the Charles River Dam and Basin Improvement, for which loans amounting thus far to \$650,000 have been issued. The cost of this also falls upon the Metropolitan Parks District, except that an amount not yet determined is to be deducted, representing the cost of a bridge between Cambridge and Boston, which is to be paid for by those municipalities. Pending the determination of this amount, the debt is being carried by the Commonwealth. The State also charges us interest from various dates up to December 10th, when our metropolitan taxes are paid.

It may be of interest to notice that of every \$100,000 spent for constructing or maintaining metropolitan boulevards, \$3,272.50 falls on the town under present apportionments, .0374 of 50 per cent through the Metropolitan District, and .02805 of the other 50 per cent, that being our proportion of the State tax.

Our Metropolitan Park assessment for 1906, subject to slight changes on account of interest and premiums, should be:—

For Parks	\$29,684 41
Boulevards	5,745 06
Nantasket	2,516 42
Wellington Bridge	301 27
	<hr/>
	\$38,247 16
Interest to December 10th	425 00
	<hr/>
	\$38,672 16

This amount may be expected to increase somewhat year by year and to be much larger before long on account of the Charles River dam. The debt of the whole system increased \$670,000 during the year 1905 and will increase \$600,000 more this year, exclusive of the Charles River dam. The amounts to be appropriated for maintenance of the whole system this year are \$363,892, compared with \$294,800 last year.

This year, there will be an offset for us of a considerable amount, which comes about in this way. The new award is for five years beginning in 1905, but as it was not completed in time for last year's assessment, we were required to pay on the basis of the previous award, and accordingly paid \$43,384.54, which exceeded the amount we should have paid had the new award been in operation and certain other credits to which we were entitled been adjusted, by \$9,641.42, and that amount will be set off against our assessment this year, reducing it to \$29,030.74, subject to the modifications already referred to.

The three awards which have been made of metropolitan park assessments have differed widely, but all have agreed in giving much weight to the valuation of the municipalities involved and in making some special charge upon those municipalities in which boulevards are constructed. These two principles may be considered as settled and may well be made the basis of permanent legislation on the subject.

Appropriations.

The amount of the annual appropriations recommended for the current financial year, as shown below, is \$1,310,215.91, while the total amounts charged against the taxes and receipts of previous years, including special appropriations when not borrowed, were:—

1903.	1904.	1905.
\$1,289,654 16	\$1,817,249 81	\$1,316,389 74

The net expenditures from all sources, after deducting payments on account of maturing debt, compare as follows:—

1903.	1904.	1905.
\$1,418,754 98	\$1,879,029 85	\$1,206,285 61

The expenditure from special appropriations was much less than in any other year for a long time.

The borrowing capacity under the Municipal Indebtedness Act is \$1,563,502.

The appropriations recommended for the current year are presented below in tabular form, both in groups and in detail. The formal vote authorizing and limiting the expenditure of the various appropriations will be presented later.

The amounts recommended for Schools, Library, Water, Parks and Forestry are recommended by the several boards having those matters in charge, and have not received the independent judgment of the Selectmen. The annual appropriation for Parks and Grounds, in accordance with recent practice, includes all items of new construction asked for which do not exceed \$1,000 in amount.

By reason of the smaller amount likely to be needed for State, County and Metropolitan taxes (estimated to be more than \$46,000 less than last year), it will be possible to provide for some, at least, of the proposed increases in local expenditures, the largest of which are for sewer and drain construction and for more permanent men in the fire department, without much, if at all, increasing the total regular appropriations over those of last year. These increases, however, are of a permanent character, while the relief from outside taxation is only temporary for this year, as already explained. The State tax, indeed, may turn out even this year to be larger than estimated for. Some falling off in receipts may be expected, particularly in water rates. The exceptional balance on hand, caused by the excessive tax rate of last year, should be used at least to a considerable extent in bringing about a correspondingly low rate this year. It affords no justification whatever for increased expenditure, waste or extravagance of any kind.

Highway Department.

The difference in the subdivision of the expenditure in this department in several years shows the effect of varying weather conditions. When, as in the winter of 1905-6, there is little snow and ice, there is more street cleaning and the work of repairing the streets is continued later in the season. Repair work is always made to depend on the balance in the appropriation, but as it seemed necessary to retain a part of the appropriation to provide for probable snow towards the end of the financial year, there is an unusually large balance unexpended. The open winter and mild days in January, when the frost came rapidly out of the ground, played havoc with some of our streets, and on this account more than would otherwise be the case is included in the estimate for repair work. It is proposed also to spend a little money on permanent pavements, although if any large work of this kind is to be undertaken, such as the paving of Boylston street up to Cypress street, a special appropriation for the purpose will be asked for. The question of additional stable accommodations should be settled during the year. While the watering of streets is not likely to cost quite so much as by reason of a very dry month of April it did last year, the appropriation of \$18,500 is asked for in order that a few hundred dollars may be available for experiments with tar and other substances which are expected to keep down the dust as well as make it easier to keep the streets clean.

A petition was received asking that two dollars a day be paid to all able-bodied men employed in the department. Much consideration was given to this subject and to the closely related question whether the department should employ a permanent force of men chosen solely for efficiency, instead of as now giving a greater number of men certain kinds of work by turns and taking on some who are no longer capable of the harder kinds of work. The regular rate in the department is

\$1.75 for a day of eight hours, but many men on account of the special character of their duties or of proved efficiency receive considerably more. The going rate paid by contractors who pick their men is twenty cents an hour for a nine hour day. The number of applicants for work is much greater than can be employed. On the whole, the Selectmen do not think the proposed change, with its probable consequences, is a good one.

	Recommended 1906.	Expended 1905.	Expended 1904.	Expended 1903.

Lighting Streets.

The contracts for both electric and Welsbach lights expire in September, 1907, but a concession has been obtained from the Welsbach Company, in consequence of the reduction in the price which they have to pay for gas. There has been a decided improvement in the way the Welsbach lights are looked after. The appropriation asked for is based on the cost of the lights now in use at current prices, with a reasonable allowance for new lights. It is \$500 less than the appropriation of last year.

242 Arc-lights @ 34 cents per night per light, or \$124.10 per light per year	\$30,032 20
17 Parkway lights @ 33 cents per night per light, or \$120.45 per light per year	2,047 65
1 Half-arc light @ 20 cents per light per night	73 00
660 Gas lights	
166 Naphtha lights } at an average cost	
of \$28.50 per light per year	\$23,541 00
Less 10 cents per M. ft. on gas	759 92
	<hr/> 22,781 08
Estimate for new lights	1,066 07
	<hr/> \$56,000 00

Police Department.

During the year, one patrolman was promoted to be a sergeant and one additional patrolman was appointed. This year an addition of \$1200 to the appropriation is asked for to employ three additional men during the summer while regular men

are taking their vacations. There has been a striking decrease in the number of tramps applying for lodging at the police station. The question of having a stable attached to the police station remains undecided but it is an important matter. No special expenditures are contemplated in connection with the regular equipment and the ordinary running of the Police Station. The increased appropriation asked for is due to additional men, as explained above.

	Recommended 1906.	Expended 1905.
Salary of Chief	\$2,200 00	
Salary of Captain	1,700 00	
Two Lieutenants @ \$1,400 each	2,800 00	
Four Sergeants @ \$1,250 each	5,000 00	
45 Patrolmen @ \$21.00 per week (52 weeks)	49,140 00	
1 " appointed May 1, 1905	1,046 00	
1 " " May 14, 1905	1,039 50	
1 " " Nov. 8, 1905	950 50	
1 New Patrolman to fill vacancy	910 00	
Special Patrolmen for vacations	1,200 00	
Special Police	17 00	
Salaries	\$66,003 00	\$63,224 40
Maintenance of equipment	1,525 00	1,822 22
General expenses	3,022 00	2,906 99
Pension for Lieut. Dearborn	700 00	525 00
Total	\$71,250 00	\$68,478 61

Police and Fire Alarm Telegraph, Poles and Wires.

One additional police box was put in during the year on Washington street near Fairbanks street. This year it is proposed to buy a spare fire box to put in while any one of the others is out for repairs. Telephones for the police boxes have been purchased outright and there will no longer be an annual rental for them. A new wagon, suitable for the use of this department and capable of carrying a ladder conveniently, is provided for in the appropriation asked for.

The Gas Company has completed the burying of its wires on Beacon street and that street is now wholly free from poles except the poles from which the electric lights are hung and those which support the trolley wires.

The Elevated Railway has not carried out its promise made last year to remove its overhead feed and return wires on Washington and Boylston streets, but an effort will be made this year to get rid of them, and those on Cypress street between Boylston street and the car house as well.

No particular new underground work is contemplated, but much of the present underground wire must be renewed. As

there is a good deal of wire on hand, a smaller appropriation is asked for this purpose than the amount expended last year.

	Appropriations recommended for 1906.	Expenditures for 1905.
Salary of Superintendent	\$1,900 00	\$1,850 00
Wages of assistants	2,084 00	2,071 00
Horses, wagons, harness	1,050 00	862 52
Supplies and incidentals	716 00	678 39
Rent of telephones in police boxes		126 79
	<hr/>	<hr/>
	\$5,750 00	\$5,588 70
New apparatus	125 00	150 00
Underground town wires	1,000 00	1,497 13
	<hr/>	<hr/>
	\$6,875 00	\$7,235 83

Fire Department.

Burton W. Néal, who had held the office of Fire Commissioner for six years, ever since the office was established, retired at the expiration of his term in September at his own request, having brought the department to a high state of efficiency. Willard W. Estabrook was appointed as his successor. The successive increases in the cost of this department, which have been going on for a long time, have been chiefly due to the substitution of permanent men for call men. The difficulty of getting really available call men has increased and the greater efficiency gained by having enough permanent men always on hand to get the apparatus promptly to fires, and adequately man it as soon as it gets there, has become more and more indispensable. Even permanent men require days off, and there are long hours each day when they are far away at meals. The Commissioner in his report shows what permanent men are available to start with each piece of apparatus, and recommends a large increase in the number of permanent men to be substituted for call men, a part of the change to be made this year and a part next year. He wants \$8,000 for this purpose alone this year. In this recommendation the Selectmen concur with the Commissioner.

	Recommended 1906.	Expended 1905.
Regular salaries	\$58,063 50	\$57,573 84
Maintenance of equipment	10,855 00	9,717 99
Maintenance of stations	6,155 00	6,313 33
	<hr/>	<hr/>
	\$74,573 50	\$73,605 16
10 additional permanent men	8,000 00	
	<hr/>	
	\$82,573 50	

Sewers and Drains.

Comparatively few sewers have been called for this year and the expenditure has been much less than usual. More has been done in building surface-water drains. The list of sewers

and drains constructed is in the report of the Town Engineer. For the coming season more extensive sewer construction seems likely, and a more liberal appropriation is asked for for surface-water drains with which to make a beginning on the work of separating sewerage from surface drainage, which will require an additional set of pipes in all the streets in the lower part of the town now served by the combined system.

An addition of \$1,000 to the usual appropriation for the care and maintenance of sewers and drains is asked for to remove a large deposit of sand which has accumulated at the mouth of the Chestnut street brook channel in Willow Pond which forms a part of the waterway in Riverdale Park. The mouth of this channel is now so clogged up that its usefulness is seriously impaired.

Exterior Repairs of Buildings.

Ordinary minor repairs of various town buildings, chiefly mending roofs and gutters, setting glass and painting, have been done as usual throughout the year as required and have cost \$1,088.85. The more extensive repairs which have been found necessary consist of pointing the chimneys and mending the roof and conductors of the Town Hall, repairing the roofs of the Lawrence and Lincoln Schools, repairing and painting the Newton Street School, painting the High School and repairing its roof and walls. Some work has also been done on the house purchased from Mrs. Matthews, part of which was on the inside of the house.

The cost of all repairs, as described above, is as follows : —

Sundry minor repairs	\$1,088 85
High School	880 00
Lawrence School	361 85
Lincoln School	229 04
Newton Street School	184 50
Town Hall	625 87
Matthews house	125 98
	<hr/>
	\$3,445 59

The walls of the Town Hall need a good deal of pointing, the cost of which is somewhat uncertain. To be in a position to do this work this year the Selectmen ask that the appropriation be made \$4,000.

Gypsy and Brown-tail Moths.

These pests have become serious in Brookline and additional work and money must be devoted to their suppression. In

the past year the committee for planting and preserving trees has employed men and kept them at work on trees belonging to the town and on trees of individual owners as well, and the Park Commissioners have looked out for the trees under their care. A new law on the subject was passed by the Legislature (Chapter 381 of the Acts of 1905), by the terms of which the moths are declared to be public nuisances and a State Superintendent with large powers is provided to suppress them.

Towns are required under the direction of the Superintendent to destroy the moths, and he may, with the advice and consent of the Governor, require them to spend such amounts as he deems necessary. The Selectmen are required to send notices to owners of land infested with moths, requiring their destruction within a specified time. If the land-owners fail to act, the town, acting by such public officers or board as it may designate, is to do the work and the cost is to be assessed upon the land and becomes a lien on it. After a town has spent \$5,000 in one calendar year, the Commonwealth reimburses 50 per cent of the excess over that amount, if the town has submitted to the State Auditor itemized accounts and vouchers showing the definite amount expended. A letter has been received from Mr. Kirkland, the State Superintendent, requesting that provision be made for the expenditure of \$8,000 in 1906.

Suits against the Town.

The cases of the Town of Dedham, S. M. Weld and F. J. Stimson, against the town, growing out of the construction by the Water Department of a dam in Dedham, are still pending without action, and the cases of the mill owners on Mother Brook for damages caused by the taking of water are to be referred to a Commissioner. The suits brought by George N. Talbot and some of his tenants for damages caused by the widening of Harvard street are on trial before an auditor. The case of George Brooks and others for the same cause, in which there was an auditor's finding of \$5,122.48, as reported last year, has been settled by the payment of \$5,000, and the case of Patrick Johnson for damages to the house and land on Harvard street owned by him, was settled by the payment of \$1,800. The land damage case of William A. Miller for land taken for the Washington street playground has been settled by the payment of the award. There is nothing new to report

in the accident cases of Mary Crowley, Nicholas J. Larkin, John and Mary Deegan and Annie J. Phillips. In the suit of John Brown for \$15,000 damages, caused by the falling of the Brandon Trust building on Beacon street, judgment was entered for the town by consent. In the case of John Meehan, the driver of a watering cart, who, with his cart, fell off the top of the old reservoir into Walnut street, judgment was entered for the town on legal grounds after a verdict had been given for the plaintiff by the jury. The appeal of Frederick S. Bennett from a decision of the Assessors refusing to abate a tax assessed upon real estate on Babcock street was settled, the Assessors making a partial abatement. The land-damage cases of the Institution for Savings in Newburyport, and Edward H. Clark, growing out of the laying out of Summit path, have not been tried. The results of the petitions for the apportionment of Metropolitan Park and Sewer expenses have been explained above. New suits have been brought by Bertha Simpson for an injury caused by a fall on Aspinwall avenue, and by Warren C. Brown for an injury caused by a fall on Kent street. Mary A. Williams and others against the town, is an appeal from a decision of the Assessors refusing to abate a tax on personal property. Joseph F. Conant has brought an action in the Municipal Court to recover \$12, the amount of tax assessed upon him for 1904, and paid under protest. His contention is that he is a non-resident.

To preserve the town's water supply from injury and the property at Cow Bay from irreparable damage by the construction of a proposed railroad in a destructive manner through Needham and West Roxbury, the Water Board and Selectmen took action, as authorized by the town, which resulted in the passage of an act by the Legislature, St. 1905, chap. 262, authorizing the Railroad Commissioners to fix anew the route of the proposed railroad and to prescribe the method of its construction. The Commissioners subsequently fixed the route in a manner satisfactory to the town, and the railroad is now being built. The town is entitled to damages for the land taken and construction of the railroad, but it is expected that these can be agreed upon without suit.

By the provisions of the statute which authorized the Gas Commissioners to fix the amount of the capital stock of the Consolidated Gas Company, the Selectmen of Brookline were given the right to appeal from the decision of the Commissioners. Accordingly, the Selectmen urged upon the Commissioners the importance of a low capitalization and asked for lower rates for gas, and employed counsel to appear at the hearings

upon the subject. Ultimately the matter was taken out of the hands of the Gas Commissioners and settled by the Legislature, which fixed the capital at an amount assented to by the company, and the company reduced the price for ordinary consumers from one dollar to ninety-five cents per thousand cubic feet from July 1st, 1905, and to ninety cents from January 1st, 1906.

In the matter of the petition for the removal of the grade crossing at Kerrigan place, mentioned in last year's report, a decree has been made which provides for closing up the crossing and extending White place for a short distance westerly to furnish an outlet for the houses on the northerly side of the railroad which are now reached over the crossing. The decree requires the town to do the work, and it is proposed to proceed with it this spring. The railroad has agreed to contribute \$750 towards the cost of a new footbridge opposite the easterly end of the playground adjoining the Lincoln Primary School should the Selectmen request it at any time not later than January 1st, 1908.

A petition by the railroad for the removal of the grade-crossing at Reservoir lane has resulted in a decree providing for a new bridge at the end of Reservoir road, for extending which the town made an appropriation a year ago. It is expected that the railroad will do its part of the work this season.

The removal of these two perilous grade-crossings when accomplished will add greatly to the public safety and convenience.

Contracts.

Contracts were awarded as follows : —

For Concrete. — C. W. Lynam.

New sidewalks	75 cts. per sq. yd.
Skim-coating (cold work)	40 " " "
Skim-coating (hot work)	55 " " "
Sidewalk crossings	90 " " "
Street crossings	\$1.25 " "
Driveways	1.00 " "
Gutters	1.25 " "

For Coal. — Metropolitan Coal Company.

Anthracite (2600 tons)

Furnace	\$5.15 per net ton
Egg	5.32 " "
Stove	5.32 " "
Bituminous (1200 tons)	3.65 " "

Licenses.

Licenses were granted as follows : —

Common Victuallers.

P. Frederick Brine, "The Coolidge."
 Timothy J. Burke, 106 Washington street.
 Maximilliana Cavicchi, 115 Washington street.
 Anthony Desemone, 32 Washington street.
 Thomas J. Donovan, corner Cypress and Franklin streets
 and corner Chestnut street and Pond avenue.
 James F. Gleason, Hammond street.
 John G. Miller & Co., 1338 Beacon street.
 George Nolan, 111 Washington street.
 William J. Papoulias, 274 Washington street.
 Everett E. Pierce, 235 Washington street.
 George W. Riley, 1160 Boylston street.
 Patrick M. Ryan, 111 Washington street.
 Mortimer Sullivan, Clyde street.
 Tifenk Johnson Co., 75 Harvard street.
 Daisy Webb, 1262 Boylston street.
 Henry M. Whitney, "The Beaconsfield," Beacon street.
 J. A. Whitcomb, 2 Washington street.
 Nicholas Salemm, 1266 Boylston street.

Innholder's License.

Fred M. Crosby, Hampton court.

Hackney Carriages.

Robert Patterson, six stands : 2 cor. Beacon and Harvard streets.
 1 cor. Beacon and St. Mary's streets.
 1 cor. Beacon and Carlton streets.
 1 cor. Beacon and St. Paul streets.
 1 cor. Beacon and Washington streets.
 James Shiels, Hotel Beaconsfield.

Sixth Class Liquor Licenses.

Charles A. Bass, 1328 Beacon street.
 Arthur W. Bowker, 87 Harvard street.
 J. Everett Brown, 224 Washington street.
 Thomas E. Burns, 127 Washington street.
 G. Irving Gilcreas, 1624 Beacon street.
 Louis H. Graves, 1363 Beacon street.
 Alfred J. Hayman, corner Harvard and Beacon streets.
 David C. Hickey, 243 Washington street.
 G. Richard Hinckley, 113 Washington street.
 John L. McGown, 185 Cypress street.

Intelligence Offices.

James Matthew Boten, 118 Washington street.
 Esther M. Cilley, 328 Washington street.
 Mrs. Mary Holmes, 77 Walnut street.
 Ellen Ingraham, 40 School street.
 Esther Phillips, 9 Harvard place.
 Nellie Walsh, 122 Boylston street.
 Cornelius H. Wolters, 1611 Beacon street.
 Woman's Exchange, Union Building.

Junk Licenses.

William F. Carroll, 44 Porter street, Cambridge.
 Aaron Fleischer, 114 Brighton street, Boston.
 Thomas J. McGarry, Jr., Villa Lane.
 James Murnaghan, 89 Porter street, Cambridge.
 Simon Wolf, 46 Flora street.

Billiard and Pool Tables.

Andrew F. Conway, 97 Washington street.	3 Pool, 1 Billiard.
Charles Fossa, 29 Washington street.	3 Pool.
Thomas F. King, 6 Station street.	3 Pool.

Auctioneers.

Newell D. Atwood.	Frank Mosely.
Cutler B. Downer.	George E. Rogers.
Willard Y. Gross.	Harlow H. Rogers.
John J. Henry.	Benjamin P. Sands.
C. Ernest Judkins.	Edward D. Tucker.
Charles S. Judkins.	Jacob W. Wilbur.
Malcolm N. Jackson.	Jay G. Whittier.
Robert F. Miller.	

Drain Layers.

TOWN OF BROOKLINE.

POLICE DEPARTMENT

REPORT
OF THE
CHIEF OF POLICE
OF
BROOKLINE,
MASSACHUSETTS,

FOR THE YEAR ENDING JANUARY 31, 1906.

BROOKLINE :
THE RIVERDALE PRESS : C. A. W. SPENCER.
1906.

REPORT.

BROOKLINE, MASS., February 1, 1906.

To the Honorable Board of Selectmen:—

GENTLEMEN,—I have the honor to submit herewith my seventh annual report as Chief of Police, for the year ending January 31st, 1906.

Department Organization.

Chief	1
Captain	1
Lieutenants	2
Sergeants	4
Patrolmen	49
Janitor	1
Janitress	1

Roster.

Rank.	Name.	Nativity.	Date of Appointment.
Chief	Alonzo W. Corey	Massachusetts	October 1, 1879
Captain	Albert S. Paige	Massachusetts	May 9, 1876

Patrolman	Patrick J. Brogan	Ireland	Nov. 7, 1905
Janitor	Thomas Stanford		
Janitress	Eliza A. Duffy		

† Resigned December 25, 1905.

Changes.

There were three patrolmen appointed to the force during the year; one patrolman resigned, one officer was retired on pension and three promotions were made.

The following list shows the appointments, all made under civil service rules:—

Name	Date of Appointment
Michael J. Cunliff	April 24, 1905
David Minnis	May 8, 1905
Patrick J. Brogan	November 7, 1905

Lieutenant George F. Dearborn was retired on pension May 1, 1905, after an honorable and faithful service of thirty-five years. Lieutenant Dearborn was appointed to the force April 25, 1870, promoted to sergeant July, 1878, and to lieutenant May, 1891.

Patrolman William P. Downs resigned December 25, 1905.

The following promotions were made necessary by the retirement of Lieutenant Dearborn :—

Sergeant Joseph J. O'Connell was promoted to lieutenant and Patrolman Andrew Creelman to sergeant.

To increase the efficiency of the detective bureau, Patrolman George E. Stitt, who has been detailed to that branch of the service for several years, was promoted to the rank of sergeant.

Mill operatives	3		

July 6, 1905, the State Board of Health, under authority granted them by Chapter 344 of the Acts of 1905, issued certain regulations governing the matter of lodging tramps and vagrants, since which time no such persons have been accommodated with lodgings at this Station.

Police Signal System.

The police signal system has forty-one stations, one box having been installed the past year.

The locations of the signal boxes are as follows : —

Circuit No. 1.

- 121 Tappan street, opposite Gardner road.
- 122 Warren street, corner Cottage street.
- 123 Warren street, corner Clyde street.
- 124 Clyde street, near Newton street.
- 125 Boylston street, corner Chestnut Hill avenue.
- 131 Boylston street, corner Hammond street.
- 132 Boylston street, corner Sumner road.
- 133 Buckminster road, opposite Holland road.
- 134 Goddard avenue, corner Rockwood street.
- 141 Middlesex road, corner Norfolk road.

Circuit No. 2.

- 21 Windsor road.
- 23 Washington street, opposite Fairbanks street.
- 24 Washington street, near Brighton line.
- 25 Winthrop road, near Gardner road.
- 212 Beacon street, opposite Dean road.
- 213 Fisher avenue, near Clinton road.
- 214 Beacon street, opposite Marlon street.
- 215 Washington street, opposite Park street.
- 221 Washington street, corner Beacon street.
- 223 York terrace, near Summit avenue.

Circuit No. 3.

- 31 Naples road, corner Abbotsford road.
- 32 St. Paul street, corner Freeman street.
- 33 St. Paul street, corner Sewall avenue.
- 34 Aspinwall avenue, corner Toxteth street.
- 35 Harvard street, corner Beacon street.
- 36 Williams street, corner Harvard street.
- 312 Harvard street, near Brighton line.
- 313 Beacon street, opposite Kent street.
- 314 Essex street, corner Mountfort street.
- 321 Carlton street, corner Monmouth street.

- 322 Kent street, corner Longwood avenue.
- 323 School street, near Harvard street.
- 331 Winchester street, near Thorndike street.
- 332 Babcock street, opposite Winslow road.

Circuit No. 4.

- 12 Sewall street, corner Franklin street.
- 13 Washington street, corner Brookline avenue.
- 14 Washington street, corner High street.
- 15 High street, opposite Cumberland road.
- 16 Davis avenue, near Cypress street.
- 17 Cypress street, corner Walnut street.
- 18 Walnut street, near Walnut path.

Number of duty and telephone calls recorded	219,023
Number of wagon calls for arrest	195
Number of ambulance calls	80
Number of miles run by patrol wagon	502
Number of miles run by ambulance	725

Crime.

The most serious offence committed during the year occurred late on the night of March 11th, when a citizen was assaulted and robbed on Dean road by three colored men. One of the men was arrested in Village square, soon after the robbery, by Captain Albert S. Paige and Patrolman Michael F. Fleming, and is now undergoing a sentence of ten years in the State Prison. Later in the night a second man implicated in the robbery was fatally shot by Captain Paige while endeavoring to escape arrest; the third man is still at large. Particular credit is due both Captain Paige and Patrolman Fleming for their prompt action in this matter, and it is cause for sincere congratulation that neither of the officers were injured, as both the highwaymen were armed.

Several cases of house-breaking have occurred. In most instances the houses entered were temporarily unoccupied and notice not given this office, but the loss in the aggregate is not large.

Detective Bureau.

The following report of Captain Paige shows the work of the detective bureau for the year :—

To Alonzo W. Corey, Chief of Police:—

DEAR SIR,— I respectfully submit the following report of the work done by the detective bureau for the year ending January 31, 1906.

Arrests:—

Assault and battery	9
Adultery	2
Automobile law, violating	15
Bastardy	6
Bigamy	1
Breaking and entering	12
Contempt of court	2
Drunkenness	1
Fornication	1
Infanticide	1
Larceny	51
Larceny in a building	1
Lewd and lascivious	1
Manslaughter	1
Mortgaged property, concealing	1
Non-support	2
Peddling without a license	1
Robbery	2
Receiving stolen property	1
Stubborn child	1
Town By-law, violating	2
Tramp	1
Truancy	1
Vagrancy	5
Violating terms of probation	1
Amount of property reported stolen	\$5,181 50
Amount of property recovered	2,537 00
Amount of property reported stolen in Brookline in 1902, 1903, 1904, and recovered in 1905	1,100 00
Amount of property stolen in other places and recovered in Brookline	925 00
Number of criminal cases investigated	565
Number of suspicious acting persons brought to the police station, examined and released	35
Number of settlement cases investigated	41
Number of insane persons committed	15

I wish to thank officers and patrolmen for valuable assistance rendered.

ALBERT S. PAIGE,

Captain, Detective Bureau.

Complimentary Mention.

Under this head, in addition to the officers previously commended in this report, Captain Paige and Patrolman Fleming, I beg to add the name of Patrolman William Dalzell, for the arrest of one of three burglars early on the morning of November 15th, and the recovery of the property stolen. The man arrested in this instance is now serving a sentence of seven years in the State Prison.

The Force.

The discipline of the force has, in the main, been well maintained and the many and varied duties of the rank and file have been performed in a highly intelligent and conscientious manner. I again tender them, one and all, my sincere thanks for their earnest co-operation.

Recommendations.

I beg to recommend that a stable be built for the use of this department, and quote from my report of last year :

"In order to increase the efficiency of this service (patrol service), I beg to recommend that a stable for the use of this department be erected on land now owned by the town, on which the stable formerly occupied by the Chase Express Company now stands. (This stable has since been removed.) Under the present arrangement for the care of the horses of the department, delays in responding for calls for police, either for arrests, alarms of fire, ambulance, or for any emergency where they may be needed, are unavoidable, and delays, if only of a few minutes, seriously interfere with the service of the department."

I also recommend that a sufficient sum be appropriated to allow for the employment of three special officers, to be taken from the civil service list, during the vacation season. This would require about \$1200.00.

Respectfully,

ALONZO W. COREY,
Chief of Police.

TOWN OF BROOKLINE.

FIRE DEPARTMENT.

REPORT
OF THE
FIRE COMMISSIONER
OF
BROOKLINE,
MASSACHUSETTS,

FOR THE YEAR ENDING JANUARY 31, 1906.

BROOKLINE :
THE RIVERDALE PRESS: C. A. W. SPENCER.
1906.

REPORT.

OFFICE OF THE FIRE COMMISSIONER,
342 WASHINGTON STREET, BROOKLINE, February 5, 1906.

To the Honorable Board of Selectmen:—

GENTLEMEN:— I herewith respectfully submit the annual report of the Fire Department for the year ending January 31, 1906.

I entered upon my duties as Fire Commissioner September 6, 1905. There have been a large number of alarms, but no serious fires during the year. The houses of the department are in fair condition. There are four horses in the department which should be replaced this coming year. The apparatus is in fair condition and should require only ordinary repairs during the current year, but some improvements could be added to good advantage. .

The most serious defect I have found in the department is in not having a sufficient number of permanent men to handle the apparatus. The town is largely dependent on call men, and as they are employed in different pursuits to earn a livelihood, the department must of course be given second consideration by them. For this reason at the start of a fire there are times when the force of men is insufficient. This may prove a very serious matter. So far the town has been fortunate in not having any conflagrations. This I attribute to the timely discovery of the fires, the good work done by the permanent force, and the exceptional interest taken by the call men. I hope the town may see its way clear at no very distant date to increase the appropriation sufficient to put the department on a permanent basis, so that when an alarm is sounded we can count on a sufficient force to man the apparatus in a proper manner.

Arrangements have been made with the Fire Commissioner of Boston to have their tapper circuit extended into the fire headquarters of Brookline, and we in return are to extend our fire alarm circuit to the Boston Fire Department house on Longwood avenue. By this arrangement it will be possible for each department to render assistance to the other promptly.

Recommendations.

I would recommend that the sum of eight thousand dollars be appropriated for ten additional permanent men.

I have received a petition from the permanent men asking for one day off in eight. I consider this a reasonable request. They are on duty at the stations twenty-one hours out of the twenty-four, and answer alarms which occur during meal hours.

The above estimate would allow the permanent men one day in eight, and would materially strengthen the department. I have also received a petition from the call men for an increase in pay, which at the present time is one hundred dollars a year. The call men who are detailed to sleep in stations and who are called upon to answer still alarms between the hours of 10.30 P. M. and 6.30 A. M. should have their pay increased to one hundred and fifty dollars a year.

The number of men assigned to each apparatus:—

Apparatus.	Permanent Men.	Call Men.
Hose I.	1 Lieutenant 3 Privates	6
Chemical I.	1 Lieutenant 1 Private	2
Hose II.	1 Captain 2 Privates	4
Ladder II.	1 Captain 1 Lieutenant 5 Privates	2
Combination III.	1 Lieutenant 2 Privates	2
Engine I.	1 Captain	4
Hose III.	1 Lieutenant 1 Engineer 3 Privates	
Combination I.	1 Captain 1 Lieutenant 3 Privates	2
Combination II.	1 Captain 4 Privates	2
Ladder I.	1 Captain 1 Lieutenant 3 Privates	6
Engine II.	1 Engineer 1 Driver	
Combination IV.	1 Lieutenant 2 Privates	
	45	30
Chief.	Assistant Chief.	Chief's Driver.

Fire Record.

During the past year the department has responded to 188 calls, viz.: 75 bell alarms and 113 still or telephone alarms. The causes of these alarms were as follows:—

Upsetting of lantern	1	Explosion of magic lantern . . .	1
Plumbers thawing pipes	2	Snap matches	1
Burning soot in chimney	16	Lamp explosion	2
Defective flue	2	Painters' lamp	2
Lighted match dropped in waste basket	1	Children and matches	12
Lighted match dropped in rubbish	2	Sparks from chimney	1
Unknown	50	Steam from manure pit	1
Kerosene fire	1	Hot ashes in wooden barrel . . .	4
Spontaneous combustion	5	Kettle tar boiling over	2
Oiled rags igniting	3	Mice and matches	3
Boiling over of fat	3	Sparks from pipe	3
Electric wires	3	Smoky stove	7
Hot resistance box	3	Gas jet in contact with curtain .	3
Smoking in bed	1	False alarms	2
Locomotive sparks	21	Gasolene explosion	3
Sparks from bonfire	5	Lightning	2
Lit by boys	17	Overheating boiler	1
Sparks from forge	1	Needless	1
		Total	188

Fires and alarms for each month of the year:—

February	8	September	6
March	12	October	14
April	42	November	32
May	16	December	8
June	17	January	11
July	14		—
August	8	Total	188

Fires and alarms for each day of the week:—

Sunday	27	Friday	28
Monday	18	Saturday	27
Tuesday	36		—
Wednesday	25	Total	188
Thursday	27		

The loss, valuation and insurance, as nearly as could be ascertained, were:—

Value of buildings and contents	\$658,300 00
Insurance of buildings and contents	566,125 00
Damage of buildings and contents	13,779 00
Insurance paid on buildings and contents	13,719 00

Property in Charge of the Commissioner.

FIRE STATION.	LOCATION.	APPARATUS.
A	Washington street .	Hose 1, Chemical 1.
B	Washington street .	Hose 2, Ladder 2.
C	Monmouth street . .	Combination 8.
D	Pound lane	Engine 1, Hose 8.
E	Devotion street . . .	Comb. 1, Spare Hose Wagons.
F	Heath street	Combination 2.
G	Washington street .	Engine 2, Ladder 1, Comb 4.

Hose.

Amount of hose purchased and condemned during the year :—

Purchased: leading hose	1,600 ft.
“ chemical hose	100 ft.
“ suction hose	12 ft.
Condemned: leading hose 2½ in.	1,150 ft.
“ chemical hose	100 ft.

Amount of hose in use and in storehouse Feb. 1st, 1906 :—

IN USE .		IN STOREHOUSE	
Leading hose 2½ inch	11,000 ft.	Leading hose	1,000 ft.
Chemical hose	950 ft.	Small hose	150 ft.
Small hose ½ inch	300 ft.		
Suction hose	72 ft.		

Horses.

Purchased during the year	2
Died during the year	1
Sold or exchanged during the year	2
Number in use	32
Winter horses	5

Appropriations.

I would respectfully recommend the following appropriations :—

Current expenses of the Fire Department	\$74,573 50
Allowance for ten permanent men	8,000 00

In conclusion, I would thank the officers and members of this department and the town officials and members of the several departments for assistance rendered to this department.

Respectfully submitted,

WILLARD W. ESTABROOK,
Fire Commissioner.

Fire Alarms, Losses and Insurance for Year Ending Jan. 31, 1906.

- Nov. 13. Telephone, 7.15 P. M. For bonfire on Summit avenue, on town of Brookline land. No damage. Cause, Holtzer-Cabot.
- Nov. 14. Box 14, 5.55 P. M. For chimney fire in house 5 Wellington terrace, owned and occupied by W. F. Jenkins. No damage. Cause, burning soot in chimney.
- Nov. 14. Box 9. 10.34 P. M. For fire in building 359 Boylston street, owned by Mary A. Driscoll, occupied by Owen Sowenborg. Value of building and contents, \$45,000; insurance on same, \$40,000. Damage, \$175; insurance paid, \$175. Cause, match accidentally dropped among rags.
- Nov. 14. Telephone, 3.20 P. M. For grass fire, St. Paul street, on land owned by De Hautville. No damage. Cause unknown.
- Nov. 14. Still, 3.27 A. M. For grass fire, Warren street, on land owned by Mrs. J. L. Gardner. No damage. Cause, sparks from bonfire.
- Nov. 14. Still, 10.10 P. M. For fire in house 1043 Beacon street, owned by E. D. Hathaway, occupied by C. A. Poole. No damage. Cause, combustion of oiled rags.
- Nov. 15. Box 5, 2.21 P. M. For fire in building 28 Boylston street, owned by Mrs. Eliza A. Duffy, occupied by J. J. Regan and others. Value of building and contents, \$3,500; insurance on same, \$3,000. Damage, \$25; insurance paid, \$25. Cause, boys and matches.
- Nov. 15. Still, 2.44 P. M. For fire in grass and leaves, Warren street, on land owned by F. W. Welch estate. No damage. Cause unknown.
- Nov. 16. Still, 3.08 A. M. For fire in automobile wagon, Boylston street, owned by Houghton & Dutton. Damage slight. Cause, gasoline getting afire.
- Nov. 16. Still, 4.15 P. M. For fire in burning tree, Heath street, owned by J. Driscoll. No damage. Cause unknown.
- Nov. 17. Box 6, 4.28 P. M. For fire in block 48 Kent street, owned by E. J. Hickey, occupied by J. F. Skinner and others. Value of building and contents, \$34,000; insurance on same, \$34,000. Damage, \$290. Insurance paid, \$290. Cause, mice and matches.
- Nov. 19. Still, 12.15 P. M. For fire in burning rags, rear 28 Walnut street, on land owned by Mrs. E. Duffy. Damage slight. Cause unknown.
- Nov. 19. Still, 4.28 P. M. For fire in grass and leaves, Medfield street, Boston, on land owned by C. E. Cutting. No damage. Cause unknown.
- Nov. 21. Still, 1.00 A. M. For grass fire, Heath street, on land owned by J. Skinner. No damage. Cause unknown.
- Nov. 22. Box 38, 3.48 P. M. For fire at school building, Homer street, owned by Catholic Church Society. Damage slight. Cause, boys and matches.

- Nov. 22. Box 38, 5.19 P. M. For fire in school building, Homer street, owned by Catholic Church Society. No damage. Cause, boys and matches.
- Nov. 23. Box 19, 9.40 P. M. For fire in woods, Goddard avenue, on land owned by Larz Anderson. No damage. Cause unknown.
- Nov. 23. Telephone, 10.16 P. M. For grass fire, 270 Chestnut Hill avenue, on land owned by heirs of J. Taylor. No damage. Cause unknown.
- Nov. 23. Still, 2.37 P. M. For fire in building 27 Morss avenue, owned by T. Miskell, occupied by J. McInerney. Damage slight. Cause, children and matches.
- Nov. 24. Box 31, 8.32 P. M. For fire in building 141 Brook street, owned by Ellen McCaffery, occupied by H. McCracken. No damage. Cause unknown.
- Nov. 24. Still, 9.57 P. M. For fire in tree, Commonwealth avenue, on land owned by F. R. Sears estate. No damage. Cause unknown.
- Nov. 25. Telephone, 6.46 P. M. For fire in house 36 Druce road, owned and occupied by L. E. Cummings. No damage. Cause, explosion of magic lantern.
- Nov. 26. Telephone 3.15 A. M. For dump fire, Dymoke street, on land owned by town of Brookline. No damage. Cause unknown.
- Nov. 26. Telephone, 5.18 P. M. For dump fire, Harrison street, on land owned by Aspinwall Land Co. No damage. Cause, locomotive sparks.
- Nov. 28. Box 17, 5.23 A. M. For fire in house, Warren street, owned by C. S. Sargent, occupied by Mrs. Julia R. Shepley. Value of building and contents, \$8,000; insurance on same, \$8,000. Damage, \$800; insurance paid, \$800. Cause, electric wires.
- Nov. 30. Box 38, 7.23 P. M. For fire in block 15 Perry street, owned by Mrs. Mary A. Mathews, occupied by Wolf J. Barts and others. Value of building and contents, \$9,000; insurance on same, \$7,000. Damage, \$25; insurance paid, \$25. Cause unknown.
- Nov. 30. Telephone, 10.35 P. M. For fire in house 88 Coolidge street, owned by C. H. Lawrence, occupied by Isaac Weil. Damage slight. Cause, hot ashes in wooden barrel.
- Dec. 1. Box 19, 10.00 A. M. For fire in house corner of Newton and Lagrange streets, owned by George J. Wilson, occupied by H. Sneider. Value of building and contents, \$8,000; insurance on same, \$8,000. Damage, \$100; insurance paid, \$100. Cause, thawing water pipes.
- Dec. 5. Telephone, 8.14 A. M. For supposed fire, 4 Walnut terrace, in house owned by heirs of J. C. Cobb, occupied by J. P. Clark. No damage. Cause, smoky stove.
- Dec. 6. Box 7, 6.10 P. M. For fire in house 324 Washington street, owned by L. S. Davis, occupied by George D. Potter. Damage slight. Cause, children and matches.
- Dec. 6. Telephone, 12.38 P. M. For grass fire, Summit avenue, on land owned by Griggs Land Trust. No damage. Cause unknown.
- Dec. 7. Box 31, 7.46 P. M. For fire at 44 School street, in house owned by heirs of J. E. Cousins, occupied by J. Kelley. Damage slight. Cause, boys and matches.
- Dec. 10. Box 37, 9.25 A. M. For fire in house 79 Brook street, owned by B. F. Carroll, occupied by H. Mawhinney. Value of building and contents, \$11,000; insurance on same, \$11,000. Damage, \$75; insurance paid, \$75. Cause, children and matches.

- Dec. 12. Still, 8.50 A. M. For chimney fire in house 5 Maple street, owned by Emma C. Dexter, occupied by George B. Dexter. No damage. Cause, burning soot in chimney.
- Dec. 21. Box 22, 7.45 A. M. No school.
- Dec. 24. Box 382, 12.07 A. M. For fire in house 57 Harris street, owned by F. M. H. Fegan, occupied by J. W. Stanley. Value of building and contents, \$9,000; insurance on same \$9,000. Damage, \$115; insurance paid, \$115. Cause, kerosene lamp explosion.
- Jan. 6. Still, 4.02 P. M. For fire in electric car, Boylston street, near Fisher avenue, owned by Boston and Worcester R. R. Co. Damage slight. Cause, hot resistance box.
- Jan. 7. Box 45, 8.55 P. M. For fire in building 834 Commonwealth avenue, owned by heirs of John E. Cousens, occupied by Benjamin Crane and others. Value of building and contents, \$7,000; insurance on same, \$6,500; damage, \$400; insurance paid, \$400. Cause, spontaneous combustion.
- Jan. 9. Still, 4.52 P. M. For fire in building 504 Audubon road, Boston. Damage slight. Cause unknown.
- Jan. 11. Still, 12.17 P. M. For supposed fire in building 143 Washington street, owned by heirs of Marshall Russell, occupied by J. H. Brutcher and others. No damage. Cause, smoky stove.
- Jan. 14. Still, 8.40 P. M. For fire in building 112 High street, owned by Martha Storrow, occupied by Charles Storrow. No damage. Cause, burning soot in chimney.
- Jan. 21. Box 214, 7.05 A. M. For fire in building 1874 Beacon street, owned by William Clapp, occupied by A. S. Brown. Damage slight. Cause, lighted match thrown among rubbish.
- Jan. 21. Box 31, 2.16 P. M. For fire in building 88 Harvard street, owned by Geo. N. Talbot, occupied by H. R. Head and others. Value of building and contents, \$17,000; insurance on same, \$17,000; damage, \$100; insurance paid, \$100. Cause, boys and matches.
- Jan. 23. Box 35, 9.02 P. M. For fire in building 384 Harvard street, owned and occupied by W. H. Tombs. Value of building and contents, \$700; insurance on same, \$700; damage, \$150; insurance paid, \$150. Cause, spontaneous combustion.
- Jan. 26. Box 27, 4.55 P. M. For fire in building 636 Washington street, owned by Jennie Daniels, occupied by Mrs. Clark and others. Damage slight. Cause, sparks from match setting fire to curtain.
- Jan. 30. Still, 10.46 A. M. For grass fire, Tappan street, on land owned by Alice M. Hall. No damage. Cause, sparks from locomotive.
- Jan. 30. Still, 11.20 P. M. For supposed fire in building 82 Washington street, owned by J. Driscoll, occupied by J. Driscoll & Sons. No damage. Cause, steam from manure pit.

TOWN OF BROOKLINE. BUILDING DEPARTMENT.

REPORT
OF THE
BUILDING COMMISSIONER
OF
BROOKLINE,
MASSACHUSETTS,

FOR THE YEAR ENDING JANUARY 31, 1906.

BROOKLINE :
THE RIVERDALE PRESS : C. A. W. SPENCER.
1906.

REPORT OF THE BUILDING COMMISSIONER.

BROOKLINE, MASS., January 31st, 1906.

To the Board of Selectmen:—

GENTLEMEN,—I herewith submit the seventeenth annual report of the Building Department.

New Buildings, etc.

There has been an increase in the value of building operations during the past year over that of the previous year of about forty per cent, or about \$400,000.00, divided quite evenly between brick and wooden buildings, there having been, however, a far greater percentage of increase in the number of brick buildings than of wood, the number of brick buildings increasing seventy-two per cent and wooden buildings only about eight per cent. The difference, I believe, is due to a great extent to the tremendous increase in the price of lumber, the result of which is to bring the cost of wooden buildings nearer to that of brick, with the usual outcome that the tendency will be in favor of erecting brick buildings as being more durable, with the cost of maintenance much less.

The applications for heating are increasing each year, and this important part of my work is receiving careful attention, as over-heated furnaces and smoke-pipes were formerly a source of many fires.

We have made a rule that all pipes in buildings shall be kept at least 3" from electric wires to prevent, if possible, any more fires caused by contact between pipes and wires, but as plumbers and heating men know very little about the location of electric wires, I have instructed Mr. Cook to notify the Wire Department when plumbing or heating is being installed in old buildings.

Every year there are several buildings erected on marshy or filled land, where it is necessary to either drive piles or excavate through the filling to solid ground. This work should be done in the most careful manner and under constant supervision, as in the majority of cases these buildings are erected by speculators who own them for not more than a year and who care very little what happens after they have disposed of

them. When piles are being driven or concrete foundations put in, I would recommend that this office be given permission to call on the Engineering Department for assistance in the inspection of this class of work, as the office hours and other work of inspection make it impossible for me to see more than a small proportion of the piles driven or concrete mixed, and although extra inspections are made until foundations are finished, I do not feel quite satisfied that this work is done as it should be.

Our system of elevator inspection has proceeded in the usual manner, the inspectors for the insurance companies reporting to this department the result of each inspection, which occurs in a majority of cases every three months, but always at least once in six months. We have had no unusual trouble with owners in regard to repairing any defects upon notification.

The owners and lessees of hotels, lodging-houses, public halls, etc., have kept their respective buildings in proper condition during the past year and have co-operated, willingly in most instances, with this department in keeping their premises in as safe condition as possible.

During the past year the town voted to amend the Building Law relating to signs, especially sky-signs, limiting their height and area to such an extent that if the Attorney-General who now has it for his examination, approves, it will prevent any more such disfigurements as were erected in Village square.

The Legislature has not as yet acted on the proposed change in the State Building Law, and is at this time giving a number of public hearings in relation to it, which ought to result in a much improved law, if the interests of the public are considered to be paramount to those of speculators.

The following is a list of permits issued during the year: —

WOOD AND FRAME.

ONE-FAMILY.

Owner	Location
Jeremiah Driscoll	1216 Boylston street
Edward S. Townsend	158 Buckminster road
H. T. Mann	159 Buckminster road
C. S. Miller	33 Circuit road
Stewart Wrightington	342 Clark road
H. S. Coolidge	Columbia street

Owner	Location
Mrs. William E. Cox	Cottage street
James C. T. Baldwin	96 Crafts road
R. G. Hopkins	142 Crafts road
R. W. Curtis	88 Druce street
Edna W. Dreyfus	30 Dymoke street
Henry Howard	86 Dymoke street
George H. Cotton	44 Dymoke street
Mrs. Harrison Gardner	50 Dymoke street
Theodore G. Bremer	42 Fisher avenue
Robert D. Andrews	50 Fisher avenue
Dr. H. L. Chase	22 Kennard street
Silas Peavy	300 Kent street
Frost Brothers	78 Lancaster terrace
Frost Brothers	82 Lancaster terrace
Frost Brothers	88 Lancaster terrace
Frost Brothers	92 Lancaster terrace
Frost Brothers	98 Lancaster terrace
Mrs. M. E. Peabody	88 So. Mason terrace
George H. Wightman	26 Monmouth street
Nora J. Conroy	106 Naples road
F. C. Fletcher	34 Philbrick road
E. Russell Norton	41 Powell street
S. N. Mayo	45 Powell street
Hugh G. Brown	46 Powell street
Charlotte Hunt	63 Powell street
Thomas Dollber	Rockwood street
George E. Keeler	11 Salisbury road
Est. B. Schlesinger	off Warren street
Est. B. Schlesinger	off Warren street

No. of permits, 35; No. of families, 35; Estimated cost, \$481,500.00.

TWO-FAMILY.

Elizabeth Imer	66 Atherton road
Frost Brothers	33 Bartlett crescent
Frost Brothers	37 Bartlett crescent
Frost Brothers	41 Bartlett crescent
Frost Brothers	45 Bartlett crescent
Frost Brothers	49 Bartlett crescent
Frost Brothers	53 Bartlett crescent
Frost Brothers	57 Bartlett crescent
Frost Brothers	61 Bartlett crescent
H. S. Freeman	24 Littell road
H. S. Freeman	25 Littell road
Frost Brothers	86 Westbourne terrace

No. of permits, 12; No. of families, 24; Estimated cost, \$87,000.00.

THREE-FAMILY.

Owner	Location
M. J. Merrigan	148 Chestnut street
M. J. Merrigan	150 Chestnut street
William Sundell	27 Cypress place
Lucy Collins	122 Davis avenue
Patrick Curtin	557 Heath street
Sarah B. Dickson	559 Heath street
Charles E. Riley	17 Milton road
Thomas O'Donnell	40 Pound lane
Jeremiah F. Hayes	41 White place
Theresa Hennessey	Whitney street

No. of permits, 10; No. of families, 30; Estimated cost, \$70,000.00.

STABLES.

Edward S. Townsend	rear 158 Buckminster road
Mrs. William E. Cox	Cottage street
Mrs. Harrison Gardner	rear 50 Dymoke street
Chestnut Hill Riding Club	off Heath street
Silas Peavy	rear 300 Kent street
Walter D. Noyes	rear 166 Lancaster terrace
F. C. Fletcher	rear 34 Philbrick road

No. of permits, 7; No. of families, 2; Estimated cost, \$64,000.

AUTOMOBILE HOUSES.

David P Ehrlich	rear 44 Beals street
Briggs Palmer	rear 55 Beals street
Lewis Rosenberg	rear 58 Beals street
G. M. Bonney	rear 70 Beals street
Frederick M. Stearns	37 Circuit road
Byron R. Mitchell	100 Coolidge street
F. C. Hood	Dudley street
J. L. Damon	rear 295 Kent street
Fred McQuesten	25 So. Mason terrace
Charlotte Hunt	rear 63 Powell street
Charles P. Flagg	rear 70 Sewall avenue
Charles E. Eager	22 Thorndike street

No. of permits, 12; No. of families, 1; Estimated cost, \$9,500.00.

MISCELLANEOUS.

Mary B. Brandegee	private school . 31 Hedge road
John M. Longyear	gate-lodge . . . Hyslop road
Fred Robinson	carriage-shed . . . Oak street
Boston Sub. Ex. & Parcel Co.	wagon-shed . . 8 Walnut street

No. of permits, 4; No. of families, 1; Estimated cost, \$23,200.00.

BRICK AND STONE.

ONE-FAMILY.

John Mack	34 Beals street
John Mack	36 Beals street
John Mack	38 Beals street

Owner	Location
John Mack	40 Beals street
Edward B. Richardson	7 Chatham street
Sarah A. Matchett	15 Chatham street
Hazen Clement	33 Euston street
No. of permits, 7; No. of families, 7; Estimated cost, \$94,000.00.	

THREE-APARTMENT.

Frank M. Seamans	1 Auburn court
Frank M. Seamans	3 Auburn court
Frank M. Seamans	5 Auburn court
Frauk M. Seamans	7 Auburn court
Frank M. Seamans	8 Auburn court
Frank M. Seamans	9 Auburn court
Frank M. Seamans	10 Auburn court
Walters Brothers	164 Kent street
Walters Brothers	166 Kent street
Walters Brothers	168 Kent street
Walters Brothers	170 Kent street
Walters Brothers	172 Kent street
George W. Johnston	2 Strathmore road
George W. Johnston	4 Strathmore road
George W. Johnston	6 Strathmore road
George W. Johnston	8 Strathmore road
George W. Johnston	10 Strathmore road
George W. Johnston	12 Strathmore road
George W. Johnston	14 Strathmore road
George W. Johnston	16 Strathmore road
George W. Johnston	18 Strathmore road
George W. Johnston	20 Strathmore road
George W. Johnston	21 Strathmore road
George W. Johnston	22 Strathmore road
George W. Johnston	23 Strathmore road
George W. Johnston	24 Strathmore road

No. of permits, 26; No. of families, 78; Estimated cost, \$255,000.00.

SEVEN-APARTMENT.

F. F. Whittier	26 Linden place.
No. of permits, 1; No. of families, 7; Estimated cost, \$17,000.00.	

EIGHT-APARTMENT.

Charles A. Newhall	1090 Beacon street
Charles A. Newhall	1100 Beacon street
No. of permits, 2; No. of families, 16; Estimated cost, \$120,000.00.	

STABLE.

Ellen L. Brown	rear 4 Auburn street
No. of permits, 1; Estimated cost, \$1,500.00.	

LAUNDRIES.

Owner	Location
Free Hospital for Women	Glen road
Theolitia H. Twitchell	74 Kent street

No. of permits, 2; Estimated cost, \$25,000.00.

STORES AND OFFICES.

George N. Talbot	10 Harvard square
John W. Shields	33 Harvard street

No. of permits, 2; Estimated cost, \$29,000.00.

AUTOMOBILE STABLE.

Ernest B. Dane	Heath street
--------------------------	--------------

No. of permits, 1; Estimated cost, \$15,000.00.

GREENHOUSE.

William Whitman	Goddard avenue
---------------------------	----------------

No. of permits, 1; Estimated cost, \$5,000.00.

ALTERATIONS.

No. of permits, 70; Estimated cost, \$109,625.00.

HEATING.

No. of permits, 113; Estimated cost, \$68,640.00.

Summary.

	No. of permits	No. of families	Estimated cost
Wood and frame	80	93	\$734,200 00
Brick and stone	43	108	561,500 00
Alterations	70		109,625 00
Heating	113		68,640 00
Totals	306	201	\$1,473,965 00

Plumbing.

The report of the Plumbing Inspector is as follows:—

BROOKLINE, MASS., January 31st, 1906.

Mr. Ernest Lyon, Building Commissioner:—

DEAR SIR,— I herewith submit my thirteenth annual report, for the year ending January 31st, 1906.

The whole number of applications received for permits to do plumbing was 255. Of this number 42 were for brick and stone buildings, 70 were for wood and frame buildings, 115 were for additions and repairs, and 28 were for improving the drainage.

The aggregate cost of the above plumbing was \$163,044.00 as against \$105,392.00 in 1904, a gain of \$57,652.00. This

increase is attributable to the larger number of new buildings for which permits were issued to do plumbing, 112 as compared with 81 in 1904.

During the year, water fixtures have been installed in the various buildings as follows :—

Water closets	459
Baths	425
Bowls	465
Sinks	368
Trays	199
Other fixtures	15
Total	1,931

The following tests have been made :—

Water tests	206
Peppermint tests	49
Other tests	7
Total	262

The routine work of this branch of the Building Department has been of about the same character as that of previous years. Although the year has been one of considerable activity and the demands upon our time have been very numerous, no part of the work of inspection has been neglected. All plumbing in process of construction or repair has been carefully inspected and water or other necessary tests made wherever required; such defects as were found were corrected and all work was left in conformity with the regulations. Not one of the least of the duties of this office is responding to requests for information and advice from contractors living in other cities and towns who install a large part of the plumbing in our new buildings. They generally show a willingness to obey the laws and to meet all our requirements, but are often in doubt as to how to construe them. We have willingly supplied them with such information and advice as seemed proper in order that they might be spared unnecessary expense and that the quality and efficiency of the work might not be impaired.

In connection with the foregoing it may be said that much of the misunderstanding that arises in regard to the proper interpretation of the plumbing laws is very largely due to the

difference in the various laws now in operation. It is to be regretted that some arrangement cannot be brought about by which a uniform law would be in effect throughout the state or at least in the Metropolitan district. An important step in this direction was taken when the Commission appointed by Governor Bates to investigate the expediency of revising and amending the building laws of the commonwealth submitted their report to the Legislature in January, 1905. This report is now under consideration by the Committee on Mercantile Affairs and a hearing has been given. The Assistant Corporation Counsel of Boston is at work on the draft of a bill to be submitted in place of that recommended by the Commission and the hearing has been continued until such time as the draft may be ready. We have given that part of their report relating to plumbing careful examination and consideration and are of the opinion that it is not as well adapted to the needs of the town as the one we now have. The proposed law contains little that is new, and many of its provisions are substantially the same as those of the plumbing codes of several of the large cities of the country. Our own code is the result of past experience and embodies most of the modern ideas of sanitary plumbing. We are of the opinion, however, that a careful revision is necessary both for the purpose of adding the latest and best sanitary features and of making its provisions so clear as to leave no doubt whatever as to their actual meaning. As this subject, however, is receiving much attention throughout the state, and as action by the Legislature on the report of the Commission on Building Laws is still pending, it would be well to defer any changes in our own law for at least another year.

In addition to the regular work of inspection considerable special work has been done for other departments.

The horse used by the Building Commissioner and myself proving unequal to his work, has been exchanged for a younger and sounder animal. We have been able to make our calls more speedily and promptly in consequence, and much valuable time has been saved.

Mr. T. F. Cook, clerk of the Building Department, has as in the part two years, kept the records of this division in a most careful and thorough manner. He has been of assistance in many other ways. We desire to acknowledge our appreciation of his services.

The laws have been generally well observed. Some opposition has been met with at times, but this has been overcome and compliance with the requirements exacted in all instances.

Respectfully submitted,

MICHAEL DUFFLEY,

Inspector of Plumbing.

The licenses of nine master and twenty journeymen plumbers have been renewed as required by statute. Fees amounting to \$17.50 were collected for plumbers' licenses and remitted to the Town Treasurer.

Report of the Examiners of Plumbers.

The Board of Examiners of Plumbers submit their report for the year 1905.

The Board organized by choice of Horace James as chairman, and Michael Duffley as clerk.

The Board held four meetings for the examination of applicants for licenses, on the following dates: February 27th, June 21st, September 14th, and September 15th. Of the four applicants examined, three were successful in passing the required examination. John B. Curry and Harry T. Drew were certified to the Building Commissioner to be licensed as master plumbers, and James H. Cook as a journeyman plumber.

HORACE JAMES,

ERNEST LYON,

MICHAEL DUFFLEY,

Board of Examiners of Plumbers.

Gas-Fitting.

668 applications were made for permits to do gas-fitting during the year—a slight increase over the preceding year. They were divided as follows:—

New buildings piped	99
Old buildings piped	19
Water heaters installed	3
Gas engines installed	1
Buildings in which fixtures were hung	126
Changes and alterations	227
Miscellaneous	193
Total	668
Permits cancelled	6

These permits also include connecting 349 gas meters and 478 gas-stoves, a large increase over last year.

The Examining Board of Gas-Fitters certified to me two persons for journeymen licenses, and the license fees were turned over to the Town Treasurer. The expenses of the Board were \$20.00, paid to the third member, as required by law.

Report of the Examiners of Gas-Fitters.

The following report of the Examiners of Gas-Fitters for the year ending January 31st, 1906, is respectfully submitted:—

The Board organized with the choice of Horace James as chairman, and Alfred G. Sanborn as clerk.

Four meetings were held for the examination of applicants for licenses, on the following dates: May 8th, August 4th, December 5th, and January 22d. Four applicants were examined, two being successful in passing the required examination. Thomas H. McGrady and W. H. Russell Goudey were certified to the Building Commissioner to be licensed as journeymen gas-fitters.

HORACE JAMES,

ERNEST LYON,

ALFRED G. SANBORN,

Board of Examiners of Gas-Fitters.

One thousand two hundred and sixty-nine scales, weights and measures were tested at the places of business, and fees amounting to \$55.33 were collected and paid to the Town Treasurer as the law requires, while there remains uncollected the sum of

\$10.67. The rest of the work was done at the office, for which no fees were charged in accordance with Chapter 65, Section 35, of the Revised Laws.

Of the twenty-six investigations made on complaint, involving twenty-four dealers, seven were using scales that had gotten out of order, two pedlers were using peach baskets for half-bushels, nine were using milk and cream jars that had not been sealed and were found short, two were selling one pound packages that were put up by the manufacturer and erroneously labelled "one pound," while against the remaining four no cause was found for complaint. In connection with these complaints twenty-eight milk and cream jars, two dry measures and one weight were condemned, and six scales and eight weights were repaired.

All public weighing scales, including those at the Bath House and the Government's scales at the postoffices, have been examined and sealed during the year.

While there is an increase in the amount of work done each year, there have been fewer complaints, and a marked decrease is also observed in the number of scales, weights and measures found incorrect; which shows that both the manufacturers of measuring and weighing devices and those who use the same are giving more attention to having their scales, weights and measures conform with the legal standard.

The largest error detected during the year was in a platform scale, used for weighing meats and vegetables, amounting to one and four-fifths ounces to a pound, or eighteen and three-fourths pounds to the hundred in favor of the purchaser. The trouble was located and corrected.

As people who bring packages to the office to be weighed or measured usually expect the Sealer to make prosecutions when short weight or measure is found, it might be well to explain in this connection that it is not the duty of the Sealer of Weights and Measures to make prosecutions, unless he himself makes the purchases, although he can do so if sufficient evidence can be secured. It is his duty to certify to the weight or measure by the Government standards, of any commodity brought him for such purpose and then examine the scale or measure by which it was sold; if they are found to be correct and short weight or measure is found, it would clearly be intentional. If the complainant wishes prosecution made, and can prove that the package was as received from the seller when certified to, it is incumbent upon him to make his complaint to the Court. In cases of this nature I am always glad to assist in any possible way.

As Measurer of Wood and Bark I have measured two lots of cord wood, one lot of split wood, nine loads of manure, and two wagon bodies used for measuring loam. Upon specific complaint I have measured three lots of split wood, all of which were found short of the quantity charged, and restitution made. The fees from this source amounted to \$1.55, and have been paid over to the Town Treasurer.

As Inspector of Petroleum I have had tests made of four samples of naphtha at the cost of the purchasers, finding two below the required standard. One lot was replaced by the dealer and the other had been carelessly stored by the purchaser and consequently became low-test from evaporation.

I have examined the premises in the town where petroleum products are sold and explained to dealers where necessary, the importance of keeping their naphtha tanks at a safe distance from artificial light and combustible materials and have before recommended that some steps be taken to legally prohibit the improper storing of petroleum products in the town.

Regarding the inspection of coal, not a load was found that in any way indicated short weight, and of the few cases of violations of the law, in not having the certificates properly filled out by a sworn weigher, a warning notice was sufficient to prevent a repetition of the offence.

The inspection of coal teams is laborious and disagreeable, and requires constant attention, and as this work is necessarily done by the Deputy Sealer, Mr. Robert A. Smiley, much credit is due him for the thorough manner in which the work has been performed, and should he again serve the town in this capacity I think that his compensation should be materially increased.

I wish also to acknowledge the valuable assistance of Mr. Smiley on the yearly store inspection, and at times when your Sealer has been busy in other departments or out of town. These services were paid for by myself.

Mr. D. V. S. Palmer, the State Deputy Sealer, made his usual visit to this office last March and approved of the work as it is being done in Brookline. He advised the putting in of a power motor for running the lathe used for drilling weights, but as by the kindness of the wire department I am permitted to use their motor when necessary, this will not be required for a while at least.

Respectfully submitted,

WILLARD E. WARD,

Sealer of Weights and Measures.

Discontinued.						
Spring road from Jamaica road to Highland road	589.00	40	15 Mar., 1905.			

* Not yet built.

Streets.

The final surveys, plans and descriptions for the abolishment of the Reservoir lane grade crossing were completed early in the year and have since been incorporated in the decree of the Superior Court ordering the work done. The present crossing is to be closed up, Reservoir road extended across the railroad by means of an overhead bridge to Beacon street, and a new street built on the line of Middlesex road between Reservoir road and Reservoir lane. By the terms of the decree the railroad company is to build the bridge and the part of the road between the bridge and Beacon street. The surplus excavation in this part of the road is to be used by the railroad company in making the embankment on the south side of the railroad. When this filling is done the town is to finish the road and grade Middlesex road.

By a recent decree of the Superior Court the last remaining grade crossing in town, viz., that of the private way called Kerrigan place, is to be abolished in the near future.

In addition to the surveys, plans, releases and estimates for the streets mentioned in the accompanying table of streets laid out during the year, a considerable amount of work has been done on proposed streets.

The filling of the easterly branch of Lee street at its junction with Boylston street with waste material has been continued with practically no cost to the town. It can now be surfaced and opened to travel whenever it seems desirable to do so.

A large amount of miscellaneous street work has been done, such as furnishing lines and grades for abutters, for construction work by the Street Department, and for the measurement of work done by contract; also for defining the position of, and setting some two hundred stone monuments for marking street lines; also surveys and estimates of numerous streets and private ways whose acceptance was under consideration.

In consequence of the indefiniteness of the early County Commissioner's records, and many of the monuments therein referred to having been lost, a survey of Clyde street has been made with a view to re-establishing the lines. There are several such streets and the formal re-establishment of the lines should be made in the near future while the abutting lands remain unimproved.

Sewers and Drains.

By the appended table of sewers and drains laid, it will be noticed that the amount of work done is the smallest for several years.

The study of the problem of separating storm water from the sewer system has been continued.

As the proposed high-level sewer from Jamaica Plain to Brighton, by the way of Chestnut street, Cypress street, Park street, Winchester street and Columbia street will intercept the sewage of the territory lying between it and the watershed to the westward, it will simplify and greatly reduce the cost of the separation work if the high-level sewer is extended before the other is entered upon. Otherwise, the new trunk sewers in the low-level section must be so designed as to take the drainage of the high-level section for an indefinite period, from the proposed location of the high-level sewer to the present Metropolitan sewer at St. Mary's street. The cost of this increased capacity in these trunk sewers will be large, and will have been worse than useless when the high-level is finally extended.

A study has been made for a trunk sewer in the Sawmill brook valley from the town line near Newton street to lands lying between Boylston street and Heath street and west of Hammond street. The sewer would cross Heath street near its westerly junction with Woodland road, thence to a point where the outlet of Hammond's pond crosses Boylston street in Newton, thence along Boylston street in Newton and Brookline nearly to Hammond street. About eighty acres of territory in Newton will eventually be tributary to this sewer, but it does not require drainage at present.

As the proposed sewer will cost some \$40,000 or \$50,000, and the area of the land requiring drainage, so far as known, is comparatively small, I would suggest that a public hearing be called of property owners whose lands are tributary to it.

Plans and estimates have been made for a covered channel for Village brook from Cypress street to the town line near the car barns off Beacon street, excepting the culverts under Sumner and Dean roads and the channel in Strathmore road, which are already built. Estimates have also been made for a covered channel for the south branch of Village brook in lands of Mr. Bennett, Mrs. Poor and Mr. Hunt. An examina-

tion and report have also been made for the surface-water drainage of lands near the easterly end of the east branch of Milton road.

As a health measure, a report was prepared on the drainage of the Sears marsh near Cottage Farm.

In April, 1905, the writer was authorized to request the City of Boston Sewer Department to so extend its drainage system as to provide outlets for some twenty-five acres of land in Brookline situated on the northerly slope of Corey Hill, which naturally drains into Boston. After several conferences, the writer is able to report that although the work involved a very considerable outlay, the city generously decided to do it and is now engaged in making the connection with our system at the point where drainage is most needed, and has also provided other outlets near the town line. It should be said in passing, that for a long time past the city and town have had reciprocal relations where the territory of either naturally drained into that of the other.

Plans have been made showing the details of every sewer assessment levied since the adoption of the present system in 1879. The work required a large amount of time, but its importance and convenience for reference have justified the cost.

Parks.

Dymoke street, which the town was to build by the terms of the purchase of the Amory Playground, and which was reported last year as having been roughly graded, has been finished. The roadway has been macadamized with a wearing surface of Westfield trap rock, the gutters paved, the tree lawns surfaced with a foot of loam and the sidewalks finished with gravel. The adjoining slopes on the Amory Playground have been surfaced with loam, manured and seeded. About 150 red oaks have been set on the playground. Trees of the same variety have been set along Dymoke street by the Tree Planting Committee. The street construction has cost \$3,517.48, and the work on the playground, \$823.89, making a total of \$4,341.37. The appropriation for the two was \$5,300.

The work of grading about the the Pierce Primary School was done during the summer vacation at practically the appropriation for the same, which was \$2,000.

The drinking fountains referred to in the last report were set up in June. They have been abused by the hoodlum element, but notwithstanding, have justified their cost.

Marion path, connecting the Washington Street Playground with Marion street, the land for which was acquired as a part of the playground purchase, was graded and fenced. Its cost somewhat exceeded the estimate of \$675, in consequence of one landowner refusing to allow a side slope to rest on his land, thus compelling the erection of a retaining wall, where a slope covered with loam, it seemed to the writer, would have been better as well as less expensive.

When the appropriation of \$550 was made last spring for the foot-bridge between Walnut street and Reservoir Park, it was supposed that at the point where it was proposed to build the bridge the line of the street and the Reservoir land were identical and therefore that owners of private land need not be consulted in regard to it. Investigation disclosed that it would be necessary to cross a strip of land, from one to three inches in width, belonging to private parties who were unwilling to release for the purpose of a foot bridge, and the work of construction was therefore postponed.

Other than planting about 100 red oak trees, the grading, draining and trenching of about 6,500 square feet of land for a school garden, the erection of a gate at the lower end of Ackers avenue and the ordinary work of maintenance, no work was done toward completing the grading of the Heath School grounds. It will be impracticable to do this work until the proposed or some other improvement of Reservoir lane has been adopted, to the alignment and grade of which the school grounds should be made to conform.

A survey and study have been made for the improvement of Knyvet Square. The square has many fine trees which have been pruned and the superfluous trees removed.

An area containing about 3,000 square feet at the easterly end of the Cypress Street Playground was graded so that it can be flooded for skating purposes in winter from Village brook at a point in the rear of the gymnasium lot. The land, which was rough and irregular, was stripped of loam, subgraded, surfaced with clay nowhere less than six inches in depth so as to make it practically water tight, and the loam restored and seeded. Thus far this winter there has been less skating than

usual on account of the mild weather, but the project worked out well, and at trifling cost for maintenance will furnish safe winter recreation for small children, (as the water need never exceed four inches in depth,) and smooth ground for tennis and similar games in summer. A walk, surfaced with cinders, has been graded from Tappan street to Davis avenue in line with the westerly walk on Keiffer road.

One half of the appropriation of \$2,000 for re-surfacing the Cypress Street Playground was expended in connection with the area graded for skating. The balance of the appropriation was not used, for the reason that no loam could be obtained at reasonable prices during the months of July and August, when the work could be done with the least interference with the use of the grounds for baseball and other games.

When the Washington Street Playground was first opened it was found practicable to flood it, for skating purposes, with water from the street main, but for two years past the water has mysteriously disappeared within a few hours after it was turned on. The soil is peaty in character and is from ten to twenty-five feet in depth. A clay dike extending down into the peat was placed last summer across the lower end of the ground, where it seemed most likely that the water escaped, but it was only partially successful. Another possible line of escape is toward and along the large surface-water drain in Griggs road, built before the land used as a playground was acquired, and an effort should be made to cut off any flow there may be in that direction.

A set of twelve swings has been set up and maintained at the Oak Street Playground off Heath street.

Expenditures of the Year.

The following is a statement of the expenditures of the year 1905, of which \$9,290.37 was paid for labor:—

Amount Appropriated	\$14,725 00
Receipts:	
Brookline Cemetery	\$151 85
Sale of wood	150 74
	<hr/>
	302 09

Appropriation	\$1,932 15	
" for school garden	250 00	
Total		<u>\$2,182 15</u>
Cost of grading school garden, planting, building gate, etc.	\$570 80	
Balance		<u>\$1,611 35</u>

Miscellaneous.

The Town Engineer has prepared testimony and attended various hearings at the State House and elsewhere where matters of moment to the town were being heard.

During the illness last winter of Mr. Forbes, Superintendent of the Water Works, the Town Engineer assisted in the efforts, which were successfully made, to prevent the New York, New Haven and Hartford Railroad Company from so locating the piece of railroad known as the Needham "Cut-off" as to endanger the water supply of the town.

The papers relating to the Newton line perambulation and printed in the records of the Town Clerk, were prepared by this Department.

A great deal of effort has been expended in perfecting the system of street numbering, with a fair degree of success.

Various phases of the Village square transfer station problem and a public comfort station in connection with it have been considered from time to time and reported upon.

Inasmuch as the responsibility for the maintenance of the different parts of the several bridges over the B. & A. R. R. varies considerably, the following table has been prepared for future reference:—

Street Crossing.	Abutments.	Framework.	Floor.
St. Mary's street	R. R. Co.	R. R. Co.	Town
Carlton street foot-bridge	Town	Town	Town
Longwood avenue	"	"	"
Aspinwall avenue	"	"	"
Washington street	"	"	"
Cypress street	"	"	"
Sumner road	"	"	"
Dean road	"	"	"
Chestnut Hill avenue	R. R. Co.	R. R. Co.	R. R. Co.

Assistants.

The following is a list of assistants and others connected with the office: H. A. Varney, F. A. Leavitt, C. J. Wallace, G. S. Whitehead, E. L. Barrows, R. A. Doane, C. R. Lynch, A. G. C. Chapman, C. Lapham.

An inventory of the property belonging to the department will be filed with the Town Accountant.

Respectfully submitted,

ALEXIS H. FRENCH.

Town Engineer.

REPORT OF THE SUPERINTENDENT OF STREETS AND SEWERS.

BROOKLINE, MASS., February 1, 1906.

To the Honorable Board of Selectmen:—

GENTLEMEN,—I respectfully submit my thirtieth annual report of the work done and the expense incurred in the Highway Department for the year ending February 1, 1906.

The amount appropriated at the annual meeting for the support of highways, including the salary of the Superintendent, was	\$82,500 00
The amount charged to other departments, and to special appropriations for the use of horses, and for labor and material furnished by the Highway department, was	4,594 10
The cash receipts from sundry parties for labor and material were	537 43
Total amount available	\$87,631 53
The gross amount expended was	85,424 79
Balance unexpended	\$2,206 74

The details of this expenditure are as follows:—

Addington road: surfaced with stone screenings and gutters paved in part	\$229 50
Allandale road: surfaced with stone screenings	173 96
Allerton street: surfaced with stone screenings	156 65
Aspinwall avenue: macadamized from Brookline avenue to railroad bridge	557 07
Avon street: surfaced with stone screenings	129 68
Beacon street: roadway made across tree lawn, car reservation and bridle path at Strathmore road: macadamized from Pleasant street to Marion street on north roadway, and from Charles street to Harvard street on south roadway, and sundry patching	1,898 89
Boylston street: remaking roadway and repaving gutters where settled at Holyhood avenue, sundry resurfacing and patching, labor on gutters, wall, etc.	1,098 13
Brighton road: surfaced with stone screenings	87 12
Brookline avenue: macadamized from Pearl street to town line on westerly side, and sundry patching	370 11
Buckminster road: repaving gutters and patching	34 34
Cameron street: surfaced with stone screenings	54 94
Amount carried forward	\$4,790 39

<i>Amount brought forward</i>	\$4,790 89
Chestnut street: labor on filling on land of Mrs. Cabot and Rev. Mr. White; macadamized from town line to Franklin street	1,107 41
Chestnut Hill avenue: sundry patching	55 94
Cleaning gutters, streets, sidewalks, and sundry small repairs	5,309 88
Clyde street: macadamized from the Hastings house to Newton street, sidewalks graded in parts, etc.	2,485 78
Colbourne crescent: surfaced with stone screenings	218 47
Columbia street: macadamized from angle to Harvard street.	289 56
Coolidge street: macadamized from Harvard street to Winchester street	466 41
Cottage street: reshaped and macadamized from Goddard avenue to town line	371 70
Crafts road: corner rounded at Circuit road; sundry repairs to roadway and gutters	195 44
Crossings: labor and material for new crossings, repairing old crossings, etc.	1,231 18
Cumberland avenue: surfaced with stone screenings	113 47
Cutting grass and weeds	818 17
Cypress street: railroad bridge replanked; sundry repairs	182 59
Dean road: sundry patching	44 21
Elm street: surfaced with stone screenings	47 06
Fairbanks street: macadamized and easterly sidewalk gravelled	286 98
Fisher avenue: patched	29 23
Franklin street: northerly arm macadamized; southerly arm surfaced with stone screenings; sundry other patching	235 30
Gardner road: macadamized from Winthrop road to Tappan street; gutters repaved in part and new gutter paved in part	1,544 46
Gibbs street: labor on gutters, etc.	34 59
Goddard avenue: surfaced with stone screenings	413 20
Guide boards, street signs, "private way" signs, etc.	221 86
Gravel, etc.: cash paid for gravel and sand, not included in other streets	794 25
Hammond street: sundry patching and fencing	69 85
Hammond street ledge: blasting and crushing stone now on hand	2,467 66
Preparing material for work for which special appropriations were made, which amount has been credited to the highway account	1,198 18
Harvard street: resurfaced with broken stone in various parts, and sundry repairs	516 04
Hawes street: sundry repairs	43 33
Heath street: resurfaced and rolled in part	114 62
<i>Amount carried forward</i>	\$25,662 16

<i>Amount brought forward</i>	\$25,662 16
High street: reshaped and resurfaced with broken stone from Chestnut street to Highland road; surfaced with stone screenings from Allerton street to Walnut street; macadamized from Walnut street to Boylston street, and sundry repairs	748 22
Holden street: surfaced with stone screenings	30 01
Holidays: wages of drivers for holidays (\$392.00), wages of employees for half-holidays on Saturdays during July and August (\$1,282.52), wages of employees for holiday granted November 11, on occasion of the Bi-Centennial celebration of the incorporation of the town (\$234.55)	1,859 09
Horses and stable: care and maintenance, including wages of hostlers and night watchman, extra help, lighting, heating, telephone service, repairs of carts, harnesses, etc., new harnesses, blankets, etc.	\$12,084 50
Cash paid for new horses and exchange of old horses	305 00
Cash paid for new double cart	190 00
	<hr/> 12,579 50
Injured men: wages paid for time lost and medical attendance	163 32
Irving street: surfaced with stone screenings	44 87
Juniper street: surfaced with stone screenings	58 44
Kelffer street: surfaced with stone screenings	41 63
Kendall street: macadamized	462 88
Kent street: macadamized from Aspinwall avenue to Station street, sundry repairs	1,055 07
Lagrange street: surfaced with stone screenings	104 75
Linden street and place: resurfaced with broken stone near park, and sundry repairs	68 27
Longwood avenue: sundry patching	32 10
Miscellaneous: lighting streets, kerosene oil, lanterns, etc., and sundry items not elsewhere included	1,471 03
Morse avenue: surfaced with stone screenings	21 92
Naples road; concrete gutters laid on both sides from Clarence street to Gibbs street, and sundry repairs	651 97
Newton street: sundry repairs and surfacing with stone screenings; labor on fences, etc.	400 08
Park street: reshaped and macadamized on account of laying new water main and gas pipe in 1904	1,158 32
Perry street: concrete gutters laid on both sides from Linden place to Brook street, and sundry repairs	297 64
Philbrick road: sundry repairs	51 28
Pierce street: surfaced with stone screenings	84 67
Pleasant street: sundry repairs	36 74
<i>Amount carried forward</i>	<hr/> \$37,033 91

<i>Amount brought forward</i>	\$37,033 91
Pond avenue: surfaced with stone screenings at foot of Allerton street	25 38
Pound lane: labor where sewer and drain were laid	43 00
Preparing material in storage lots, etc., screening sand, carting broken stone to storage lots, etc.	788 36
Prospect street: surfaced with stone screenings	168 65
Rawson road: surfaced with stone screenings and new granite block gutters laid	267 52
Repairing streets (not elsewhere included) including small repairs, amounting to less than \$20.00 on each street	1,152 54
Roberts street: surfaced with stone screenings	20 46
Rockwood street: surfaced with stone screenings	52 60
Salisbury road: sundry patching	42 75
Sectional care of streets, etc.	12,109 93
Snow and ice:	
Labor last winter from February 1	\$8,931 42
Labor this winter to February 1	2,665 61

 Total net amount expended and charged to the appro- priation for the support of highways	 \$80,298 26
Balance unexpended	2,206 74
	<hr/>
	\$82,500 00

The net amount expended may be divided as follows:—

Street cleaning and sectional care	\$18,232 98
Removal of snow and ice, etc.	11,597 03
Repairs and new work	36,410 33
Maintenance of stable and equipment	9,226 21
Superintendence and office expenses	4,826 71
	<hr/>

Total net amount expended \$80,298 26

For further details of this expenditure reference is made to the reports of the Town Accountant and the Town Treasurer, which show the same result, but in different forms.

For the first time in many years there is a substantial balance unexpended, which is due to the fact that the present winter has been one of exceptional mildness, with very little snow.

Mr. Fred B. Richardson was appointed Assistant Superintendent of Streets, and Mr. Daniel G. Lacy was appointed Clerk and Stenographer. It gives me pleasure to testify to the faithfulness and diligence with which they have performed their respective duties.

At a town meeting held June 30, 1898, an appropriation of \$25,000.00 was made to pay for an addition to the town stable and for sheds on the Cypress street lot, and for building sheds

on the Devotion street lot. The addition to the stable was built in that same year, and in 1899 the sheds on the Cypress street lot were built. Nothing, however, has been done in the way of providing accommodations at the Devotion street lot, and there is still a balance of this appropriation unexpended, amounting to \$3,562.25. The question of building a branch stable on the lot on Devotion street has been considered by different Boards of Selectmen, but no conclusion has yet been reached. The residents in the vicinity object to this proposed stable, although this was one of the purposes for which the lot was bought. The stable on Cypress street as enlarged accommodates thirty horses; we have thirty-two in the department, and three of these are kept in the little building on the Devotion street lot, which was built for the purpose of housing one of the steam rollers. The accommodations are entirely inadequate for even this small number, and there is urgent need of better sheds and more of them at the Cypress street yard. The old sheds built on this lot, nearly thirty years ago, are in a very dilapidated condition, and the same is true of the fence which separates the school yard from the stable lot. I would suggest an early settlement of the question whether or not to erect a stable on the Devotion street lot, and if it is decided in the negative, that this unexpended balance of \$3,562.25 with such additional sum as may be necessary, be used in rebuilding the sheds and fences at the Cypress street lot.

A spur track has been built in the storage lot on Kent street, and the grading is practically finished. The question of fencing the lot was discussed for some time last summer, but action was finally deferred until spring.

Nothing has been done in the past year towards providing improved pavements other than macadam, but I am very strongly of opinion that on our main thoroughfares, especially those through which electric cars are run, something better should be provided. Among these places may be mentioned Washington street, from the town line to the transfer station, and from Harvard square to Beacon street, Boylston street from Village square to Cypress street, and from Chestnut Hill avenue to Reservoir lane, and Cypress street from Boylston street to the car house. The brick pavement was laid in Village square in 1900, and in Washington street and Harvard square in 1901. The bitulithic pavement in Kent street, and on the northerly side of the railroad tracks, between Village square and the railroad bridge, was laid in 1902, and that on the other side of the tracks, and on Harvard street from Har-

ward square to School street, in 1903. These pavements have given much satisfaction, and so far have cost nothing for repairs, and there can be no doubt that the interests of true economy and the comfort of the community would be promoted by their extension. Before the improved pavements are laid, however, the proposed work of separating the sewage from the storm water should be prosecuted in a vigorous manner. Most of what has been recently done in providing means for surface drainage has been in places where none has hitherto existed. The separation must be made within a short time, and it might as well be done at once. As a first and most important step, I would suggest that the Metropolitan Water and Sewerage Board be requested to immediately construct the high-level sewer which is to be extended across Brookline from Jamaica Plain to Allston. Building this sewer is a work of considerable magnitude, and, as reported by the Town Engineer last year, it is to be laid through Chestnut, Kendall and Cypress streets, Brington road, across the Cypress street playground, and through Greenough, Washington, Park, Winchester and Columbia streets to the town line. If the Metropolitan Board is not yet ready to undertake this work, on the completion of which so much of our own work depends, we ought to know it, so that we may govern ourselves accordingly.

The guide boards heretofore reported to the town are all maintained, and seem to be all that are needed.

Coal-tar concrete gutters have been laid on both sides of Naples road, from the top of the hill near Clarence street to Gibbs street, on both sides of Perry street from Linden place to Brook street, and on the east side of Thayer street. The concrete gutter on the west side of St. Paul street, between Aspinwall avenue and Alton place, has been repaired, and for the most part relaid.

Bridges.

On the Sumner road bridge a new parapet course was laid on the northerly side, and that on the southerly side was relaid and re-dressed. Eight new floor joists were put in, and the iron work was painted with red lead. A new deck of hard pine was laid, the top surface of which was treated with a wood preservative, and then covered with two thicknesses of tarred paper, on which a sand cushion about one-half inch in depth was laid. On this sand cushion creosote-resinate wood blocks, three inches deep, were laid, forming a wearing surface which will last a great many years. The bridge is now in better

condition than ever before, and no repairs will be needed for many years to come.

The top planking of the bridge on St. Mary's street was in poor condition, and on examination it was decided to lay a new deck. Advantage was taken of the occasion to straighten up and paint all of the iron work, which in accordance with the decree of the Special Commission, appointed under Chapter 164 of the Acts of 1892, dated January 7, 1893, was done by the railroad company. A new deck of hard pine was laid, with a wearing surface of two-inch spruce plank. New planking was also laid on the sidewalks.

The wearing surface of the Cypress street bridge was renewed.

The Aspinwall avenue bridge will probably need a new deck within a short time.

Permission was given the Boston Elevated Railway Company to strengthen the Washington street bridge over the Boston & Albany Railroad Company's tracks at its own expense, and to replace the asphalt, between the rails and tracks and eighteen inches on either side, with a brick pavement laid in cement, on condition that the railroad company shall maintain the pavement. This work has not yet been done.

Permits.

During the year permits were issued as follows:—

Occupying streets for building purposes, etc.	110
Crossing sidewalks	106
Excavations :	
Boston Consolidated Gas Company	340
Brookline Water Board (for part of year)	125
Sewer connections and surface-water drains	82
New England Telephone & Telegraph Company	70
Laying granolithic sidewalks	28
Constructing driveways, building retaining walls, etc.	16
Boston Elevated Railway Company	31
City of Boston : purpose of repairing water pipes, making sewer and surface-water connections	10
Brookline Wire Department	15
Repairing drains	16
	<hr/> 727
Emergencies :	
Boston Consolidated Gas Company	37
Brookline Water Board	15
	<hr/> 52
Total number of permits issued	<hr/> 995

Street Crossings.

In addition to the usual amount of repaving, new street crossings of granite flagging and small blocks were laid at the following places:—

Across Heath street (new crossing in old location).

“ Park street at Washington street.

“ Emerald street at Brookline avenue.

Crossings of coal-tar concrete were laid at the following places:—

Across Ivy street (new crossing in old location).

“ Prescott street (substituted for stone crossing).

“ Tortex street.

“ Perry street (renewal).

“ Gibbs street at Naples road (2).

“ Keiffer street at Gorham avenue (renewal).

“ Keiffer street at Davis avenue (renewal).

“ Kent street at Brook street.

“ Columbia street at private way.

“ Philbrick road at Clinton road.

A crossing of vitrified brick was laid—

Across Marion street at Park street, (renewal).

New Streets.

ELM STREET. An extension of Elm street thirty feet wide, from Davis avenue to the railroad, was accepted as a public way at the annual meeting. The street was made sufficiently wide at the end next the railroad to permit turning, and the whole was constructed by the owners without expense to the town. Since its acceptance, edgestones and concrete sidewalks have been laid on both sides for a part of the way, the cost of which was charged to the appropriation for sidewalks.

RESERVOIR ROAD. This road was laid out fifty feet wide from Crafts road to the town line which is in the railroad location, and was accepted as a public way at the annual meeting. It has been built by the owners to a point about two hundred feet from the Boston and Albany railroad, and with the extension to the town line forms part of a plan for a way crossing the railroad by a bridge, and extending on the Boston side of the railroad to Beacon street, taking the place of the present dangerous grade-crossing at Reservoir lane, which is to be abolished. The part already constructed is open for travel, and with the land needed for its extension to the town line, has been given to the town free of cost. An appropriation of \$1,200.00 was made to pay for the extension, on which no work has yet been done.

OAKLAND ROAD. This street, which is forty feet wide, leads from Walnut street, through land formerly owned by Albert A. Cobb, to land of the heirs of Mary J. Williams, and was accepted as a public way at the town meeting held January 31, 1906. It was built by the owners, and was given to the town free of cost. A private way thirty-five feet wide connects it with Franklin street.

VERNDALE STREET, forty feet wide, from Harvard street to Columbia street, was accepted as a public way at a town meeting held January 31, 1906. It was built some years ago by the owners, and was given the town free of cost. An appropriation of \$470.00 was made to pay for fencing and for repairing the roadway, which will be expended when the weather permits.

COLUMBIA STREET. This street, which is forty feet wide, was accepted as a public way, from Harvard street to the dividing line between the estates of the Coolidge and Shepard heirs, at the annual meeting in 1901. An extension from this point to the town line over land of the heirs of Otis Shepard was accepted as a public way at the town meeting held January 31, 1906, and \$230.00 was appropriated to pay for its construction. The work will be done in connection with that on Verndale street as soon as weather conditions will permit.

MIDDLESEX ROAD, thirty feet wide, is a short piece of street connecting Reservoir lane with Reservoir road, which will be the outlet from the westerly end of Reservoir lane, when the present grade-crossing is abolished. It was accepted as a public way at the town meeting held January 31, 1906, and an appropriation of \$1,000.00 was made to pay for its construction. No work has yet been done upon it.

GRIGGS ROAD, which was accepted and allowed as a town-way December 28, 1904, was constructed during the past summer. The street was sub-graded and re-shaped and surfaced with from four to six inches of broken stone, and was finished with gravel walks and tree lawns, and is now in very good condition. 224.2 feet of edgestones were furnished and set, and 73.6 feet were reset, and 551.43 square yards of concrete sidewalks were laid, the cost of which was charged to the appropriation for sidewalks. The appropriation for the construction of Griggs road was \$2,500.00, and \$2,408.93 was expended.

Street Widenings.

BROOKLINE AVENUE WIDENING. The widening of this street was accepted and allowed at the town meeting held December 2, 1903, and formal entry for the purpose of construction

was made July 15, 1904, but it was not until September 18, 1905, that the buildings and other structures of the Brookline Gas Light Company were removed, so that the work of construction could be undertaken. The work is finished, except at the corner of Washington street, where the office building of the Gas Light Company must be cut off or be moved back and the new edgestones, catch-basins and cross-walks are to be provided. While the question of a new location for the transfer station is pending, it was decided to defer finishing the street at this point. In the event of the transfer station being located near the corner of Brookline avenue, a further widening of Washington street will be necessary and the buildings will be moved back, while if the station is located elsewhere the buildings will be cut off to the new line, and a new front will be erected. The corner was temporarily fixed so that the public is not materially inconvenienced by the delay. The appropriation for construction was \$3,000, of which only \$1,443.46 has been expended.

COTTAGE STREET WIDENING. The alteration and widening of that part of Cottage street, between Goddard avenue and the town line, was accepted and allowed at the town meeting held December 28, 1904, and the work of construction was done in July and August, 1905. Dr. Weld gave the town free of cost a strip of land five feet wide along his whole frontage on this part of the street, with an additional amount at the intersection of Cottage street and Goddard avenue, on condition that his wall be replaced on the new line. Later he gave permission to set the wall back one foot from the street line, and still later offered to build the wall himself at his own cost provided the town would furnish a suitable foundation. Both his offers were accepted and the foundation was provided by the town according to agreement, on which Dr. Weld has built a most substantial wall. Care was taken to provide good drainage for the foundation of the wall, but it is to be regretted that no outlet for the drain could be had, and there is danger that the lower end of the work may fail through the action of frost. The soil is a solid, impervious hard-pan and water must accumulate in the foundation until it overflows into the gutter. The proposed catch-basin was not built because no outlet could be had, and the water continues to flow in the gutter until it reaches Prince street in the city limits. Satisfactory disposal of surface and underground water in places like this requires co-operation with the city of Boston, which was sought in this instance, but could not be had. The \$1,400.00 appropriated for

construction was all expended. The material excavated was used in filling along Chestnut street on land owned by Mrs. E. C. Cabot and Rev. W. O. White.

Discontinuance of Public Way.

SPRING ROAD, between Highland road and Jamaica road, was discontinued as a public way at the annual meeting, and all the right, title and interest of the town therein were released to the Massachusetts Institute of Technology, which owns all the land on both sides of it.

Watering Streets.

The amount appropriated at the annual meeting for watering streets was \$18,000.00. Twenty-seven double teams were employed at the same rate as heretofore, viz., one hundred dollars per month for each team for six months beginning May 1 and ending October 31, which rate included watering on Sundays and holidays; before May 1, and after October 31, payment was made at the rate of five dollars per day for each team. The month of April was unusually dry, and a very much larger amount was required to pay for watering in that month than is usually the case. The result was an overdraft, for which an additional appropriation of \$318.75 was made at the town meeting held January 31, 1906.

The use of automobiles, and more particularly the larger touring cars, has become so general that much more difficulty is found in keeping down the dust than heretofore. Treatment with the ordinary water cart, especially on the wide and sunny thoroughfares is very transient, and if effective in keeping down the dust, is somewhat destructive to the roads, as the water is often used in excessive quantities. The use of something besides water seems almost a necessity, and the question of cost as well as efficiency immediately suggests itself. In California the use of crude oil on the roadways has increased rapidly, and from the reports it seems to be effectual not only in laying the dust, but also in preserving the surface of the road. A recent trial of oil on the park roads in Boston, however, was not satisfactory.

Complaints of dust caused by the use of automobiles now reach us from Europe, where they have hitherto been free from this nuisance, and in France attempts have been made to remedy the evil by treating the surface of the road with common tar. This work is done in fine weather when the roads are perfectly dry, and the method has proved fairly successful. Among other preparations now on the market perhaps the

best known is Westrumite, made chiefly of petroleum and ammonia, which when mixed with water is applied in the ordinary way by means of a watering cart. In many places satisfactory results have been obtained, but frequent renewals of the treatment are necessary. It may be, however, that better results may be obtained by the use of some other binding material than sand or stone dust, some preparation of tar, for instance, which may result in a surface somewhat like asphalt or bitulithic, but at less cost. Experiments are being made in many places, and we shall of course profit by the experience of others, but we ought to do something ourselves in the way of experimenting, and I therefore suggest that two or three hundred dollars be added to the appropriation for this special purpose.

Sidewalks.

The following tables show what has been done on sidewalks during the past year:—

Edgestones and Gutters.

A smaller amount of skim-coating was done last year than usual, for the reason that many of the walks requiring a new surface were in such condition that it was deemed more economical to lay the walks entirely new. In addition to the foregoing a large number of smaller repairs were made on all the concrete walks throughout the town. The amount expended for this purpose was \$535.75.

The same policy which was adopted in the repair of the concrete walks was followed in repairing the plank walks. In many places it was more economical to lay entirely new walks than to repair the old ones. The old lumber which was fit was used in repairing other walks. There is no doubt as to the comfort and convenience of plank walks, especially in the winter season, but their maintenance is very costly, and in view of the rapid and continued increase in the price of lumber there is some question as to the advisability of continuing their use.

<i>Carried forward</i>	987.3	<i>Total</i>	1761.4

Mr. John M. Longyear laid 501.2 square yards of brick walk, on a concrete foundation, in front of his estate on Seaver street, towards the cost of which an allowance of \$0.55 per square yard was made. The brick and tile walks were repaved in many places.

The appropriation for sidewalks was \$17,000.00, and the net expenditure, given in detail in the Accountant's and Treasurer's reports, was for the following:—

Edgestones and setting	\$3,889 21
New coal-tar concrete walks	4,760 96
Repairing coal-tar concrete walks	564 95
New plank walks	2,959 65
Repairing plank walks	2,442 26
Artificial stone walks	1,005 87
Brick walks	329 66
Gravel walks, grading and sundries	705 43
<i>Total</i>	<i>\$16,657 99</i>

The contract for laying and repairing coal-tar concrete was awarded to Charles W. Lynam, and the prices paid were as follows:—

Sidewalks	\$.75 per square yard.
Skim-coating (cold work)40 " " "
Skim-coating (hot work)55 " " "
Sidewalk crossings90 " " "
Driveways	1.00 " " "
Street crossings	1.25 " " "
Gutters	1.25 " " "

The contract for supplying edgestones and paving material, and doing the work connected therewith, was awarded to James O. Libby & Company.

Sewers.

The appropriation for the care and maintenance of sewers and drains was \$5,000.00. The expenditure was \$3,682.92, and was for work of the usual routine character, consisting chiefly of cleaning catch-basins, inspecting, cleaning and flushing sewers, repairing manholes, catch-basins, etc., and cleaning the various storm-water channels.

All the sewers and drains, with their appurtenances, are in excellent working condition, and nothing of an extraordinary or unusual character was necessary during the year.

The expenditure was divided as follows:—

Cleaning catch-basins	\$2,409 90
Cleaning and repairing sewers	535 61
Inspection of sewers	231 10
Rebuilding and repairing catch-basins	72 37
Rebuilding and repairing manholes	106 17
Cleaning and repairing storm-water channels	250 64
Sundries	67 13
Total	\$3,682 92

Surface Drainage.

The main part of this work, as well as the construction of all new sewers, was done by contract under the direction of the Town Engineer. In addition, the following work was done by this department:—

Colbourne crescent	1 catch-basin
Mason terrace	1 " "
Linden street	2 " "
Fisher avenue	1 " "

The cost of the above with the necessary connections, etc., together with certain day labor performed under the direction of the Engineering Department which was included in our pay-rolls, amounted to \$321.98 and was charged to the appropriation for surface drainage.

The Town Engineer has called my attention to the large quantity of material in Willow pond at and below the outlet of the storm-water channel in Chestnut street and vicinity, which must be removed during the coming year. The question whether the Park Department or the Street Department shall do this work has been raised. If it is to be done by this department the estimated cost, viz., \$1,000.00, should be added to the appropriation for care of sewers and drains. There is also a large deposit in Leverett Pond at the end of the storm-water channel in Morss avenue, but the Town Engineer is of opinion that this need not be removed for another year.

Collecting Ashes and Waste Material.

The cost of collecting ashes and refuse throughout the town was \$15,316.83, which sum includes \$2,814.90, credited to the Highway Department for the use of horses, the whole cost of whose keeping was charged to the highway appropriation.

The cost of this work for the last eleven years was as follows:--

1894	\$6,299 11
1895	6,996 37
1896	7,401 59
1897	8,075 24
1898	9,105 65
1899	10,913 16
1900	11,205 63
1901	13,056 56
1902	13,318 98
1903	13,917 62
1904	14,204 44
1905	15,316 83

The number of loads collected was 27,529, as against 26,078 collected in 1904, 22,264 in 1903, 20,627 in 1902.

There are still a sufficient number of dumping places for clean ashes, and no serious objection is made to their use provided the dumps are kept in an orderly way. The disposal of the very large amount of paper and other combustible waste is more difficult, and the town will be called upon in the very near future to adopt some more satisfactory method than that now employed. A year ago we reported that a contract had been made with the Paul N. Raymond Company of Somerville by the terms of which they were to remove in our carts all the refuse delivered at the Devotion street yard, and the town was to pay for this service \$500.00 per year. Finding it impossible to have the work done in a satisfactory way, the contract was annulled April 17, 1905, and an agreement was made with Frank F. Carpenter of Boston, to deliver at his place between Commonwealth avenue and the Boston & Albany railroad, free of cost to him, all the refuse collected, and he was to dispose of it without cost to us. This arrangement was very satisfactory, but unfortunately Mr. Carpenter's lease of the premises expired soon after the agreement was made, and owing to objections by the Boston Health Department, he was unable to get it renewed, and another place had to be found. The rubbish was burned for a few weeks in the deep dump on St. Paul street, known as Knyvet square, and on June 29, permission having been obtained from the Park Commissioners,

the use of the old stable on the Amory place was given to Mr. Carpenter for the purpose of sorting and baling the valuable portions of the waste. The valueless part was deposited on the low wet grounds close by until December 8, since which time it has been burned, and the ashes have been used to cover the material previously deposited. The present method is only a makeshift which in all probability must soon be abandoned. One or more incinerating plants should be established, as soon as suitable locations can be procured, in which all this rubbish can be burned. The questions of salvage, etc., as well as that of utilizing the heat generated, are details which need not be considered at this time. The style of furnace to be adopted is a question which is now being investigated, on which I hope to report in the near future.

Sundries.

The work of petrolizing the catch-basins, pools, etc., for the purpose of exterminating mosquitoes was done at a cost of \$536.52, which was charged to the health appropriation.

Sundry other work, amounting to \$150.47 was done, the cost of which was charged to the various appropriations to which it belonged.

The inventory of the property belonging to the department is filed with the Town Accountant.

Respectfully submitted,

MICHAEL DRISCOLL,

Superintendent of Streets and Sewers.

TOWN OF BROOKLINE.

WIRES AND LIGHTS.

REPORT

OF THE

SUPERINTENDENT OF WIRES AND LIGHTS

OF

BROOKLINE, MASSACHUSETTS,

FOR THE YEAR ENDING JANUARY 31, 1906.

BROOKLINE:

THE RIVERDALE PRESS: C. A. W. SPENCER.

1906.

REPORT.

BROOKLINE, MASS., January 31st, 1906.

To the Honorable Board of Selectmen:—

GENTLEMEN,—I respectfully submit the seventeenth annual report on wires and lights, fire alarm and police signal, the inspection of wires run in buildings, and gas inspection.

None.

Arc Lights.

The changes in the arc lights during the year have been few, three having been added and three discontinued. One light was installed on Boylston street near the St. Lawrence Church on November 23d. Two lights were installed on Beacon street between Dean road and Strathmore road, and the location of three lights was changed. These changes were made in order that the street might be better lighted and also have lights placed at the crossings from the streets leading off of Beacon street where the cars stop. A petition was received asking that one light on Washington street be changed from the first pole east of Winthrop path to the pole at the foot of Winthrop path, as it was very dark on the steps ascending from Washington street to University road and Winthrop road. Three lights were discontinued on Buckminster road, one on July 8th at the junction of Clinton road and Buckminster road, one on August 3d at the corner of Druce street and Buckminster road, and one on August 29th at the corner of Cotswold road and Buckminster road.

Welsbach Gaslights.

The gaslights increase in number each year, thirty having been connected during the past year. The District Superintendent of the Welsbach Company has taken special pains to keep the service in as perfect a condition as possible. Reports of broken mantles, domes and side-lights are received every day, and a list given to the lighters each morning. Many mantles are broken by wagons striking the posts and by children throwing stones and snowballs, in which case the glass and domes are broken, and as the reports do not always reach this office until the following morning it might seem as though the work of repairs was delayed. There has been improvement in burners during the year and old ones are being substituted with the new and improved pattern. The locations of the lights installed during the year are as follows: April 21st, one on Rawson road near Gardner road; May 6th, one on Heath street just west of Hammond street; May 18th, four on Strathmore road south of Beacon street; May 22d, one on High street south of Edgehill road; July 7th, one on Clinton road near Buckminster road; July 7th, three on Buckminster road west of Clinton road; July 10th, two on Lancaster terrace north from Mason terrace; August 3d, five on Buckminster road between Cotswold road and Druce street; August 29th, three on Buckminster road between Cotswold road and Holland road; September 11th, one on Marion terrace; September 20th, one on Keiffer street between Davis avenue and Gorham avenue; October 4th, one on Bartlett crescent near the Brighton line; November 9th, three on Dymoke street north of Beacon street; November 29th, one on Bartlett crescent near Washington street; December 4th, one on Hyslop road near Fisher avenue; December 9th, one on Hedge road near Kennard road. There were three Welsbach gaslights discontinued November 23d on Boylston street between Chestnut Hill avenue and Reservoir lane. Two petitions were received for additional lights, one on December 18th for a light to be placed at the corner of Hyslop road and Druce street, and one on January 8th for a light to be placed on Walnut street at its junction with Elm place. The first petition was postponed until spring, as it was after the time allowed for opening the streets unless the work to be done was very urgent. The second petition was referred to the Committee on Lights with full power, and it was decided to lay this over, as it did not seem necessary. It has been suggested that lights be placed on Davis avenue between Cypress street and Gorham avenue. As there is a long distance between the arc lights which are located at either end of this

part of Davis avenue and many driveways cross the sidewalk a person stepping off a place of this kind might fall and be seriously injured. I would therefore recommend that these lights be added.

Welsbach Naphtha Lights.

Only one change was made in the naphtha lights, the first light on Heath street from Hammond street having been replaced by a gaslight. Three lights were added on Lee street near Dudley street on December 2d.

Fire Alarm.

The system has given the usual satisfactory results throughout the year. February of 1905 was a very trying month on all wiring, and this branch of the department had its troubles, caused by broken wires in lateral pipes from the manhole to boxes on wood posts where ice formed in the pipes. February 8th the wires from the manhole to box 33 on Summit avenue broke at 7.30 p. m. Tests were made and the trouble was repaired at 9.00 p. m., the whole circuit being cut out about one hour while locating the break. On February 10th the ducts on Winthrop path from University road were filled with water, which froze, breaking the wires running up to Winthrop road. This was at 6.00 a. m. The trouble was located, overhead wires were run in temporarily, and the box was working at 7.30 a. m. On February 20th wires were broken in the lateral pipe from the same cause on Boylston street, corner of Cypress street. This was at 6.15 a. m., and box 9 was again working at 8.30 a. m.

The work which had been done the previous year in placing test stations in the iron post boxes enabled us to make test and locate the trouble much quicker than in the old way of cutting wires in manholes. New batteries were purchased for three circuits and were connected and working March 11th and 13th. The work of placing iron post boxes was continued last year. Box 37, Aspinwall avenue and Toxteth street, was connected April 14th. Box 16, Warren street and Boylston street, was connected April 20th, this being an important test station for wires running up Boylston street, Warren street and Sumner road. Box 21, Heath street and Boylston street, was changed and connected on May 5th. Box 43, Kent street, corner of Longwood avenue, was changed and connected on October 26th. This is so arranged that the wires are to be run to the Engine House at the corner of Longwood avenue and Brookline avenue, so that the Boston Fire Department may answer any and all

alarms, which is agreed upon by the Boston and Brookline Fire Commissioners. New wire was put in on Boylston street from Catlin road to Heath street to take the place of old wire which had become worn out and broken down in insulation. On April 17th wires were run to Assistant Chief Allen's house for a small tapper.

As no new boxes are asked for this year, I would recommend that one be purchased as a spare box, the same to be kept in stock for use in case any box trouble occurs. When it is necessary to remove a box this spare one could be used temporarily, so that the district covered by any box which has been taken out for repairs could be protected. At present we have nothing for such an emergency, and I am of the opinion that the purchase of one of these boxes would be well worth the expense.

Police Signal.

Good results from this system have been received throughout the year, the trouble from defective apparatus or wires having been less than ever before. Aside from a few minor repairs the cost has been less than at any time since it was installed. One new box, 23, was added on May 15th and located on Washington street opposite Fairbanks street. Changes in the location of other boxes were made, which is shown in report of underground work.

During the month of November the telephones in the boxes were changed, and as these instruments can be bought in the open market it was found to be cheaper to purchase these outright than it is to rent them. Enough money was received for old junk, such as copper wire, battery leads, etc. to pay for more than two-thirds of the cost of these instruments, and the balance was taken from the amount allowed for supplies.

Fire Alarm and Police Telegraph (underground).

No new work for underground wires was put in this year where new conduit was run. The work done by this department was for connecting iron post boxes, removing them from the wooden posts.

April 14th,— Fire alarm box 37 was changed from the wooden pole on the northerly side of Aspinwall avenue to the iron post on the southerly side.

April 20th,— Post was set for fire alarm box 16 on Warren street near Boylston street. Sixty feet of two-inch iron pipe were used, the wire run, and the box changed on May 24th.

April 21st,— Pipe was run from the manhole on Boylston

street to location of post for fire alarm box 21. The post and box were changed and connected on May 5th.

Oct. 23d,— Fire alarm box 43 was changed from the westerly to the southerly side of Kent street. Forty-three feet of one-inch pipe were used.

April 24th,— Police box 132 was set and connected on Warren street near Boylston street. Sixty feet of one-inch pipe were used.

April 20th,— The work of placing the pipe from the manhole to police box 125 on Heath street was begun, and seventy-four feet of two-inch pipe were used. The iron post and box were connected on May 5th.

May 17th,— Police box 34 was changed from the wooden pole at the corner of Toxteth street and Aspinwall avenue. The pipe was extended to the iron post a distance of four feet.

June 2d,— Police box 14 was changed from Boylston street and placed on the iron post on High street. A line of one-inch pipe was run from the manhole to the post, a distance of twenty-three feet from the corner.

June 9th,— A large pipe was run from the manhole on Davis avenue to police box 16. This box was to be used as a test station and the pipe connecting same was not large enough to hold all the wires necessary. Seventeen feet of two-inch pipe were used for this work.

It was recommended last year that an appropriation be made to purchase wire to be used to replace some that had begun to deteriorate, and 32,776 feet were bought. During the year the old wire was replaced by new on the following streets:—

Sumner road, from Buckminster road to Boylston street . . .	928 feet
Boylston street, from Warren street to Catlin road	2,053 feet
Beacon street, from Washington street to Tappan street . . .	4,186 feet
Winthrop path, from Washington street to Winthrop road . .	1,800 feet
Fairbanks street, from Washington street to Beacon street . .	2,272 feet
Francis street, from Kent street to Harrison street	978 feet

The amount of wire used for connecting the fire alarm and police boxes on iron posts was 1,916 feet.

We have on hand about 2 3-4 miles of wire and this will be used during the coming year.

I would recommend that an appropriation of \$1,000.00 be made to purchase wire to continue this work.

Underground Wires.

BROOKLINE GASLIGHT COMPANY.

This company has finished placing its wires under ground from Dean road to the town line on Beacon street, which clears this boulevard from St. Mary's street to the boundary line

near Chestnut Hill avenue of all poles and wires except those used for street railway purposes and street lighting.

The work of trenching was begun on April 25th, and the main conduit and manholes were finished by June 8th. Since then the work has progressed very slowly, as this was for house connections and laterals, which necessitated placing pipes to poles on the side streets and building brick manholes in the bridle path. During the late fall and winter the cables were drawn in and the arc lights were connected on December 8th. The overhead wires and arms were then removed from the poles.

NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY.

Conduits installed by the New England Telephone & Telegraph Company during the year were for extensions which would enable them to reach other sections already installed, increasing the number of ducts and short runs for building connections. Six additional ducts were run from the manhole on Aspinwall avenue to the Telephone Company's building. On Clinton path a two-duct conduit was run from Beacon street to reach the new buildings erected on Strathmore road. On Gorham avenue a three-duct conduit was run from Cypress street to Davis avenue, with one pole connection to reach the Cypress place apartments. Pipes were also run to reach the apartment buildings on the corners of Greenough street and

Gorham avenue. On Harvard street the conduit was extended from Verndale street to connect with the one on Commonwealth avenue. On Naples road the conduit was run as far as Abbottsford road, the aerial cable not being sufficient for the number of subscribers. On Powell street a two-duct conduit was run to the proposed alleyway which is to be used to reach houses erected on Dymoke street and Powell street, and for future growth on Beacon street. On Stathmore road a two-duct conduit was run to reach the new buildings erected. On Verndale street a three-duct conduit was run to reach subscribers in the apartment houses fronting on Harvard street as well as those on Verndale street. The overhead wiring at this point was in such a condition as to be considered dangerous by this department. The number of ducts was increased by twelve on Washington street from the Parkway to the manhole in Village square, making a total of sixteen. On May 18th the company built brick manholes on Winthrop path to take the place of the small hand holes which were placed there when this work was first put in and which were found to be very unsatisfactory.

NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY'S WORK OF

PLACING WIRES.

Location.	Ft. Conduit.	No. Ducts.	Ft. Duct.	No. Manholes.

All pipe placed above was "hollow brick."

Thirty pole and building connections were placed.

Underground cables placed during the year, 20,723 feet.

BOSTON ELEVATED RAILWAY COMPANY.

No work was done by this company during the year. It was anticipated extending their conduit from Harvard square to Cypress street in 1905 and removing their overhead feed-wire. Word was received in the early spring that they would be unable to do this, and as they had already placed more of this work in the street than the amount agreed upon to be done each year, they would postpone the work until 1906.

The following amounts of lead-covered cable were installed in conduit in the town of Brookline during the year 1905:—

Cable Installed.	500,000 c. m.	No. 6 voltage.	No. 14-4 Pr.	Total.

	332.80'	339.58'	339.62'	1,012.00'

No overhead wire was removed during the year.

Poles and Locations.

NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY.

Petitions were received and permits granted to set poles as follows:—

April 10th,—On Thorndike street near Winchester street one new pole was set in place of an old one.

April 20th,—On Beacon street between Washington street and Dean road twenty five poles were removed.

April 28th,—On Winchester street eight poles were set in new locations, extending the line from near Thorndike street to the town line.

April 28th,—Two new poles were set to replace old ones on Kent street between Aspinwall avenue and Kent square.

May 19th,—One pole was set on Stearns road near Harvard street. (New location.)

May 27th,—Location of three poles was changed on Davis avenue between Cypress street and Gorham avenue, as new edgestones were being put in.

June 26th,—One pole was reset on Dudley street near Warren street.

August 2d,—One pole was reset at the corner of Washington street and Brookline avenue.

September 18th,—One pole was reset on Winchester street opposite Thorndike street.

October 16th,—One pole was set on Englewood avenue near Beacon street. (New location.)

November 3d,—Temporary location was granted for pole at the corner of Washington street and Brookline avenue, while the line of street was being changed. One old pole was removed on November 8th.

November 13th,—One pole on Heath street, corner of Oak street, was reset and straightened.

December 4th,—One pole was reset on Warren street at the entrance to Gardner estate.

December 15th,—One pole was reset on St. Mary's street near the railroad bridge.

December 27th,—One pole was reset on Harvard street opposite Verndale street.

January 3d,—One pole on Beacon street near Englewood avenue was removed.

January 4th,—One pole on Beacon street near Dean road was removed.

January 10th,—Fourteen poles on Beacon street from Dean road to the town line were removed.

January 18th,—One pole was reset on Aspinwall avenue east of Kent street.

Five petitions were received for attachments of New England Telephone & Telegraph Company's wires to poles of Boston Consolidated Gas Company.

BOSTON CONSOLIDATED GAS COMPANY.

Nine petitions were filed and permits granted for new pole locations during the year as follows:—

May 12th,—One pole set on Powell street north of Beacon street.

June 21st,—Two poles set on Crafts road east of Circuit road.

June 26th,—Four poles set on Winthrop road east of Rawson road.

July 13th,—Two poles set on Davis avenue, at the corner of Elm street.

July 13th,—One pole set on Davis avenue (the first east of Elm street).

Oct. 13th,—Six poles set on Dunster road north of Boylston street.

Nov. 6th,—One pole set on Webster street near Beacon street.

Nov. 22d,—Two poles on Strathmore road south of Beacon street.

Nov. 28th,—Five poles set on Bartlett crescent from Washington street.

Dec. 11th,—Three poles set on Rockwood street from Goddard avenue.

The changes in location of poles numbered thirteen, and were as follows:—

May 1st,—One pole on Heath street opposite Pound lane.

June 26th,—Four poles on Winthrop road between Rawson road and Gardner road.

July 13th,—One pole on Davis avenue near Elm street.

Sept. 22d,—Three poles on Brookline avenue near Washington street.

Nov. 6th,— Two poles on Fisher avenue near Boylston street.

Nov. 6th,— Two poles on Walnut street east of Warren street.

A number of poles were moved a few feet from their original locations, and fifty-six poles were removed from revoked locations as follows:—

May 10th,— One pole on Pond avenue near Washington street.

May 15th,— Five poles on Fisher avenue between Chestnut Hill avenue and Clinton road.

May 17th,— Forty poles on Newton street between Grove street and Hammond street; these were old poles abandoned by the Water Department and removed by the Boston Consolidated Gas Company.

June 26th,— Four poles on Winthrop road between Rawson and Gardner roads.

Aug. 21st,— One pole on Davis avenue at the corner of Elm street.

Aug. 26th,— One pole on Dwight street, the first from Babcock street.

Sept. 22d,— Three poles on Brookline avenue between Washington street and Emerald street.

Jan. 3d,— One pole on Beacon street near Kilsyth road (lamp pole).

BOSTON ELEVATED RAILWAY COMPANY.

On May 29th the locations of two poles were changed on Beacon street where Strathmore road crosses the street railway tracks.

Aerial Cables.

Eleven petitions were received from the New England Telephone and Telegraph Company for permission to hang aerial cables on the following streets:—

May 8, Coolidge street, from Harvard street to first pole east of	
Clarence	30-pair.
May 29, Corey road, from Salisbury road to Winthrop road . .	30-pair.
May 29, Thorndike street, from Harvard street to Winchester	
street	30-pair.
May 29, High street, from Irving street to Highland road . . .	30-pair.
June 12, Allerton street, from High street to Hawthorne road . .	15-pair.
June 12, Cypress street, from Walnut street to Hart street . .	30-pair.
June 12, Maple street, from Irving street to Upland road . . .	15-pair.
June 19, Williams street, from Harvard street to Winchester	
street	30-pair.
July 8, Davis avenue, from Cypress street to Emerson street . .	30-pair.

July 3, Emerson street, three poles from Davis avenue	30-pair.
Aug. 21, Clyde street and Newton street, from Clyde street to Grove street	30-pair.
Aug. 21, Clyde street to Grove street	30-pair.
Oct. 2, Hammond street, from Boylston street to first pole be- yond Heath street	30-pair.
Nov. 6, Beals street, from Harvard street to Griggs road . . .	30-pair.

Interior Wiring of Buildings.

Constant care has been given to interior wiring of buildings and 886 visits have been made while the work was in progress and for a final inspection. One fire occurred from electric light wires, not due to faulty construction, however, but from the work of running a cold water supply pipe from the cellar to the second floor. The wires being concealed, and the plumber not knowing where they were located, the pipe was run through the cellar ceiling and floor above, striking and breaking the wire but not the insulation. Any jarring of the building would cause the ends of the wire to separate and then close, until finally it remained open long enough to hold a flame which ignited the rubber insulation.

I find that work of adding lights in large apartment houses has been done to some extent during the year, and it is very difficult to find the person willing to acknowledge that he did the work. A number of contractors have installed one or two additional lights for which no notices had been received. These people have been requested to send in a proper notice and also reminded that work of that nature is just as important as new work and not to be neglected.

TOTAL NUMBER OF BUILDINGS WIRED.

Single houses	51
Flat houses	30
Two-apartment houses	19
Schoolhouses	1
Stables	12
Stores	13
Automobile houses	4
Greenhouses	3
Office-rooms	3

Laundry	1
Total	140
Number of applications received	417
Number of inspections	886

Number of lights to be connected in new buildings wired	6,520
Number of lights connected and in use	3,574
Number of lights connected and ready for use	2,960
Number of additional lights added during the year	465
Number of lights for temporary use	350
Fan motors	7
Motors from $\frac{1}{8}$ H. P. to 10 H. P.	16
Dynamos (Capacity 285 K. W.)	2
Notices of changes and repairs	65
Isolated plants	1
Mercury arc rectifiers	6
Electric irons	4
Ovens for temporary use	1

Inspection of Gas Piping and Gas Fixtures.

This work has been followed with great care during the year, and the requests for changes in piping to conform with the regulations have been very few compared with other years.

The whole number of applications received for permits to do gas fitting was 668. Of this number fifty were for single houses, fifteen were for two-apartment houses, eighteen were for three-apartment houses, twenty-nine were for blocks of three and four stories, and six were for stables,—an increase of twenty-five buildings over last year.

The number of gas-stoves connected is nearly twice the number of last year, due probably to the reduction in the price of gas and to a more thorough canvass by agents for gas-stoves. Nearly all of the apartment houses are using gas-stoves only, and it is rarely you see a coal range in this class of buildings.

The following table shows the amount of work performed by the inspectors during the year:—

New buildings piped for gas	99
Old buildings piped for gas	19
Instantaneous water heaters installed	8
Gas engines installed	1
Gas meters connected	349
Gas stoves connected	478
Buildings in which fixtures were hung and tested	126
Changes and alterations	227
Number of tests taken	927
Permits granted on application	668
Permits cancelled	6
Visits made during the year	1,296

Respectfully submitted,
 EUGENE N. DAVIS,
Superintendent of Wires and Lights.

TOWN OF BROOKLINE.

PUBLIC BATHS.

**NINTH ANNUAL REPORT OF THE COMMITTEE
ON CARE AND MANAGEMENT**

OF

THE PUBLIC BATHS

OF

**BROOKLINE,
MASSACHUSETTS,**

FOR THE YEAR ENDING JANUARY 31, 1906.

**BROOKLINE:
THE RIVERDALE PRESS: C. A. W. SPENCER.
1906.**

REPORT.

BROOKLINE, MASS., January 31st, 1906.

To the Honorable Board of Selectmen:—

GENTLEMEN,—The Committee on Care and Management of the Public Baths respectfully submits its ninth annual report. The total number of baths taken during the fiscal year, February 1st, 1905, to January 31st, 1906, inclusive, was 57,442, against 55,017 during the corresponding period of the previous year, a gain of 2,425.

The following tables explain themselves.

TABLE I.

BATHS TAKEN FROM JANUARY 31, 1905, TO FEBRUARY 1, 1906.

November	363 00
December	221 20
1906.	
January	380 60
Total receipts	\$5,433 50

Maintenance.

The appropriation for the fiscal year beginning February 1st, 1905, and ending January 31st, 1906, was \$9,500. The total expenditure for maintenance was \$9,377.93. Deducting from this sum \$5,433.50, which represents the receipts of the Bath House for the fiscal year, we find that the net cost to the town for maintenance for twelve months was \$3,944.43, against \$3,786.32 for the previous year, or an increase of \$158.11.

Heating and Lighting.

Four hundred and twenty tons of coal were used during the year at a cost of \$1,616.61, which represents a decrease in expenditure of \$282.24. The cost of lighting was \$468.66.

Water.

The large tank in the Natatorium holds a little over 70,000 gallons of water. While the exact amount used to keep it and the small tank filled cannot be accurately given, it is interesting to know that about 14,000,000 gallons have been used altogether. This is probably the same as the previous year.

Non-Residents.

Six thousand one hundred and ninety-one non-residents have availed themselves of the privileges of the public baths during the year, or a little more than ten per cent of the entire number. As we have had occasion to say before, they have not in any way interfered with resident bathers, and have materially contributed to the receipts.

As in previous years students from Wellesley College, the Boston Normal School of Gymnastics, and this year from the Posse Gymnasium have received instruction in small classes.

Free Baths.

During the year, as stated in Table I., 7,466 rain and tub baths were taken. Of these only 658 were paid for. If we add the 2,231 free baths taken in the natatorium by the public school pupils, 6,727 taken by boys and girls on the free days in the summer and 232 by the police and others, we get a total of 16,656, against 15,448 in 1905, an increase of 1,208. For the second year free baths in the natatorium were continued. Though the attendance was large, there was a decrease from the year before of 88.

In 1904 there was an increase in rain and tub baths over 1903 of 1,316; in 1905 the increase over 1904 was 941. In two of the public schools, the Lincoln and the Heath, a large number of rain baths are now taken.

It is an interesting fact that as time has gone on the standard of discipline among the bathers has steadily improved. A few years ago considerable help would have been required to manage the large number using the natatorium on free days. Now very little is needed. Each boy or girl gains admittance by a ticket obtained previously, and though there is a large crowd there is no crowding. It is also gratifying to observe that of the total of 6,727 bathers in the summer free days, 2,481 are girls, a proportion much larger than the average during the remainder of the year.

Swimming Club.

The Club has had a prosperous year, though owing to the loss of some of its best swimmers it has recently made no new records. The Club was organized in 1897, the year the Bath House was opened, and has had a very creditable history from the beginning. Owing to the popularity of its annual exhibition, it was obliged to repeat it a second night, and undoubtedly would have had a large attendance if it had been repeated on a third evening.

School Instruction.

During the year 2,231 swimming lessons were taken as a part of the regular school instruction. This is 317 more than the year before. The number taking this kind of instruction tends to diminish rather than increase. This is partly owing to the fact that more school children use the Bath House independently of school instruction and also because the interest in this instruction perhaps is not quite as great as a few years ago.

Private Lessons.

The total number of private lessons, as stated in Table III., was 3,450, as against 4,165 for the previous year, a loss of 715.

Repairs and Improvements.

As has been stated in other reports the hard usage of the Bath House day and evening for practically every week day in the year, during which time nearly sixty thousand baths are taken by men, women and children, necessitates repairs oftener perhaps than in any other public building in the town.

The principal repairs during the present year have been the painting of the offices, waiting rooms, hallways and stairs in the main building, and the hair-drying room, and the resetting of the brick work inside the boilers. During the coming year it will be necessary to repaint the walls and ceiling of the natatorium and re-putty and paint the sash of the large win-

dows. These repairs can probably be made without asking for an extra appropriation.

Last year it was stated in the report that "the laundry machinery was hardly equal to the work put upon it, but in view of the contemplated municipal gymnasium it seemed best for the committee to make no alterations in it at present." As the town has decided to build the gymnasium, this question now comes up for settlement. The committee recommends the installation of a suitable laundry plant in what is now the boiler room. Such a plant should consist of a washer, extractor and mangle, with the present drier somewhat enlarged, and a snitable motor to run them. In considering the sizes of the pieces of machinery just enumerated, the committee is of the opinion that it is desirable that they should be large enough to do more than the work of the Bath House and Gymnasium, as with little extra expense this plant can take care of a large part of the laundry of the different departments of the town.

In the Fire, Police and School Departments and the Town Hall it is found that approximately thirty-four thousand pieces are laundered during the year, involving an expense of rather more than eleven hundred dollars. Should most of this washing be done in the Bath House laundry, several hundred dollars could be saved to the town. In any event a laundry plant will be necessary, and the committee recommends a special appropriation of \$2,500 for this purpose. This sum would be expended approximately as follows: Washing machine, extractor, mangle, addition to present drier and moving same, 7½ h. p. Holtzer-Cabot slow speed motor; all piping, valves, fittings to connect up machinery; all shafting, belting, labor, freights, castings, etc., in connection with the delivery and setting up of machinery, \$1,550.00; resetting two set tubs, \$25.00; laundry furnishings, \$100.00; plumbing, \$75.00; alterations in boiler room, \$500.00; freight lift for laundry, \$250.00.

Employees.

The only change in the staff of employees has been in the position of Swimming Instructor, to which Mr. Radford J. McCormick was appointed. They have done their work with faithfulness and efficiency, and the results are shown in the smooth and successful running of Bath House affairs.

General Remarks.

The opening of the Gymnasium on the land adjoining the Bath House will of necessity be an epoch-making event in the history of the town's efforts to safeguard and improve the

health of its citizens. It will now be possible to make a more determined attempt to fight against the insidious and enervating influences which are always at work in an urban community, undermining the physical and mental and moral stamina of the people. Statistics compiled concerning the health of children in schools show the existence of defects, the result of inherited tendencies or weaknesses of the constitution, which have not been understood and have therefore developed into positive disabilities, thereby to a greater or less degree incapacitating many individuals for the stern struggle of existence.

The Bath House has accomplished an amount of good impossible to actually estimate, but in conjunction with a gymnasium it will take its proper place as a means to an end in physical improvement, and not an end in itself, as heretofore of necessity has to some extent been the case.

To properly meet the needs of a community we should have a system of physical training beginning in school life and continuing and broadening out far into adult life. In the school mental development comes very fast, but with it should be the possibility of proportionate physical development; neither should outstrip the other, but a careful adjustment and harmony maintained. To hold what has been acquired at school, a strong, healthy body and due regard to the laws of health is of the first importance, as otherwise the best results cannot be obtained. It is often forgotten that boys and girls do not stop developing even at the age when they leave the High School. Adolescence extends some years beyond the teens. A large percentage of boys and girls go out into the world after leaving the grammar schools. They have not advanced very far in the process of adolescence, yet they enter on a life of work and care, of stress and strain, which they will be only fully ready for physically when they reach adult life. A wisely managed gymnasium should furnish them the means of making up for those deficiencies, from which they suffer through no fault of their own. While a public gymnasium should especially reach out to be of service to the young people, persons of all ages will receive lasting good from it. No doubt the Bath House and Gymnasium will be managed as one institution, and should be carried on on the broadest lines possible, with the sole purpose in view of making them available for every resident of the town.

A public gymnasium in a town like Brookline should be the health centre of the whole community. The committee of management should do its utmost to foster an interest in

physical training indoors in the Gymnasium in winter, and outdoors in summer by means of sports and games and various kinds of recreation in the parks and open spaces.

The administration of the Bath House and Gymnasium under one management will give rise to many serious questions, but these can best be settled when the time arrives and by the committee which will have to deal with them. Heating and lighting problems, which will of necessity involve considerable expenditure, will be practically solved by the consolidated heating and lighting plant of the Manual Training School, the Bath House, Gymnasium and High School, for which the town has already appropriated the money. The committee believes that such a plant will be the means of a large saving in expense, and at the same time give much more satisfactory service, than if the attempt were made to heat and light these buildings separately.

We can repeat the statement made in our last report, that the year just completed has been our most prosperous one as far as the attendance is concerned, since the opening of the Bath House. As was stated in Table I., it reached a total of 57,442, an increase of 2,425 over any previous year. The next highest year was 1905, with 55,017; the next 1902 with 54,735; the next 1903 with 54,662; the next 1900 with 51,453.

We find that the receipts amount to \$5,433.50 as against \$5,692.75 in 1905, a loss of \$259.25. The receipts were highest in 1902, 1900 coming next; 1901, third, and 1904, fourth. The loss is accounted for by the smaller number of private lessons on the one hand, and the larger number of free baths on the other. To an increase in the cost of maintenance, we should of course offset the added usefulness of the Bath House.

The committee has talked with a number of citizens who believe that there should be more free baths, and having no object in view but to serve the community by which it is appointed, and carry out its wishes as far as lies in its power, it has added considerably to the free use of the Bath House. Heretofore shower and tub baths have been free two days in the week the year round, and two afternoons during the winter and spring months the natatorium has been reserved for free instruction in swimming for school children. During the summer the natatorium has been free two days in the week. It is now proposed to make the rain and tub baths free six days in the week, and to materially increase the free use of the natatorium the entire year. When the work of the Gymnasium is organized, no doubt various readjustments will be found desirable.

The appropriation for current expenses which is asked for is the same as last year.

Estimate of Appropriation for Maintenance for 1906.

Wages	\$5,900 00
Fuel	1,800 00
Lighting	600 00
Repairs	500 00
Bathing suits and towels	100 00
Telephone	50 00
Stationery and printing	50 00
Miscellaneous supplies	300 00
Incidentals	200 00
Total	\$9,500 00

Estimate of Special Appropriation for Laundry.

Washing machine; extractor; mangle; addition to present dryer, and moving same; resetting two set tubs; one 7½ h. p. Holtzer-Cabot slow speed motor; all piping, valves, fittings to connect up machinery; all shafting, belting, labor, freights, cartage, etc., in connection with the delivery and setting up of machinery and furnishings	\$1,675 00
Alteration of boiler room into laundry	500 00
Plumbing	75 00
Freight lift for laundry	250 00
Total	\$2,500 00

GEORGE F. JOYCE, *Secretary.*

Standing Committees.

Almshouse, Miss Train, Miss Edgerly, Messrs. Conant and Humphrey.

Sick Poor, Miss Edgerly and Mr. Conant.

REPORT.

Almshouse.

There are now at the Almshouse ten inmates, four women and six men. During the year ten other persons have been cared for there at different times, for a longer or shorter period, making in all seven more than last year. Three of these have died, in two cases after having been at the Almshouse for a few months only. One, a woman, became so helpless that it was necessary to transfer her to the State Hospital at Tewksbury. Another woman has been sent temporarily to St. Luke's Convalescent Home, where she can receive special care. It was found best also several months ago to remove one of the men to Tewksbury.

Among those who have been discharged from the Almshouse are a woman and her two boys, who were there for a few days until a more satisfactory arrangement could be made for them.

Two men were discharged after a few weeks' stay, one of them to return to his family.

The Almshouse was visited by the State Inspector late in the summer. It is in a satisfactory condition and the inmates have been well cared for by Mr. and Mrs. Estey. The expense of maintenance is about one hundred dollars greater than last year.

Out-door Relief.

The amount expended for out-door relief is considerably less than last year, and the number of those who have received regular aid is not so great. During the year, several of the widows with children who have required aid for some years have reached the point where with the help of their children they can be self-supporting.

There is, however, a long list of persons who have been relieved occasionally. In some cases what has been only temporary aid may have to be continued regularly for a time at least. In one family the man has become partially blind, and in another it has been necessary to remove the man to an insane hospital for treatment.

Sick.

For the sick poor, the expenditure is much larger than usual. There have been some cases of prolonged hospital and surgical care which have been necessarily expensive. Also the progressive policy of our Board in regard to the treatment of tuberculosis has caused an increased expense.

In one case a young man has been supported at the State Sanatorium at Rutland during the year. He has now returned to his home much improved in health and able to do light work. In another case a man who has a wife and six children was found to be suffering from tuberculosis. He has received the best hospital treatment, and his family has been cared for by the Overseers of the Poor.

If cases of this kind are to be suitably and adequately dealt with, we must be prepared for increased expenditure.

Children.

Six children have been cared for by the Overseers of the Poor, three of them are boarded with relatives, and the others are boarded in homes provided by the State. Besides these children, there have been three at the School for Feeble Minded at Waverly, one of whom died there in November, 1905.

Dipsomania.

Two men have received treatment for Dipsomania at Foxboro.

District Nurse.

In connection with the Brookline Friendly Society the Overseers of the Poor are employing a district nurse. She is under the supervision of the Instructive District Nursing Association of Boston, and will visit the sick poor in their homes, making one or two visits daily as the condition of the patient requires. Doctors or others who have cases where her services are needed may apply at the office of the Overseers of the Poor.

Appropriation.

There are more inmates at the Almshouse than last year. On this account, and to cover the expense of the District Nurse before mentioned, an appropriation of \$8,500 is recommended for the ensuing year, which is an increase of \$500 over previous year.

Respectfully submitted,

JAMES M. CODMAN, JR.,

MARTHA W. EDGERLY,

SARAH B. TRAIN,

WILLARD E. WARD, *Disinfecter.*

REPORT.

The Board of Health submits the following report for the fiscal year ending January 31st, 1906:—

	Recommended 1906.	Expended 1905.	Expended 1904.
Salary of Agent	\$1,000 00	\$1,000 00	\$1,000 00
Maintenance of laboratory	2,150 00	1,937 12	1,848 25
Maintenance of hospitals and support of patients elsewhere, net	6,500 00	5,907 46	6,823 84
Inspection of milk, animals and pro- visions	1,550 00	1,407 34	1,428 95
Medical services outside of hospitals	600 00	587 40	545 35
Disinfection	440 00	402 51	196 08
Mosquito nuisance, net	750 00	495 87	468 93
Collecting ashes and rubbish	17,000 00	15,823 60	14,148 88
Removing garbage	5,850 00	4,800 00	4,800 00
Printing and other expenses	680 00	295 89	197 00
	\$36,500 00	\$32,157 19	\$31,460 23

The reports of the various officers and agents of the Board are appended. They give a very complete account of all the different things which have been done to protect and improve the public health, and the results which have been achieved, and leave little except financial matters to be reported on by the Board itself.

Ashes and Rubbish.

By far the most expensive part of the work of the Board is the removal of ashes and rubbish. It is constantly growing more and more difficult to dispose of combustible rubbish. In a residential town so much built up as Brookline is there will always be objections made to the burning and even to the handling of this material on vacant land, whatever place is selected. The alternative is to erect an attractive looking building with a furnace using modern smoke consuming devices. It will take time for people to learn that this can be done in an unobjectionable manner, and meanwhile strong objection will be made to any site that may be proposed for the purpose.

Garbage.

A new contract with Jerry Bond for removing garbage for five years beginning May 1st, 1906, was ratified by the town at the town meeting held on January 31st, 1906.

It is hoped that this work will be carried on with as few disagreeable features as its nature permits.

Consumption.

More attention is being given everywhere to the prevention and cure of consumption. Fresh air, sunshine, and avoidance of crowding in tenements are the essentials. While it is a contagious disease, it is not necessary that a person having it and those with whom he daily associates should be cut off from the rest of the world, as with most other contagious diseases. If he will learn what it is necessary to do, and observe certain simple precautions, he need not be a menace to the health of others. It is, however, difficult to do this in large families dwelling in small tenements, and to meet cases of this kind the Board is trying the experiment of inducing two or three men with consumption to live in one of the smaller hospital buildings, temporarily unused for other purposes, where they can live a life largely out of doors and where they can see their families and friends without danger.

Reports.

The hospitals, the laboratory, and all the inspection work and disinfection are being carried on with increasing usefulness, and no repetition here is called for of the reports of the different officers describing the year's work and progress.

Mosquitoes.

The noticeable decrease in mosquitoes during the spring and summer may be attributed in part to the weather conditions, but it is undoubtedly due to a large extent to the effective work done under the direction of Mr. Nyhen. Landowners have helped a little more than in previous years, and a good many troublesome holes have been filled up so that water will no longer stand in them to form breeding-places for mosquitoes. Additional areas have been controlled by petrolizing, notably between Commonwealth avenue and Beacon street, where the rise and fall of the tide in Charles River is felt, and where a type of mosquitoes common in brackish water but unknown elsewhere in Brookline, is found. In September cool nights gave warning of colder weather to come, and mosquitoes which had remained in swamps, beyond as well as within our borders, spread over the town in swarms, seeking shelter for winter in our houses. The gross expenditure for mosquito work was \$626.30, but landowners for whom work was done repaid \$130.43, and there are charges to other landowners still unpaid which amount to \$60.15. It is proposed to continue this work this year at an estimated cost of \$750, the additional cost being chiefly for supplies and repairs of wagon and harness.

Licenses.

Grease and Bones.—Patrick McCarthy, Heath street; Frank Murnaghan, 88 Brook street.

Undertakers.—John C. Barthelmes, Frederick L. Briggs, Parker Bryant, Henry S. Hatch, William H. McManus, James J. O'Day, Mrs. Thomas F. O'Day, and Eneas Smyth.

Attention is called to the following Orders of the Board of Health, and extracts from the Revised Laws.

JAMES M. CODMAN, JR.,
NATHANIEL CONANT,
WILLIAM F. HUMPHREY,
HORACE JAMES,
WILLIAM CRAIG,

Board of Health.

ORDERS OF THE BOARD OF HEALTH.

1. *Ordered*, a. That no child be allowed to attend school from any household in which there is or has been a case of scarlet fever, for a period of six weeks from the commencement of the last case in the household (except as provided in section "d" of this order) and until a certificate has been presented from the attending physician, the Board of Health, or its Agent, that all danger of conveying the disease by such child is passed.

b. That no child who has visited a house in which there was at the time a case of scarlet fever shall attend school until the expiration of two weeks following exposure, unless he has already had that disease.

c. That no child who has diphtheria be allowed to attend school for a period of one week from the date of the second successive negative bacteriological culture from both nose and throat (except as provided under section "d" of this order) and until a certificate has been presented from the attending physician that all danger of conveying the disease by such child is passed; and that no well child be allowed to attend school from any household in which there is or has been a case of diphtheria until the same precautions have been taken, with the exception that but one negative bacteriological culture from both nose and throat is required.

d. That the Agent of the Board of Health may, if circumstances warrant (for example, removal of the patient to hospital), give to children not infected in a household in which there is or has been scarlet fever or diphtheria, a special permit to return to school as soon as he considers it safe for them to do so.

e. That no child from any house where there is a case of scarlet fever or diphtheria shall be allowed to mingle with persons from any other house until after the removal, recovery, or death of the patient and the disinfection of the premises.

f. That every house infected with diphtheria, scarlet fever, or small-pox shall have affixed on or near the front door a card, furnished by the Board of Health, stating the disease to be avoided; and any unauthorized person removing such a card shall be liable to a fine not exceeding one hundred dollars.

2. *Ordered*, That no child who has chicken-pox or German measles be allowed to attend school until a period of two weeks has elapsed from the first appearance of the eruption.

3. *Ordered*, That no child found to be ill with consumption, and a menace to the health of others, be allowed to continue in school.

4. *Ordered*, That no child who has mumps be allowed to attend school until a period of three weeks has elapsed from the first signs or symptoms of the disease.

5. *Ordered*, That no child who has measles be allowed to attend school until a period of two weeks has elapsed from the first appearance of the eruption; and that no child in a household in which there is a case of measles shall be allowed to attend school within two weeks from the appearance of the rash in the last case in such household, without a certificate from the parent stating that such child has already had the disease.

6. *Ordered*, That no child with whooping-cough be allowed to attend school until a period of eight week has elapsed from the beginning of the cough; and that no child in a household in which there is a case of whooping-cough shall be allowed to attend school within eight weeks from the beginning of the cough in the last case in such household, without a certificate from the parent stating that such child has already had the disease.

7. *Ordered*, That no child be allowed to attend school from any household in which there is or has been a case of cerebro-spinal meningitis, until a certificate has been presented from the Board of Health or its Agent.

8. *Ordered*, That such rooms and such articles in any house, as in the opinion of the Board of Health have been subjected to infection or contagion from smallpox, scarlet fever, diphtheria, cerebro-spinal meningitis, or consumption, shall be disinfected by the Board. The attending physician or the Agent of the Board of Health shall decide in each case as to the proper time for disinfecting, and shall then notify the Board; but in no case of scarlet fever shall disinfection be done in less than four weeks from the commencement of the last case in the household (except by special permit of the Agent of the Board); and in diphtheria disinfection shall not be done until after at least two successive negative bacteriological cultures from both nose and throat have been obtained; and in all cases a certificate of the attending physician shall be required, stating that all danger of infection from the patient is passed; said certificate in case of diphtheria to be based on the result of bacteriological examinations as above prescribed. Disinfection by the Board shall also be done in every case after a death from consumption, and after the removal of a consumptive patient, whenever in the opinion of the attending physician or of the Agent of the Board, disinfection is necessary.

9. *Ordered*, That no public funeral shall be held over the remains of any person who has died of smallpox, scarlet fever or diphtheria, without the written permit of the Board of Health, and under such regulations as may prevent the spread of either of said diseases. *Ordered*, further, that the remains of any person who has died from either of said diseases shall at once be placed in a tight or sealed coffin, and shall not thereafter be exposed to view or disturbed except for burial.

10. *Ordered*, That the undertakers of the town be notified to warn families, in the case of the death of a member from contagious disease, against a public funeral.

11. *Ordered*, That no person infected with diphtheria, membranous croup, or scarlet fever, shall leave the Board of Health Hospital until the Board of Health or its Agent shall find and certify that all danger of communicating such disease has passed.

12. *Ordered*, That no person other than patients, physicians, and nurses shall enter the Board of Health Hospital, except with the special permission of the Board, or of its Agent.

13. *Ordered*, That visiting the grounds of the Board of Health Hospital shall be allowed daily between the hours of 2 and 3 P. M. only, except with the special permission of the Agent of the Board; but in no case shall children be allowed to visit the premises.

14. *Ordered*, That no article of food be sent to the patients in the Board of Health Hospital excepting fruit, which must be left with the nurse in charge.

15. *Ordered*, That in the case of death where the deceased had not been attended by a practising physician, the certificate of death shall be issued by the Medical Examiner.

16. *Ordered*, That no dead body of any person shall be carried to any cemetery, or from one place to another within the town, in any public vehicle other than a hearse or undertaker's wagon provided for that purpose.

17. *Ordered*, That the use of "wall draperies" in any room or place used for a funeral or for the preparation or retention of any human body before or in connection with such funeral, be and the same is hereby forbidden.

18. *Ordered*, That no person shall spit upon the floor of any public conveyance, shop, store, hall, church, school-house, railroad station, or other public building in said town, or upon the steps of any of said conveyances or buildings, or upon the sidewalk (spitting into the gutter or street is not forbidden) of any public way of said town.

19. *Ordered*, That no person or corporation shall keep or allow to be kept upon any premises in his or its possession, within the limits of

this town, any swine or more than one cow, without securing a permit from the Board of Health to do so. Such permit shall expire on the first day of May, annually.

20. *Ordered*, That no person or corporation shall use any building as a stable for cows, unless such building is properly lighted and ventilated; has a tight floor and roof; good drainage, connecting wherever practicable with the public sewer; a supply of pure water, and not less than one thousand cubic feet of air space for each animal.

21. *Ordered*, That manure shall not be allowed to accumulate in the neighborhood of barns, and that no manure heap shall be allowed within 100 feet of any dwelling unless so covered as not to prove offensive. Yards surrounding buildings where cows are kept must be well drained and free from standing water and filth. The barns shall be kept as clean as possible, and the floor shall be sprinkled before being swept.

22. *Ordered*, That neither hogs nor manure shall be kept in cellars of cow stables, except by special permit of the Board of Health.

23. *Ordered*, That animals kept for the production of milk shall not be fed upon swill.

24. *Ordered*, That a person having any infectious disease (the Board considers consumption to come within the meaning of the statutes in regard to infectious diseases), or having recently been in contact with any such person, shall not be allowed to milk cows or handle cans, measures or other vessels used for milk intended for sale, or in any way take part or assist in the sale of the same, until the Board of Health is satisfied that all danger of communicating such disease is past.

25. *Ordered*, That the milk cans or jars of milk dealers shall not be left at any house in which there is a case of diphtheria, scarlet fever, or smallpox, but the milk shall be poured into receptacles furnished by the customer.

26. *Ordered*, The premises where cattle are kept shall be open at all times to inspection by the Board of Health, or its appointed officer.

27. *Ordered*, That upon satisfactory evidence being furnished to the Board of Health of violation of any of the above regulations, the permit will be revoked.

28. *Ordered*, That any person having reason to suspect the presence of glanders and farcy among horses shall immediately report that suspicion, together with the street and number of the premises at which the animal is kept, to the Board of Health, when the Veterinary Inspector will at once examine the animal. (The more ordinary symptoms of glanders and farcy are: A discharge from the nostrils, enlargement and hardness of the glands under the lower jaw; or nodular enlargement of the skin with or without ulceration.)

29. *Ordered*, That no vault or cesspool shall be emptied by any other than the odorless process, nor by carts not of the Odorless Excavating Company, except permission be first obtained from the Chief of Police. It is further ordered that neither night-soil nor the contents of cesspools shall be dumped within the limits of the town.

30. *Ordered*, That the manure from livery stables shall not be removed between the hours of sunrise and sunset.

31. *Ordered*, That all householders be required to keep the waste material set out by them for removal by the town in separate receptacles.

(1) One or more of such receptacles shall be used exclusively for garbage or swill and shall have tight-fitting covers. (An old pork barrel, beer keg, or lead cask makes an excellent swill barrel and may advantageously be kept in a tight garbage locker.)

(2) A second receptacle or receptacles, preferably made of iron, shall be used exclusively for ashes, tin cans, bottles, and other incombustible waste.

(3) A third separate set of receptacles shall be used exclusively for dry combustible waste, such as paper, old shoes, house sweepings, and

such other waste material as it is customary for the Health Department to remove.

32. *Ordered*, That no person shall overhaul the contents of receptacles for waste material set upon the sidewalks to be removed by the town.

33. *Ordered*. That no person shall throw upon the sidewalk, or into any public street or catch-basin, any paper, tin can, house sweepings, lawn rakings, old shoes, orange peel, banana skin, dead animal or other waste material.

EXTRACTS FROM THE REVISED LAWS CONCERNING VACCINATION.

CHAP. 75, SECT. 136. A parent or guardian who neglects to cause his child or ward to be vaccinated before the child or ward attains the age of two years, except as provided in section one hundred and thirty-nine,* shall forfeit five dollars for every year during which such neglect continues.

CHAP. 75, SECT. 137. The board of health of a city or town if, in its opinion, it is necessary for the public health or safety, shall require and enforce the vaccination and re-vaccination of all the inhabitants thereof and shall provide them with the means of free vaccination. Whoever, being over twenty-one years of age and not under guardianship, refuses or neglects to comply with such requirement shall forfeit five dollars.

[Application for free vaccination, by persons who are unable to pay for it, may be made to the Clerk or Agent of the Board.]

CHAP. 44, SECT. 6. A child who has not been vaccinated shall not be admitted to a public school except upon presentation of a certificate signed by a regular practicing physician that he is not a fit subject for vaccination. A child who is a member of a household in which a person is ill with smallpox, diphtheria, scarlet fever, or measles, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness or until the teacher of the school has been furnished with a certificate from the board of health of the city or town, or from the attending physician of such person, stating that, in a case of smallpox, diphtheria, or scarlet fever at least two weeks, and in a case of measles, at least three days, have elapsed since the recovery, removal, or death of such person, and that danger of conveying such disease by such child has passed.

PRESERVATION OF THE PUBLIC HEALTH.

[Revised Laws, Chapter 75.]

SECT. 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease dangerous to the public health shall forthwith give notice thereof to the board of health of the city or town in which he dwells. Upon the death, recovery, or removal of such person, the householder shall disinfect to the satisfaction of the board such rooms of his house and articles therein as, in the opinion of the board, have been exposed to infection or contagion.† Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

SECT. 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever or any other disease dangerous to the public health, he shall immediately give notice thereof in writing over his own signature to the selectmen or board

* Sect. 139 exempts children who present a certificate signed by a registered physician that they are unfit subjects for vaccination.

† In Brookline disinfection after smallpox, scarlet fever, diphtheria, and consumption is done by the Board of Health, and is done free of expense where the householder is unable to pay for it.

of health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty nor more than two hundred dollars for each offense.

[The Board of Health considers smallpox, chicken-pox, scarlet fever, measles, diphtheria, membranous croup, cholera, typhus fever, typhoid fever, cerebro-spinal meningitis, pulmonary and laryngeal tuberculosis, and malarial fever to come within the meaning of sections 49 and 50 of the above, but disinfection after measles, chicken-pox, typhoid fever and malarial fever is not required.

REPORT OF AGENT OF THE BOARD OF HEALTH.

OFFICE OF THE BOARD OF HEALTH,
BROOKLINE, MASS., JAN. 31st, 1906.

To the Honorable Board of Health:—

GENTLEMEN,—I have the honor to submit the following report for the year ending January 31st, 1906.

Mortality.

During the fiscal year there were two deaths from diphtheria, two from scarlet fever, one from whooping-cough, eight from cerebro-spinal meningitis, and twenty-one from tuberculosis, of which number seventeen were tuberculosis of the lungs. There were no deaths from typhoid fever nor measles. Among the deaths from other diseases fifteen were reported from pneumonia and twenty-five from cancer. The number of deaths, from all causes, of Brookline residents during the fiscal year, including the number of residents (sixty-seven) who died away from home, and deducting the number of still births (fourteen), was three hundred and twenty-five. This number of deaths, with an estimated population of 24,000, gives a mortality of 13.54 per 1,000 inhabitants.

Infectious Diseases.

During the year there were reported to the Board forty cases of diphtheria, sixty-six cases of scarlet fever, fourteen cases of typhoid fever, seven cases of malarial fever, two hundred and eighteen cases of measles, thirteen cases of chicken pox, twenty-one cases of pulmonary tuberculosis (consumption) and eleven cases of cerebro-spinal meningitis, occurring as follows:—

1905.	Diphtheria.	Scarlet Fever.	Typhoid Fever.	Malarial Fever.	Measles.	Small-pox.	Chickenpox	Consump- tion.	Cerebro-Spi- nal Meninge.
February	0	11	1	0	3	0	5	2	0
March	0	7	0	0	2	0	4	5	4
April	7	2	0	0	1	0	0	3	5
May	10	10	0	0	19	0	2	3	0
June	3	1	0	1	18	0	0	1	1
July	1	0	1	3	2	0	0	2	0
August	1	1	4	1	2	0	0	0	0
September	0	0	2	0	3	0	0	1	0
October	2	13	4	2	1	0	1	1	1
November	7	2	2	0	0	0	1	0	0
December	4	4	0	0	23	0	0	2	0
1906									
January	5	15	0	0	144	0	0	1	0
	40	66	14	7	218	0	13	21	11

The following table shows the number of cases of diphtheria, scarlet fever and typhoid fever reported during the last six years, and the number of cases of consumption reported since notification was first required in March, 1902:—

	Diphtheria.	Scarlet Fever.	Typhoid Fever.	Pulmonary Tuberculosis.
1900	247	29	16	
1901	158	27	26	
1902	64	61	20	20
1903	55	54	17	27
1904	33	29	21	32
1905	40	66	14	21

Diphtheria.

The number of cases of diphtheria (forty) the past year was seven more than during the previous year. Of this number twenty-nine were admitted to the Board of Health Hospital.

Scarlet Fever.

The number of cases of scarlet fever (sixty-six) was larger than that of several previous years, and is partly accounted for by an outbreak of that disease due to infected milk. Of this number thirty-seven were admitted to the Hospital.

Pulmonary Tuberculosis.

The number of new cases of this disease reported during the year was twenty-one, a decrease of eleven from that of the previous year.

Though the physicians are more careful to report to the Board cases of consumption and of laryngeal tuberculosis than when the order requiring it was first passed, there is still reason to believe that some physicians are not yet complying with the rule in every case. This is due more to carelessness, it is believed, than to any other cause, but the writer takes this opportunity to call attention to the requirement.

The need in this neighborhood of more adequate hospital accommodations for poor patients in the advanced and most infectious stage of consumption has for some years been very great. It is practically impossible for a consumptive in the latter stages to live in a boarding-house or tenement without being a real menace to the health of those about him, and it is with great satisfaction that the writer records the fact that in December the Board gave him permission to admit to a building at its Hospital three men suffering from that disease and in need of hospital care and isolation. These patients were ad-

mitted on exactly the same basis as the patients ill with diphtheria or scarlet fever, and if unable to pay are not pauperized thereby.

Since unsanitary dwellings or apartments, especially those lacking sufficient sunshine and fresh air, are most important factors in causing consumption, more supervision by the Health Department should be given to prevent, as far as possible, the spread of this and other preventable diseases.

Typhoid Fever.

Typhoid fever was less prevalent by seven cases than during the previous year. Of the fourteen cases reported, fortunately none terminated fatally. The largest number reported was during August, September and October, when ten of the fourteen cases were reported. As usual in Brookline, a large proportion of the cases of this disease were found on investigation to have been contracted away from home while on vacation.

Smallpox.

No smallpox cases were reported during the year, but protection against this disease by vaccination, especially of infants and school children, as provided by the law, has been attended to as far as practicable. The vaccine produced and furnished free by the State Board of Health proves very satisfactory.

The need of a suitable building for the isolation and proper care of smallpox patients has been recognized by the Board, and plans for the building have been prepared. If, however, a county smallpox hospital should be built, no town building for such cases will be put up in Brookline.

Measles and Chicken-pox.

Measles was prevalent to a considerable extent during May and June, and to a most unusual extent during December and January (1906). Fortunately thus far during this epidemic no deaths have resulted.

Chicken-pox was less prevalent than in the previous year, thirteen cases being reported, as against forty-one the previous year.

Malarial Fever.

The number of cases of malarial fever reported to the Board the past season was seven, the same number as during the previous year, all occurring between June 1st and October 31st. The same measures were employed as in the past few years and described in last year's report.

Most of the work done was of a permanent nature, namely, the draining or filling in of stagnant pools found to be breeding malarial mosquitoes. Over a thousand street catch-basins, located in thickly settled parts of the town and found to be breeding-places of the common mosquito, were treated with petroleum by the Street Department about every four weeks throughout the season. It is very necessary that land owners should co-operate more generally with the Board in its efforts to abate the prevalence of malarial and of common mosquitoes in the town, especially in the more thickly settled parts, if the best results are to be obtained.

Cerebro-spinal Meningitis.

A serious outbreak of cerebro-spinal meningitis occurred during the year. Though only eleven cases were reported, eight deaths resulted; this does not include the fatal case of the Brookline medical student who contracted the disease while assisting in the care of a patient with the same disease at the Boston City Hospital, where the student died. So threatening was the situation in the town at one time, that the Board authorized its Agent to prepare the following circular and to have it distributed throughout the more congested districts, also to have it posted on the bulletin boards throughout the town.

TOWN OF BROOKLINE.

OFFICE OF THE BOARD OF HEALTH,
BROOKLINE, MASS., April 10th, 1905.

CEREBRO-SPINAL MENINGITIS.

To the Citizens of the Town of Brookline:—

Since January 30, 1905, there have been reported to the Board of Health nine cases of cerebro-spinal meningitis. Six of these cases were reported since March 9, and were found in that part of the town lying between 83 Boylston street and Pond avenue.

Since this disease prevails most in the more densely populated districts, where unsanitary dwellings or apartments are most numerous, especially those lacking sufficient sunshine and fresh air, both landlord and tenant should see to it at once that better conditions in these respects are secured. Over-crowding, damp cellars, sunless sleeping rooms, lack of cleanliness, poor ventilation and the presence of dust, all tend to make an epidemic spread. If these conditions are promptly done away with much good will be accomplished, and there will be no reason to apprehend an extensive epidemic.

By order of the Board of Health,

HORACE JAMES,
Chairman pro tem.

H. LINCOLN CHASE, M. D.
Agent Board of Health.

Other measures were also employed, and the threatened epidemic soon subsided. The lesson to be learned from this experience seems obvious, and applies equally well to the prevention of more common diseases.

Medical Inspection of School Children.

The systematic medical inspection, at least once a week, of the pupils of the public schools and of the parochial school, more fully referred to in last year's report, was continued throughout the school year. The Agent of the Board of Health, accompanied by the Medical Inspector of each school, visited every school at least once during the past year, and found teachers and physicians earnestly and intelligently co-operating to safeguard the health of the pupils while in the somewhat crowded condition inseparably connected with instruction in large classes in-doors. Hygienic drinking fountains have now been put into most of the buildings, and also on three playgrounds close to public schools, thus removing the chance of contracting disease from infected drinking cups. In September copies of the following circular were issued to all the regular teachers; it is reprinted here by special request.

PERSONAL CLEANLINESS AND THE PREVENTION OF DISEASE.

To the Teachers of the Brookline Public Schools:—

Your attention is again called to the need of teaching personal cleanliness and to certain other measures that tend to prevent the spread of communicable disease among school children. It is known that children who are very slightly ill, or even not ill at all, may be infected with a dangerous communicable disease. Such children often mingle freely with others, and are, according to our present knowledge, the most frequent cause of the spread among children of infectious diseases. All teachers should know the fact that light cases of these diseases not infrequently cause severe and even fatal cases. If communication between mouth and mouth can be prevented it is believed that communicable disease can be very considerably diminished. The schools are certainly proper places for inculcating that personal neatness and personal cleanliness which would forbid the passage directly or indirectly from mouth to mouth of any article.

The free text book system presents certain obstacles to the development of the idea of privacy of personal property, but with care these obstacles can be overcome. Even with this system the pupil can have his book and pencils for a term or a year and be held responsible for their condition. This should always be done as far as possible with everything that is furnished by the School Department for the use of pupils. It entails a little more trouble for the teachers, particularly in the care of pencils and certain other small articles; but with a proper system and some care these can and must be kept separate for each child. When books become soiled they must be either cleaned or

burned. The drinking cup used in common is perhaps the most frequent means of transmitting saliva and infection from one child to another, and its use must not be allowed. Separate drinking cups must be provided, either by the parents of the pupils or by the School Department, until hygienic drinking fountains, requiring no cup, and already in use in nine of our thirteen schools, have been introduced into all. It must be remembered that the germs of some of the commonest and also of some of the most dangerous diseases are frequently contained in the mouth. In such cases anything moistened by the saliva of the infected person may, if it touches the lips of another, convey disease. The more direct the contact the greater the danger. It is the purpose of health officials to keep in isolation all persons who have communicable disease during the time that they are infectious, but in many cases this is wholly impracticable, if not impossible. Little restraint oftentimes is put on light cases of measles, whooping-cough, chicken-pox and mumps, and even such diseases as diphtheria, scarlet fever, smallpox and consumption are in certain cases so mild as to be unnoticed, so that children affected with them continue in school. Since in such cases one of the chief vehicles of contagion is the secretions of the mouth and nose, much can be done to prevent contagion by teaching habits of cleanliness, and by the strict prevention of close contact of the children with each other, and prevention also of the use in common of articles liable to become infected.

The practice found in some kindergartens of having the children sit with their little chairs in actual contact must not be permitted; there should always be an interval of at least a foot between the chairs, and in time of threatened epidemic a greater interval. The practice also of having kindergarten children,—the very ones most susceptible to contagious diseases,—use in common, without previous disinfection, various little articles that are liable to become infected, must not be allowed.

While considering cleanliness, the need of clean air in the school room must not be forgotten. Clean, pure air tends to promote both mental and physical well being, and consequently resistance to disease. To this end proper ventilation of the school-room and a cleanly condition of the persons and clothing of the thirty or more children in the room must be constantly maintained.

A copy of this circular will be furnished the teacher of each room in all the schools, and must be preserved by each teacher for reference. A placard containing the rules for pupils given on the last page will also be furnished each school-room except in the High School and the kindergartens. The placard is to be posted in some place in each room where the pupils may conveniently read it.

Without the intelligent and faithful co-operation of all the teachers the efforts of the Health Department will not avail to make our school-rooms as healthful and safe places of resort for our children as they can and should be made.

(Placard posted in every school-room except in the High School and Kindergartens.)

CHILDREN MUST BE TAUGHT

Not to spit except when they have a cold; then if outdoors, spit into the gutter; if indoors, spit into small pieces of old cloth (carried for the purpose), which should be burned after use.

Not to put the fingers into the mouth; use a tooth pick if needed.

Not to pick the nose; always carry a handkerchief.

Not to wet the fingers with saliva in turning the leaves of books, or in handling cards.

Not to put pencils into the mouth, or moisten the point with the lips; keep the point well sharpened.

Not to wipe pens on the hair.

Not to put pens into the mouth.

Not to put anything into the mouth except food and drink.

Not to "swap" candy, chewing gum, half-eaten food, whistles or bean-blowers, or anything that is habitually put into the mouth.

Not to kiss upon the lips; kiss the forehead or cheeks.

Not to allow the finger nails to become long or unclean, or the teeth to be neglected.

Not to face toward another person when coughing or sneezing.

It is respectfully requested that all teachers and pupils carefully read and become familiar with the above rules, and teachers are charged faithfully to enforce them.

H. LINCOLN CHASE, M. D.,

Agent Board of Health.

GEORGE I. ALDRICH,

Superintendent of Schools.

SEPTEMBER 12, 1905.

Arrangements are now made for an examination, by specialists, of the eyes, ears, noses, throats and teeth of the pupils in our largest and most representative school, the Pierce School, where a little over eight hundred children are enrolled. Since the neglect of physical defects in children results in many cases in partial arrest of physical and mental development by reason of eye strain, deafness, nervous troubles, premature decay of the teeth, and other forms of serious but preventable impairment of health, the importance of this new measure is very great. If successful in the Pierce School the pupils of the other schools will be similarly examined in a careful, judicious manner, and whenever necessary a note will be sent to the parent suggesting the taking of the child to the family physician for advice as to further examination by a specialist.

The physicians who served as medical inspectors of school pupils the past year were Doctors B. S. Blanchard, G. H.

Francis, H. M. Cutts, E. M. Bowker, C. S. Francis, T. J. Shanahan, Joseph Kittredge and R. W. Hastings; the substitutes, all of whom were called to serve for a time, were Doctors L. W. Gilbert, Augusta G. Williams and Everett Jones

Inspection of Milk.

Since typhoid fever, diphtheria and scarlet fever can be contracted by drinking milk infected by persons ill with or recovering from these diseases, the officials of the department carefully note the milk supply of each patient reported to the Board, and take such action as may be necessary to protect the health of the public. In one instance the past year very active measures were taken, and successfully, to prevent a threatened milk epidemic of scarlet fever.

The purity of milk is of such importance, especially in the case of bottle-fed infants, that no effort should be spared to raise the present standard of its cleanliness and freshness.

The Board of Health Laboratory.

The laboratory has continued during the past year to furnish free to all physicians an early and correct diagnosis in cases of diphtheria, consumption, typhoid fever and malarial fever. The outfits for making these tests may be obtained at the drug stores of Messrs. Young & Brown, of Mr. Hayman, and of Mr. Gilcreas.

The Board of Health Hospital.

The year's work at the Board of Health Hospital is described elsewhere, in the report of its superintendent.

The admission for the first time of a few cases of consumption needing care and isolation is worthy of special note.

Measures to Promote the General Health.

As a means of maintaining and further improving the health of the people, not only the various special measures mentioned in this report must be continued, and where practicable improved upon, but a number of additional measures deserve and are receiving consideration. Among these should be mentioned the providing of as many places as practicable for exercise and recreation in our public parks and playgrounds and in the commodious, centrally located and well equipped municipal gymnasium that has been planned and is soon to be erected. The experience with the playgrounds we already have indicates that they are fully appreciated and of very great service to the health of the children and the youth of the town.

The experience also at the Public Baths on Tappan street, where over 57,000 baths were taken the past year, and also at

the Lincoln and new Heath Schools, where excellent shower baths have been installed and are used more and more by the school children, indicates that facilities provided by the town are appreciated and availed of by the citizens.

A temporary sanitary in Village square is greatly needed, pending permanent provision in the future electric street railway station, and the Town Engineer has recently investigated and reported to the Board on the subject.

A number of the rules of the Board have been amended the past year and a few very important new ones added. These rules are printed at the end of the annual report of the Board, and it is hoped that they will be carefully read by every citizen.

Acknowledgments.

In closing the writer wishes to thank the town officials, the physicians, and the many other citizens who have in various ways assisted him in his work.

Respectfully submitted,

H. LINCOLN CHASE, M. D.,

Agent Board of Health.

REPORT OF THE BACTERIOLOGIST.

LABORATORY OF THE BOARD OF HEALTH,
BROOKLINE, MASS., February 1st, 1906.

To the Board of Health:—

GENTLEMEN,— I have the honor to submit the following report for the year ending January 31st, 1906:—

The routine work of the laboratory has been of the same character as during the preceding years. It has consisted of—

- (1) The examination of cultures and swabs from suspected cases of diphtheria;
- (2) The examination of sputum for the early detection of cases of pulmonary tuberculosis;
- (3) The test for the presence of the typhoid, or so-called Widal's reaction;
- (4) The examination of blood for the presence of the *plasmodium malariae*.

All of the above examinations are made without charge for residents of Brookline. The necessary outfits for the use of physicians are kept at the following drug stores: at Young & Brown's, Harvard square and also at Coolidge Corner; at Hayman's, corner Beacon and Harvard streets; at Gilcreas', corner Beacon and Washington streets. Outfits which have been used must be brought directly to the laboratory on week days, 8 a. m. to 5 p. m., or to Young & Brown's drug store, Harvard square, daily, 8 a. m. to 9 p. m. To secure the best results cultures should be sent directly to the laboratory as early in the day as possible.

For a small fee other microscopical and chemical examinations which aid in the diagnosis of non-contagious diseases are made for the physicians of the town.

Diphtheria.

There have been examined 660 cultures from 338 persons during the past year. Of these 338 persons, 40 were found to have Klebs-Loeffler bacilli. Many of these positive cases appeared to be simple sore throat, and could not have been recognized as dangerous to other members of the family and to the public except by cultures.

Swab Examinations. In order to secure an earlier diagnosis of some cases of diphtheria than is possible by means of cultures which are incubated for twelve hours, the laboratory now offers to make examinations directly from cotton swabs which have been wiped over suspected areas of the throat. On week days, when requested, the laboratory will make these swab examinations, provided the outfits are brought directly to the laboratory before 4 P. M., except on Saturdays, when they must be brought in before 12 M. No swab examinations are made on Sundays or holidays. Forty-five swab examinations have been made during the past year, seven of these being positive.

Tuberculosis.

There were 148 specimens of sputum examined for the presence of the bacilli of tuberculosis, 23 with positive result.

Typhoid Fever.

Seventy-two tests were made for the presence of the typhoid or Widal reaction, with specimens of dried blood from 61 persons who had symptoms suggestive of typhoid fever. The reaction was present in 10 of these.

Malaria.

Twenty-seven specimens of blood were sent to the laboratory for examination for the presence of the *plasmodium malariae*. In four of these the malarial organisms were found. This test would undoubtedly have been more frequently resorted to, had it not been for the work of the Board in exterminating the anopheles mosquito.

Summary.

The following table shows the routine bacteriological examinations that have been made in the laboratory during the past seven years:—

	1899.	1900.	1901.	1902.	1903.	1904.	1905
Cultures and swabs	1,242	3,503	1,463	775	777	643	732
Sputum	91	83	100	110	116	118	148
Typhoid tests	25	61	68	56	58	58	72
Malaria.				10	18	26	27
	1,358	3,647	1,631	951	969	845	979

Respectfully submitted,

FRANCIS P. DENNY,
Bacteriologist.

REPORT OF THE SANITARY AGENT.

TOWN HALL, BROOKLINE, MASS., January 31st, 1906.

To the Board of Health:—

GENTLEMEN,—I have the honor to submit the following report for the year ending January 31st, 1906.

The number of complaints and nuisances receiving the attention of this department during the year was 114, a slight decrease compared with the figures for 1904. This falling off appears to be largely due to the improved sanitary condition of the town, following the active work and preventive measures employed by the Board during past years.

A record of the nuisances and complaints investigated and corrected under direction of the Board is presented in the following table:—

	No. of Complaints.	No. of Inspections.
Premises unusually untidy	89	67
Stables offensive	18	76
Drainage defective	11	15
Offensive odors in and about buildings	8	12
Garbage lockers offensive	8	10
Water closets defective and offensive	6	14
Cesspools defective	4	13
Manure exposed and offensive	4	6
Privies offensive	3	10
Henneries offensive	3	6
Cellars very untidy	3	6
Cinder nuisance	1	10
Miscellaneous	6	10
Total	114	255

Early in the spring the attention of the Board was called to the unsanitary condition of the yards in the tenement districts. Systematic inspections were made, which resulted in the general cleaning up of the miscellaneous rubbish usually accumulated in these districts during the winter months. The co-operation of the Street Department in removing these accumulations is hereby acknowledged.

Among the most frequent sources of complaint which the Board is called upon to deal with are stables in an unsanitary condition. As may be seen from the foregoing table, eighteen were complained of during the year. As a result of the investigations made, five stable owners were ordered to make radical changes and improvements in their stables and connect them with the public sewer. In the case of three of these stables the recommendations of the Board were fully carried out, but the other two stables after being subjected to a cleaning satisfactory to the Board, were closed up, the owners preferring to abandon them for stabling purposes rather than bear the expense of making the required changes. In thirteen other stables only minor changes were found necessary.

As in previous years, a number of requests have been received from householders, almost invariably tenants (seldom indeed is a request received from an owner), to examine and test existing plumbing, alleging bad smells, etc. Inquiry usually discloses that there is nothing of consequence the matter, or that whatever there is that is unsatisfactory, could be easily remedied by any good plumber. Therefore the Board does not authorize such inspections to be made by its appointees, and especially as the best sanitarians, everywhere, now agree that diphtheria and other germ diseases do not originate from defective plumbing. When special circumstances seem to justify it, and only then, the Board grants a request to have an official examination made by its appointees of this department.

During the year the Board granted permits to build and maintain nine cesspools and refused a permit for the construction of one cesspool on premises where connection with the public sewer was found to be possible. The number of permits issued for improving the drainage was twenty-eight.

Such inspection of bakeries and their surroundings as the law requires has been made. Their general condition as regards cleanliness was found to be satisfactory. Six bakeries are at present in operation in the town.

From February 1st, 1905, to January 31st, 1906, Mr. W. E. Ward, disinfecter for the Board, disinfected with formaldehyde and corrosive sublimate solution, or formalin, after 57 cases of scarlet fever, 48 of diphtheria, 12 of spinal meningitis, 20 of pulmonary tuberculosis, 2 of typhoid fever, 1 of cancer and 1

of erysipelas. He also disinfected a number of rooms in schoolhouses and public buildings, seven lots of library books, several carriages, trunks and boxes of clothing, and has burned a number of infected mattresses that were too badly infected to be of any further use. By special requests made to the Board of Health, he has also disinfected after 7 cases of pulmonary tuberculosis, 3 of measles, 1 of brain disease and 1 of scarlet fever exposure.

Respectfully submitted,

MICHAEL DUFFLEY,
Sanitary Agent.

REPORT OF THE INSPECTOR OF ANIMALS, PROVISIONS AND MILK.

BROOKLINE, MASS., February 1, 1906.

To the Honorable Board of Health:—

GENTLEMEN,—I have the honor to submit the following report for the year ending January 31st, 1906:—

Food Inspection.

The recent Pure Food Congresses and the general discussion in the press, together with the activity of the State Board of Health in making prosecutions, have done much toward educating the public to demand better protection against fraud and imposition in various food articles. As Brookline was one of the first municipalities to take up the work of investigation and control, nearly two years ago, the quality of manufactured foods sold in the town is now above the average. Recent inspection has shown that with few exceptions the merchants are trying to have their goods pure. Dealers are at once notified when anything is found in their stocks which is not up to the legal standard.

Thus far your Inspector has conducted the work as a campaign of education rather than one of prosecution, but it is intended in future to publish the names and the results of analysis of all food samples taken for inspection, and to take drastic action against willful violators. It may be well to state that of the many prosecutions made by the State Board of Health not one has been of a Brookline dealer since this work was taken up. The new Federal Pure Food Law recommended by the President in his message to Congress, if passed will place much of the responsibility for mis-labelled and adulterated foods upon the manufacturer, where it justly belongs, though it will not in any sense relieve the retailer from responsibility in handling the goods.

The work of inspection and analysis must be vigorously continued to keep spurious goods out of the market. Jobbers in the cities have great quantities of questionable goods and will push them wherever there is opportunity, as the profit is large, both for them and for the retailer, and the price cheap to the consumer as compared with pure goods.

The percentage of adulterated articles analyzed in 1905 on the whole is less than that of 1904. Samples of lard and butter averaged much better. The package goods are mostly labelled to describe the contents of the package, as that is strictly required by law; but housekeepers will do well to examine labels carefully, because in many cases the real description of the contents of the package is printed in very fine type on edge or back, with misleading name of the article called for, in more conspicuous letters. "Vanilla Extract" is an example. The bread soda analyzed has been uniformly good, the genuine being too cheap for profitable adulteration, but a neatly wrapped half-pound package labelled "Borax" was found to be more than half bicarbonate of soda. The baking powders were all nearly or quite up to the standard as to strength, the best being the acid phosphate.

All the samples of "Salad Oil" analyzed were found to be straight cotton-seed oil. Those labelled "Olive Oil" and "Lucca Oil" were found to be real olive oil, though three out of the ten were found to be rancid and unfit for table use. Of the samples of cider examined, five contained salicylic acid. The vinegar was with one exception cider vinegar. French peas were found to contain copper. All samples of maple syrup were found either mixed or wholly bogus, but a careful reading of the labels showed that they did not claim to be pure. The admixture of glucose in these samples was not really unwholesome, but can be afforded at 25 per cent of the price paid for it in the samples of maple syrup. The canned turkey meat was not found poisonous, nor did the oysters (five samples analyzed) contain borax.

Perhaps it may not be amiss to warn housekeepers against "Soaked Goods," so called, consisting, it is said, usually of canned peas, beans, corn, etc., made by soaking the dried vegetables for a long time in water to soften the kernel and then coloring, to restore appearance. No sample of such goods was reported by our chemist. They are usually detected by the consumer, as they lack the flavor and nutriment contained in canned fresh goods. Chemical analysis might not show any difference.

Of medicinal preparations analyzed, Sweet Spirits of Nitre samples were mainly found to be slightly deficient in strength (nitrous oxide), and of acid reaction, indicating age. Of fourteen

samples of tincture of iodine examined, four were found to be made according to U. S. P. requirements of 7 per cent of iodine. Two contained hardly five per cent, while one contained about 10 per cent. The latter was probably taken from the bottom of a large bottle of the tincture in which the crystals were not all dissolved before a part was sold.

Our temperance friends may be pleased to learn that the brandy drops analyzed did not contain an unlawful amount of alcohol, but it was hardly expected that so expensive a flavor as brandy would be found in excess. Perhaps a word of advice to druggists may be pardoned. Every proprietor should have his name printed on his labels (if not blown into his bottles), that the purchasing public may know who is responsible for the quality of the goods sold.

Investigation Following Contagious Diseases.

The looking into the source of milk supply and methods of handling, sterilizing of jars, etc., immediately after a case of contagious disease is reported, is a new departure for this department, and although this work was only begun last October, it has already disclosed many cases of carelessness, and brought about so many improvements, that it is evident its continuance will lesson the spread of contagion through milk, and will enable the Inspector to have a detailed record of everything connected with any questionable milk supply. Thus, if any considerable number of cases appear upon one dealer's route, the conditions can be readily and quickly corrected.

It was found in connection with this that drivers were taking milk from houses where cases of contagious disease existed, contrary to the regulations of the Board of Health, being unaware of the fact, as a small card on the front door does not serve as a warning to the many drivers and others who invariably use the rear entrance. Although a driver of a milk wagon is promptly notified of a case upon his route as soon as it is reported to the department, it would seem advisable to have the rear doors of quarantined houses placarded as well as the front.

From October 25th to January 25th the milk supply after nineteen cases of diphtheria, seventeen of scarlet fever and two of typhoid fever were investigated, involving 20 dealers. The supply in three cases of diphtheria and eight of scarlet fever

was train milk, and included four dealers, while three cases of each disease were on one route. While this indicates that a larger proportion of cases occurred on the routes of those dealers who used train milk, it seems hardly fair at the present time to draw any definite conclusions, but future developments along this line will be watched with interest. After one case of typhoid fever it was found that a brother of the dairyman from whom the patient's supply came, had been taken ill with the same disease a week previously. While there may not have been any connection, this man had been more or less about the dairyman's premises, but he being a physician, proper precautions were taken, which would account for there not being any more cases reported from this source.

Milk Inspection.

There have been few changes among the milk dealers who deliver in Brookline the past year. The contractors seem to be gaining about all the wholesale trade, while the smaller dealers are showing a gain in the retail business. The collector of samples has, the past year, taken more samples from those dealers who sell the largest quantity of milk in the town, also from those whose supply varied in purity, rather than an average number from each dealer. This has caused a marked improvement in the supply of those dealers who are inclined to be careless. The total number of samples examined during the year has been 715, of which 63, or 8.8 per cent have been below standard. Passed on inspection, 331. There has been very little adulteration of milk by substances other than water. Two prosecutions have been made, both for adulteration with formalin. Twenty-one samples have been brought to the office for examination. The milk supply is on the whole of very satisfactory quality. The detailed report of the milk examinations has been filed in the office of the Milk Inspector at the town hall.

Dairy Inspection.

This work has been more extensively done than in the past, and with very gratifying results. Over 100 places were inspected, the larger part being dairies which had not been previously visited. It was found that the best results could be obtained by having the licensed dealer accompany the Inspector to the dairies from which his own supply came. Unsanitary conditions could then be more forcibly explained to both dairyman and dealer, and instructions given as to their correction,

under penalty, in some cases, of having the milk from unsanitary dairies excluded from sale in the town of Brookline. The better class of milk dealers are learning that milk properly produced, cooled and handled, will not only retain its sweetness longer and yield larger returns, but that it is a valuable asset to their business to have it known that their supply comes from dairies which are recorded as clean and sanitary, and are under the supervision of, and regularly inspected by, this department. It has been found necessary to shut out but a few undesirable producers. In most cases where the dairyman had not been properly cooling or storing his milk, the suggestions offered resulted to his pecuniary advantage. As an example, one Sudbury dealer who had been cooling his milk in a stagnant pool behind his barn, as he had no available proper water supply, was having an average of twelve cans a month returned to him as unsalable. He was notified through the dealer that he must provide an artificial cooler, which was installed in April. When a second visit was made in August, it was found that not a can had been returned to him since the cooler was installed.

As stated last year, while the local inspectors are obliged under the law to make examination of all cattle in their respective districts once each year, it has been found that if the milk goes out of the district, it is the exception rather than the rule if any attention at all is paid to the sanitary conditions, no matter how bad those conditions are. An inspector in an outside farming district, receiving compensation for doing what the State laws call for, cannot be expected to give his attention to dairies which send their milk to Brookline or other places. They say that supervision is the duty of the dealer who buys it or of the inspector in whose town the supply is sold.

The records of over 200 dairies, showing their sanitary conditions, methods of production, handling, etc., are now on file at the Milk Inspector's office at the town hall. Judging by the number of citizens who have looked over these records during the year, and the fact that the most reliable dealers are reporting an increase in their output while others report a decrease, this work is bearing fruit in the right direction.

Respectfully submitted,

FREDERICK H. OSGOOD, M. R. C. V. S.,

Inspector of Animals, Provisions and Milk.

BOARD OF HEALTH HOSPITAL

THE BOARD OF HEALTH HOSPITAL.

H. LINCOLN CHASE, M.D.,
Superintendent and Visiting Physician.

MARTHA W. MEEK,
Matron and Resident Nurse.

WILLIS W. ESTEY,
Outdoor Manager.

WILLIAM K. BAILEY,
Engineer and Janitor.

REPORT OF THE SUPERINTENDENT OF THE BOARD OF HEALTH HOSPITAL.

BROOKLINE, MASS., Jan. 31st, 1906.

To the Honorable Board of Health:—

GENTLEMEN,— I have the honor to submit the following report for the fiscal year ending January 31st, 1906.

The total number of patients admitted during the year was 78, an increase of 14 over that of the previous year. This number, with the 11 patients remaining in the hospital at the beginning of the year, made the entire number cared for 89. Of the 78 admitted during the year, 31 had diphtheria, 43 had scarlet fever, 1 had measles, and 3 had consumption. One of the scarlet fever patients was just over the acute stage of measles on admission, and another patient with scarlet fever had also at entrance a very light attack of diphtheria. No cases of "cross-infection" occurred.

The following table shows the number of patients admitted to the hospital each month:—

1905.	Diphtheria.	Scarlet Fever.	Measles.	Consumption.
February	0	9	0	0
March	0	1	0	0
April	6	3	0	0
May	10	6	0	0
June	2	1	1	0
July	1	0	0	0
August	0	0	0	0
September	0	0	0	0
October	0	6	0	0
November	4	2	0	0
December	4	5	0	3
1906.				
January	4	10	0	0
	81	48	1	3

The number of Brookline resident patients admitted was 70, and of non-resident patients 8; all of the latter, whether ward or private-room patients, paid their bills in full. Of the 78 patients 9 were private-room patients. There are now in the hospital 15 patients.

There were three deaths during the year, 2 from scarlet fever and 1 from diphtheria.

A large number of the patients were very seriously ill, especially the scarlet fever patients, and occasionally the services of specialists were called in. Dr. John H. McCollom, Dr. Walter A. Leconte, Dr. Arthur L. Chute and Dr. Luther G. Paul were each called in either for a consultation or for a special operation. Dr. Francis P. Denny attended at the hospital whenever the writer was unable to do so.

The nursing has been done mainly by the resident nurse, assisted by experienced pupil nurses; but when circumstances required it a Boston City Hospital graduate nurse has been temporarily employed.

The expense of heating the new buildings has caused much dissatisfaction to all concerned, and plans for securing more economy in fuel and for dispensing with the services of a fireman during the winter months have been carefully considered by the engineer and by experts, who have investigated and reported on the matter. It is believed that a solution of this problem will be found whereby a considerable saving can be made.

The total cost of maintenance of the hospital the past year, including all expenses, has been \$9,793.19, or an average cost of \$26.47 per week per patient. Deducting the reimbursements already received from paying patients, \$3,884.76, the net cost to the town was \$5,908.43, or \$15.96 per week per patient, and this amount will be still further reduced by some payments still due from residents. The appropriation made by the town for maintenance of the hospital and for any Brookline patients that might be cared for in any other contagious hospitals was \$7,000.00.

The number of employees connected with the hospital varies considerably in number; when the hospital has its largest number of patients the work, to be effective, has required not only the visiting physician, the matron (she is also the head nurse), the out-door manager (also ambulance driver), the engineer, the laundress and the cook, but also a number of assistant nurses, four or more, at times also a graduate nurse, a fireman, and a kitchen helper. There are also repairs and renovating and many necessary sundries.

Appended is the report of the matron and resident nurse.

In closing the writer takes this opportunity to express his appreciation of the cordial support of the members of the Board, and of its bacteriologist; also of several other physicians, of many parents of patients, and of the officials and employees in the various positions at the hospital.

Respectfully submitted,

H. LINCOLN CHASE, M. D.,
*Superintendent and Visiting Physician,
Board of Health Hospital.*

REPORT OF THE MATRON AND RESIDENT NURSE OF THE BOARD OF HEALTH HOSPITAL.

BROOKLINE, MASS., Jan. 31st, 1906.

To the Honorable Board of Health:—

GENTLEMEN,—I have the honor to present to you a report of the work done at the Board of Health Hospital from February 1st, 1905, to February 1st, 1906.

Number of patients in Hospital February 1st, 1905	11	
Number of patients admitted during the year	78	
Total number of patients treated during the year	89	
Number of patients discharged during the year	61	
Number of patients died during the year	3	
Largest number in Hospital any one day	18	
Smallest number in Hospital any one day	1	
Number of private patients admitted	9	
Number of days treatment given	2,589	
Number of patients remaining in Hospital	15	
Patients admitted {	Men	7
	Women	19
	Girls	28
	Boys	24
Total		78

The New Engand Baptist Hospital continues to send two pupil nurses at a time, and the New England Deaconess Hospital the past year asked for the same arrangement, so that we have, when needed, four experienced and reliable pupil nurses who come for two months each. One pupil nurse contracted scarlet fever while on duty and was cared for in the hospital.

The tubercular patients thus far have not required any nursing, being up and about, but have had supervision. The monolithic floor in the diphtheria pavilion was relaid in April, and some new furniture has been added to the hospital. A piano for the nurses' home is very much needed, preferably of the upright form.

The hospital was closed from August 10th to September 27th.

Respectfully submitted,

MARTHA W. MEEK,

Matron and Resident Nurse.

REPORT ON THE VITAL STATISTICS.

To the Board of Health of Brookline:—

GENTLEMEN,—The undersigned herewith presents the report of the Vital Statistics of the town of Brookline for the year ending December 31st, 1905. The usual details are given in the tabulations appended, but the following is the comparative summary for the year:—

	1904.	1905.
Births	466	480
Marriages	290	335
Deaths recorded (still-births excluded)	294	330
Still-births	14	15
Deaths occurring in Brookline	241	274
Deaths of residents of Brookline occurring out of town	53	71

In the tabulated details of causes of death, the deaths occurring in Brookline and the deaths of residents of Brookline occurring out of town are given separately.

Births by Months.

MONTHS.	Whole No.	Males.	Females.
January	52	25	27
February	30	15	15
March	40	21	19
April	43	21	22
May	39	21	18
June	50	28	22
July	45	25	20
August	40	21	19
September	41	25	16
October	27	14	13
November	37	18	19
December	36	14	22
	480	248	232
Previous years	9	4	5
	489	252	237

Of the above births there were twins, as follows:—

MONTHS.	Whole No.	Males.	Females.
January	4	3	1
February	2	2	0
April	2	2	0
June	2	1	1
July	2	1	1
November	2	0	2
	14	9	5

Marriages by Months.

MONTHS.	Whole Number.	First of Groom.	First of Bride.	Second of Groom.	Second of Bride.	Third of Groom.	Third of Bride.
January	15	14	15	1	0		
February	21	20	20	1	1		
March	15	13	13	2	2		
April	41	36	39	5	2		
May	18	15	16	3	2		
June	56	51	55	4	1	1	
July	20	15	19	5	1		
August	14	12	14	2	0		
September	24	22	20	2	4		
October	50	45	49	5	1		
November	41	38	38	3	3		
December	20	19	16	1	4		
	335	300	314	34	21	1	0

Deaths, Sex, Condition, and Age, by Months.

REPORT.

The Trustees of Walnut Hills Cemetery herewith submit their report for the year ending January 31st, 1906.

The Board organized April 17th, 1905, by the choice of Charles H. Stearns as chairman, Edward W. Baker as clerk, and Myron D. Fisher as superintendent.

The following are the details of the usual work at the Cemetery during the year :—

Number of lots sold last year	8
“ “ single graves sold	16
Interments in private lots	24
“ “ single graves	21
“ “ public lot	3
Interments	48
Receiving tombs used, times	5
Monuments and boulders set	6
Headstones set	6
Markers set	5
Total interments in Cemetery	1,208

The financial condition is shown by the following summary :—

Investments for Perpetual Care.

Massachusetts Hospital Life Insurance Co.

Total	<u>\$2,461 89</u>
Expenditures during the year	1,165 50
Balance	<u>\$1,296 39</u>

For further details reference is made to the Treasurer's report.

Total cash on hand	\$2,811 12
Total receipts	4,449 87
Total	<u>\$7,260 99</u>
Total payments	5,206 14
Total cash balances on hand	<u>\$2,054 85</u>

The entrance walls and gateway, for which an appropriation of \$800 was made at the annual town meeting of 1905, have been completed, and the improvement is very satisfactory.

The matter of a permanent wall or fence for the cemetery grounds needs attention very seriously and an appropriation for such a purpose will be required before a great while.

The Old Town Cemetery has been cared for by the working force of the Park Department, and for the coming year the Trustees recommend an appropriation of \$200 for the same purpose.

CHARLES H. STEARNS,
HARVEY H. BAKER,
LEONARD K. STORRS,

REPORT.

The Brookline Water Board herewith submits its thirtieth annual report, it being for the fiscal year ending January 31st 1906.

As in former years, the reports of the Superintendent of the works and the engineers at the pumping stations, with pumping statistics, are appended.

At the annual town meeting held March 15, 1905, Dr. George H. Francis was elected a member of the Board for three years. The Board organized with the choice of Oscar B. Mowry as Chairman. Z. R. Forbes was appointed as Registrar and Clerk, and F. F. Forbes as Superintendent of the Works.

The most important work of the past season was that of the general installation of water meters. This work was in progress at the time the last annual report was submitted, and was not entirely completed until September last.

Practically all private consumers were supplied with meters by May first; metering the water supplied to the various departments of the town was a much more difficult undertaking, especially with the drinking fountains and standpipes. The work was, however, successfully completed as above stated, the cost of which being well within the amount appropriated. All supplies, both public and private, that are in use are now metered.

The results obtained by the universal use of meters for the six months of the past year are very satisfactory, and were given to the town in a special report of this Board, published with the report on the articles in the warrant for the town meeting held Jan. 31, 1906. As this report gives the summary of the work performed and the results obtained, it is herewith presented.

Special Report of the Water Commissioners of Brookline upon the Universal Meter System.

At the annual town meeting held March 20, 1904, a special committee was appointed to consider the subject of reducing the water rates. The matter was carefully studied by the committee and their conclusions and recommendations were submitted to the town December 28, 1904, and the following votes were passed:—

Voted, That hereafter all water used by the town in its various departments for public purposes be measured by meters, so far as practicable.

Voted, That all water now or hereafter supplied to water takers in this town be furnished through meters as soon as meters can be installed on or for the premises of takers where meters are not now used, and in all buildings hereafter erected, and that all provisions of the water ordinances of the town which are inconsistent herewith be and the same are hereby repealed and rescinded.

Upon the passage of the above votes, the Water Department at once proceeded to comply with the same.

At the time of the passage of said votes there were in use about 2,225 meters, and by the first of May following about 1,600 additional meters had been set, making the meter system universal with the exception of the standpipes, which were metered soon after. Upon the installation of the said additional meters above referred to, many leaks were discovered in connection with the water fixtures. We would state that these leaks were soon checked, whereby a great saving in the consumption of water was made.

Records have been compiled of the pumping and consumption of water under the universal meter system, from June 15 to December 15 of the current year, and it is shown that 368,666,737 gallons of water have been pumped; of this quantity of water 247,610,902 gallons have been consumed by the private takers and 65,007,750 gallons by the town, leaving 51,048,085 gallons, or 14 per cent only, unaccounted for. This low percentage of loss of water is a most remarkable showing, especially when compared with the reports of other municipalities operating their water plants under the universal meter system. We would state in this connection that the percentage of loss of water of all municipalities of New England which have adopted the universal meter system varies from 22 per cent to 40 per cent.

Less water has been pumped during these six months by 56,956,007 gallons than was pumped during the corresponding six months of the previous year. During the month of December just passed 16,886,456 gallons less were pumped, or 21.8 per cent, than during the previous December. While we do not wish to be understood as attributing solely this dif-

ference to the universal meter system, still it is largely so attributable.

Less coal was used as less water was pumped. It can also be said that with this showing in connection with the consumption of water nearly one hundred new supplies have been added to our system this year and notwithstanding this, instead of an increase in the consumption of water, there has been a decrease of 13.5 per cent.

In connection with the new meter takers, about 60 per cent have paid less than formerly under the fixture rates; of the remaining 40 per cent, few have exceeded fixture rates. In most every instance where a large bill has been contracted, leaks have been found in the fixtures, which fully accounted for the increase in the amount of the bill. In connection with the public service, in some instances we found by the meter system an unnecessary if not extravagant use of water, which has been greatly reduced.

The great problem of the day confronting Water Commissions is the prevention of the great waste of water, and the unanimous opinion of those who have studied this problem is that the question can only be solved by the adoption of the universal meter system.

The Commission can therefore report that by the introduction of the universal meter system not only a large saving has been made in the consumption of water, but in its opinion the time has been postponed in consequence thereof when an additional supply will be necessary.

An accurate table is hereto annexed, showing in detail the amount of water pumped and consumed in connection with the public and private service for the six months from June 15 to Dec. 15, 1905.

SUMMARY OF WATER RECORDED BY METER FROM JUNE 15, 1905, TO DEC. 15, 1905, AND WATER PUMPED DURING SAME TIME.

Total number of gallons of water recorded by meters in private buildings	247,610,902
Total number of gallons of water recorded by meters in public buildings and in public places	59,945,250
Water used for flushing sewers, mains and hydrants; used at fires, by steam rollers, for puddling trenches of the sewer department, water department, and Telephone Co., and flooding playground	5,062,500
Total	312,618,652
Total water pumped during this time	363,666,737
Water not accounted for	51,048,085

Per cent not accounted for	14
Per cent of metered water used by the town	20.7
Per cent of metered water used by private consumers	79.3

DETAIL OF WATER USED BY THE TOWN.

Proposed Location of Railroad near the Low-Service Pumping Station.

During the past year the matter of the proposed extension of the railroad of the New England Railroad Company from Needham to West Roxbury, and across lands owned by the town of Brookline and forming a part of its water plant, has been brought to a satisfactory adjustment.

* Of this amount the Bath House consumption is 10,066,500.

It was the original purpose of the railroad company to locate its tracks in connection with said proposed extension over the most vital part of our water plant, so as to seriously interfere with various wells, pipes and other essential fixtures.

The granting of this proposed location was vigorously opposed by the town, at first before the Massachusetts Railroad Commissioners, who, after several hearings, ruled in substance that land could not be taken from the town for another public use after it had been taken by the town for one public use, because the said proposed taking by the railroad company would interfere or be inconsistent with the public use already existing in favor of the town. Said Commissioners therefore refused to grant said railroad company's petition. Said railroad company next applied to the General Court for a special act to enable it to extend its said railroad, and after several hearings an act was agreed upon and passed which was satisfactory to both the town and the company. Said railroad extension is now being constructed as will result in the least damage to the town's water plant, its location, as originally proposed, being very materially changed.

Extension.

The general distributing system of the works has been improved during the past year by the connecting of various street mains. These connections are of permanent benefit, as they prevent stagnation of water and insure additional means of supply in case of fire. While this work is somewhat dependent upon the opening of new streets, considerable can yet be accomplished by the extension and connecting of mains in streets already built.

Authority has been obtained from the town to contract for cast-iron pipe and special castings to meet the ordinary requirements of the department. As in past years, this pipe will be contracted for upon the basis of an early spring delivery.

Maintenance.

The wood work at both pumping stations has been painted during the past year. At the low-service station, the iron chimney cap, which was discovered to be in a dangerous condition, was replaced with North River stone. The entire chimney, after a thorough cleansing, was pointed and painted.

The crowded condition of the work-shop and stable has been more than ever apparent during the past year. Lack of work-room and storage facilities has actually interfered with the routine work, and it is imperative that arrangements should be

made for the erection of a building suitable for the use of the department, and we recommend that action be taken at once on the part of the town.

Appropriations Required.

OSCAR B. MOWRY,
TIMOTHY J. BURKE,
GEORGE H. FRANCIS, M. D.,
Water Board.

SUPERINTENDENT'S REPORT.

BROOKLINE, Mass., Jan. 31st, 1906.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present herewith the annual report of the Superintendent for the year ending January 31st, 1906:—

Extension of Street-Mains.

(1) Extensions to Low Service.

St. Paul st. by Freeman st.	74.9 feet 10-inch pipe.
Beacon st. from Englewood ave. to Warwick rd.	658.8 " " "
Freeman st. from Powell st. to St. Paul st.	254.5 " 8-inch "
Beacon st. from Boston line to Englewood ave.	942.5 " " "
Evans rd. from Williston rd. to Washington st.	529.1 " " "
Kenwood rd.	303.5 " " "
Freeman st. from Dymoke st. to Powell st.	347.4 " 6-inch "
Beacon st. near Boston line	113.5 " " "
Salisbury rd. from Williston rd. to Washington st.	431.8 " " "
Clinton path	25.7 " " "
Columbia st.	548.0 " " "
Cameron st.	341.5 " " "
Washington st. near Brighton line	327.5 " " "
Hawthorn rd.	333.4 " " "
Marshall st.	181.0 " 2-inch "
Strathmore rd.	366.6 " " "

Total laid during the year 5,779.2 feet.

Service-Pipe.

Number laid as per last report	4,091
Number removed the past season	10
Number of old services	4,081
Laid the past season	98
Total laid	4,179

From the above summary it will be seen that mains have been extended in sixteen different streets, though in most cases these extensions were only for a short distance, and with two exceptions were made for the purpose of eliminating dead ends, and increasing the fire service. The part of the town

particularly benefited by this work was the upper Beacon street district, to which attention was called in the last annual report as needing a better fire protection.

In accordance with the usual custom four hydrants have been set in streets where much building has recently been done.

Probably the most important work of the season was the general installation of water meters, which included every service pipe not before metered. As the maintenance of so many meters will form quite an item of expense annually, much attention was given to the best way of setting them and the setting was so arranged that any meter can be easily removed and any other make of meter of same size put in its place without trouble.

The usual care has been taken of all the property under the charge of this department, and repairs made where needed, the more important of which are as follows: the outside wood-work of all the buildings at the low-service station except the engineer's dwelling house, and the outside wood-work of all the buildings at the high-service station was painted with two coats of lead paint.

The sheds at the high and low-service stations were shingled. The driven wells, which were not examined in 1904, were pumped out and by removing the fine sand which collects around them their capacity was much increased. The wells in front of the engine house were deepened by carrying the ends much below the possible suction draft.

Two new pumps were purchased to take the place of those worn out.

No serious leaks have occurred in any part of the distribution, and all leaks except one have been confined to service-pipes and hydrants.

No evidence of damage caused by electrolysis has been discovered, although a sharp watch has been maintained for such trouble.

The department has always been on the alert to detect any waste of water from leaks which do not show on the surface of the ground, and it must continue to be equally energetic, as pipes which seem to be sound today may become defective tomorrow.

An examination of the record of consumption, which will be found farther on in this report, shows very clearly the effect of the general use of meters. It will be noticed that during the month of January just passed the consumption was 17,711,808 gallons less than during January of the previous year. It is quite probable that a still smaller amount will be used the

coming year, as many people did not realize how much water was wasted by small leaks until the first bills were received. This is plainly shown by an examination of the statement of the water consumed for each month of the past year. In consequence of the very large reduction in the use of water the time when the supply will need to be increased has been postponed.

The statement made in the last annual report that the department had completely outgrown the work-shop and stable should be repeated with emphasis at this time, and it is hoped that something will be done to provide more ample quarters in the immediate future.

It will be noticed by the Engineers' reports annexed that the pumping machinery is in a state of good repair. The electric lighting plant at the low-service station continues to work successfully, and has resulted in saving fully one-half the cost of lighting.

I subjoin the following tables, etc., all of which is respectfully submitted.

F. F. FORBES,
Supt. Water Works.

COMPARATIVE RECORDS.

YEAR ENDING FEBRUARY 1.	Gallons Consumed.	Coal Consumed in lbs.	Revenue.

LOW-SERVICE ENGINEER'S REPORT.

LOW-SERVICE PUMPING STATION,
BROOKLINE WATER WORKS,
WEST ROXBURY, February 1st, 1906.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present herewith the annual report of the Engineer for the year ending January 31st, 1906.

The total amount of water pumped by engines No. 3 and No. 4 is 795,416,944 gallons—over seventy-four million gallons less than last year. The coal consumption shows a decrease of 82,253 pounds, and the time during which the engines were in operation a decrease of 316 hours.

Boilers.

The boilers are in good condition. Annual and quarterly inspections have been made by the Hartford Steam Boiler Inspection & Insurance Co., also internal and external examinations by the engineers at this station regularly every month. The furnaces have been re-lined and 14 grate bars renewed. A granite top has been placed on the chimney and the brick-work pointed and painted.

The boiler setting, the walls of the boiler room and the basement of the engine room have been whitewashed. The outside wood-work of all the buildings has been painted and slight repairs made on the roofs of engine and boiler rooms.

Engines.

The pumping engines are in good working order. Most of the pumping has been done by engine No. 4, as this engine is more economical on fuel than engine No. 3. The boiler feed pump of engine No. 3 should be enlarged, as, since the electric light was installed, this pump is not of sufficient capacity to supply the boilers without the aid of the injector when the electric engine is running and steam on all the radiators. The capacity of the feed pump can be increased, at a slight expense, by boring out the barrel of the pump and fitting it with a new plunger of the same size as that on engine No. 4.

A defective joint in the suction-valve deck of engine No. 4 has been repaired, and four of the valve seats renewed. The filter which supplies river water to the condensers and boilers has been cleaned and repaired and connected by a 6-inch pipe to the hydrant supply-pipe.

The drain-pipe of the low-pressure jacket of engine No. 4 has been connected to the suction-pipe of the feed-pump, thereby slightly increasing the temperature of the feed water.

Lighting.

Electric light has been used during the greater part of the year. The engine and dynamo are in good condition.

I subjoin the pumping record, all of which is respectfully submitted.

RICHARD J. FLINN,
Engineer.

HIGH-SERVICE ENGINEER'S REPORT.

HIGH-SERVICE PUMPING STATION,
BROOKLINE, February 1st, 1906.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present herewith the report of the engineer of the high-service pumping station for the year ending January 31st, 1906.

The wood-work outside of buildings has been thoroughly repaired and painted, also wood-shed shingled. All are now in good condition.

No repairs have been required on the boilers or brick-work the past year.

Boiler No 1 is in fair condition, boiler No 2 is in good condition.

Engine No. 1 has been thoroughly repaired the year just past and is now in fine condition. Engine No. 2 is in good working order.

The following table shows the record of this pumping station for the past year.

Respectfully submitted,

WILLIAM B. WEBBER,

Engineer.

DESMOND FITZGERALD, *Chairman.*
GEORGE F. JOYCE, *Clerk.*

REPORT OF THE PARK COMMISSIONERS.

Maintenance.

A small force of men is kept throughout the year whose duties consist mainly in keeping all of the public grounds, including the school yards, parks, playgrounds and triangles, with their roads, paths, wood-lands and planting spaces, in as good condition as is practicable and consistent with a proper consideration of economy. During the winter, when the work is lessened this force is reduced to four or five men who are engaged in the clearing of snow, cutting trees, and caring for portions of the department work which can be done at that season. During the ordinary working season this force is expanded in accordance with the nature and extent of the work. Besides their regular duties these men are engaged also in construction or the carrying out of special matters ordered by the town, wherever they can be employed to advantage.

The amount of the appropriation usually made for maintenance of the Park Department is \$12,000.00, a small sum when it is considered that the area of the lands now under charge of the Board amounts to 288.9 acres and represents a cost of \$1,020,641.44. The following table gives in a concise form the times, areas and costs of these purchases.

Public Grounds Under the Control of the Park Commissioners.

	Area in Acres.	Cost.
Previous to 1880	21.8	\$142,488 55
1880-85	30.2	24,636 51
1885-90	22.1	162,305 08
1890-95	10.7	150,880 25
1895-1900	69.0	128,428 80
1900-05	135.1	416,902 80
Totals	288.9	\$1,020,641 44

The Commissioners have endeavored to keep the expenses of maintenance within the appropriation of \$12,000.00, but there has been difficulty for several years in avoiding a slight deficiency towards the end of the fiscal year. As the town grows new work is added to the maintenance account. The development of skating, principally upon the old Boston Reservoir recently acquired by the town, has added materially to the

responsibilities and expenditures of the Board. The old Boston Reservoir has an area of twenty-three acres and is a deep body of water even around the margins. During the present skating season thousands of people have insisted upon going upon the ice when warned that the ice was unsafe. At times the services of several police officers and a number of park employees have been unable to keep people from venturing upon the ice. The terrible nature of the calamity which is likely to occur under these conditions is fully realized by the Commissioners. It is impracticable to supply a sufficiently large force of men to ensure safety to the skaters. The Park Commissioners have purchased ladders, life preservers and ropes which are mounted upon posts in convenient places around the Reservoir; they have also devised a system of stands, nine in number, spaced around the Reservoir, and these stands contain notices warning people not to enter upon the ice when it is in a dangerous condition. These notices are changed to others whenever the skating is safe. A special officer has been engaged to patrol the ice, and he has been directed to maintain order and to do everything in his power to make this healthful sport safe, but with every precaution the Commissioners realize that there are grave dangers which may arise from the sudden gathering of large crowds in one spot where something of interest is going on. It is to be hoped that the people of Brookline will realize the risks attending skating and do everything in their power to aid the Department in the enforcement of the rules.

The small skating area on the Cypress Street Playground, which was provided this year, has proved successful, and is perfectly safe for young children, the water not being more than four inches in depth.

To keep even the most necessary oversight of the skating has added to the expenses of maintenance and caused a larger deficiency than usual in the \$12,000.00 appropriation. The Commissioners, in view of all the facts above enumerated, ask for \$13,000.00 for maintenance during the coming year.

Special Work.

In addition to the ordinary work of maintaining public grounds, the following improvements have been carried out under authority of special appropriations.

Cypress Street Playground. Appropriation, \$2,000.00. Last year the Board planned to resurface Cypress Street Playground and to add six inches of loam to those portions which required it. The Town Engineer estimated that \$4,000.00 would be sufficient for the intended improvement. In consultation with

the Committee of Thirty Citizens, it was finally decided to undertake but half of the enterprise during the year, and consequently one-half only of this sum was appropriated; of this but \$1,000.00 has been expended, owing to the fact that the opportunity for securing loam at a reasonable price did not occur until so late in the season as to interfere with the use of the playground in the autumn. When this work is carried out it is very desirable that it should be done during the middle of the summer. The unexpended balance of the Cypress Street Playground appropriation, \$1,000.00, should be re-appropriated and an additional sum of \$2,000.00 added for work intended to be done this year, making in all \$3,000.00.

Seats. The seats on the Cypress Street Playground, for which the town made a special appropriation, have been placed in position, and are giving satisfaction.

Dymoke Street. Appropriation, \$5,300.00. This street, which adjoins the Amory Playground, had been subgraded in 1904 and allowed to settle over winter. During the past year the whole street has been completed. After the sewer, gas and water pipes had been laid the surface was macadamized and finished, catch-basins constructed, curbstones set where necessary, and the grading on the slopes of the Amory Playground graded, covered with loam and planted. Total amount expended, \$4,341.37, leaving a balance of \$958.63 to be turned into the town treasury. The street is now ready to be laid out by the Selectmen as a public way.

Heath School Lot. Last year the unexpended balance of \$1,932.15 remaining from previous appropriations was re-appropriated for the purpose of loaming and planting the grounds. Of this sum only \$320.30 has been expended for minor grading and for the planting of about one hundred trees. The unexpended balance of this appropriation, \$1,611.85, should be re-appropriated so that it may be available during the coming year.

Heath School Garden. Appropriation, \$250.00. The whole of this appropriation has been expended for enlarging and improving the school garden, which has an area of 6,500 square feet.

Pierce Primary School Grading. Appropriation, \$2,000.00. As all the work outside the walls of the school-houses has been placed under the charge of the Park Commissioners, the Board last year asked for an amount necessary for building granolithic walks, setting edgestones on the street and building walk

and driveway. This work has been completed in a systematic manner under the oversight of the Town Engineer. The total amount of the appropriation has been expended.

Washington Street Playground. Appropriation, \$675.00. The Marion street approach to the playground, for which an appropriation was made by the town, has been constructed and fences built separating the walk from the adjacent lands. The grading and planting of that portion of the playground adjoining Griggs road should be done during the coming year, and the Board asks for an appropriation of \$500.00 for this purpose, that amount having been estimated by the Town Engineer as necessary to accomplish the work. The grading of the circular road is to be postponed until further settlement of the ashes has taken place. During the past year a settlement of a suit for the taking of 2,473 feet of land from W. A. Miller in 1903, and for which the sum of \$1.00 per square foot was demanded, has been settled by the payment of \$370.95. This parcel of land forms a part of the road around the playground.

Lincoln Primary School Improvement. Appropriation, \$600.00. The area in front of this school has been improved in accordance with the desire of the School Committee, by the planting of shrubbery and the construction of some iron fencing to protect the spaces so treated.

Footbridge, Reservoir Park. Owing to difficulties in securing necessary rights of way, nothing has been done towards the building of the bridge designed to connect Walnut street with the Reservoir grounds and provide a new inlet for the use of the public. The Board asks for a reappropriation of the \$550.00 appropriated for this purpose.

Poles on the Library Lot. The Board asks for an appropriation of \$350.00 for removing several unsightly poles on the Public Library lot and placing the wires under ground.

Old Stable Lot. For finishing the grading and planting the site of the old Chase stable, which was removed from the town land adjoining the police stable, the Board asks for an appropriation of \$300.00.

Office Building and Tool House. The limited quarters already existing upon Riverdale Park, while answering the purposes for which they were built, in the constantly expanding work of the Department have proved inadequate, and the Board has planned to erect a combined office and tool house to be built upon the town land adjoining the Fire Department building, in the rear of the Devotion School buildings. The

office is for the use of the Superintendent and includes a workshop where minor repairs can be made. The estimated cost of the building is \$5,500.

Cowan Lot Grading. The Board asks for an appropriation of \$1,000.00 for the purpose of grading a portion of the Cowan property on Clyde street, which was purchased several years ago. A portion of this land has been excavated for the purpose of securing gravel, and on account of the irregular and ragged appearance of the pits and the presence of rubbish, the Board has asked the Town Engineer to prepare a plan for the permanent improvement of the land by the grading of a suitable playground, leaving the higher portions available for such buildings as the town may in the future see fit to place upon the lot. It is probable that the total expense of this grading will not be far from \$5,000.00. It is desirable that a limited amount of this work be undertaken during the coming year in order to carry out the improvement gradually.

Grading Russell Street. In connection with the purchase of the Coolidge Playground, the Board agreed to pay one-half the expense of grading Russell street, which is a private way abutting upon the playground. The Town Engineer estimates the total expense will be \$450.00, and the Board asks for a special appropriation of \$225.00 to pay one-half of the expense.

The following table contains a list of the appropriations for the coming year, recommended by the Board:—

Regular appropriation for maintenance of parks and all public grounds	\$13,000 00
Special appropriations:	
For surfacing the Cypress street playground with loam, reappropriation \$1,000, additional \$2,000; total \$3,000	\$3,000 00
For improving the Heath School lot, reappropriation	1,611 85
For constructing a terrace on the north side of the Heath School building as per original plans . . .	4,000 00
For grading a part of the land formerly owned by the Boston Water Works, adjoining the Heath School grounds, including the filling of the ravine and draining it	3,500 00
For grading and planting a portion of the Washington street playground adjoining Griggs road	500 00
For building a foot-bridge from Walnut street to Reservoir Park	550 00
For removing poles from the Library lot and putting wires under ground	350 00
For grading and planting the old Chase stable lot	300 00
For a new Park Department building on the Devotion lot	5,500 00
For grading a part of Cowan lot	1,000 00
For grading Russell street adjoining the Coolidge playground, one half of \$450	225 00
	<hr/>
	20,586 85
Total	<hr/> \$33,586 85

Purchase of Land. Appropriation, \$46,768.01. The above amount was the balance remaining from \$100,000.00 appropriated in 1903 for purchasing playground sites. The town has been a pioneer in this work, having pursued an established policy of securing parcels of land whenever the opportunity for obtaining desirable sites at a moderate cost has occurred. By this plan several good lots upon which to erect schoolhouses have been purchased, and a fine park of 120 acres has been secured in the Putterham district. During the past year the Commissioners have purchased a lot of land from the heirs of David S. Coolidge and Henry S. Coolidge; the land is surrounded on three sides by streets, viz., Kennard road, Columbia street and a private way to be known as Russell street. The land has an area of 73,142 square feet and cost \$10,000.00. It will have to be filled before it will be fully available for a playground. This filling will be done with the ashes collected by the town. The purchase of this land, together with the payment of \$370.95 already referred to for the settlement of the Miller taking in connection with the Washington street playground, leaves a balance of \$36,397.06 still available, but as this will not be sufficient for continuing the work of the town in this direction, should the plans at present under contemplation be carried out, the Board asks for a reappropriation of this balance and for an additional sum of \$100,000.00. The Board is now negotiating for the purchase of several important parcels of land, which if consummated with the approval of the Selectmen will absorb much more than the balance remaining from the former appropriation.

Respectfully submitted,

DESMOND FITZGERALD,

ALBERT L. LINCOLN,

Park Commissioners.

REPORT OF COMMITTEE FOR PLANTING TREES.

BROOKLINE, MASS., January 31st, 1906.

The following list of roadside trees was planted in Brookline the past year:—

Clark road	27	
Naples road	1	
Cypress street	12	
Boylston street	25	
Dymoke street	22	
Beals street	4	
Gibbs street	3	
Fuller street	2	
Harvard street	1	
Brookline avenue	1	
Crowninshield road	3	
Griggs road	55	
Salisbury road	1	
Windsor road	4	
Lee street	4	
Stedman street	1	
St. Mary's street	1	
Clinton road	1	
Clinton path	3	
Harrison street	2	
Francis street	1	
Strathmore road	22	holes prepared
Crafts road	60	holes prepared

Perhaps the most important change to be noted is an agreement recently made with the Board of Selectmen whereby in future all permits to plant trees on hard sidewalks must be approved by the Board, as well as by your Committee. This is manifestly a wise co-ordinate action because it is tacitly understood that when an asphalt, concrete, granolithic or even brick sidewalk is established without trees, none are wanted or needed at that time, and if any future change is called for the status of the sidewalk itself should be taken into consideration, and this lies wholly outside of the proper jurisdiction of your Committee.

The past year has seen, as was to be expected, a marked increase in the egg clusters and nests of the Gypsy and Brown Tail Moths, and the cost of getting rid of them by hand work

has risen several thousand dollars, as the Brown Tail Moths invaded us quite extensively from uncared-for portions of Brighton and Newton. The Gypsy egg clusters exist in many undiscoverable places all over town today, and there will be without doubt a great increase in their number the coming season.

A new move will be made this summer against the Brown Tail by waging warfare during the Moth-flight season in July, when great numbers may be destroyed in the neighborhood of the roadside electric lights, a method which promises to be vastly better than climbing round in trees for them later. Perhaps it may not work so well as it promises, but we will try.

Meanwhile State Supt. Kirkland is busily engaged in importing and rearing parasites, which we hope will soon stem the tide of increase and finally reduce the Gypsy and Brown Tail to the rank of ordinary caterpillar nuisances, which may, generally speaking, be ignored altogether.

The regular appropriation for the past year was \$6,000, one thousand of this being intended for use, if called for, toward the employment of Mr. Albert Koebele, the parasite expert. Mr. Koebele's services were finally wholly retained by the Sugar Planters' Association in Hawaii, so that he was no longer available. As the season progressed it became evident that the necessary hand work on Gypsy and Brown Tail Moth eggs and nests would be largely increased, and it became imperative to secure more money to do it. Your Committee expected to have the requisite sum voted at the usual fall town meeting. No meeting was called, however, and after consultation with the Town Treasurer and the chairman of the Selectmen, the Tree Committee decided to use the Koebele money and one thousand dollars additional, \$7,000 in all, to carry on the work properly and economically, it being much easier and more effective to work on the Gypsy eggs before the winter snows came, which would render some of them undiscernible. This sum was sufficient up to February 1st, 1906, when the revenue of the incoming year became available.

To cover the probable cost of work for the ensuing year your Committee recommends an appropriation of seven thousand dollars (\$7,000), and even this sum is likely to prove insufficient if the above named caterpillars still continue for the time being to gain upon us in numbers.

FORTY-NINTH ANNUAL REPORT
OF THE
TRUSTEES OF THE PUBLIC LIBRARY.

The Trustees herewith submit their annual report to the town. Full details of the administration of the Library are contained in the report of the Librarian, and the Treasurer's report shows the status of the trust funds. The details of receipts and expenditures are to be found in the reports of the Town Treasurer and Town Accountant.

By vote of the town the sum of \$2,500 was placed at the disposal of the Trustees for the purpose of procuring expert assistance in the preparation of preliminary plans for a new library building. The problem to be solved is widely different from that of designing a school building, or any other public structure. A modern library is vastly more than a depository of books, and its administration is greatly more than an oversight upon the volumes it contains and supervision of their circulation. In order to meet the needs of the community using the library, and to facilitate its use, elaborate cataloguing is required. The books in a library where the public is admitted to the shelves must be arranged in an accessible manner. The introduction of a children's department, which should be as well placed for light and air as the room for adults, compels a great enlargement of the ground plan of the building. The Trustees have already established two deposit stations, and in time no doubt it will be necessary to organize branch libraries in other parts of the town. This feature also calls for room for administration. These are but examples of the problems which the designer of a new building has to face.

It is unnecessary for the Trustees to dwell upon the fact that the requirements of a community vary with the number of people constituting it and with their reading habits; consequently every library should be planned to meet the special needs of the community for which it is provided. An examination of a great number of plans of existing libraries by the committee of the board which has had the matter for the most part in charge, has shown not one of them adapted to the needs of this town.

In order to obtain the most expert and best informed assistance procurable, the board entrusted the formation of a preliminary schedule of rooms in a new building, their size, general arrangement, and other requirements, to Messrs. Charles K. Bolton and Hiller C. Wellman, two former librarians of Brookline, and the present librarian, Miss Louisa M. Hooper. This committee held many sessions and discussed each matter point by point. They also visited the new library at Utica, New York, which seemed the nearest approach to the case of Brookline, and studied the extensive collection of plans in the State Library at Albany. After some months of deliberation they presented a schedule of rooms, their size and other requirements.

The board next appointed Mr. Edmund M. Wheelwright consulting architect, and assigned to him the preliminary duty of studying the librarians' plans, and devising an arrangement of the rooms to meet the conditions of those plans. Mr. Wheelwright has submitted several sketches, not with the intention of presenting a definite plan to be adopted, but merely to show that the conditions can be met. The actual arrangement will of course be that which the architect hereafter to be selected will offer.

The Trustees have been thus particular to report their successive steps, because the town is entitled to the information, and because they wish it to be known that they have proceeded with the utmost deliberation, and with an earnest desire to do nothing which might afterward need to be undone. They have expended of the sum specially appropriated for expert advice for preliminary plans, \$873. As this appropriation lapses at the end of the financial year, they now ask for a reappropriation of the balance, \$1,627, and a further sum of \$1,373, making \$3,000, to enable them to open to competition the preparation of definite plans for the new library building.

The Trustees should not close this part of their report without stating to the town that in what they have done, and in what—if the town approves—they intend to do, they have set before themselves as essential parts of their duty,—

1. To endeavor, first of all, to make the interior of the building convenient, and adapted to the most efficient administration, and to regard the external architectural appearance, of which they fully appreciate the importance, and which must strictly meet the interior requirements, as the succeeding step for their consideration.

2. To plan a building which can be used for many years of continuous growth in the number of books in the library—by

the use of a supplementary stack system—without any alteration whatever of the exterior lines of the building.

The appropriation by the town for the maintenance of the Library for the past year, 1905-06, was \$20,000, and the receipts, chiefly from fines, were \$723.23. The expenses amounted to \$20,459.88, leaving a balance of \$263.35.

The Trustees ask for an appropriation for the coming year of \$19,500. Although the re-classification has been finished so that this expense has ceased, the employment of an additional janitor has been found necessary, and there will be more assistance needed in cataloguing. As the expense of keeping the Library open on Sunday is so closely connected with its general support, no special amount is asked for this purpose, but the estimates for salaries, lighting, and heating are based on running the Library for seven days a week.

REPORT OF THE LIBRARIAN.

BROOKLINE, MASS., February 1st, 1906.

To the Trustees of the Public Library:—

During the year the number of books issued for home use was 138,798, of which 14,178 were issued from the Coolidge Corner station, and 2,978 from the Boylston station. The proportion of fiction circulated was less than 59 per cent, and the statistics of circulation show a decrease in its use, and a slight increase in the use of other works.

Cards have been issued to 1,279 new borrowers. Of this number 219 were given out through the Coolidge Corner station, and 21 through the Boylston station.

The yearly inventory shows a loss of 76 volumes, against 93 last year. The majority of these are fiction and children's books, and no valuable books are among them.

Children's Department.

From the School Reference Room 7,197 volumes have been issued to teachers, who report a circulation to pupils of 8,030, making a total for the year of 15,227. The attendance in this room has been 4,166 during the year.

9,195 books have been issued from the Children's Room to children under twelve years of age, against 9,166 last year; and the attendance in this room has been 20,509, against 20,503 last year.

Miss Elisabeth Kinsman, the assistant in charge of the Children's Room, deserves credit for preserving order under conditions which are at times very trying. The well-arranged children's department which we hope to have in a new building, will make possible much better work. By placing the two rooms together, with windows which cannot be overlooked from the yard, our greatest trials in preserving order in the present building will be eliminated.

Some large sets of standard works especially requested by teachers for school use have been bought for the school reference library, namely, — stories by Andersen and Hawthorne, Tennyson's poems, Kipling's *Jungle Book*, Ruskin's *King of the*

Golden River, essays on nature by Burroughs, and Mrs. Haweis's Chaucer for Children.

In order to enlarge the collection of pictures for school use, we have bought copies in sheets of the books on Norway and Holland in Black's series of illustrated books of travel, and have mounted on durable board the attractive colored plates. These have been exhibited in the School Reference Room, and have been borrowed by teachers for class use. To this collection of pictures we have also added a set of colored illustrations of Hiawatha.

Accessions.

4,222 volumes have been added to the Library, against 3,363 last year. Of these 502 were gifts, 777 were bought to replace worn copies, 2,703 were new books, and the remaining 240 were gained by binding periodicals. There are now in the library 62,061 volumes. This number is smaller by 3,209 volumes than the total reported last year, because, for the first time in years, an exact count has been made of the books now in the library. In earlier years, pamphlets were counted as volumes, and many duplicates were withdrawn but not subtracted from the total number of volumes, which explains the discrepancy. 133 titles of current fiction have been added, against 176 last year.

Many valuable books have been bought during the year. Especial effort has been made to fill in the gaps in a few classes. About 87 titles have been bought relating to musical history and theory, a collection of music for two pianos, 23 titles on missions, and many books have recently been ordered on English and French history.

There are now on file in the reading room 9 daily newspapers, 43 weeklies, 77 monthlies, and 17 quarterlies.

The following magazines have been added to our list during the year: The American Historical Review, Revue des Deux Mondes, The International Journal of Ethics, The Psychological Review, The National Geographic Magazine, The Connoisseur, The American Journal of Public Hygiene, The Garden Magazine, The Technical World, The Automobile, Engineering News, Good Housekeeping, The Delineator, and the Commercial and Financial Chronicle; the last-named is a gift from the Town Treasurer's office.

The most important gift of the year was an Account Book of Brookline, dated December 9, 1705, presented to the library by Mr. Thomas Aspinwall. Many valuable books have been given by Mr. Frederick H. Hedge, and the library is much indebted to the Honorable John W. Weeks, for his kindness in getting numerous public documents for us.

Re-Classification.

The re-classification and re-cataloguing of the library, begun in May, 1901, was practically completed in September, 1905. The time consumed by this work has far exceeded the original estimates, but the improved condition of the library amply justifies all the expense. The books are well arranged, they have all been thoroughly overhauled, mended when it was necessary, and they have been provided with the requisite pockets, book-cards and labels, which our new charging system calls for. A very useful system of dummies, planned by Miss Brown, has been arranged, referring the reader from the books on one subject to closely allied matter. Thus,—at the end of the books on U. S. History is a conspicuous dummy reading: "973 U. S. History. See also j973, Text-books and simple histories; 342.73, U. S. Constitutional and political history; 277.3, U. S. Religious history." The following illustrates the use of the dummy in referring to sets of public documents, shelved elsewhere. "991.4 The Philippines. See also 325.73 U. S. Colonies; 2042.6 Reports of the Philippine Commission; 2042.8 Census of the Philippines."

At the end of each alcove is posted a complete typewritten scheme of the classes of books shelved there, with the class number for each, as a guide to the public and to the assistants. A brief outline of the entire scheme of classification adopted by the library—the Decimal, with some modifications,—was printed in the Bulletin for October, 1905, as a help to those readers who like to go directly to the shelves, and who hesitate to ask guidance from the assistants. The employees have all been urged to make themselves as familiar as possible with this outline, that they may readily direct readers to books on any desired subject.

The catalogue has been practically made over, and although not yet perfect, it is an unusually good one. It is now provided with systematic references and cross-references, and great pains have been taken to make the subject-headings consistent throughout. Many long sets of Collections of historical material and Transactions of societies have been fully catalogued. The entries for books have been made very full, and where space would admit contents and some notes have been added to the cards.

Miss Brown estimates the cost of re-classification and re-cataloguing at from 20 to 30 cents per book for non-fiction, which includes mending and labelling. This amount would of course vary widely according to the character of the books

and the kind of cataloguing done. A careful account was kept of the time spent in re-classifying and re-cataloguing 65 somewhat popular scientific volumes (59 titles) which were in fairly good condition. The average cost for these was 20 cents per book.

Altogether the work has been well done, and it would be hard to overestimate its practical value in enlarging the usefulness of the library.

A large proportion of the public documents has not yet been re-catalogued, and if this were done much very valuable material, now practically buried, would be made available. We hope to re-catalogue these during the coming year, if time can be spared from the regular work. When the library goes into a new building the collection might profitably be much enlarged. It is also planned to give systematic instruction to the assistants in the use of public documents, when these have been properly arranged and catalogued.

The Staff.

The resignation of Miss Merritt in September came as the re-classification of the library was being finished, and Miss Brown, who was planning to return to her home in California in the spring, was willing in the meantime to act as assistant librarian. Her work in her new department has been as satisfactory as in her former one, and the library is fortunate that she has now decided to remain as a permanent member of the staff.

In October Miss McNeil, one of Miss Brown's assistants in the work of re-classification, was appointed as regular cataloguer, and to take charge of the Sunday work.

Miss Johnson resigned in September, to accept a position in the Chemical Library of the Massachusetts Institute of Technology. Her place was filled by the promotion of Miss Lilla Morse, who had been one of Miss Brown's assistants.

Three apprentices, Miss Funk, Miss Smith, and Miss Langdon, entered the library in September and October to serve without pay for eight months. The class has received more definite instruction this year than formerly, in cataloguing and in the use of the simpler reference books. Some attempt has been made to encourage the desk assistants to the study of library methods and thereby to add to their usefulness. They are asked to answer in writing a set of simple questions on reference work, the catalogue, and the resources of the library in general. Miss Brown has made out a short list of books and magazine articles on the work in a library, which the assistants and apprentices are advised to read.

In December, by vote of your Board, the Library Committee was empowered to employ an assistant janitor. John Kinnane was engaged provisionally from January 1, and thus far his work seems satisfactory, so far as I can judge: The heavy work of cleaning the building, running the boilers, etc., has been done for several years by Mr. Robie, with some outside help in cleaning. The work of caring for the library building has greatly increased of late years, owing to the Sunday work, the opening of the alcoves, and the general increase in the use of the library, which, of course, necessitates much additional cleaning. The library is open during 12 hours on week days, and 7 on Sundays, and when it is remembered that almost all the daily sweeping, mopping and dusting must be finished before the opening hour of nine, it may be seen that the demands on the janitors are continued and exacting.

Sunday Opening of the Library.

In November your Board voted to allow the opening of the circulating department on Sundays, as an experiment, to be discontinued if the patronage should be slight. This extension of the Sunday work was undertaken not only for the sake of circulating books, but because, with two additional attendants, free access could be permitted to the book alcoves, and a more hospitable appearance would be given to the whole library. The experiment has in its two months of trial been fully justified. The circulation continues to increase, the largest number of books (88) having been given out on January 28th. The smallest number was 36. The opening of the alcoves has been much appreciated. It provides a quiet retreat for readers for whom the periodical reading room has less attraction.

In closing my report for the year, I wish to thank your honorable Board for the generous vacation of three months given to me last summer.

Respectfully submitted,

LOUISA M. HOOPER,

Librarian.

The School Calendar, 1906.

Winter term begins January 2, ends March 30.

Spring term begins April 9, ends June 29.

Fall term begins September 10, ends December 21.

REPORT.

The School Committee respectfully submits to the town the following report for the year ending January 31, 1906. On April 18, 1905, the Board effected the following organization:—

Franklin W. Hobbs, chairman; George I. Aldrich, secretary.

Committee on Buildings—Michael Driscoll, Everett M. Bowker, Walter Channing.

Committee on Finance—Franklin W. Hobbs, Michael Driscoll, Thomas B. Fitzpatrick.

Committee on Hygiene—Walter Channing, Edith C. Baker, Everett M. Bowker.

Committee on Teachers—William H. Lyon, Edith C. Baker, Ruth C. Paine.

Committee on Text Books and Courses of Study—William T. Sedgwick, Ruth C. Paine, William H. Lyon.

Visitors—High, Franklin W. Hobbs, Ruth C. Paine, Thomas B. Fitzpatrick; Cabot, Thomas B. Fitzpatrick; Devotion, Everett M. Bowker; Heath and Runkle, Walter Channing; Lawrence and Lincoln, Edith C. Baker; Longwood and Newton Street, Ruth C. Paine; Pierce and Winthrop, Michael Driscoll; Sewall and Parsons, William H. Lyon.

School Buildings—Construction and Repairs.

It is a pleasure to the Board not to be compelled to ask this year for any large appropriation for new buildings, and it is not anticipated that there will be such necessity in the immediate future.

In accordance with its suggestion last year, the town voted to renovate the interior of the Lawrence School, and that building is now in a satisfactory condition. During the coming summer vacation the Board believes that the interior of the J. Elliot Cabot and Sewall Schools should be repaired, painted, and put in good order, and it recommends that the sum of twelve hundred dollars (\$1,200) be specifically appropriated for this purpose.

High School.

In June, 1905, Mr. Daniel S. Sanford's service as Headmaster of the High School was terminated by his resignation. After a most careful investigation, Mr. George P. Hitchcock was unanimously elected to fill the position. Mr. Hitchcock has been for two years at the head of the High School depart-

ment of the Pratt Institute in Brooklyn, and before that time, for six years at the head of the Fitchburg High School. He had proved himself a success in both places, had brought the schools to a very high standard in every respect, and came highly recommended by everyone. Mr. Hitchcock assumed his new duties in September at the beginning of the present school year, and, although but a few months have passed, we firmly believe that he will make as great a success of the Brookline High School as he has of the other schools of which he has been the head.

Gifts.

The Committee takes pleasure in acknowledging the following gifts, which have been made to the schools since the appearance of the Board's last annual report:—

High School—Justin Winsor's *Narrative and Critical History of America*, presented by the Brookline Historical Publication Society.

Cabot School—A group in plaster, "Orpheus Charming the Wild Animals," value \$400, by Mrs. John P. Webber; a bas-relief, "Phaeton Driving the Sun Chariot," by Mrs. Carleton S. Francis.

Devotion School—Bookcase and books, from class of 1905; statue, "Flying Mercury," cast, Della Robbia's "Bambino," pictures, "Roman Forum," "Dutch Scenes," "Saint Barbara," "Washington's Farewell to His Army," vase, green, grube pottery, from grades VII. and VIII.

Heath School—Six bird pictures, from Mrs. Ruth C. Paine; seven large pictures for assembly hall, from children of Mrs. J. Elliot Cabot.

High School Kindergarten—1 set (10) Froebel's *Mother Play Pictures*, from Mrs. Henry M. Whitney.

Lawrence School—Picture of Longfellow, from Pauline Pollard; Castle of Chillon, from class of 1905.

Lincoln School—Statuary, "Winged Victory," "Young Augustus," "Minerva," "Ajax," "Clio," bas-relief, "Singing boys," "St. Cecilia," "Parthenon Horses," Herald prize contest; pictures, "Zeus," "Winged Victory," "Building on Grand Canal, Venice," from Education Society; picture, purchased with money given as prizes for work in school gardens.

Longwood School—Two rubber plants, from Mrs. W. C. Hunneman and Mrs. Frederic Cunningham.

Parsons School—Pictures, "Madonna of the Chair," "Baby Stuart," "Angel with Viol," Education Society.

Pierce School—Picture, value, \$20, from class of 1905; Henry F. Miller piano, from Mr. Clarence H. Esty; books, value \$25, from Education Society.

Runkle School—Twenty-five dollars, from Mrs. Jessie E. Donald; sixteen dollars seventy-nine cents, to art fund from pupils of grades IV. and VIII.; a large flag, from children of Mr. Charles R. Talbot; picture, "The Birth of Our Nation's Flag," from Mrs. W. H. Munroe; picture (panel of three cathedrals), from Master Frederic Estes.

Sewall School—Two pictures and plants, from Mrs. Henry M. Whitney.

Winthrop School—Cast, "Dancing Girl," from Lawrence School.

Penny Savings.

In order to avoid a mistaken interpretation of the following figures it is necessary to state that the system of penny savings is administered by the clerk of the Board with the assistance of teachers. This undertaking involves a large amount of labor for which no extra compensation is allowed, and this word of explanation should be kept in mind in scrutinizing the statistics which follow.

Printing stamps	\$60 00
Printing stamp cards	16 67
Total expenses	\$76 67
Interest on deposits	\$53 68
Total receipts	53 68
Net expenses	\$22 99

COMPARATIVE STATEMENT OF EXPENSES.

1897-98	\$441 85
1898-99	380 00
1899-1900	306 18
1900-01	84 00
1901-02	14 28
1902-03	9 70
1903-04	21 05
1904-05	46 55
1905-06	22 99

Financial.

As usual at the close of the fiscal year a special effort has been made to obtain all bills outstanding against this department. After payment of all bills, the Board is pleased to re-

port unexpended balances in the various accounts as shown in the following table:—

FISCAL YEAR, 1905-06.

	Appropriated.	Expended.	Balance.
1. High School	\$37,735 00	\$37,579 68	\$155 32
2. Grammar and Primary Schools	102,976 00	102,983 39	*7 39
3. Kindergartens	15,822 00	15,665 81	156 69
4. Manual Training and Domestic Arts	24,441 00	23,747 69	693 31
5. General School Expenses	17,310 00	17,229 98	80 07
†6. Evening Schools	2,250 00	2,186 86	63 14
	<u>\$200,584 00</u>	<u>\$199,392 86</u>	<u>\$1,141 14</u>

In the preparation of its estimates for the next fiscal year, the Board is glad to find that the rapid growth in expenses due to the development of the Pierce and Runkle Schools and the new Heath School, which has been so marked for the past two years, will not continue in the same ratio in the future. In other words, certain increased fixed expenses were necessary at once, and now the schools will gradually grow up to those expenses. It will therefore be noted that the total increase in the estimate of ordinary expenses for 1906-7 shows an increase of \$5,674 over last year, or less than one-half the increase of the previous year.

ESTIMATE OF ORDINARY EXPENSES FOR 1906-07.

High School	\$38,772 00
Grammar and Primary Schools	105,679 00
Kindergartens	16,044 00
Manual Training and Domestic Arts	25,278 00
General School Expenses	17,785 00
Evening Schools	2,000 00
	<u>\$205,558 00</u>

For the maintenance of Vacation Schools, including the support of School Gardens 2,000 00

Last year the amount appropriated for evening schools was \$1,600, but owing to the increased facilities offered for instruction in manual training for young men, and cooking for young women, an additional appropriation was obtained later in the year. The Board feel the results were so satisfactory that the work ought to be continued next winter, and therefore ask for \$2,000 for the evening schools.

* Overdrawn.

† Of this amount, the sum of \$660 was appropriated at the special town meeting of Jan. 31, 1906.

Vacation Schools.

The vacation schools were carried on last summer as usual, and we believe that these schools are doing good work. During the year 1903 school gardens were maintained by the Brookline Education Society, and for the last two years the School Committee has contributed toward the support of this work. The Board is now considering whether or not the time has arrived when the School Department should assume, as a permanent feature, the entire cost of the maintenance of school gardens. Pending a final decision of this matter, we recommend that this year there be appropriated the sum of \$2,000, an increase of \$400, in order that the work of the school gardens may be properly taken care of during the coming summer.

The sub-committee on hygiene has made careful examination of all the buildings and reports the schools to be in excellent sanitary condition.

Reference is hereby made to the accompanying report of the Superintendent of Schools for details as to the work and condition of the schools.

REPORT OF THE SUPERINTENDENT.

To the School Committee of Brookline :—

The annual report now submitted to the Board constitutes the thirtieth in the series prepared by the four gentlemen who have served the town as superintendents of schools. Had the series been unbroken, the present report would have been the thirty-fourth, but in the town reports for the years ending January 31, 1876-1879, inclusive, no superintendent's report is to be found. The recent celebration of the bicentennial of the town's incorporation has suggested to me the propriety of preparing a brief sketch of the superintendency during the thirty-four years which have elapsed since the town established the office. In the warrant for the annual town meeting of March 25, 1872, article sixteen read as follows:—

“To see what action the town will take in relation to a Superintendent of Public Schools.”

At the adjourned annual meeting held on March 26, 1872, this article was disposed of as follows:—

Voted, “That the School Committee be authorized to employ a Superintendent of Schools.”

Voted, “That the sum of three thousand dollars be raised and appropriated for that purpose.”

In accordance with the authority thus conferred, at a meeting of the School Committee held on April 22, 1872, Mr. William T. Reid was elected to the office of superintendent, and entered upon the performance of his duties on the first day of the following September. During his term of service Mr. Reid wrote three annual reports, *viz.*, for the years ending January 31, 1873-1875, inclusive. After Mr. Reid's resignation, several years elapsed during which no superintendent was employed. It is evident that the School Committee of that day were well satisfied with their first experience in the employment of a superintendent, for in their annual report for the year ending January 31, 1875, may be read the following paragraphs :—

"RETIREMENT OF THE SUPERINTENDENT OF SCHOOLS.

"The Superintendent of Public Schools, having been called to another field of labor, your Committee cannot allow him to leave us without bearing testimony to his assiduity during his short connection with education in Brookline. The following extracts from the records of the Committee express their appreciation of his work :—

"The School Committee of the town of Brookline, having received and accepted the resignation of Mr. W. T. Reid, their Superintendent of Schools, would enter upon their records the following minute :—

"That in the superintendency of Mr. Reid, they recognize his capacity as a teacher and educator, his zeal and perseverance in the discharge of his duties, and his desire to carry out, as far as possible, the aims and wishes of the Board.

"In parting from Mr. Reid, they would thus express their satisfaction, as a Committee, with his administration in their schools, and their wish that he may find encouragement and success in the new field which awaits him.' "

In their report for the succeeding year the Committee speak of "their inability for want of funds to employ a superintendent of schools," and remark that this fact "has thrown upon them an amount of labor wholly beyond what can be fairly required, or what the town can ordinarily expect to obtain from unpaid officers."

For several years after Mr. Reid's resignation the supervision of the schools was carried on by sub-committees of the Board on the High, Grammar and Primary Schools and on Examinations. "In this way," says an annual report, "strength, unity and harmony is lent to the system, which could not be expected unless there was a center which directly communicated with the circumference." During these years, valuable assistance seems to have been rendered by an Advisory Board of ladies, possessed of no legal authority and whose service was voluntary. One smiles as he reads that "their advice has been gratefully received and followed when practicable."

This Advisory Board was established by vote of the School Committee March 11, 1872. The advisability of establishing such Advisory Board had been referred to a sub-committee who submitted a favorable report, expressing the opinion that "for the present greater benefit can be gained from the action

of an advisory council of ladies co-operating with the Committee, but without any public and formal obligations other than those which they may choose from time to time to impose upon themselves, than from any attempt to secure their presence in this Board." It was the original intention that the advisory council should consist of nine members, but subsequently it was deemed more convenient to make the number five. An inspection of the annual reports of the School Committee between 1873 and 1889 affords evidence of the varied and valuable services rendered by these ladies.

Having called attention to the inception of the Advisory Board, it is perhaps desirable that I complete its record by citing the following paragraph from the report for the year ending January 31, 1890:—

"In view of the movement to place ladies on the School Committee, something more than a year ago, the members of the Advisory Board tendered their resignations to the Committee, but at our request they kindly consented to serve till the close of the school year. As the Committee is now constituted it has not been thought necessary to elect a new Advisory Board, and it has therefore ceased to exist."

The report just referred to is signed by seven men and by Mrs. Elizabeth Cabot and Mrs. Annie E. Crane, the first women in Brookline to assume the powers and duties incident to membership on the School Board.

Supervision by sub-committees seems not to have proven wholly satisfactory to the Board, as is evident from the fact that on May 21, 1879, the following vote was passed:—

Voted, "That the Pierce and Ward districts be placed under one person who shall be Principal and Superintendent."

In the annual school report for the year ending February 1, 1877, we find the Advisory Board saying, "The ladies are of opinion that the real good of the schools requires the appointment of a superintendent whose whole time can be devoted to the work." Twelve months later they say, "Another year's experience has only served to confirm the ladies in their former opinion of the importance of the appointment of a superintendent of schools." And again, in the annual school report for the year ending Feb. 1, 1879, "The ladies feel more and more with each year of observation the importance of a superintendent." If it be the fact that expert supervision of schools is

desirable and can most wisely be entrusted to one person, the good women who served on the Advisory Board in these earlier years must be credited with a clear perception of such truth and with a measure of influence in bringing about the action of May 21, 1879. On this date Mr. D. H. Daniels was appointed to the position which, first spoken of by the Board as that of "Principal and Superintendent," soon became known as that of "Superintendent of Primary and Grammar Schools." While acting in this capacity Mr. Daniels prepared eleven annual reports, the first in the "town book" for the year ending February 1, 1880, and the last in the town book for the year ending February 1, 1890.

As evidence that the town's second experiment in the employment of a superintendent of schools proved satisfactory, I quote the resolutions adopted by the Board at the time of Mr. Daniels' resignation:—

"In accepting the resignation of Mr. Daniels as Superintendent of the Grammar and Primary Schools, the School Committee desire to place on record their high appreciation of his long and valuable services, both as a teacher and superintendent. His entire devotion to the work, and his genial and cordial ways endeared him to the teachers and pupils, and contributed greatly to the success of his administration. We tender him our congratulations that he is enabled to retire from his labors with the consciousness of having performed his duties faithfully and with the best wishes of the Committee and teachers. We congratulate him also that the schools under his charge are in such satisfactory and excellent condition.

"In further testimony of our appreciation, and with the desire to avail ourselves of his intimate knowledge of the wants of the schools, we request that he will not cause his resignation to take effect until after the opening of the schools in September."

In their report for the year ending February 1, 1891, the School Committee say: "Since Mr. Reid's resignation, in 1875, there has been no superintendent assuming to act under the statute, until the beginning of the present school year. The principals of the three grammar schools were, for a time, severally charged with supervision of their own schools, and also of the primary schools preparatory thereto, and the principal

of the High School has conducted that school with no other supervision except such as the Committee have been able to give. In 1879 all the schools below the High School were organized as one school, and the principal of the consolidated school has since given no instruction in classes, but has occupied his entire time with executive duties, and the supervision of subordinate teachers, and has often been designated in the reports of the Board as 'Superintendent of Grammar and Primary Schools.' The Committee have long felt that this system was not calculated to secure the greatest efficiency of the High School, nor the harmonious working of all grades to a common purpose; and several years ago a special committee appointed to consider the subject advised the Board, in a report prepared by its chairman, Judge Mason, that when the proper time arrived, it would be wise to place all the schools again under one supervision."

As it was necessary, under the laws of the Commonwealth, that the School Committee should be authorized, by a vote of the town, to appoint such an officer, in order that he might exercise the powers conferred upon him by the statutes, the Board requested the town to give them authority to make such an appointment; at the town meeting, held September 18, 1890, they were so empowered, and, at the next meeting of the Board of School Committee, Mr. Samuel T. Dutton was unanimously elected to the position.

In consequence of this change in method of administration, the Sub-Committees on the High, Grammar and Primary Schools ceased to exist, the Board remarking that "the condition of all the schools will be reported hereafter by the superintendent." To the series of annual reports now under discussion, Mr. Dutton contributed ten, the first from the year ending January 31, 1891, and the last for the year ending January 31, 1900. Five reports have been prepared by the writer and, as already indicated, the present constitutes the thirtieth in the series. Mr. Dutton's resignation was presented to the Board on February 23, 1900, and it was subsequently decided that it should take effect at the first of September following. In their annual report for the year ending January 31, 1900, the Board testifies to its satisfaction with the town's third item of experience in the employment of a superintendent of schools, remarking, "With the closing of the schools in June next will come to an end the term of service of Mr. Dutton,

our superintendent. For ten years Mr. Dutton has served the town faithfully, and in this report the School Committee wishes to express to him its full appreciation of his services and its cordial good wishes for his success in the field to which he is going."

I shall have occasion presently to speak at some length of the school year 1905-06, but before doing so I ask the attention of the Board to some observations upon the topic —

The School as an Agency for the Moral Training of Children.

And first let me say that I have chosen this topic for brief discussion because of a conviction that failure to appreciate the achievements of the schools in the domain of morals is quite general. Not long since I heard a distinguished speaker say from the lecture platform that the American public school does next to nothing for the moral training of the pupils who attend it. While this may be regarded as an exceptional indictment, I apprehend that public attention in general is quite exclusively given to the intellectual results for which schools are correctly supposed to be responsible. If such be the case there is a failure to recognize the aims which lie nearest the heart of every really competent teacher, and a failure, equally marked, to appreciate the most important results achieved by every good school. All intelligent people know how close is the connection between intellectual training, moral training, and physical training,—a connection so intimate that in practice they cannot be separated. For my present purpose, however, it is quite possible to discuss the second form of training with slight regard to the first and third. To deal adequately with so great a theme would require a volume, and yet some good may result from suggestions which can be embodied in a few pages. Since schools always respond more or less completely to the demands made upon them by the public, it is essential that such demands be the outcome of a clear perception of the great purpose for which schools exist. In what I shall say, I have no disposition to obscure results of an intellectual kind for which schools should be held responsible. Failure to produce good results in this field cannot be explained or excused by a plea that the schools have been intent on other ends. If, however, our wise man is right in saying that "Conduct is three-fourths of life," and if it is agreed that the home and the school are the great agencies for determining the present conduct of the children and youth now in their joint care, and for determining

their subsequent conduct, when they shall have become men and women, it is vitally important to keep in the foreground their joint responsibility.

Now there are schools of all degrees of efficiency and homes of all degrees of excellency. If I quote the opinion of a thoughtful writer to the effect that "The American home, the very heart of society out of which are the issues of life, is falling further short of its moral and religious opportunity in the cultivation of youth than any other social institution," I bring no sweeping indictment against all homes, but only suggest the increased responsibility placed upon the school. This added burden schools should not be called upon to bear, but they must doubtless do their best with it, until, through reformation of family life, where needed, there shall once again be a fair division of responsibility between the home and the school. If next I venture to characterize the behaviour of the present generation of American children and youth, it should be fully understood that I speak only of those whose deportment causes regret and misgiving in the minds of all thoughtful people. As some one has aptly pointed out, with the English the great word is authority. Tell an Englishman that such and such is the law and he replies, "Very well, that settles it!" With Americans the great word is freedom. Tell an American that the law is so and so, he rejoins, "Is it? How can I get around it?" It is not easy for adults to distinguish between liberty and license, and children fail conspicuously to do so. Intelligent foreigners observe with surprise, and comment with severity, on the prominence permitted to children in the American home. In many instances the old maxim that "Children should be seen and not heard" has no application. As one observes the deportment of many American children, not only in the family circle, but upon the street, in public conveyances, at places of amusement, at lectures, even at Sunday Schools, he sees that they are suffering from our exaggerated national regard for freedom.

Now it happens with considerable frequency that schools are charged with responsibility for the lack of respect and reverence so often shown by children, for their disregard of others' rights, convenience, property, or sensibilities, for the incipient hoodlumism or the flagrant rowdiness to which we are sometimes subjected. With no wish that schools shall evade any responsibility which properly attaches to them, I must insist that the charge just alluded to is most unjust. It arises from a failure to realize that every good school, even every fairly good school, is an effective agency for the moral training of its pupils. And this purpose is uppermost and dominant in the minds of all truly representative teachers. As evidence I quote the words of an

honored leader among them: "The highest efficiency of the public school is tested by its results in moral character, and hence its central aim is effective moral training. It is vastly more important that the present generation of youth in our schools leave them loving truth, purity, right and honor than that they leave them good spellers or good arithmeticians."

So far then, from charging schools with any considerable responsibility for whatever is unlovely in the manners and conduct of young America, one who truly knows the situation can only shudder as he thinks what young America would be, were it not for the ideals cherished, valiantly striven for and measurably attained, by a great army of teachers. Not only is it true, as already set forth, that schools respond more or less completely to the expectations of the public, but it is equally true that schools can only be at their best when there is an intelligent appreciation of the finest results which they produce. It is probably true that the demands put upon schools today in each of the domains of education, physical, intellectual and moral, are severer than ever before. While there is no reason to think that the human mind as an instrument has improved since the days of Plato, there is vastly more knowledge and information to be acquired, the problems of life have become more numerous and complex, and the training required for their solution has become equally varied. As our population becomes in ever increasing degree an urban population, we are compelled to substitute the formal and prescribed exercises of the class room and gymnasium for the old-time out-of-door life, and we shall be fortunate indeed if we effect this substitution with even a fair measure of success.

Coming to the domain of ethics, and calling to mind certain ugly facts in our social, political and commercial life; remembering the failure of many homes to meet their responsibilities, — sometimes from ignorance, less often from heartlessness, sometimes from shiftlessness or shallowness, not infrequently from disorganization — one must recognize the tremendous and unjust responsibility put upon the school when it is expected to regulate the conduct of children whom no man can number, not alone while at school, but during holidays and vacations, at home and abroad.

It remains for me to suggest very briefly some of the ways in which the school makes this, its most important contribution to the public weal. In regard to each I can offer but a word, and I mention them somewhat in the order of their importance. First, then, we have the influence exerted by school premises, however inexpensive, provided they are at

all times and in all points scrupulously clean, neat and orderly. This influence will be enhanced and can only be adequate when to the foregoing we add the element of beauty as supplied by well chosen and well placed pictures, statuary and whatever else will truly adorn. While such things are needed by all children, they are most essential in case of children who get them nowhere else. Here we come in contact with the educational use of imitation and the following quotation is timely:—

“In so far as imitation is one of the agencies of mental development, it is incumbent upon teachers and educational directors everywhere who desire to utilize every means that nature affords in their work to put the best models of every kind before growing children. These models may be material or the more potent ones of personality. Among the right material models into contact with which the school should bring the child may be mentioned a beautiful playground, an architecturally good as well as serviceable school building, well-lighted corridors, broad stairways, carefully ordered school rooms, neat and clean texts, a reasonably high requirement of the quality of work done, and an atmosphere of agreeable and engrossing occupation, to breathe which cultivates the sense both of the reality and the winsomeness of living.”

Every visitor to the schools of older lands must have observed one feature in which many of them present a strong contrast to American schools. I refer to the tablets, inscriptions and memorials of various kinds which speak so impressively of the past life of the school, and of those once connected with it as pupils or teachers, of their subsequent achievements, often of their deaths, which so frequently illustrate the truth of Tennyson's lines,—

“Not once or twice in our rough island story
The path of duty was the way to glory.”

We have thought too little of such things, although it may be pleaded that the meagre span of our national life and the relative newness of the schools has made impossible the gathering of such memorials. As illustrations of what I say, let me quote first an inscription which may be read in ancient Winchester School. It embodies a school tradition which must appeal forcibly to succeeding generations of youth as they come within its venerable walls. In the Latin it runs, “Aut disce, aut discede, manet sors tertia caedi,” which the Winchester boys with ready wit render “Work, walk or be wapped!”

But far more lofty is the appeal made to Westminster boys by the inscription upon the monument which stands close by the school and the mighty abbey:—

TO THE MEMORY OF
THOSE EDUCATED AT WESTMINSTER SCHOOL
WHO DIED IN THE RUSSIAN AND INDIAN WARS,
1854-1859,
ON THE FIELD OF BATTLE OR FROM WOUNDS OR SICKNESS
SOME IN EARLY YOUTH, SOME FULL OF YEARS AND HONORS,
BUT WHO ALIKE GAVE THEIR LIVES FOR THEIR COUNTRY,
THIS COLUMN WAS ERECTED BY THEIR OLD SCHOOL FELLOWS
IN TOKEN OF SORROW FOR THEIR LOSS, OF PRIDE IN THEIR VALOR, AND
IN FULL ASSURANCE THAT THE REMEMBRANCE OF THEIR HEROISM IN LIFE
AND DEATH WILL INSPIRE THEIR SUCCESSORS AT WESTMINSTER
WITH THE SAME COURAGE AND SELF DEVOTION.

Secondly, I call attention to the influence exerted by the daily routine of the school. This involves constant practice of the school virtues, named by Dr. Harris, as regularity, punctuality, neatness, accuracy, silence, industry, obedience. It involves due regard for the rights of others, and thus makes necessary thoughtfulness and courtesy. It involves constant appeals to right motives, which are to influence the will, which in turn is to regulate the conduct. In the typical school of today, discipline seems to occupy a much less prominent place than in the schools of an earlier time, and yet never before were there so many well ordered schools. In such a school very little time is given to the imposition of pains and penalties. They are unnecessary because the traditional attitude of pupils toward teachers and tasks has undergone a complete change. Examining the routine of a good school, we discover that its function is that of habituating its pupils through endless repetition to right practices which presently become a second nature to them. Someone has said that nothing in education becomes valuable until it has assumed the form of habit. The wise teacher works in the light of this precept, and this explains his constant insistence on many matters whose importance he appreciates, which to those who lack his insight seem trifling. The evil of tardiness, for instance, is not that it necessitates the appearance of black marks on the school register, but that it is evidence of a failure to keep a business engagement. Not only does it diminish the working efficiency of the school, but it makes unreliable the pupil who practices it, and he must be saved from such evil result.

In the third place, if we wish to appreciate what the school does in the moral training of children, we must attend to the ethical as opposed to the purely intellectual results, which

flow from certain studies of the curriculum, but which are produced in full measure only by teachers of breadth and insight. We may admit that such result is determined in a measure by the nature of the subject studied. Mathematics will tend to produce one result, natural science another, linguistics a third. While something depends on the subject-matter which is studied, everything depends on the person who does the teaching. And so Emerson wrote to his daughter, "It matters little what your studies are, it all lies on who your teacher is."

In these later days the number of teachers steadily increases who are chiefly intent on ethical as opposed to intellectual results. Not that they lower in the least the standards in the latter realm. They expect their pupils to acquire quite as much knowledge and information as were ever acquired. They see to it that there is no lack of vigor and keenness in their intellectual training, but they seek something above and beyond both of these. As a concrete illustration of my meaning, let me choose the subject of history. If we ask why history should be studied, one reply, and a correct one, is that a knowledge of what history tells us is an essential element in preparation for the life of today. It must be admitted that a knowledge of what we may term the essentials of history is a valuable acquisition. Indeed it may be affirmed that such knowledge must be placed nearly or quite first among the ends to be attained. A great mistake is made, however, and a great opportunity lost, if the teacher fails to make this first end—this knowledge result—a stepping-stone to something else of transcendent value. To know that Pizarro conquered Peru and Cortez, Mexico, to know that St. Augustine was settled in 1565 and Santa Fe in 1582; to know that Cavaliers came to Virginia and Puritans to Massachusetts, is important, but if the study of history is to be really fruitful, results of a very different kind must be sought and secured.

And so the teacher of insight knows that here he has an opportunity, only equalled in the domain of literature, for exerting a great and wonderful influence upon his pupils,—an influence which will give them not only an immediate but a lasting interest in the subject-matter of history; which will, through the potent force of example, lead them to love the right and hate the wrong; which will arouse worthy ideals and awaken laudable ambitions. The teacher possessing this insight is likely to be a person of wide reading, whereby he has accumulated abundant material for use in appealing to his boys and girls. He knows full well also the purpose which he

has in mind, and while he says no word of this in the class-room, he loses no opportunity to bring out from his treasure-house the choice bits which appeal to ingenuous youth. Here again example is better than precept, and I shall best make my meaning clear if I cite illustrations rising from those of lighter to those of a serious vein, but each a veritable nugget. To Booker Washington I am indebted for this:—

“Once there was a woodchuck . . . Now woodchucks can’t climb trees. Well, this woodchuck was chased by a dog and came to a tree. He knew that if he could get up this tree the dog could not catch him. Now woodchucks can’t climb trees, but this one had to, so he did.”

Reading the autobiography of the late Senator Hoar one comes upon the inscription prepared by him for the tablet placed in the Vice-President’s room in the Capitol at Washington in memory of Henry Wilson:—

IN THIS ROOM
HENRY WILSON
VICE PRESIDENT OF THE UNITED STATES
AND A SENATOR FOR EIGHTEEN YEARS,
DIED NOVEMBER 22, 1875.
SON OF A FARM LABORER, NEVER AT SCHOOL
MORE THAN TWELVE MONTHS,
IN YOUTH A JOURNEYMAN SHOEMAKER,
HE RAISED HIMSELF TO THE HIGH PLACES OF
FAME, HONOR AND POWER AND BY UNWEARIED STUDY
MADE HIMSELF AN AUTHORITY IN THE
HISTORY OF HIS COUNTRY AND OF LIBERTY
AND AN ELOQUENT PUBLIC SPEAKER
TO WHOM SENATE AND PEOPLE EAGERLY LISTENED.
HE DEALT WITH AND CONTROLLED
VAST PUBLIC EXPENDITURE DURING A GREAT
CIVIL WAR, YET LIVED AND DIED POOR,
AND LEFT TO HIS GRATEFUL COUNTRYMEN THE
MEMORY OF AN HONORABLE PUBLIC SERVICE,
AND A GOOD NAME FAR BETTER THAN RICHES.

Or suppose we choose from the utterances of John A. Andrew, our great War Governor. What finer lesson in toleration than is taught by his words occasioned by some disagreement in the Church of the Disciples:—

“Brethren, I do not believe in the principle of come-outerism. I am not a come-outer. I am a stay-iner. I shall not leave this church because the majority may differ from me on this or other questions. You may, indeed, turn me out; but you cannot make me go out of my own accord. If you turn me out of your meetings I will stand on the outside and look in through the window, and see you. If I cannot do this, I

will come the next day and sit in the place where you have been, and commune with you so. I cannot be excommunicated, for I shall continue thus always in your communion."

What finer lesson in fearless devotion to principle than is taught by his utterances on the political platform in the stormy days of '59 and '60:—

"I pause not now to consider, because it is wholly outside the duty of this assembly tonight, whether the enterprise of John Brown and his associates in Virginia was wise or foolish, right or wrong; I only know that, whether the enterprise itself was the one or the other, John Brown himself is right."

"I know not what record of sin awaits me in the other world, but this I know, that I was never mean enough to despise any man because he was ignorant, or because he was poor, or because he was black."

As a final illustration, let me cite words found in the private journal of Lord Dalhousie, one of the truly great men sent out by England to govern her mighty Indian realm:—

"To fear God, and to have no other fear, is a maxim of religion, but the truth of it and the wisdom of it are proved day by day in politics."

How many politicians in Massachusetts or elsewhere have made this discovery?

I need scarcely say that none of my illustrations will the school boy find in his text book. But these, or a multitude of others equally apt, his teacher will find in his reading. It is his privilege to present such gems to the ingenuous minds and hearts of his boys and girls in full assurance that they will respond with glad eagerness. And so it is that many a teacher of today is making conscious use of those studies of the curriculum which are best adapted to serve as potent means in the moral training of youth.

Finally, I come to the influence which transcends all other influences in the moral training afforded by the school, viz., the personality of the teacher. And yet transcendent as is this influence, we so well understand it that it does not call for many words. Too often it seems to be completely forgotten, as witness the carelessness or recklessness displayed in the selection of teachers, or again, as witness the tremendous contrast between the exalted estimate we put upon the vocation of the teachers and the meagreness of the compensation which we pay him. But we do not really forget. In spite of the vicious influences—personal, social, political or sectarian,

which too often control appointments; in spite of the lack of honor paid teachers, in spite of beggarly salaries, the world knows that the one thing of supremest consequence in every school is the personality of the teachers.

In its great days, Rugby School and Thomas Arnold were synonymous; so were Williams College and Mark Hopkins, Brown University and Francis Wayland, Union College and Eliphalet Nott, Hampton Institute and Samuel Chapman Armstrong, Mount Holyoke Seminary and Mary Lyon. Not because of their learning, not because of their technical skill, does the world honor these worthies and assign them the very highest position in the hierarchy of teachers, but because each entered as a living, inspiring force into the very beings of the students of their day. What such men and women have done in a great way, every teacher of real worth does in his own lesser way, and in this fact is to be found the potency of a good school as an effective agency in the moral training of children.

I began the discussion of this topic by remarking upon the general failure to appreciate this function of the school and the equally general failure to place a proper valuation on the services of teachers in whom the function is embodied. Both are clear to the man of insight, and this may illustrate by quoting the eloquent words of Professor Davidson:—

“If any enthusiastic believer in the power of education desires to fortify his cause by means of a brilliant example, he will find none superior to Epaminondas; for there can hardly be any question that it was the earnest, sympathetic, religious, and moral Pythagorean training which he received from the aged Lysis, whom he treated as a father, that made him what he was, and enabled him to do what he did,—which was nothing less than to place Thebes at the head of Greece. Thebes rose and fell with Epaminondas. But that was not all. It was the example of Epaminondas that kindled the ambition of Philip of Macedon, who was educated under his eye, and of his far more famous son, Alexander, who made all Greece a province of his empire. Pythagoras, Lysis, Epaminondas, Philip, Alexander—in five brief generations an earnest teacher conquers a world.”

In what has been said as to moral training, it will be observed that nothing has been said of religion, and there are many who believe that no training in morals can be adequate unless it be founded upon religion. This omission has been intentional, for whatever be the truth of the matter, it seems

clear that nothing in the way of dogmatic religious instruction can be tolerated in the free American public school. Nor need we be disturbed because of this, for if we may trust the testimony of acute observers, the instruction in religion which forms so prominent a feature of the curriculum of many trans-Atlantic schools is actually subversive of the very ends it is designed to secure. While then, with us, instruction in religion must be relegated to the home, the church and the Sunday School, the spirit of true religion may and should dominate every school. As Dr. White has said, "At least three avenues are open for the introduction of religious ideas and sanctions into all our schools. They are sacred song, the literature of Christendom, and, best of all, faithful and fearless Christian teachers, the living epistles of the truth. Against these there is no law."

The school year 1904-1905 began with Monday, Sept. 12th, of the former year and ended, nominally, with Friday, June 30th, 1905. Between these dates the schools were in session upon one hundred eighty-seven days, an increase of four days over the preceding year. The school year of forty weeks, contemplated by our Regulations would consist of two hundred working days. The loss of thirteen days is accounted for by the following table:—

The School Year 1904-05.

Four weeks ending.	No. of Sessions.	Days on which no Sessions were held.
Sept. 30 (3 weeks)	14	Sept. 15. Storm.

Population.

In the Superintendent's report prepared last February, the population of the town was estimated at 23,500. The State census of 1905 showed the precise figures to be 23,424, an increase of 3,489 during the half decade which had elapsed since the national census of 1900.

VIII.			34	40	35 35 }				34 28 34 }	22		
IX.		27		36	49					23		

A table similar to the above appeared in two preceding reports. Its purpose is to give prominence to an advantage enjoyed by the local public, because of the small number of pupils assigned to each teacher. We have here figures relating to eighty-two primary and grammar rooms and showing the enrolment in each at the end of the second month of the school year when attendance is at or very near the maximum. In only eight instances does the enrolment exceed forty-five, and even this number may properly be diminished by one, since the

oversight and instruction of pupils of grade IX. at the Lincoln is divided between the master and his assistant. The table shows conditions in October, 1904. In the following January the enlarged Pierce Primary building was ready for occupancy and the size of classes in that school was promptly diminished. The total enrolment in these eighty-two rooms at the end of the month named was 3,020. Including principals, eighty-eight teachers were employed in their instruction, or one teacher for every thirty-four pupils. And this remark I have thought it well to make because it accounts in large measure for the size of our annual appropriation.

Age Conditions in Grade IX.

We have at present six classes of this grade, and belonging to them are 216 pupils who will be candidates for grammar school diplomas at the end of the current school year. The following table is practically identical in form with those which have appeared in my four preceding reports. In its preparation ages have been reckoned up to the end of June, 1906. It seems unnecessary to report sundry comments which have accompanied the earlier tables, but it is gratifying to observe that the percentage of these pupils who are over fifteen years of age on the completion of their grammar school course is gradually diminishing. This appears from the following statement:—

1906 percentage of ninth grade pupils over 15 years of age	49

Vacation Schools.

During the summer of 1905, vacation schools were maintained during the six weeks beginning with Monday, July 10, and ending with Friday, August 18. As was the case in 1906, younger children were assigned to the Sewall and Winthrop buildings, older ones to the Lincoln. Three teachers were employed at each of the former schools, and four at the latter. The appropriation for the fiscal year 1905-06 was \$1,600, an increase of \$400 over the appropriations for the preceding year, such increase having been recommended by the Board that it might be in position to employ a teacher of school gardening from May 1 to Oct. 1. In most respects the work of the vacation schools was so nearly like that of the two preceding years as to call for no special comment. Instead of devoting space to a repetition of what will be found in preceding reports, it seems advisable to make brief record of certain statistics relating to enrolment and attendance, and then to speak at somewhat greater length of school gardens.

School Gardens.

Up to the present time, if brief allusions thereto be excepted, this subject has received no attention in our printed reports. During several recent years, considerable local interest in it has been manifested, and the matter has assumed such proportions that it now seems advisable to record developments to date. In the summer of 1903 three gardens, connected respectively with the Lincoln, Parsons and Sewall Schools, were carried on by a committee of the Brookline Education Society. The use of the land was generously permitted by its owners and the expenses were met with funds raised by private subscription. At a meeting of this Board held on Sept. 14, 1903, it was agreed that members should inspect the gardens on Sept. 17. At the Board meeting of November 9, there was presented the following communication from the committee of the Education Society just mentioned:—

To the School Committee of the Town of Brookline:—

During the past summer, as the School Board is already advised, the Committee on School Gardens has been conducting, experimentally, a department of school work that neighboring cities and towns, and more particularly the countries of Europe, have already advanced beyond the experimental stage. The committee has maintained school gardens for the Sewall, Parsons and Lincoln Schools. These gardens have had no connection with the school grounds proper; they have been made upon private land secured for the purpose. Children from these schools, to the number of three hundred, have been given individual garden-plots to plant and care for, under the instruction of a special teacher, Miss Esther Sullivan, employed by the committee after approval by the Superintendent of Schools. Of the three hundred children receiving this out-of-door instruction, more than one hundred and

fifty have tended their plots every week through the vacation. Their usual program of studies had not been disturbed. The total expense, amounting to about five hundred and thirty-five dollars, has been fully met, through the generosity of interested citizens. Further details of the summer's work may be found in the report of the teacher in charge, published in the Brookline Chronicle, November 7th.

In carrying out this experiment, the committee has had certain definite convictions. The committee believes that school garden work, as an educative agency, is radically sound. The gardening educates through activity and responsibility. As an out-of-door course, it not only affords practical instruction, but also in some degree relieves, during the weeks of warm weather, the sedentary habit of the school room. The work arouses, at an age yet impressionable, the interests that later on will intelligently support the improvement of private premises, tree-planting, parks, and whatever else brings the beauty of nature into closely populated districts. Further, the care of a garden plot wakens in the child a sense of ownership in exposed property, and this restrains his tendencies to petty depredation and wanton damage upon similarly exposed property of others. For the teachers, too, this garden work has value: it widens their opportunities for observing and influencing the child; it affords added means of correlating elementary studies; it supplies a natural, concrete basis for nature-study; it interests the parents. Finally, through the long vacation, it brings an element of country-life to the children that must spend their summer in the town.—It is a perfectly adapted auxiliary for the vacation school.

These convictions, shared by the executive officers of the Education Society, have supported the committee in its experiment. They now support the committee in requesting the School Board, in the light of attained results, to consider the expediency of adopting the school garden as a feature of the town schools. The committee would suggest that for the present the work might be continued somewhat upon the lines of the experiment just closing, and extended thereafter as may seem desirable. Land for the Lincoln School garden has already been proffered for another season; without doubt the two lots fenced by the committee for the Parsons and the Sewall Schools can also be secured again without charge. The tools and the rubber hose provided for these three gardens the committee would gladly transfer to the School Board.

Very respectfully,

WILLIAM M. WARREN,
MABEL CABOT,
MAE CHAPMAN,
EMMA G. CUMMINGS,
F. E. PALMER,
RUTH B. WHITNEY.

Brookline, Nov. 7, 1903.

The Board referred the above communication to its own committee on text books and courses of study, and at its next

meeting, held on Dec. 14, instructed its secretary to send the following reply to the petitioners:—

Brookline Dec. 14, 1903.

Mr. William M. Warren, Chairman Committee of Education Society:—

Dear Sir.—The request of your committee that the School Board consider the expediency of adopting the school garden as a feature of the town schools has been carefully considered. The School Board believe the statements made in your letter as to the success of the experiment in the past season are fairly justified by the facts, and further believe that all children would be materially benefited by actual experience in raising vegetables and plants. The question, however, before the Board is a practical one and involves an additional consideration, namely, whether the school garden can be adopted in the primary schools without crowding out, or interfering with, something else more specifically within the scope of school instruction.

The studies in our schools are mostly prescribed by statute, and these topics must be considered first. Outside of the prescribed studies certain other studies are permitted by statute, and in those lines Brookline appears to have included as much or more than any other place in the Commonwealth. Our schools have been criticised, and perhaps justly, as already including too many topics, and involving unsatisfactory results in such indispensable matters as reading, writing, spelling, and the mere rudiments of arithmetic, grammar and geography.

An investigation into the effect of introducing school gardens into the elementary schools shows that time cannot be taken from school hours for that purpose, except at the expense of other branches; and it further appears that sections of small children, after work in planting and caring for the garden, are too dirty to return to the school, and therefore must go home. With small children, however, only very small sections can go out at one time, and therefore it is impossible to have all in the class avail themselves of the last hour of the session for this purpose; and under the system last year an older pupil had to be detailed to go out with each of these sections to take care of them in aid of the instructor.

The School Board have not thus far been able to devise any way of bridging these difficulties, and bringing the school gardens within the regular course. The only feasible way of getting at it would seem to be to have the school gardens taught in the afternoon. This would further mean that afternoon attendance would be required for this purpose, which, as your committee know, has not been the practice in Brookline for many years; or else we must rely upon voluntary attendance. Should we ask the town to appropriate money for this purpose we should not feel justified in relying upon voluntary attendance; and if the course was prescribed there would seem to be no justification in showing partiality to individual schools. If, however, the town went into the matter in a whole-hearted way and required the course in all

the primary schools, the objection arises of the very large expense. During the summer this topic could easily be provided for in the summer schools, but it would be quite otherwise during the months of April, May and June.

The School Board sympathize with your purposes, and believe the school gardens useful, and do not despair of the hope that in time our work may be so systematized that reasonable provision therefor may be possible; but we do not see our way clear to introduce the subject at the present time. We are not prepared to require afternoon attendance, nor ask the town to appropriate money without such requirement.

School gardens in Boston are overseen very largely by voluntary "settlement work," and if the Education Society shall see fit to continue on the lines adopted last year, and raise the money by private subscription, the Board will not object, in view of the possible value of the work as an experiment.

For the School Board,
GEO. I. ALDRICH, Secretary.

The subject was again brought to the attention of the Board, and by the same petitioners, at its meeting of Jan. 14, 1904, and the Board then voted to recommend to the succeeding Board that a sum not exceeding \$150 should be contributed to the maintenance of gardens during the summer of 1904. At the meeting of the School Committee held May 16 such an appropriation was made. By means of this grant and a considerably larger sum raised by subscription, gardens were this year maintained in connection with the Lincoln, Sewall and Winthrop Schools. At the meeting of the School Board held on Feb. 6, 1905, the committee of the Education Society submitted the following report on the operations of the preceding summer:—

To the School Committee of the Town of Brookline:—

The following brief report of work during the past season is respectfully submitted by the Education Society's Committee on School Gardens.

Three gardens have been maintained, in connection with the Lincoln, the Sewall, the Winthrop, and the two vacation schools. The transfer of garden privilege from the Parsons to the Winthrop School was made in order to serve the vacation school in the Winthrop building.

The instructor employed, after approval by the Superintendent of Schools, was Mrs. Mabel E. Fitzgerald of Cambridge. Mrs. Fitzgerald had the benefit of experience at the Columbus avenue playground gardens. She deserves high praise for her efforts to make the gardens thoroughly successful.

The general plan of work resembled last year's. Operations began May 1st, and were continued without break to October 1st. Three hundred gardens in all were planted and cared for under the joint

supervision of Mrs. Fitzgerald and the regular teachers. Of these more than one hundred were kept by the same children throughout the season.

The garden at the Winthrop school, from its exposed position in a corner of the playground, suffered considerably from wanton depredation. The committee feels that apart from a watchful police the effective means of preventing such annoyance must be the school garden itself. There is little danger to any garden, public or private, from a boy that has worked in a school garden. The annoyance itself is an additional reason why the good influences of garden work should be brought to bear on every boy in the town's schools.

The principals of the Lincoln, Sewall, and Winthrop Schools have kindly sent the committee their unbiased judgments of the value and feasibility of the gardening in their own schools. Their opinions are wholly favorable to the general plan. Their criticisms are few in number, and touch only details. The communications will be presented complete in the committee's annual report to the Education Society.

The committee acknowledges with much pleasure the appropriation made by the Board last winter. This contribution of \$150 defrayed about one-fourth of the entire expense for the season. In closing, the attention of the Board is respectfully asked to the following facts:—

1. This year's repetition of the experiment has confirmed last year's good results. The data for action by the Board appear to be adequate and in plain sight.

2. All those that have had direct experience with the gardens, that is to say, the children and their parents, the teachers and the principals, as well as interested citizens that are following the movement, heartily approve the plan, and hope for its permanent organization by the Board.

3. The private contributions already put into this demonstration exceed one thousand dollars.

4. The gardens and the instruction in them can be provided more economically and to better advantage in every way by the Board than by a private committee. If the garden-work has been successful under the difficulties inseparable from the present mode of management, there can be little question of its utility as a stable and well-ordered feature of our public school system.

WILLIAM MARSHALL WARREN,
F. E. PALMER,
EMMA G. CUMMINGS,
MRS. MABEL CABOT SIDGWICK.

Accompanying such report was the following communication, bearing many signatures:—

"The undersigned, residents of Brookline, would look with favor upon such an increase in the appropriation for vacation schools as would enable the School Committee, in the exercise of its discretion, to devote a larger portion of the said appropriation to the work to be carried on in the school gardens."

After due deliberation the Board voted that "in case the town grants the sum of \$1,600 for maintenance of vacation schools, the School Committee will provide the services of a teacher of school gardening from May 1 to October 1, on condition that the Education Society's committee on School Gardens raise such sum as may be necessary to meet other expenses."

At the last annual meeting, the town appropriated \$1,600 for vacation schools, and within a short time thereafter there was secured through private subscription the sum of \$300 for support of school gardens.

On April 10, 1905, the Board appointed Miss Elizabeth S. Hill teacher of school gardening, her term of service to extend from May 1 to October 1. Miss Hill has prepared an interesting report of the season's work carried on, as in 1904, in connection with the Lincoln, Sewall and Winthrop Schools, which is over long for reproduction here.

Finally, at the Board meeting of Dec. 11, 1905, a request was received that the town assume the entire cost of maintaining school gardens. This request was taken under advisement and has not as yet been acted upon. It should be stated, however, in this connection that the Board has decided to recommend to the town the appropriation of \$2,000 for the maintenance of vacation schools, including the support of school gardens. This is an increase of \$400 over the appropriation made last year and, if granted, will enable the Board to comply with the request preferred in December, if it shall finally deem such action expedient.

Having thus outlined as briefly as possible the story of school gardens in Brookline up to the present time, I may be permitted to add sundry comments. It is generally supposed that educationists, i. e., school committees, supervisors and teachers, are quite solely responsible for the breadth and complexity which characterize the modern school program. That their responsibility is only partial, is in fact much smaller than most people think, is well illustrated by the local history of school gardens. The work was started by private individuals, at first maintained wholly by private funds, and in part so maintained to the present time. As is evident from the chronicle, the School Board was not easily persuaded to take any part in the enterprise, and after the lapse of three years, has not yet decided to assume full responsibility. And this is but one of many extensions of school activities which owe their inception, not to the initiative of those directly concerned in the management of schools, but to the insistence of persons quite outside such management.

If school gardening is to become a part of our official program, there are certain points which should not be overlooked. The Winthrop and Sewall Schools contain pupils of the three lower grades only — children too young, I think, to profit in largest measure by such form of instruction. The lot at present available for the Lincoln School is not large enough to accommodate more than a small fractional part of the pupils belonging to the school. In this respect conditions at the Heath and at the Runkle are more satisfactory. There we have land enough owned by the town to allow us to lay out gardens more nearly adequate to our needs. And finally, it may be doubted whether school gardening will be put upon a wholly satisfactory footing until we have in our employ a competent director of nature studies, to supervise such studies in all schools and to whom the oversight of school gardens would naturally belong.

High School.

At a special meeting of the Board held May 2, 1905, Mr. Guy S. Lowman was appointed instructor in physical training and coach in athletics. In combining these functions, it was the purpose of the Board to secure efficient instruction on the formal side of physical training and judicious direction of athletic sports. The first of these is always less attractive to students than is the latter. It was our conviction that a teacher, who was himself a lover of our leading American sports and a good player in several of them, would exert much greater influence in the class room and at the same time act as a safeguard against sundry threatening evils in athletics. Mr. Lowman is a graduate of an Iowa normal school and has had experience as a teacher. He is also a graduate of the International Y. M. C. A. Training School of Springfield, an institution whose special function it is to train young men for such service as we needed. Mr. Lowman was cordially recommended by the Springfield faculty, and at the end of a half year of service the indications point strongly to his successful accomplishment of the purposes which led to his appointment.

The subject of the relations of the high school and the college has received considerable attention for ten years past. Frequently the schools have complained of some requirement on the part of the college which seemed unwise, if not impossible. Quite as often the colleges have complained that the schools were not doing their duty in preparing pupils to begin the college course with profit to themselves after the completion of the high school course.

On the whole, however, the agitation for a higher standard for admission to college may be said to have resulted in an improvement of the secondary schools. It has caused the teachers of the several subjects to get together to discuss methods and to adopt those of proved worth. It is a good thing, too, for the high school to be held up to the performance of an exacting task and to be measured with others of its class.

There is still room, however, for improvement. There is not yet enough uniformity in the college requirements. Different colleges have different requirements. This causes needless expense to the High School. On the other hand, to satisfy the requirements of the colleges is apt to become the sole aim of the teacher instead of educating for power -- of preparing pupils for rational living.

A practice which needs checking is the attempt on the part of a considerable number of pupils to prepare for college examinations in several advanced subjects, thus anticipating college courses, while they slight and consequently fail in elementary prescribed studies. The advanced studies should rather be regarded as luxuries, to be partaken of only after all other demands are properly satisfied.

While our means for assisting pupils to pass college examinations are ample and efficient, all candidates for college should be made to feel from the start, both at home and at school, that the responsibility for final success or failure is theirs. To pass the examination is their problem to solve, and not another's.

The graduation of the class of 1905 occurred on the evening of June 22, the address being delivered by the Reverend George Hodges, D. D., whose theme was "The School and the Community."

Diplomas were awarded to thirty-two boys and forty-two girls. Seven of the boys of the senior class were admitted on examination to Harvard College, four to the Lawrence Scientific School, four to the Massachusetts Institute of Technology, one to Yale College, five by certificate to Dartmouth College, three to Wesleyan University, one to Tufts College, one to Boston College, one to the School of Design at the Museum of Fine Arts, and one to a commercial school. Three have returned for post-graduate courses at the High School, and ten have secured positions in wholesale or retail business houses.

Three of the girls were admitted by examination to Radcliffe College, four by certificate to Smith College, one to Wellesley College, one to Simmons College, one to the Normal College of

Of the second class nine passed their preliminary examinations for Harvard and the Lawrence Scientific School, nine for the Massachusetts Institute of Technology, three for Radcliffe and three for Bryn Mawr.

The term of evening instruction for 1904-05 comprised sixty-six sessions beginning on Monday, Oct. 17, 1904, and ending on Friday, March 31, 1905. The average attendance in each class was as follows:—

English branches	30
Industrial drawing	5

Pierce School.

	For Girls and Women.
English branches	36
Stenography and typewriting	10

In this statement the last item shows the average attendance of those taking only stenography and typewriting. Instruction in these branches was given also to sundry other students who devoted only a portion of their time to them and whose attendance is included in the preceding item.

At the Board meeting of October, 1905, a petition was presented "respectfully requesting the School Committee to organize a cooking class to be held one evening a week in connection with the evening school work at the Pierce Grammar School." A second request, preferred at the same meeting, asked that evening instruction in wood working be provided at the Lincoln building. Actuated by a desire to enhance in all reasonable ways the scope and efficiency of evening instruction, the Board determined to comply with both these requests. To provide for the instruction in carpentry it was necessary to equip the sloyd room and the wood-turning room at the Lincoln with fixtures for lighting, and compliance with the two petitions involved an expenditure for instruction not contemplated when the estimates for the fiscal year 1905-06 were prepared. It therefore became necessary for the Board to recommend to the town an additional appropriation of \$650 for the maintenance of evening schools, and such appropriation was made at a special town meeting held on Jan. 31, 1906.

The term of evening instruction now in progress began on the evening of Monday, October 16, 1905, and the figures showing average attendance up to Friday, Feb. 2, 1906, are as follows:—

Bicentennial Celebration.

The two hundredth anniversary of the incorporation of the town was celebrated on November 10-13, 1905. Of these four days, Saturday, November 11, was set apart as Children's Day. At ten o'clock on the morning of that day pupils of the High

* Class discontinued on Friday, Jan. 12, 1906, because of small attendance.

School and of grades four to nine inclusive of the lower schools assembled on the Cypress Street Playground and marched thence with Charles L. Chandler Post, G. A. R., to the flat-iron piece near the First Church, where a memorial tablet was unveiled containing the names of the petitioners for the incorporation of the town. As the column crossed Boylston street it was reviewed by the Committee on Children's Day and by the School Committee.

At three o'clock on the afternoon of the same day occurred the school celebration in the Town Hall, the exercises being shown by the following—

PROGRAM.

OVERTURE— "Jubilee," *Weber*
Boston Festival Orchestra.

INVOCATION,

REV. DANIEL DULANY ADDISON, D. D., Rector of All Saints Church.

HYMN— "Hamburg."

O God, beneath Thy guiding hand,
Our exiled fathers crossed the sea;
And when they trod the wintry strand,
With prayer and psalm they worshipped Thee.

Thou heard'st, well pleased, the song, the prayer:
Thy blessing came; and still its power
Shall onward, through all ages, bear
The memory of that holy hour.

Laws, freedom, truth, and faith in God
Came with those exiles o'er the waves;
And where their pilgrim feet have trod,
The God they trusted guards their graves.

And here Thy Name, O God of love,
Their children's children shall adore,
Till these eternal hills remove,
And spring adorns the earth no more.

ADDRESS— "Old Schools and New,"

REV. WILLIAM H. LYON, D. D., Minister of First Church.

CHORUS— "Festival Hymn," *Buck*

O Peace! on thine upsoaring pinion,
Through the world thine onward flight taking,
Teach the nations their turmoil forsaking,
To seek thine eternal dominion.

From the Infinite Father descending,
Oh, come with thine influence tender;
And show us how duly to render,
To Him our glad praise never ending.
O Music! thy source, too, is holy;
Through thy power every heart now uniting,
With thy magic each true soul delighting,
Blessed bond 'twixt the high and lowly.
Through thee, the great Father adoring,
Thy language is known to each nation,
Through thee, the vast Hymn of Creation,
From tongues without number outpouring,
O Music! O Peace!

Happy blending of voices and hearts,
 Of voices and hearts in sweet lays,
 In this union to God's holy praise,
 Ever thus your pure influence lending.
 Jehovah! thou Sovereign of Nations,
 Sweet Peace to our land thou hast granted,
 Be thy praises eternally chanted
 In music forever more! Amen, amen!

ADDRESS — "School and Character,"

RT. REV. WILLIAM LAWRENCE, D. D., Bishop of Massachusetts.

CHORUS AND TRIO — "The Heavens are Telling," *Haydn*

Miss Helen Black, Soprano. Mr. William L. Snow, Tenor.

Mr. St. Clair A. Wodell, Bass.

The heavens are telling the glory of God,
 The wonder of his work displays the firmament.

ADDRESS — "Citizenship,"

HON. CURTIS GUILD, JR., Lieutenant-Governor of the Commonwealth.

HYMN — "My Country, 'tis of Thee," *Smith*

My country, 'tis of thee,
 Sweet land of liberty,
 Of thee I sing;
 Land where my father died,
 Land of the pilgrim's pride,
 From every mountain side
 Let freedom ring.

Let music swell the breeze,
 And ring from all the trees
 Sweet freedom's song:
 Let mortal tongues awake;
 Let all that breath partake;
 Let rocks their silence break —
 The song prolong.

My native country, thee —
 Land of the noble, free —
 Thy name I love;
 I love thy rocks and rills,
 Thy woods and templed hills;
 My heart with rapture thrills
 Like that above.

Our fathers' God, to thee,
 Author of liberty,
 To thee we sing:
 Long may our land be bright
 With freedom's holy light;
 Protect us by thy might.
 Great God, our King.

BENEDICTION,

REV. REUVEN THOMAS, D. D., Pastor of Harvard Church.

POSTLUDE — March from Suite in D *Lachner*

MR. FRANKLIN W. HOBBS, Chairman of the School Committee, presided.

It may be safely affirmed that Children's Day was generally regarded as a very successful feature of the bicentennial celebration. The Superintendent of Schools took early occasion to express his satisfaction by sending to the principal of each school the following:—

OFFICE OF SUPERINTENDENT OF SCHOOLS,
 BROOKLINE, MASS.

The Superintendent of Schools congratulates teachers and pupils upon the success with which the exercises of Saturday, 11th inst., were carried out, and expresses his very hearty appreciation of the spirit shown by all who had to do with the undertaking. Especially does he appreciate the readiness with which teachers overcame a natural feeling of reluctance to participate in the parade. As far as his own observation

goes, there was no instance of misbehavior on the part of pupils, while their general bearing is entitled to very high praise. It is hoped that each principal will commend heartily the pupils of his own school.

November 18, 1905.

The School Committee at its meeting of November 20th adopted the following resolutions:—

Resolved, That the School Committee express to the Superintendent, the principals and teachers and to pupils, its congratulations on the admirable manner in which the schools conducted themselves at the morning parade and during the exercises in the Town Hall on the afternoon of Saturday, November 11, in connection with the Bicentennial Celebration. The earnestness shown, and the spirit exhibited, were the cause of most favorable comment, and reflect great credit upon all.

Resolved, That the Secretary of the Board be requested to send a copy of these resolutions to the principal of each school, with a suggestion that they be read to teachers and pupils.

Physical Training.

The annual report of the School Committee for the year 1870-71 contains a paragraph headed "Physical Education." From this paragraph I quote as follows:—

"The attempt to introduce a system of calisthenic exercises under a proper instructor referred to in our last annual report, has been unsuccessful, and the services of the teacher engaged for that purpose were dispensed with early in June. This gentleman was faithful in his instructions to the scholars submitted to him, but the advantages of this method of exercise were not sufficient to warrant its permanent introduction into our school system. . . . Gymnastic exercises cannot, with advantage, be introduced into the regular school exercises, in the opinion of the Committee."

The report just referred to bears the signatures of nine members of the Board, but I suppose there is no member of the present Committee who would assent to the views on physical training which I have quoted.

Passing over intervening years, there can be no question that our experience between September, 1900, and June, 1905, has completely disproved the statement that "gymnastic exercises cannot, with advantage, be introduced into the regular school exercises." Since the termination of the school year 1904-5 marked the completion of five years of service on the part of Mr. Nissen, it has seemed to me fitting that he should prepare a report of the accomplishments of these five years. Complying with my request, Mr. Nissen submits the following:

Mr. George I. Aldrich, Superintendent of Schools:—

Dear Sir,— In September, 1900, I entered on my duty as Director of Physical Training in the Public Schools of Brookline. On February 1st, 1901, I gave an account of what had

been done in this department during my first half-year of service, and also what was intended to be done, with some suggestions for the future.

At that time gymnastic lessons, according to my cards, were given by the regular teachers in 29 primary and 41 grammar classes, each of which I visited twice a month,—taught the class myself the first time, and marked the class under their teacher's command the second time. Nineteen classes were marked excellent, 31 good, and 20 fair. There were two gymnasiums in the High School and one in the Pierce School.

In the High School Mr. Louis Schmitt was in charge of the boys' gymnasium, and I of the girls, each of us teaching twelve lessons of 45 minutes weekly.

In the Pierce School grades VIII. and IX. had their exercises in the gymnasium twice a week, and grade VII. once a week, twenty minutes each time, which I taught myself.

Every Monday afternoon I gave instruction in theory and practice of the work to the teachers. I gave instructions in swimming at the Bath House every Tuesday and Friday afternoon, and I had a clinic for the treatment of habitual curvatures of the spine, and some other cases which could be especially benefited by corrective and medical gymnastics, at the Pierce School every Wednesday afternoon, with the hearty support of Miss McSkimmon and the kind assistance of some of her teachers.

I had made a careful examination of each class-room in regard to the seating of children and the light and ventilation, and I recommended that the old Heath Street School be abolished as soon as possible; that three hundred adjustable desks and chairs be placed in about thirty class-rooms, that the desks and chairs in seven rooms be turned to avoid light in front, and some other little changes in the arrangement of the furniture at different places.

I further suggested that twenty minutes daily be given to physical training in all primary and grammar schools; that a room in William H. Lincoln and Edward Devotion Schools be fitted for gymnasiums; that a wooden building with gymnasium and dressing-rooms be built at the Lawrence School grounds, and that all new school buildings hereafter shall contain a gymnasium with baths and lockers; also, that shower baths be put in the lavatories in the Pierce School, and in a convenient place in the Lincoln School.

Now, five years later, gymnastics is taught by the teachers in 34 primary and 50 grammar school classes,—79 of these are marked excellent, and 5 good.

In the High School Mr. Guy S. Lowman has charge of the boys' gymnastics and athletics, where he spends the entire day — morning and afternoon — and is doing very satisfactory work; and Miss Bessie L. Barnes, a teacher of known ability, has charge of the girls and gives instruction in the gymnasium three days a week.

There is a gymnasium—or room fitted with apparatus—in each of our six grammar schools, where the children of grades VIII. and IX. have their exercises twice weekly—twenty minutes each time. I myself teach one lesson, which is repeated by some teacher in the school, or, as at the present time in three of the schools, by Miss Ellen A. Whalen, a graduate of Boston Normal School of Gymnastics, who is doing this work without compensation in order to get experience, and I appreciate her services very much.

Excellent shower baths in the Lincoln and the new Heath Schools are used extensively all through the school year.

The arrangement of the desks and chairs in the class-rooms is very good, and adjustable furniture is placed in nearly all rooms. The light and ventilation are as good as can be expected, although in some rooms a little more attention to sunshine and fresh air might be given and doubtless will be hereafter.

Part of each year I continue to give instruction once a week to the teachers, and have given some lectures—or practical talks—to them and also to the pupils in the High School.

Up to June, 1905, swimming lessons had been given to 650 girls and 649 boys; 278 girls and 421 boys had learned to swim; 43 teachers had lessons and 18 learned to swim.

In the clinic 191 girls and 84 boys were treated, the majority of them having been cured or greatly improved.

Each year in the High School has been finished with an out-of-door Pentathlon, or contest of five exercises of different kinds, in which all the boys took part; and a prize by the Head-master was given to the best all-round gymnast and athlete in the two upper classes, and another prize by the Directors to the best in the two lower classes. A similar contest has also taken place among the girls, with prizes given by the Head-master and Director. And it has been very interesting to notice the great improvement in carriage and general appearance, as well as in ability, during these five years.

All through the autumn and spring the exercises in the High School have been conducted out of doors with athletics and games; especially has field hockey been a favorite game with the girls. During the winter months regular gymnastics

and games have been given in the gymnasiums. After school the boys practice athletics according to the season, football, basketball, hockey and baseball having been played with great ability, and now under the able instruction of Mr. Lowman they are conducted in a very satisfactory way.

Each pupil in the High School is marked in gymnastics, but it would be of great advantage if these marks were given the same value in the standing in the school as any other study. When physical training is placed on an equal footing with the other studies in the school, we shall have good results, but until then there will always be a number of pupils lacking in this branch — and especially among those who need it the most.

In May, 1901, an "Exhibition of Physical Training as taught in Primary, Grammar, and High Schools," was given on the Cypress Street Playground, in which classes of every grade took part, and gave, I believe, a good idea of what we were doing, and the progression of exercises. In the spring of 1902 I drilled a class of twenty boys from the Lincoln School in certain advanced free exercises and marching, and took them around to the other grammar and high schools in order to awaken an interest among the pupils. In July, 1903, one class of 30 girls and one of 20 boys gave an exhibition at the Mechanics Hall, Boston, before the National Education Society, which was highly appreciated, and resulted in numerous inquiries from educators from all over the United States.

The gymnasiums in the grammar schools were gradually fitted out, and from September, 1904, they have all been used. To stir up the interest for gymnastic work, and especially to make the children understand the necessity of good form in every exercise, I planned for a contest among all the children of grades VIII. and IX., where carriage and form should be the principal feature, but also a certain amount of ability and strength be shown. Certain exercises were chosen, and after a contest in each school the four best boys and the four best girls of each grade were selected as a school team, making four teams from each school, or ninety-six children in all, who met at the Heath School gymnasium the 19th of May, 1905. The exercises were different for boys and girls, and for each grade, whereby a great variety was shown in marching, fancy steps, free exercises, boom, climbing ropes, high jump and vaulting box. The result was according to all present, a great success, and it certainly has been of great value for the cause of

physical training in our grammar schools and will be repeated this year.

By the kindness of several members of the School Committee four beautiful shields, one for the winning team of each grade, and four silver and four bronze medals, were given as prizes. The shields are perpetual for five years, while the medals were won by the two best girls and boys in each grade.

Every year we have a number of visitors, both in groups from Normal Schools, and teachers from other towns, who highly praise the exercises, as well as the general good and happy appearance of the children. One of the best examples I can give for the good results so far is that whenever a child has come from another town or city I always notice him or her at my first visit to the class-room.

My system of school gymnastics which I gradually improved upon and republished on cards last summer consist of corrective exercises, marching and fancy steps, and play exercises, and I have good reasons to believe that they are very well suited for our school children. It is a delight to see the smiling children do the fancy steps lightly and gracefully to the tune of music, or "play" rowing, swimming, throwing ball, chopping wood, put shot, or golf, etc., with an energy as if it was a real sport; and then to obey the command of the teacher with an earnestness and steadiness like veterans and execute the more difficult corrective exercises in very good form; and finally, fill their lungs to their utmost under some deep breathing exercise before they again sit down to their study.

On the 11th of November last, a good test of the children's ability to march and keep order was given, when all the schools from the fourth grade up took part in the town's two hundred years' celebration in a parade of about two miles, to the great admiration of all observers.

An emergency class in swimming for the High School boys was conducted by Mr. George Holm in 1901 and 1903, and a third class by Mr. R. McCormack in 1905, each finishing in the month of June with an exhibition in all-round swimming, together with an exhibition of the younger last-year's swimmers, where medals, certificates and prizes have been given to the most successful ones.

The examination by experts of the eyes, noses, throats and ears has begun, and doubtless good results will follow.

I might ask for more time set aside for gymnastics, but I will not do so now, except in the High School, where a study hour in connection with the gymnastic periods would give more time for changing clothing. A rearrangement of the

gymnasium and shower baths in the Pierce School, a wooden building with gymnasium and dressing-rooms at the Lawrence School grounds, and an extra teacher in each grammar school to take charge of the gymnasium work would be a great improvement.

When I look back upon these five years of work in Brookline schools, I cannot help a feeling of satisfaction. I doubt if many other towns can show such progress in physical training in a few years as we can. But it is due to you, and the School Committee first of all, who have been willing to listen to suggestions and make the necessary arrangements, and then to the principals and teachers in general, who always have given me a hearty welcome, and have done their very best to follow my suggestions and instructions.

Respectfully submitted,

HARTVIG NISSEN,

Director of Physical Training.

Renovation of Buildings.

During the summer of 1901 the Board had at its disposal the sum of \$2,750 that had been specifically appropriated for the interior improvements of the Devotion Grammar and the Pierce Grammar buildings. During the summer of 1902, \$1,200 was available for the Lincoln Primary, the Parsons and the Winthrop buildings. During the years 1903 and 1904 the sum of \$14,500 was expended upon the Lincoln premises. It should be said, however, that this large sum provided not only for a thorough renovation of the buildings, but for a new boiler, an extension of the heating plant, a system of shower baths, a school gymnasium, etc. During the summer of 1905, the Lawrence School building was taken in hand. The first appropriation for this building amounted to \$3,000. As the workmen proceeded, it became evident that the necessary repairs were more extended and costly than it was possible to anticipate. The work once entered upon, there seemed no escape from pushing it through to completion. The School Committee embraced the first opportunity of presenting the matter to the town and at the special town meeting of January 31, 1906, an additional appropriation of \$1,500 was made, this sum being designed not only to meet the cost of repairs but to provide for the purchase of sundry furnishings greatly needed in the building.

It is hoped that the Cabot and the Sewall buildings may be taken in hand during the summer of 1906. The estimated cost of putting these buildings into good condition is \$1,200, but, of course, there exists a possibility that this sum may not prove adequate.

In previous reports I have referred to the stability which characterizes the membership of our teaching staff as a prominent factor in determining its efficiency. The matter is of sufficient consequence to justify another illustration. The first teachers' payroll for the year 1904-05, prepared in October, 1904, contains one hundred forty-eight names. The last payroll for the same year, prepared in June, 1905, contains one hundred forty-three of the same names. Of the five whose names had disappeared, two had resigned in order to be married, one because of a death in the family, while one had accepted a position in a Boston private school, and another in a public school of the same city. But such excellences as our schools possess are to be attributed chiefly to two influences, both essential, but one of them more fundamental than the other, indeed, bearing to it the relation of cause to effect. No system of public schools can attain or retain any special excellence unless it be administered by the right kind of a school committee. Given a board composed of persons of high aims, disinterested purposes, broad intelligence, a tolerant spirit, that uncommon quality, common sense, and courage, and, as a sure resultant, come good schools. But such boards are only to be found in communities containing a sufficiently large number of intelligent, progressive, liberal and sensible people to determine the local sentiment and local action. It is our good fortune to meet these conditions in a large degree, and upon a continuance of such conditions the welfare of the schools must ever depend.

GEORGE I. ALDRICH,

Superintendent of Schools.

February 14, 1906.

In Memoriam

Joseph Arthur Frizzell

STATEMENT OF MONEY BORROWED.

AMOUNTS AUTHORIZED.

1905.

March 15.	Anticipation of Taxes	\$500,000
March 15.	Water Meters and Setting	15,000
March 29.	Harvard and Washington Streets Widening . .	20,000
March 29.	Dymoke Street	5,000

There was borrowed \$400,000; \$365,000 temporarily, \$15,000 on 5-year and \$20,000 on 10-year serial obligations.

Anticipation of Taxes \$500,000

At the annual meeting, March 15th, 1905, it was—

Voted, That for the purpose of procuring a temporary loan to and for the use of the town of Brookline, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the Board of Selectmen, a sum or sums in the aggregate amounting to five hundred thousand dollars, and to execute and deliver the note or notes of the town therefor, payable within one year from the time the loan is made, with interest thereon at a rate not exceeding six per cent per annum. Any debt or debts incurred by a loan or loans to the town under this vote shall be paid from the taxes of the present municipal year.

Availed of as follows:—

March 20, 1905, of Eliot National Bank, Boston, payable November 1, 1905, discounted at 8% per annum	\$100,000
Cost \$1,866.67.	
June 15, 1905, of First National Bank, Boston, payable November 1, 1905, discounted at 8% per annum	100,000
Cost \$1,158.38.	
July 12, 1905, of the Provident Institution for Savings, Boston, payable November 3, 1905, discounted at 3½% per annum . .	50,000
Cost \$538.38.	
July 19, 1905, of the First National Bank, Boston, payable November 3, 1905, discounted at 3¼% per annum	100,000
Cost \$965.98.	
September 27, 1905, of the First National Bank, Boston, payable on demand, at 4% per annum interest	15,000
Paid October 6, 1905; cost \$15.00.	

Total \$365,000

Total cost, \$4,544.31.

Water Meters and Setting \$15,000

At the annual meeting, March 15th, 1905, it was—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of fifteen thousand dollars (\$15,000), appropriated at this meeting, for the purchase and setting of water meters. Bonds, notes, scrip or certificates of debt, to be denominated on the face thereof "Brookline Water Scrip," shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds, notes, scrip or certificates of debt shall be dated January 1st, 1905, and shall be made payable in five annual proportionate payments, so as to extinguish the same January 1st, 1910.

April 1st, 1905, the whole amount was borrowed of the Warren Institution for Savings, Charlestown, on five notes of three thousand (\$3,000) dollars each, payable to the order of the Town Treasurer, denominated "Brookline Water Scrip," each dated January 1st, 1905, bearing $8\frac{1}{8}\%$ per annum interest, payable semi-annually, at par. Principal payable three thousand (\$3,000) dollars annually, January 1st, 1906, to January 1st, 1910, inclusive. Numbered X1 to X5, inclusive.

Harvard and Washington Streets Widening \$20,000

At the adjourned annual meeting, March 29th, 1905, it was —

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of twenty thousand dollars (\$20,000) appropriated at this meeting, to pay for the alteration and widening of Harvard and Washington streets, as laid out by the Selectmen, and accepted by the town March 31st, 1903. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1905, and shall be made payable in ten annual proportionate payments, so as to extinguish the same January 1st, 1915.

April 1st, 1905, the whole amount was borrowed of the Warren Institution for Savings, Charlestown, on ten notes of two thousand (\$2,000) dollars each, payable to the order of the Town Treasurer, denominated "Brookline $8\frac{1}{8}\%$ Bond," each dated January 1st, 1905, bearing $8\frac{1}{8}\%$ per annum interest, payable semi-annually, at par. Principal payable two thousand (\$2,000) dollars annually, January 1st, 1906, to January 1st, 1915, inclusive. Numbered V11 to V20, inclusive.

Dymoke Street \$5,000

At the adjourned annual meeting, March 29th, 1905, it was —

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of five thousand dollars (\$5,000) appropriated at this meeting for the construction of a street called Dymoke street on the Amory playground. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1905, and shall be made payable in five annual proportionate payments, so as to extinguish the same January 1st, 1910.

Nothing has been borrowed.

THE LIMIT OF INDEBTEDNESS.

Under the existing statutes governing municipal indebtedness, the amount which the town can borrow in addition to its present debt is as follows:

Valuation for the assessment of taxes for 1905	\$90,852,400
Gross Capacity (Revised Laws, chap. 27, sec. 4) 8% is . . .	\$2,725,572
Present Debt	\$1,494,313
Deduct Water Debt	332,243
Net Debt for the purpose of this calculation	1,162,070
Available Margin between the present net debt and the 3 per cent statutory limit	\$1,563,502

TOWN DEBT.

The Total Debt at the beginning of the year was . . . \$1,620,474 00

There was Borrowed during the year :

In anticipation of Taxes	\$365,000 00	
For New Water Meters	15,000 00	
For Harvard and Washington Streets . .	20,000 00	400,000 00

\$2,020,474 00

The Payments were the amounts borrowed in

Anticipation of taxes \$365,000 00

and the following-described notes and bonds :

Mar. 1, 1892, Riverdale Park Construction 4%	4,000 00
Mar. 1, 1898, Longwood Bridge 3 $\frac{1}{2}$ %	2,500 00
April 2, 1900, Boylston Street Widening 3 $\frac{1}{2}$ %	20,000 00
May 1, 1895, Longwood Park Construct'n 3%	400 00

BROOKLINE, February 15, 1906.

GEORGE H. WORTHLEY,
Treasurer and Collector.

REPORT OF THE AUDITORS.

For the financial year ending January 31, 1906, the Auditors have examined the accounts of George H. Worthley, Treasurer of the Town of Brookline, Treasurer of the Warren Tree Fund, and Treasurer of the Walnut Hills Cemetery, and report that they have been found correct, with proper vouchers and warrants. They have also examined his accounts as Collector of the Town and find them as reported.

GARDNER C. BROOKS,
CHARLES F. READ,
GEORGE ROGERS,
Auditors.

BROOKLINE, MASS., February 20th, 1906.

REPORT OF THE TOWN ACCOUNTANT.

BROOKLINE, MASS., February 19, 1906.

To the Board of Selectmen:—

GENTLEMEN,—In compliance with Article X., section 6, of the town by-laws, I herewith submit the ninth annual report of the Accounting Department.

TREASURY RECEIPTS.

The total receipts as shown by the Treasurer's books for the year ending January 31st, 1906, were \$1,982,178 90

1. Temporary Loans.

Amount borrowed and repaid during the year \$365 000 00
(No account of the payment of this amount will be made in the expenditures.)

2. Reimbursements.

For materials furnished and services rendered persons, firms, and corporations, the town having been reimbursed for the outlay, together with receipts credited to various departments as follows:—

Brookline Cemetery	\$29 00	
Care of Town Hall	18 50	
Celebration of 200th Anniversary	26 90	
Engineering Department	6 45	
Fire Department	108 56	
Fire Alarm and Police Tel.	87 08	
General School Expenses	15 26	
Health Department	5,277 86	
Highway Department	537 43	
Park Department	150 74	
Planting Trees	51 16	
Police Department	12 40	
Poor Department	956 93	
Public Library	723 23	
Repairs Town Buildings	16 20	
Sidewalks	51 02	
Soldiers' Relief	1,246 00	
Water Works Extension	2,363 74	
Water Works Maintenance	200 00	
Weights and Measures	62 64	
		<u>11,880 60</u>
		<u>\$376,880 60</u>

The items above named and numbered 1 and 2, amounting to \$376,830.60, deducted from \$1,982,178.90, the receipts as shown, will leave as the amount from which the annual and exceptional expenditures of the town were paid

\$1,605,348 30

The amount as here shown is made up of the following items:

Cash in hands of the Treasurer February 1st, 1905:

- a. Borrowed in previous years for Altering and Enlarging Pierce Primary School
Land for Public Playgrounds
Harvard and Washington sts.

\$14,901 66
46,768 01
1,623 33

\$63,293 00

- b. Balances of accounts left open, the work for which the appropriations were made not having been completed, viz:

New Pierce Primary School
Furnishing
New Manual Training High
School Furnishing
Plans, New Library
Brookline Avenue
Cottage Street
Griggs Road
Howe Lot Improvement . .
Lee Street
Town Stable Additions . .

During the town's financial year ending January 31, 1906, I have examined the accounts of George H. Worthley, the Treasurer, at the close of each month's business, and have found them to be correct, with the balances, cash on hand and in bank, as entered in his books. I have had in my hands all the notes and bonds paid during the year and found them properly cancelled.

I have also verified his accounts as Collector,—the taxes collected and uncollected, and in connection with those abated by the Assessors. The Receipts from Water Rates I have compared with the books of the Water department and find everything as recorded on the Collector's books. I have compared the Sewer Assessments reported collected with the original entries made by the Town Engineer, and find the amounts to be correct.

His accounts as Treasurer of the Trustees of the Walnut Hills and Brookline Cemeteries and of the Warren Tree Fund have been examined from time to time, and all are found to be as reported by him.

The accounts of Moses Williams, Treasurer of the Trustees of the Public library, were examined at the close of the year and found to be correct, with all the securities registered in the name of the Trustees of the Public Library.

A statement giving the estimated value of town property and a classified statement of the Maturing Debt are appended.

Respectfully submitted,

EDWARD H. FENTON,
Town Accountant.

TOWN OF BROOKLINE. ASSESSORS' DEPARTMENT.

REPORT
OF THE
BOARD OF ASSESSORS
OF
BROOKLINE,
MASSACHUSETTS,
FOR THE YEAR 1905.

BROOKLINE :
THE RIVERDALE PRESS : C. A. W. SPENCER.
1906.

REPORT OF THE ASSESSORS.

The Assessors of the town of Brookline for the year 1905 submit the following report:—

Col. Thomas H. Talbot was re-elected a member of this board at the annual March meeting, filling the place of Mr. Charles A. Bowditch, who had served one year.

The board organized with R. G. F. Candage, chairman, and Irving L. Shaw, clerk.

The districts allotted to each Assessor remained the same as for the past eleven years, Col. Talbot being allotted the southern district as heretofore, and Messrs. Candage and Stearns their former districts.

The canvass of the town began May 1st, notice having been published in the Brookline Chronicle and Press, and printed notices requesting all persons subject to taxation to bring in true lists of their polls, personal and real property, were left by the Assessors at each dwelling and place of business within the town.

The canvass of the town for poll tax payers, examination and valuation of visible personal and real property was concluded early in June.

Probate records of Norfolk and other counties, Norfolk registry of deeds, corporation and bank stock lists in the office of the Tax Commissioner at the State House, were carefully examined as in the preceding years.

The Assessors recommend for the maintenance of their department for the year 1906 the sum of \$9,000, the same as the past year, which sum includes the salaries of the three Assessors (\$4,500), office plans, clerical assistance, stationery, printing and all current expenses.

An exhibit of some of the details of the Assessors' work for the year 1905, with comparisons of increase or loss with the preceding year, here follows:—

Polls assessed in 1905	6,637	an increase of	226
Polls only, assessed in 1905	3,841	a decrease of	92
Transfers of real estate	937	an increase of	53
Dwelling houses	3,658	an increase of	64
Number of tax bills	9,427	an increase of	363
Number of horses	1,435	a decrease of	61
Number of cows	291	an increase of	125
Number of sheep	20	an increase of	14
Number of swine	75	same as last year.	
Acres of land taxed	3,488.37a.	a decrease of	18.59a.
Railroad locations exempt	22a.	same as last year.	
Acreage of town property in Brookline	335.28a.	an increase of	.99a.
Acreage of town property not in Brookline	318.13a.	same as last year.	
Exempted property	51.08a.	an increase of	11.05a.
Total in streets and ways	484.20a.	approximately.	
Total acreage of the town	4,359a.		
Valuation of taxable real estate	\$63,095,900	a gain of	\$1,253,300
Valuation of taxable personalestate	27,756,500	a gain of	1,324,300
Total	\$90,852,400	a net gain of	\$2,577,600

The total of the town appropriations was \$1,025,778.70; State tax, \$112,200; county tax, \$90,370.28; metropolitan sewer tax, \$75,817.23; metropolitan park tax, \$43,384.54—making a total of \$1,347,550.75; from which was deducted cash in the treasury \$7,542.19, and estimated receipts \$266,505.76 = \$274,047.95, leaving the amount to be raised by taxation including \$30,000 overlay, to be the sum of \$1,103,502 80 less deductions for 6,637 polls at \$2.00 each . . . 13,274 00

\$1,090,228 80

which made the rate \$12.00 per \$1,000, an increase of \$1.50 per \$1,000 above the rate of 1904.

R. G. F. CANDAGE,
CHARLES H. STEARNS,
THOMAS H. TALBOT,
Assessors of Brookline.

BROOKLINE, January 31, 1906.
